Report of the Union Academy Board of Trustees Historical Committee for the Annual Meeting.

We continue to be a presence in the community by taking part in the annual Ag Fair at Belleville Henderson Central School. Thank you to those who helped prepare before the fair and to those who worked the day of the fair. The weather was not very co-operative that day but those who did visit the Bell Tower stated how wonderful it was to have this rich history in our community.

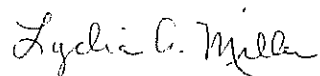

Last June, a collection of anniversary class documents were shared at the annual Graduates Banquet. As always it was very well received.

We continue to receive donations to add to our already large collection. Many things are in the Bell Tower already and there are some things that will be added.

On-going projects include continuous filing, documenting items that are donated, and hoping to schedule some work days at the Historical Room.

If anyone has any suggestion or requests, please share them with any committee member.

Respectfully Submitted,

Lydia A. Miller
