

The District's Policy Manual, developed with Erie 1 BOCES Policy Services, does not provide legal advice. Applying Board policies to specific situations may require consulting with school administrators/school attorney, or other professionals to address the particular circumstances.

FOREWORD

Here are the policy statements formulated by the Board of Education (Board) of the Belleville Henderson Central School District (District).

Policy is defined as a basic plan of action. It establishes limits within which freedom of judgment can be exercised. Policy is also a governing principle of management. It is a statement that has an effect on the interests of those who come under its jurisdiction. A policy may originate from the constitution, from statute, from local determinations, or from customary patterns of formal behavior.

Policy should accomplish the following:

- a) State a position taken by the District;
- b) Grant the authority to act;
- c) Be sufficiently detailed to give adequate direction;
- d) Be achievable within the real environment of the school and community;
- e) Provide for impartial procedures.

In addition to the adopted policies, the operation of the District is governed by and subject to all applicable laws, regulations of the Commissioner of Education, Civil Service requirements, Board Resolutions, School Administrative Regulations and Contracts of Agreement.

If any part of this manual is made invalid by judicial decision or legislative or administrative enactment, all other parts will remain in full effect unless and until they are amended or repealed by the Board of Education. The official record of the adoption, amendment, or repeal of the by-laws and policies of the Belleville Henderson Central School District will be the minutes of the Board's meetings.

PHILOSOPHY STATEMENT

In preparing individuals to develop their fullest potential for living in the society of today and tomorrow, the Board and the staff of the District:

- I. Recognize their responsibility to help meet the physical, intellectual, and emotional needs of children, particularly, the needs to inquire, learn, think, and create; to establish aesthetic, moral, and ethical values; and to relate satisfactorily to others in social situations involving family, work, government, and recreation.
- II. Accept primary responsibility for giving students a mastery of the basic skills of learning, thinking, and problem-solving; for teaching them to use the various media of self-expression; for instilling in them a knowledge of the social and natural sciences; for acquainting them with the richness of our heritage; and for stimulating them to productive work in the various areas of human endeavor.
- III. Acknowledge the importance of their supplemental role to the home and other social agencies in developing habits and attitudes which make for effective personal living, the maintenance of optimum physical and mental health, and the establishment of sound moral, ethical, and aesthetic values.

Realizing that education, as here defined, is a lifelong process, the District seeks to orient its graduates toward various types of post-secondary education, further formal training and study of many types, and to provide educational opportunities particularly suited to the needs of adults, both as individuals and as citizens in a democracy.

SUBJECT: RESIGNATION AND DISMISSAL

Board members may resign at a District meeting of residents (i.e., the annual meeting, not a regular Board meeting) or by filing a written resignation with the District Superintendent of the Supervisory District who must endorse his or her approval and file the resignation with the District Clerk.

Alternatively, a Board member may resign by filing a written resignation with the District Clerk. The Clerk must then notify the Board and the State Board of Elections.

A resignation may be withdrawn only with the consent of the person to whom the resignation was delivered (i.e., the District Clerk or BOCES District Superintendent). The Board has no authority to act upon a request to withdraw a resignation.

The resignation will take effect upon the date specified in the letter of resignation; however, if no effective date is specified, it will take effect on the date of delivery to or filing with the District Clerk. If an effective date is specified in the letter of resignation, the date must not be more than 30 days subsequent to the date of its delivery or filing.

It will be the duty of each member of the Board to attend all meetings of the Board and, if any member refuses to attend three consecutive meetings of the Board after having been regularly notified and a satisfactory cause for each non-attendance is not shown, the Board will proceed to declare that office vacant.

A Board member may be removed from office by the Commissioner of Education for willful violation of any provision of law, neglect of duty, or willfully disobeying any decision, order, or regulation of the Commissioner. The Board may also remove a Board member for misconduct relating to the exercise of authority as a Board member. A written copy of all misconduct charges must be served upon the Board member at least ten days before the time designated for a hearing on the charges; the Board member will be allowed a full and fair opportunity to refute the charges before removal.

In the event of death, resignation, removal from office or from the District, or refusal to serve as a Board member, the District has the power and duty to fill the vacancy. If the Board chooses to fill the vacancy by appointment, the appointment requires a majority vote of the full Board and will be only for a term ending with the next annual election of the District.

The Board, at its own option, may instead call a special election within 90 days to fill the unexpired term. If not filled by Board appointment or special election, the District Superintendent of the Supervisory District may appoint a competent person to fill the vacancy until the next annual election. Alternatively, the Commissioner of Education may order a special election for filling a vacancy. When a special election is ordered, the vacancy will not be otherwise filled.

A person elected or appointed to fill a vacancy will take office immediately upon filing the oath of office.

SUBJECT: DUTIES OF THE EXTERNAL (INDEPENDENT) AUDITOR

The Board by law must obtain an annual audit of its records by an independent certified public accountant (CPA) or an independent public accountant (PA). The audit must also include all extraclassroom activity funds. The independent accountant will present the report of the annual audit to the Board. The Board will adopt a resolution accepting the audit report and file a copy of the resolution with the Commissioner. The District will also file the audit report with the Commissioner for a specific school year by October 15 of the following school year. In addition to the annual audit, the District is subject to State audits conducted by the State Comptroller.

The independence and objectivity of the auditor may be enhanced when the Board and Audit Committee perform an oversight role with respect to the hiring and performance of the auditor, as required by law. Similarly, no audit engagement will be for a term longer than five consecutive years. The District, may, however, permit an independent auditor engaged under an existing contract for those services to submit a proposal for those services in response to a request for competitive proposals or be awarded a contract to provide those services under a request for proposal process.

Duties and Responsibilities

The independent auditor must conduct the audit in accordance with Generally Accepted Government Auditing Standards (GAGAS) issued by the Comptroller General of the United States. Standards of GAGAS are organized as general, fieldwork, and reporting.

Below are some important considerations the District will expect of the auditor in preparing the audit; however, they should not be considered all-inclusive or a substitute for the auditor's professional judgment.

- a) Independence: The auditor must document that he or she is independent of the District and free of personal and external impairments. The auditor must establish an internal quality control system to identify any personal and external impairment and assure compliance with GAGAS independence requirements.
- b) Internal Quality Control System: The auditor must document that his or her internal quality control processes adequately demonstrate compliance with government auditing standards. He or she must establish an organizational structure, policies, and procedures to provide reasonable assurance of complying with applicable standards governing audits.
- c) Internal Controls: The auditor must obtain a sufficient understanding of the District's internal controls and document such understanding covering the five interrelated components: the control environment, risk assessment, control activities, information and communication, and monitoring.

(Continued)

Bylaws

SUBJECT: DUTIES OF THE EXTERNAL (INDEPENDENT) AUDITOR (Cont'd.)

- d) Planning and Supervision: The auditor's work is to be properly planned and supervised and will consider materiality and/or significance in order to provide reasonable assurance of detecting misstatements resulting from direct and illegal acts and irregularities to financial statements. The auditor should also be aware of the possibility that indirect illegal acts may have occurred.
- e) Audit documentation: In order to meet the GAGAS requirements, the audit documentation should provide a clear understanding of its purpose, the source, and the conclusions the auditor reached. It should be organized to provide a clear link to the findings, conclusions, and recommendations contained in the audit report.
- f) Reporting on Internal Controls and Compliance: The auditor must report on and present the results of his or her testing of the District's compliance with laws and regulations and its internal controls over financial reports in light of irregularities, illegal acts, other material noncompliance, significant deficiencies, and material weaknesses in internal controls.

