Our Superintendent, Jane Collins and to fellow Board Members to the right of me Kristin Vaughn and Kyle Gehrke.

With that said I'd like to take a moment of pause and reflection for the event that happened last week in Watertown. If we could all take a moment of reflection. Thank you very much, our thoughts are with the entire community, and their families.

President Allen: So, since the adoption of our original budget two weeks ago, roughly when we met.

Date: May 4, 2021

President Allen: It has been brought to our attention that there were some clerical issues and some minor miscalculations that led to some information being produced inaccurately.

With that said, our total estimated budget as far as gross expenditures and gross revenues those amounts stayed the same, but how we got to those amounts in certain budget line items. We discovered some discrepancies and had to correct them, so we are here this morning and have corrected them.

And to be transparent with the public, as we can be a new budget newsletter will be available on our website, as well as in the local public libraries.

And can always contact our district office to receive a hard copy, if necessary, and in the Annual Six Day Budget Notice that is going to be sent out this week. It talks about the adjustments or highlights that we had to make some adjustments and how we've got there so for more information, please check out our website or contact our district office. And that's exactly what this resolution is doing with That said, is there any discussion, I appreciate the board that getting together this morning and I appreciate the attentiveness on getting these calculations figured out by our business office and superintendent.
