**ADMINISTRATIVE REPORT(S)**

- Mr. Magovney reported to the Board on the Emergency Connectivity Fund. This fund is funded by the American Rescue Plan (ARP) to support at home learning. We will continue to use Chromebooks in the 2021-2022 school year. These funds were made available to help families who do not have adequate internet service or Chromebook for each student. Chrome books can be used by the students at home for educational purposes. It is expected to hear about the status of this funding in September. Mr. Magovney also reported that the Transportation Department is currently fully staffed with drivers and monitors. He also reported to the Board on the District's per student expenses for students that attend the Rome School for the Deaf. It was also reported that the two new buses are expected to arrive in the fall and spring. The handicap accessible bus is the one that is expected in the spring.
- Mr. Storey reported to the Board on the public hearings that were held for the District Wide School Safety Plan (July 2 2021) and for the Code of Conduct (July 9, 2021). Mr. Storey also reviewed the updated Extracurricular Activity Contract.
- Mrs. Barnhart-Burto gave an athletic report to the Board. Her report included the number of games scheduled for the fall sports teams and the number of athletes that have signed up and that are expected to play fall sports. The Booster Club Under the Lights games have been scheduled for September 9<sup>th</sup> and 10<sup>th</sup>. With the Alumni Under the Lights game scheduled for September 11<sup>th</sup>. Sports schedules and up to date changes can be found at [www.schedulgalaxy.com](http://www.schedulgalaxy.com).
- Ms. Collins' report to the Board included results of the transportation survey sent to parents, asking if they would transport their child(ren) to and from school. A large number of parents are willing to transport (85 parents are able to transport in the morning and 97 parents in the afternoon). This helps our transportation department tremendously. She also reported to the Board that with the start of varsity fall sports on August 23<sup>rd</sup>, masks are not required for outdoor activities. She also reported that in review of the costs, for Rome School for the Deaf placed on the District, shifted this school year that has caused a significant impact on our school expenses. No other school districts in the region have had such an impact. Ms. Collins spoke with Stephen Todd, BOCES Superintendent, and he agrees that we need to meet with our local legislative officials to seek changes in these laws. Michele Traynor, from

Date: August 16, 2021

BOCES has reached out to NYSED on our behalf. She also reported to the Board that the Board, Administration and the Clerk have worked very hard on updating the policies from Erie I. We will be contacting Erie I with our changes and updates.

**UPDATE TO BOARD OF EDUCATION QUESTIONS**

Mr. Eastman inquired about the status of the saw mill. Mr. Magovney will work with Colleen Bellinger to determine the status. President Allen asked for the information by this Friday via email.

The Board would also like a cost analysis on the water storage tank.

President Allen asked Mr. Magovney if there would be budget transfers at the next meeting. Mr. Magovney responded that he will have them ready.

President Allen reported that himself and Administration gave newly elected Board member Dennis Jerome a tour of the buildings and grounds and also met department heads. Mr. Jerome liked the tour and visiting with the different departments.

**PUBLIC PARTICIPATION**

More discussion took place between community members and Dr. Gianfagna.

President Allen thanked the parents and community members for attending the meeting, he complemented everyone on a very cordial meeting and would hope that the future meetings will be conducted in the same manner. President Allen also stated that the Board's goal is to have students back in school for in-person learning five days a week. Administrators and the Board are developing a plan to have all students back to meet this goal and the plan is depending on any sort of mandate that would come from the Governor.

**EXECUTIVE SESSION**

Resolved, that this Board of Education enter executive session at 7:51 p.m. to discuss:

- Potential legal matter