SUBJECT: APPOINTMENT AND DUTIES OF THE CLAIMS AUDITOR

The Board will appoint a Claims Auditor to examine all claims. This auditor will determine whether the amounts claimed are actual and necessary expenditures, if the goods or services were actually received, whether the District official or employee was authorized to incur the obligation, and if the claims are supported with adequate evidence. Support may include itemized documentation, a thorough description of the goods or services, and detailed receipts and invoices. The Claims Auditor will ensure that each claim is legitimate, mathematically correct, does not exceed any available appropriation within the applicable budget code, and is made in accordance with District policy, purchasing order, or contract before authorizing payment. This auditor will certify that he or she audited each claim listed on the claims warrant to authorize the Treasurer to pay. The Treasurer should compare the signed checks to the certified warrant to verify accuracy and consistency before issuing payment.

The Claims Auditor will report directly to the Board on a monthly basis. The Board may require that the Claims Auditor report to the Clerk of the District, Clerk of the Board, or to the Superintendent for administrative matters such as workspace, time, and attendance.

The Board may adopt a resolution establishing the office of Deputy Claims Auditor to act as the Claims Auditor in the absence of the Claims Auditor. The Board may, by resolution, abolish the position of Deputy Claims Auditor at any time. The same eligibility requirements and qualifications that apply to a Claims Auditor apply to the Deputy Claims Auditor.

SUBJECT: POLICY AND ADMINISTRATIVE REGULATIONS

The formulation and adoption of written policies will constitute the basic method by which the Board will exercise its leadership in the operation of the District. The Superintendent will act as an advisor to the Board in adopting and approving of written Board policies. The Board will seek input from staff and the community where appropriate. These written board policies will govern the operation of the District.

The adoption of a written policy will occur only after the proposal has been moved, discussed, and voted on affirmatively at two separate meetings of the Board (i.e., the "first reading" and the "second reading"). The policy draft may be amended at the second meeting. By a majority vote, the Board may waive the "second reading" and complete the adoption of the proposed policy at its "first reading."

Board action is also necessary for revising policies that require amendment or rescinding policies that are no longer relevant or applicable to the District.

The formal adoption, amendment, or deletion of written Board policy will be recorded in the official minutes of the Board. This written Board policy will govern the conduct and affairs of the District and will be binding upon the members of the educational community in the District.

It will be the Board's responsibility to keep its written policies up-to-date so that they may be used consistently as a basis for Board action and administrative decision. The Superintendent is given the continuing commission of calling to the Board's attention all policies that are out-of-date or for other reasons appear to need revision.

Execution of Policy: Administrative Regulations

The Board will delegate to the Superintendent the function of specifying required actions and designing the detailed arrangements under which the schools will be operated. These rules and detailed arrangements will constitute the administrative regulations governing the schools, and they will be consistent with the policies adopted by the Board. The Board will be kept informed periodically of changes in administrative regulations.

SUBJECT: REGULAR BOARD MEETINGS AND RULES (QUORUM AND PARLIAMENTARY PROCEDURE)

All Board meetings will be open to the public except those portions that are executive sessions. The Board will make reasonable efforts to ensure that all meetings are held in an appropriate facility that can adequately accommodate all members of the public who wish to attend. The Superintendent and members of his or her staff will attend Board meetings at the Superintendent's discretion. The Board may also request that additional people attend.

Regular Board meetings will take place on the day and time designated by the Board at the Annual Organizational Meeting, except as modified. Any Board meeting may be adjourned to a future date and time if approved by a majority of the Board present. Further, if a meeting date falls on a legal holiday, interferes with other area meetings, or Board member attendance will be less than a quorum, the Board will select a date for a postponed meeting at the prior regular meeting, and it will direct the Clerk to notify all members. The District Clerk will provide the Board members written notice of the time of and agenda for each regular meeting before the meeting.

When the Board schedules a meeting on at least one week's notice, it will give or electronically transmit public notice of the time and place to the news media and conspicuously post the notice in one or more designated public locations at least 72 hours before the meeting. Notice of other meetings will be given or electronically transmitted, to the extent practicable, to the news media and conspicuously posted at one or more designated public locations at a reasonable time before the meeting. When the District has the ability to do so, it will conspicuously post the meeting notices on its website.

If videoconferencing or online technology is used to conduct a meeting, the public notice for the meeting will inform the public, identify all the locations for the meeting, and state that the public has the right to attend at any of the locations. If a meeting is streamed live over the internet, the public notice will inform the public of the website's internet address. Voting may be done through videoconferencing, provided that members can be both seen and heard voting and participating from remote locations.

The Superintendent will prepare the meeting agenda during the week before the meeting and review it with the Board President. The agenda will then be distributed to Board members no later than the Friday before the regular meeting. The President or other Board members will submit requests to place matters on the agenda to the Superintendent. Whenever individuals or groups wish to bring a matter to the attention of the Board, they will submit a written request to the Superintendent.

District records available to the public under the Freedom of Information Law, as well as any proposed rule, regulation, policy, or amendment scheduled to be discussed at a Board meeting will be made available upon request, to the extent practicable, before the meeting. Copies of these records may be made available for a reasonable fee. These records will be posted on the website to the extent practicable before the meeting.

If there are a large number of individuals who want to address the Board, the Board President may limit the number of repetitive comments being made so that the time limit on public comment is not exceeded.

SUBJECT: JOINT CODE OF ETHICS

The Belleville Henderson Board of Education recognizes the success of every school system depends on an effective working relationship between the School Board and the Superintendent. Actions based on an ethical code of conduct promote public confidence and the attainment of District goals. The Board also recognizes its obligation to set forth a code of ethics under provisions of the General Municipal Law.

The Board therefore adopts the following code of ethics, which emphasize the most important goals and obligations of that relationship:

- a) ASSURE the opportunity for high quality education for every student and make the well-being of students the fundamental principle in all decisions and actions.
- b) OBEY all national, state, and local laws and regulations pertaining to education and public agencies.
- c) REPRESENT the entire community without fear or favor, while not using those positions for personal gain and accepting all responsibilities as a means of unselfish service.
- d) UPHOLD the principles of due process and individual dignity, and protect the civil and human rights of all.
- e) ADHERE to the principles that the Board shall confine its role to policy making, planning, and appraisal, while the Superintendent shall implement the Board's policies.
- f) ACT as part of an educational team with mutual respect and regard for each other's respective responsibilities and duties, recognizing that the strength of a School Board is in acting as a Board, not as individuals; and that the strength of the Superintendent is in being the educational leader of the Belleville Henderson Central School District.
- g) MAINTAIN high standards and the effectiveness of education through research and continuing professional development.
- h) PRESERVE the obligation of having all issues considered fairly and without bias.
- i) INSTILL respect for community, state, and nation.
- j) HONOR the spirit and letter of all contracts until fulfillment or modification by mutual agreement.

SUBJECT: COMMITTEES OF THE BOARD

The Board and/or the President of the Board may, at its discretion, establish committees for the purpose of undertaking a specific task in connection with Board activity. These committees, however, cannot make legal decisions for the entire Board.

At the request of the Board, the President will appoint temporary committees consisting of less than a quorum of the full membership for special purposes. These committees will be discharged on the completion of their assignment. The President of the Board will be an ex-officio member of these committees.

The Board recognizes that it may be necessary from time to time to authorize advisory committees for the purpose of enlisting opinions and counsel of the general public. These committees will be appointed by the Board. The Board has the right to accept, reject, or modify all or any part of a committee recommendation.

Audit Committee

The Board has established an audit committee to oversee the annual audit of the District and report on its findings to the Board.

SUBJECT: ATTENDANCE BY BOARD MEMBERS AT CONFERENCES, CONVENTIONS, AND WORKSHOPS

The Board believes that continuing in-service training and development are important for its members. The Board, therefore, encourages the participation of all members at appropriate school board conferences, conventions, and workshops which are believed to be of benefit to the District. However, in order to control both the investment of time and funds necessary to implement this policy, the Board establishes the following guidelines:

- a) The Board Clerk will inform the Board of upcoming conferences, conventions, and workshops. The Board will periodically decide which meetings appear to be most likely to produce direct and indirect benefits to the District. At least annually, the Board will identify those new ideas or procedures and/or cost benefits that can be ascribed to participation at these meetings.
- b) Funds for participation at conferences, conventions, workshops and the like will be budgeted for on an annual basis. When funds are limited, the Board will designate which members are to participate at a given meeting.
- c) Reimbursement to Board members for all actual and necessary registration fees, expenses of travel, meals and lodging, and all necessary tuition fees incurred in connection with attendance at conferences and the like will be in accordance with established regulations for expense reimbursement.
- d) When a conference, convention, or workshop is not attended by the full Board, those who do participate will be requested to share information, recommendations, and materials acquired at the meeting.

The authorization for Board members to attend a conference, convention, or workshop will be by Board resolution adopted prior to attendance. However, the Board, in its discretion, may delegate the power to authorize attendance at conferences to the President of the Board.

Where authorization has been delegated to the President of the Board, no expense or claim form will be paid unless a travel order or similar document signed by the President is attached to the form, authorizing the claimant to attend the conference.

SUBJECT: SCHOOL VOLUNTEERS

Volunteers are persons who are willing to donate their time and energies to assist building principals, teachers, and other school personnel in implementing various phases of school programs. Volunteers will serve in that capacity without compensation or employee benefits except for liability protection under the District's insurance program.

The Board has a school volunteer program to support District instructional programs and extracurricular activities. The purpose of the volunteer program is to:

- a) Assist employees in providing more individualization and enrichment of instruction;
- b) Build an understanding of school programs among interested citizens, thus stimulating widespread involvement in a total educational process;
- c) Strengthen school/community relations through positive participation.

An application must be filled out by each prospective volunteer and forwarded to the District Office for evaluation. The building principal will forward his or her decisions concerning selection, placement and replacement of volunteers to the Superintendent for final evaluation. Following approval from the Superintendent, volunteers selected for work in the District will be placed on the list of approved volunteers. However, the Superintendent retains the right to approve or reject any volunteer applications submitted for consideration.

SUBJECT: USE OF ASSISTANCE ANIMALS

The District recognizes the importance of service animals and affirms its commitment to allowing the use of these animals by individuals with disabilities on school grounds to facilitate their full participation in and equal access to District services, programs, and activities. Service animals are distinguished from emotional support, therapy, comfort, or companion animals. The District will comply with all applicable federal and state laws and regulations related to service animals.

Additionally, the District permits the use of therapy dogs on school grounds subject to the conditions of this policy. The use of therapy dogs can have many benefits including reduced anxiety and increased mental stimulation, as well as decreased depression, feelings of isolation, and boredom.

Service Animals

A service animal is defined as any dog that is individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual, or other mental disability. Other species of animals, whether wild or domestic, trained or untrained, are not service animals.

The work or tasks performed by a service animal must be directly related to the individual's disability. The crime deterrent effects of an animal's presence and the provision of emotional support, well-being, comfort, or companionship do not constitute work or tasks for the purposes of this definition. Psychiatric service animals that have been trained to take a specific action to help avoid an anxiety attack or to reduce its effects, however, may qualify as a service animal.

Where reasonable, the Board also allows the use of miniature horses on school grounds by individuals with disabilities. This use will only be permitted where a miniature horse has been individually trained to do work or perform tasks to benefit an individual with a disability. The use of miniature horses by individuals with disabilities is subject to the considerations and restrictions permitted by federal and/or state law.

The Superintendent or designee may create procedures, regulations, and/or building-specific rules regarding the use of service animals on school grounds by individuals with disabilities.

SUBJECT: USE OF ASSISTANCE ANIMALS (Cont'd.)**Therapy Dogs**

For purposes of this policy, a therapy dog is defined as a dog that has been trained, evaluated, and certified to work with a handler to provide affection and comfort to individuals in a variety of settings including schools. A handler is defined as an individual that has been trained, evaluated, and certified to work with a particular therapy dog. Therapy dogs are not covered by the same laws that protect service animals.

Although there is no formal identification or certification for therapy dogs, the District requires that any therapy dog and accompanying handler permitted on school grounds to be certified by an American Kennel Club (AKC) recognized therapy dog organization such as Therapy Dogs International. Further, the therapy dog must not pose a health and safety risk to any individual on school grounds. In order to use a therapy dog in the District, a written request must be submitted to the Superintendent or designee. The request must include the following:

- a) General information about the proposed use of the therapy dog including when and where;
- b) Personal information about the therapy dog and handler including name, address, and phone;
- c) Copies of the therapy dog's:
 - 1. Current licensure from the local licensing authority;
 - 2. Vaccination and immunization records from a licensed veterinarian;
- d) Copy of a certification from an AKC recognized therapy dog organization;
- e) Copy of an insurance policy that provides liability coverage for the work of the therapy dog and handler while on school grounds and names the District as an additional insured.
- f) Certification from the handler that, while on school grounds, the therapy dog, will:
 - 1. Be clean, well-groomed, and free of parasites, illness, or injury;
 - 2. Remain under the handler's control through the use of a leash or other tether unless the use of a leash or other tether would interfere with the therapy dog's service;
 - 3. Be supervised and accompanied by the handler;
 - 4. Wear a therapy dog ID and/or a bandana;

(Continued)

SUBJECT: USE OF ASSISTANCE ANIMALS (Cont'd.)

5. Not disrupt the educational process by excessive barking or any other behavior;
6. Only go to locations that have been authorized by District administrators;
7. Be fed, exercised, and cleaned-up after by the handler.

Therapy dogs are only allowed by persons employed by the District.

The District reserves the right to deny a request for the use of a therapy dog for any reason. Once a request has been granted, the District reserves the right to exclude a therapy dog from school grounds for any reason including, but not limited to, the therapy dog:

- a) Presenting a direct and immediate threat to others;
- b) Not being under the handler's control;
- c) Interfering with the educational process;
- d) Going into a location in the District that has not been authorized by District administrators.

If any individual suffers an allergic reaction while in the presence of a therapy dog, the District will require the handler to move the therapy dog to a different location designated by a District administrator.

The handler of a therapy dog is solely responsible and liable for any damage to school property or any injury caused by the therapy dog. Further, the District bears no financial responsibility for the required training, care, or feeding for the therapy dog.

The Superintendent or designee will ensure that parents are notified prior to any therapy dog being permitted on school grounds.

SUBJECT: PUBLIC COMPLAINTS

Complaints by citizens regarding any facet of the school operation often can be handled more satisfactorily by the administrative officer in charge of the unit closest to the source of the complaint. In most instances, therefore, complaints will be made to the building principal and/or his or her assistant if the matter cannot be resolved by the teacher, coach, or other school employee.

If the complaint and related concerns are not resolved at this level to the satisfaction of the complainant, the complaint may be carried to the Superintendent or their assistant. Unresolved complaints at the building level must be reported to the Superintendent by the building principal. The Superintendent may require the statement of the complainant in writing.

The Superintendent may not address anonymous complaints. All other complaints and related concerns that are not resolved at the Superintendent level to the satisfaction of the complainant may be carried to the Board. Unresolved complaints at the Superintendent level must be reported to the Board by the Superintendent. The Board reserves the right to require prior written reports from appropriate parties.

SUBJECT: SOLICITATION OF CHARITABLE DONATIONS**School Children**

Direct solicitation of charitable donations from children in the District schools on school property during regular school hours will not be permitted. It will be a violation of District policy to ask District school children directly to contribute money or goods for the benefit of a charity during the hours in which District students are compelled to be on school premises.

However, this policy does not prevent the following types of fundraising activities:

- a) Fundraising activities which take place off school premises, or outside of regular school hours during before-school or after-school extracurricular periods;
- b) Arms-length transactions, where the purchaser receives a consideration for his or her donation. For example, the sale of goods or tickets for concerts or social events, where the proceeds go to charity, will not be prohibited as the purchaser will receive consideration - the concert or social event - for the funds expended;
- c) Indirect forms of charitable solicitation on school premises that do not involve coercion, such as placing a bin or collection box in a hallway or other common area for the donation of food, clothing, other goods or money. However, collection of charitable contributions of food, clothing, other goods or funds from students in the classroom or homeroom is prohibited.

The Board will ultimately decide which organizations, groups, etc. can solicit charitable donations and for what purposes, as long as the activities comply with the terms of this policy and the Rules of the Board of Regents.

School Personnel

Soliciting of funds from school personnel by persons or organizations representing public or private organizations will be prohibited. The Superintendent will have the authority to make exceptions to this policy in cases where solicitation is considered to be in the District's best interest. The Board will be notified of these instances.

Distribution of information about worthwhile area charities may be made through the Office of the Superintendent as a service to District personnel.

SUBJECT: ADVERTISING IN THE SCHOOLS

Neither the facilities, the staff, nor the students of the District will be employed in any manner for advertising or otherwise promoting the interests of any commercial, political, or other non-school agency, individual or organization, except that:

- a) Schools may cooperate in furthering the work of any non-profit, community-wide, social service agency, provided that such cooperation does not restrict or impair the educational program of the schools or conflict with the Rules of the Board of Regents;
- b) The schools may use films or other educational materials bearing only simple mention of the producing firm;
- c) The Superintendent may, at his or her discretion, announce or authorize to be announced, any lecture or other community activity of particular educational merit;
- d) The schools may, upon approval of the Superintendent, cooperate with any agency in promoting activities in the general public interest that are non-partisan and non-controversial, and that promote the education and other best interests of the students.

No materials of a commercial nature will be distributed through the children in attendance in the District except as authorized by law or the Commissioner's regulations.

SUBJECT: USE OF SCHOOL FACILITIES, MATERIALS, AND EQUIPMENT**School Facilities**

It is the policy of the Board to encourage the greatest possible use of school facilities for community-wide activities including those uses permitted by New York law. Groups wishing to use the school facilities must secure written permission from the Board or its designee and abide by the rules and regulations established for use including restrictions on alcohol, tobacco, and drug use.

The District reserves the right to charge a fee for the use of its facilities in a manner consistent with law, and on terms specified in regulation or by agreement with these organizations.

Materials and Equipment

Except when used in connection with, or rented under provisions of Education Law Section 414, school-owned materials or equipment may be used for school related purposes only. Private or personal use of school-owned materials and equipment is strictly prohibited. The loan of equipment and materials for public purposes that serve the welfare of the community is allowed, as long as the equipment is not needed at that time for school purposes and that the proposed use will not disrupt normal school operations.

The Board will permit school materials and equipment to be loaned to staff members when such use is directly or peripherally related to their employment, and to students when the material and equipment is to be used in connection with their studies or extracurricular activities. Community members will be allowed to use school-owned materials and equipment only for educational purposes that relate to school operations. The Board will also allow the loan of equipment to local governments and other entities that benefit the welfare of the surrounding community. The Board supports this inter-municipal cooperation as it saves taxpayer monies and is a more efficient use of scarce or costly equipment and resources.

To the extent the District receives funds made available through the United States Department of Education and maintains a "designated open forum" or a "limited public forum," as those terms are defined in federal regulation, it will not deny any group officially affiliated with the Boy Scouts of America or any other patriotic youth group listed in Title 36 of the United States Code equal access or a fair opportunity to meet. Likewise, the District will not discriminate against any group that requests to conduct a meeting within the District's designated open forum or limited public forum, including denying access or opportunity or discriminating for reasons based on the group's membership or leadership criteria or oath of allegiance to God and country.

The District will provide groups officially affiliated with the Boy Scouts of America or other Title 36 patriotic youth group access to facilities and the ability to communicate using school-related means of communication on terms that are no less favorable than the most favorable terms provided to other outside youth or community groups.

SUBJECT: PUBLIC ACCESS TO RECORDS

Access to District records will be consistent with the rules and regulations established by the New York State Committee on Open Government and will comply with all the requirements of the New York State Freedom of Information Law (FOIL).

Records Access Officer

The Superintendent, subject to the approval of the Board, will designate a Records Access Officer who will have the duty of coordinating the District's response to public request for access to records.

Fulfilling FOIL Requests

The District will provide copies of records in the format and on the medium requested by the person filing the FOIL request if the District can reasonably do so regardless of burden, volume, or cost of the request. The District may charge a fee for copies as permitted by law and regulation.

The District may require a person requesting lists of names and addresses to provide a written certification that they will not use the lists of names and addresses for solicitation or fundraising purposes and will not sell, give, or otherwise make available the lists of names and addresses to any other person for the purpose of allowing that person to use the lists of names and addresses for solicitation or fundraising purposes.

Requests for Records via Email

If the District has the capability to retrieve or extract electronic records with reasonable effort, it will provide the records electronically upon request. The District will accept requests for records submitted in the form of email and respond to those requests by email using the forms supplied by the District. This information will be posted on the District website, clearly designating the email address for purposes of receiving requests for records via this format.

When the District maintains requested records on the internet, the response will inform the requester that the records are accessible via the internet and in printed form either on paper or other information storage medium.

Notification

The District will post in a conspicuous location wherever records are kept and/or publish in a local newspaper of general circulation a notice which contains: the locations where records will be made available for inspection and copying; the name, title, business address, and business telephone number of the Records Access Officer; and the right to appeal a denial of access to records with the name and business address of the person or body to whom the appeal should be directed.

SUBJECT: CODE OF CONDUCT

The District has developed and will amend, as appropriate, a written *Code of Conduct* for the maintenance of order on school property and at school functions. The *Code* will govern the conduct of students, teachers, and other school personnel, as well as visitors and vendors. The Board will further provide for the enforcement of this *Code of Conduct*.

For purposes of this policy, and the *Code of Conduct*, school property means in or within any building, structure, athletic playing field, playground, parking lot, or land contained within the real property boundary line of the District's elementary or secondary schools, or in or on a school bus; and a school function means a school-sponsored extracurricular event or activity regardless of where the event or activity takes place.

The District *Code of Conduct* has been developed in collaboration with student, teacher, administrator, and parent organizations, school safety personnel, and other school personnel.

The District *Code of Conduct* will be reviewed on an annual basis, and updated as necessary in accordance with law. The District may establish a committee to facilitate review of its *Code of Conduct* and the District's response to violations. The Board will reapprove any updated *Code of Conduct* or adopt revisions only after at least one public hearing that provides for the participation of school personnel, parents or persons in parental relation, students, and any other interested parties. The District will file a copy of its *Code of Conduct* and any amendments with the Commissioner, in a manner prescribed by the commissioner, no later than 30 days after their respective adoptions.

SUBJECT: THREATS OF VIOLENCE IN SCHOOL

The District is committed to the prevention of violence against any individual or property in the schools, on school property, or at school activities whether such acts and/or threats of violence are made by students, staff, or others. Threats of violence against students, school personnel and/or school property will not be tolerated whether or not such threats occur on school grounds or during the school day.

Any person who commits an act or threatens an act of violence, including bomb threats, whether made orally, in writing, by email, or by any other electronic format, will be subject to appropriate discipline in accordance with applicable law, District policies and regulations, as well as the *Code of Conduct* and collective bargaining agreements, as necessary.

The District does not condone acts and/or threats of violence which threaten the safety and well-being of staff, students, visitors, and/or the school environment. Employees, students, agents, and invitees will refrain from engaging in threats or physical actions which create a safety hazard for others.

All staff who are made aware of physical acts and/or threats of violence directed to students or staff are to report these incidents to the building principal or designee, who will report these occurrences to the Superintendent. Additionally, the building principal or designee will also report occurrences of violence, whether involving an actual confrontation or threat of potential violence, to the school psychologist and/or Director of Special Education if applicable. Local law enforcement agencies may be called as necessary upon the determination of the Superintendent or designee.

Students should report all acts and/or threats of violence, including threats of suicide, of which they are aware to the school hotline, a faculty member, or the building principal.

The District reserves the right to seek restitution, in accordance with law, from the parent or guardian and/or student for any costs or damages which had been incurred by the District as a result of the threats or acts of violence in the schools.

This policy will be disseminated, as appropriate, to students, staff, and parents and will be available to the general public upon request. Appropriate sanctions for violations of this policy by students will be addressed in the *Code of Conduct*.

SUBJECT: NON-DISCRIMINATION AND ANTI-HARASSMENT IN THE DISTRICT**Overview**

The District is committed to creating and maintaining an environment which is free from discrimination and harassment. This policy addresses complaints of discrimination and/or harassment made under applicable federal and state laws and regulations, as well as any applicable District policy, regulation, procedure, or other document such as the District's *Code of Conduct*. It is just one component of the District's overall commitment to maintaining a discrimination and harassment-free educational and work environment.

In accordance with applicable federal and state laws and regulations, the District does not discriminate on the basis of any legally protected class or category in its education programs and activities or when making employment decisions. Further, the District prohibits discrimination and harassment on school property and at school functions on the basis of any legally protected class or category including, but not limited to:

- a) Age;
- b) Race;
- c) Creed;
- d) Religion;
- e) Color;
- f) National origin;
- g) Citizenship or immigration status;
- h) Sexual orientation;
- i) Gender identity or expression;
- j) Military status;
- k) Sex;
- l) Disability;
- m) Predisposing genetic characteristics;

- n) Familial status;
- o) Marital status; and
- p) Status as a victim of domestic violence.

The District adopts this policy as part of its effort to provide for the prompt and equitable resolution of complaints of discrimination and/or harassment. The District will promptly respond to reports of discrimination and/or harassment, ensure that all investigations are conducted within a reasonably prompt time frame and under a predictable fair grievance process that provides due process protections, and impose disciplinary measures and implement remedies when warranted.

Inquiries about this policy may be directed to the District's Civil Rights Compliance Officer(s) (CRCO(s)).

Scope and Application

This policy outlines the District's general approach to addressing complaints of discrimination and/or harassment. This policy applies to the dealings between or among the following parties on school property and at school functions:

- a) Students;
- b) Employees;
- c) Applicants for employment;
- d) Paid or unpaid interns;
- e) Anyone who is (or is employed by) a contractor, subcontractor, vendor, consultant, or other person providing services pursuant to a contract in the workplace;
- f) Volunteers; and
- g) Visitors or other third parties.

Further, discrimination and/or harassment that occurs off school property and somewhere other than a school function can disrupt the District's educational and work environment. This conduct can occur in-person or through phone calls, texts, emails, or social media. Accordingly, conduct or incidents of discrimination and/or harassment that create or foreseeably create a disruption within the District may be subject to this policy in certain circumstances.

(Cont'd.)**

Other District policies and documents such as regulations, procedures, collective bargaining agreements, and the District's *Code of Conduct* may address misconduct related to discrimination and/or harassment and may provide for additional, different, or more specific grievance procedures depending on a number of factors including, but not limited to, who is involved, where the alleged discrimination and/or harassment occurred, and the basis of the alleged discrimination and/or harassment. These documents must be read in conjunction with this policy.

The dismissal of a complaint under one policy or document does not preclude action under another related District policy or document.

Definitions

For purposes of this policy, the following definitions apply:

- a) "School property" means in or within any building, structure, athletic playing field, playground, parking lot, or land contained within the real property boundary line of any District elementary or secondary school, or in or on a school bus or District vehicle.
- b) "School function" means a school-sponsored or school-authorized extracurricular event or activity regardless of where the event or activity takes place, including any event or activity that may take place virtually or in another state.

What Constitutes Discrimination and Harassment

Determinations as to whether conduct or an incident constitutes discrimination and/or harassment will be made consistent with applicable federal and state laws and regulations, as well as any applicable District policy, regulation, procedure, or other document such as the District's *Code of Conduct*. These determinations may depend upon a number of factors, including, but not limited to: the particular conduct or incident at issue; the ages of the parties involved; the context in which the conduct or incident took place; the relationship of the parties to one another; the relationship of the parties to the District; and the protected class or characteristic that is alleged to have been the basis for the conduct or incident. The examples below are intended to serve as a general guide for individuals in determining what may constitute discrimination and/or harassment. These examples should not be construed to add or limit the rights that individuals and entities possess as a matter of law.

Generally stated, discrimination consists of the differential treatment of a person or group of people on the basis of their membership in a legally protected class. Discriminatory actions may include, but are not limited to: refusing to promote or hire an individual on the basis of their membership in a protected class; denying an individual access to facilities or educational benefits on the basis of their membership in a protected class; or impermissibly instituting policies or practices that disproportionately and adversely impact members of a protected class.

Community Relations

**SUBJECT: NON-DISCRIMINATION AND ANTI-HARASSMENT IN THE DISTRICT
(Cont'd.)**

Generally stated, harassment consists of subjecting an individual, on the basis of their membership in a legally protected class, to unwelcome verbal, written, or physical conduct which may include, but is not limited to: derogatory remarks, signs, jokes, or pranks; demeaning comments or behavior; slurs; mimicking; name calling; graffiti; innuendo; gestures; physical contact; stalking; threatening; bullying; extorting; or the display or circulation of written materials or pictures.

This conduct may, among other things, have the purpose or effect of: subjecting the individual to inferior terms, conditions, or privileges of employment; creating an intimidating, hostile, or offensive environment; substantially or unreasonably interfering with an individual's work or a student's educational performance, opportunities, benefits, or well-being; or otherwise adversely affecting an individual's employment or educational opportunities.

Under New York State Human Rights Law (NYSHRL), discrimination or harassment does not need to be severe or pervasive to be illegal. It can be any discriminatory or harassing behavior that rises above petty slights or trivial inconveniences. Every instance of discrimination or harassment is unique to those experiencing it, and there is no single boundary between petty slights and harassing behavior. However, NYSHRL specifies that whether discriminatory or harassing conduct is considered petty or trivial is to be viewed from the standpoint of a reasonable victim of discrimination with the same protected characteristics.

Civil Rights Compliance Officer

The District has designated the following District employee(s) to serve as its CRCO(s):

Building Principal & School Administrator
8372 County Route 75
Adams, NY 13605
315-846-5411

The CRCO(s) will coordinate the District's efforts to comply with its responsibilities under applicable non-discrimination and anti-harassment laws and regulations including, but not limited to: the Americans with Disabilities Act of 1990, Section 504 of the Rehabilitation Act of 1973, Title VI of the Civil Rights Act of 1964, and the Age Discrimination Act of 1975.

Where appropriate, the CRCO(s) may seek the assistance of other District employees, such as the District's Title IX Coordinator(s) or Dignity Act Coordinator(s) (DAC(s)), or third parties in investigating, responding to, and remedying complaints of discrimination and/or harassment.

**SUBJECT: NON-DISCRIMINATION AND ANTI-HARASSMENT IN THE DISTRICT
(Cont'd.)**

Reporting Allegations of Discrimination and/or Harassment

Anyone who experiences, witnesses, or becomes aware of potential instances of discrimination or harassment is encouraged to report the behavior to a supervisor, building principal, other administrator, or the CRCO. Individuals should not feel discouraged from reporting discrimination or harassment because they do not believe it is bad enough or conversely because they do not want to see someone punished for less severe behavior.

Reports of discrimination and/or harassment may be made verbally or in writing. A written complaint form is posted on the District's website if an individual would like to use it, but the complaint form is not required. Individuals who are reporting discrimination and/or harassment on behalf of another individual may use the complaint form and note that it is being submitted on another individual's behalf. A verbal or otherwise written complaint (such as an email) on behalf of oneself or another individual is also acceptable.

Reports may be made to a CRCO in person, by using the contact information for a CRCO, or by any other means that results in a CRCO receiving the person's verbal or written report. This report may be made at any time (including during non-business hours) by using the telephone number or email address, or by mail to the office address, listed for a CRCO.

Reports of discrimination and/or harassment may also be made to any other District employee including a supervisor or building principal. All reports of discrimination and/or harassment must be immediately forwarded to the CRCO. Reports may also be forwarded to other District employees depending on the allegations.

Failure to immediately inform the CRCO may subject the employee to discipline up to and including termination.

If the CRCO is unavailable, including due to a conflict of interest or other disqualifying reason, the report will be directed to another CRCO, if the District has designated another individual to serve in that capacity. If the District has not designated another CRCO, the Superintendent will ensure that another person with the appropriate training and qualifications is appointed to act as the CRCO.

In addition to complying with the reporting requirements in this policy, District employees must comply with any other applicable reporting requirements contained in District policy, regulation, procedure, collective bargaining agreement, or other document such as the District's *Code of Conduct*. Applicable documents include, but are not limited to, the District's policies, regulations, and procedures related to Title IX, sexual harassment in the workplace, and the Dignity for All Students Act (DASA).

Community Relations

**SUBJECT: NON-DISCRIMINATION AND ANTI-HARASSMENT IN THE DISTRICT
(Cont'd.)****Supervisory Responsibilities**

Supervisors, building principals, other administrators, and the CRCOs are responsible for helping to maintain a discrimination and harassment-free educational and work environment.

All supervisors, building principals, and other administrators who receive a complaint or information about suspected discrimination or harassment, observe what may be discriminatory or harassing behavior, or for any reason suspect that discrimination or harassment is occurring, are required to report the suspected discrimination or harassment to the CRCO. If the CRCO is unavailable, including due to a conflict of interest or other disqualifying reason, the report will be directed to another CRCO, if the District has designated another individual to serve in that capacity. If the District has not designated another CRCO, the Superintendent will ensure that another person with the appropriate training and qualifications is appointed to act as the CRCO.

Supervisors, building principals, and other administrators should not be passive and wait for an individual to make a claim of discrimination or harassment. If they observe such behavior, they must act.

Supervisors, building principals, and other administrators can be disciplined if they engage in discriminatory or harassing behavior themselves. Supervisors, building principals, and other administrators, can also be disciplined for failing to report suspected discrimination or harassment or allowing discrimination or harassment to continue after they know about it.

While supervisors, building principals, and other administrators have a responsibility to report discrimination and harassment, they must be mindful of the impact that discrimination and/or harassment and a subsequent investigation has on victims. Being identified as a possible victim of discrimination or harassment and questioned about discrimination or harassment can be intimidating, uncomfortable and re-traumatizing for individuals. Supervisors, building principals, and other administrators must accommodate the needs of individuals who have experienced discrimination or harassment to ensure the workplace is safe, supportive, and free from retaliation for them during and after any investigation.

Grievance Process for Complaints of Discrimination and/or Harassment

All complaints or information about discrimination or harassment will be investigated, whether that information was reported in verbal or written form. An investigation of any complaint, information, or knowledge of suspected discrimination or harassment will be prompt, thorough, equitable, and started and completed as soon as possible. Investigations will be kept confidential to the extent possible. Disclosure may, however, be necessary to complete a thorough investigation of the charges and/or notify law enforcement officials. All individuals involved, including those making a discrimination or harassment claim, witnesses, and alleged harassers deserve a fair and impartial investigation.

(Continued)

**SUBJECT: NON-DISCRIMINATION AND ANTI-HARASSMENT IN THE DISTRICT
(Cont'd.)**

The CRCO will generally oversee the District's investigation of all complaints of discrimination and/or harassment. In the event an anonymous complaint is filed, the District will respond to the extent possible.

District employees may be required to cooperate as needed in an investigation of suspected discrimination or harassment. The District recognizes that participating in a discrimination or harassment investigation can be uncomfortable and has the potential to retraumatize an individual. Individuals receiving claims and leading investigations will handle complaints and questions with sensitivity toward participants.

Various District policies and documents address discrimination and harassment. All complaints will be handled in accordance with the applicable District policies and/or documents.

The determination as to which District policies and/or documents are applicable is fact specific, and the CRCO may work with other District staff such as the District's Dignity Act Coordinators (DACs) or Title IX Coordinator(s) to determine which District policies and/or documents are applicable to the specific facts of the complaint.

If an investigation reveals that discrimination and/or harassment based on a legally protected class has occurred, the District will take immediate corrective action as warranted. This action will be taken in accordance with applicable law and regulation, as well as any applicable District policy, regulation, procedure, collective bargaining agreement, third-party contract, or other document such as the District's *Code of Conduct*.

Knowingly Makes False Accusations

Any employee or student who knowingly makes false accusations against another individual as to allegations of discrimination and/or harassment will face appropriate disciplinary action.

Prohibition of Retaliatory Behavior (Commonly Known as "Whistle-Blower" Protection)

The District prohibits all retaliation. Any individual that reports an incident of discrimination or harassment, provides information, or otherwise assists in any investigation of a discrimination or harassment complaint is protected from retaliation. No one should fear reporting discrimination or harassment if they believe it has occurred. Even if the alleged discrimination or harassment does not turn out to rise to the level of a violation of law, the individual is protected from retaliation if the person had a good faith belief that the practices were unlawful. However, the retaliation provision is not intended to protect persons making intentionally false charges of discrimination or harassment.

(Continued)

**SUBJECT: NON-DISCRIMINATION AND ANTI-HARASSMENT IN THE DISTRICT
(Cont'd.)**

Any District employee who retaliates against anyone involved in a discrimination or harassment investigation will face disciplinary action, up to and including termination.

Complaints of retaliation may be directed to the CRCO. If the CRCO is unavailable, including due to a conflict of interest or other disqualifying reason, the report will be directed to another CRCO, if the District has designated another individual to serve in that capacity. If the District has not designated another CRCO, the Superintendent will ensure that another person with the appropriate training and qualifications is appointed to act as the CRCO.

Where appropriate, follow-up inquiries will be made to ensure that the discrimination and/or harassment has not resumed and that those involved in the investigation have not suffered retaliation.

Confidentiality

To the extent possible, all complaints will be treated as confidential. Disclosure may be necessary in certain circumstances such as to complete a thorough investigation and/or notify law enforcement officials. All disclosures will be in accordance with law and regulation.

Training

In order to promote familiarity with issues pertaining to discrimination and harassment in the District, and to help reduce incidents of prohibited conduct, the District will provide appropriate information and/or training to employees and students. As may be necessary, special training will be provided for individuals involved in the handling of discrimination and/or harassment complaints.

Notification

Prior to the beginning of each school year, the District will issue an appropriate public announcement or publication which advises students, parents or legal guardians, employees, and other relevant individuals of the District's established grievance process for resolving complaints of discrimination and/or harassment. This announcement or publication will include the name, office address, telephone number, and email address of the CRCO(s). The District's website will reflect current and complete contact information for the CRCO(s).

A copy of this policy and its corresponding regulations and/or procedures will be available upon request and will be posted and/or published in appropriate locations and/or District publications.

SUBJECT: TITLE IX AND SEX DISCRIMINATION**Overview**

The District is committed to creating and maintaining education programs and activities which are free from discrimination and harassment. This policy addresses complaints of sex discrimination, including sexual harassment, made under Title IX of the Education Amendments Act of 1972 and its implementing regulations (Title IX). It is just one component of the District's overall commitment to maintaining a discrimination and harassment-free educational and work environment.

Title IX prohibits discrimination on the basis of sex in any education program or activity operated by a district that receives federal financial assistance. As required by Title IX, the District does not discriminate on the basis of sex in its education programs and activities or when making employment decisions.

The District adopts this policy as part of its effort to provide for the prompt and equitable resolution of complaints of sex discrimination, including sexual harassment. The District will promptly respond to reports of sex discrimination, ensure that all investigations are conducted within a reasonably prompt time frame and under a predictable fair grievance process that provides due process protections to complainants and respondents, and impose sanctions and implement remedies when warranted.

Inquiries about this policy or the application of Title IX may be directed to the District's Title IX Coordinator(s), the Assistant Secretary for Civil Rights of the United States Department of Education, or both.

Scope and Application of Policy

This policy is limited to addressing complaints of sex discrimination, including sexual harassment, that fall within the scope of Title IX which, among other things, has a specific definition of sexual harassment and applies only to sex discrimination occurring against a person in the United States. This policy applies to any individual participating in or attempting to participate in the District's education programs or activities including students and employees.

Other District policies and documents address sex-based misconduct and may have different definitions, standards of review, and grievance procedures. These documents must be read in conjunction with this policy as they may cover incidents of sex-based misconduct not addressed by Title IX.

If the allegations forming the basis of a formal complaint of sexual harassment, if proven, would constitute prohibited conduct under Title IX, then the grievance process outlined in this policy would be applied to the investigation and adjudication of all the allegations. Depending on the allegations, additional grievance procedures may apply.

The dismissal of a formal complaint of sexual harassment under Title IX does not preclude action under another related District policy, procedure, collective bargaining agreement, or other document such as the District's *Code of Conduct*.

(Continued)

SUBJECT: TITLE IX AND SEX DISCRIMINATION (Cont'd.)**What Constitutes Sex Discrimination Including Sexual Harassment**

Title IX prohibits various types of sex discrimination including, but not limited to: sexual harassment; the failure to provide equal athletic opportunity; sex-based discrimination in a District's science, technology, engineering, and math (STEM) courses and programs; and discrimination based on pregnancy.

Under Title IX, sexual harassment includes conduct on the basis of sex that satisfies one or more of the following:

- a) An employee of the District conditioning the provision of an aid, benefit, or service of the District on an individual's participation in unwelcome sexual conduct;
- b) Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the District's education program or activity;
- c) Sexual assault, meaning an offense classified as a forcible or nonforcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation;
- d) Dating violence, meaning violence committed by a person:
 - 1. Who is or has been in a social relationship of a romantic or intimate nature with the victim; and
 - 2. Where the existence of such a relationship will be determined based on a consideration of the following factors:
 - (a) The length of the relationship;
 - (b) The type of relationship;
 - (c) The frequency of interaction between the persons involved in the relationship;
- e) Domestic violence, meaning felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving grant monies, or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction; or

SUBJECT: TITLE IX AND SEX DISCRIMINATION (Cont'd.)

- f) Stalking, meaning engaging in a course of conduct directed at a specific person that would cause a reasonable person to:
 - 1. Fear for his or her safety or the safety of others; or
 - 2. Suffer substantial emotional distress.

Title IX Coordinator

*The District has designated and authorized the following District employee(s) to serve as its Title IX Coordinator(s):

Building Principal, School Administrator, and Business Manager
8372 County Route 75, Adams, NY 13605
titleIXcoordinator@bhpanthers.org
315-846-5121

The Title IX Coordinator(s), who must be referred to as such, will coordinate the District's efforts to comply with its responsibilities under Title IX. However, the responsibilities of the Title IX Coordinator(s) may be delegated to other personnel.

Where appropriate, the Title IX Coordinator(s) may seek the assistance of the District's Civil Rights Compliance Officer(s) (CRCO(s)) and/or Dignity Act Coordinator(s) (DAC(s)) in investigating, responding to, and remedying complaints of sex discrimination, including sexual harassment.

Reporting Allegations of Sex Discrimination

Any person may report sex discrimination, including sexual harassment, regardless of whether they are the alleged victim or not. Reports may be made in person, by using the contact information for the Title IX Coordinator, or by any other means that results in the Title IX Coordinator receiving the person's oral or written report. This report may be made at any time (including during non-business hours) by using the telephone number or email address, or by mail to the office address, listed for the Title IX Coordinator.

Reports of sex discrimination may also be made to any other District employee including a supervisor, building principal, or the District's CRCO. All reports of sex discrimination, including sexual harassment, will be forwarded to the District's Title IX Coordinator. Reports may also be forwarded to other District employees depending on the allegations.

All District employees who witness or receive an oral or written report of sex discrimination must immediately inform the Title IX Coordinator. Failure to immediately inform the Title IX Coordinator may subject the employee to discipline up to and including termination.

(Continued)

SUBJECT: TITLE IX AND SEX DISCRIMINATION (Cont'd.)

Making a report of sexual harassment is not the same as filing a formal complaint of sexual harassment. A formal complaint is a document either filed by a complainant or a parent or legal guardian who has a right to act on behalf of the complainant or signed by the Title IX Coordinator which alleges sexual harassment against a respondent and requests that the District investigate the allegations. While the District must respond to all reports it receives of sexual harassment, the Title IX grievance process is only initiated with the filing of a formal complaint.

In addition to complying with this policy, District employees must comply with any other applicable District policy, procedure, collective bargaining agreement, or other document such as the District's *Code of Conduct*. This includes, but is not limited to, Policy #7550 -- Dignity for All Students (DASA) which requires District employees to make an oral report promptly to the Superintendent or principal, their designee, or the DAC not later than one school day after witnessing or receiving an oral or written report of harassment, bullying, and/or discrimination of a student. Two days after making the oral report, DASA further requires that the District employee file a written report with the Superintendent or principal, their designee, or the DAC.

If the Title IX Coordinator is unavailable, including due to a conflict of interest or other disqualifying reason, the report will be directed to another Title IX Coordinator, if the District has designated another individual to serve in that capacity. If the District has not designated another Title IX Coordinator, the Superintendent will ensure that another person with the appropriate training and qualifications is appointed to act as the Title IX Coordinator.

Grievance Process for Complaints of Sex Discrimination Other than Sexual Harassment

The District will provide for the prompt and equitable resolution of reports of sex discrimination other than sexual harassment. In responding to these reports, the Title IX Coordinator will utilize, as applicable, the grievance process set forth in Policy #3420 -- Non-Discrimination and Anti-Harassment in the District and any other applicable District policy, procedure, collective bargaining agreement, or other document such as the District's *Code of Conduct*.

Grievance Process for Formal Complaints of Sexual Harassment

The District will respond to allegations of sexual harassment in a manner that is not deliberately indifferent whenever it has actual knowledge of sexual harassment in an education program or activity of the District. The District is deliberately indifferent only if its response to sexual harassment is clearly unreasonable in light of the known circumstances. For purposes of reports and formal complaints of sexual harassment under Title IX, education program or activity includes locations, events, or circumstances over which the District exercised substantial control over both the respondent(s) and the context in which the sexual harassment occurred.

The District will follow a grievance process that complies with law and regulation before the imposition of any disciplinary sanctions or other actions that are not supportive measures against a respondent.

(Continued)

SUBJECT: TITLE IX AND SEX DISCRIMINATION (Cont'd.)

The District will conduct the grievance process in a timely manner designed to provide all parties with a prompt and equitable resolution. It is anticipated that, in most cases, the grievance process will be conducted within a reasonably prompt manner and follow the time frames established in this policy.

Definitions

- a) "Actual knowledge" means notice of sexual harassment or allegations of sexual harassment to a District's Title IX Coordinator or any official of the District who has authority to institute corrective measures on behalf of the District, or to any District employee. Imputation of knowledge based solely on vicarious liability or constructive notice is insufficient to constitute actual knowledge. This standard is not met when the only official of the District with actual knowledge is the respondent. The mere ability or obligation to report sexual harassment or to inform a student about how to report sexual harassment, or having been trained to do so, does not qualify an individual as one who has authority to institute corrective measures on behalf of the District. "Notice" as used in this paragraph includes, but is not limited to, a report of sexual harassment to the Title IX Coordinator as described in this policy.
- b) "Complainant" means an individual who is alleged to be the victim of conduct that could constitute sexual harassment.
- c) "Days" means business days, but excludes any weekday during which the school is closed.
- d) "Formal complaint" means a document filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment against a respondent and requesting that the District investigate the allegation of sexual harassment. At the time of filing a formal complaint, a complainant must be participating in or attempting to participate in the education program or activity of the District with which the formal complaint is filed. A formal complaint may be filed with the Title IX Coordinator in person, by mail, or by email, by using the contact information required to be listed for the Title IX Coordinator, and by any additional method designated by the District. As used in this paragraph, the phrase "document filed by a complainant" means a document or electronic submission (such as by email or through an online portal provided for this purpose by the District) that contains the complainant's physical or digital signature, or otherwise indicates that the complainant is the person filing the formal complaint. Where the Title IX Coordinator signs a formal complaint, the Title IX Coordinator is not a complainant or otherwise a party, and must comply with the requirements of law and regulation.
- e) "Respondent" means an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

(Continued)

SUBJECT: TITLE IX AND SEX DISCRIMINATION (Cont'd.)

- f) "Supportive measures" means non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent before or after the filing of a formal complaint or where no formal complaint has been filed. These measures are designed to restore or preserve equal access to the District's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the District's educational environment, or deter sexual harassment. Supportive measures may include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, campus escort services, mutual restrictions on contact between the parties, changes in work or housing locations, leaves of absence, increased security and monitoring of certain areas of the campus, and other similar measures. The District must maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the ability of the District to provide the supportive measures. The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures.

General Requirements for the Investigative and Grievance Process

During the investigation of a formal complaint and throughout the grievance process, the District will ensure that:

- a) Complainants and respondents are treated equitably. This includes applying any provisions, rules, or practices incorporated into the District's grievance process, other than those required by law or regulation, equally to both parties.
- b) All relevant evidence is objectively evaluated, including both inculpatory and exculpatory evidence. Inculpatory evidence implicates or tends to implicate an individual in a crime or wrongdoing. Exculpatory evidence frees or tends to free an individual from blame or accusation.
- c) The Title IX Coordinator, investigator, decision-maker involved in the grievance process, or any person designated by the District to facilitate any informal resolution process does not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent.
- d) Respondents are presumed not to be responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the grievance process.
- e) The grievance process, including any appeals or informal resolutions, is concluded within a reasonably prompt time frame and that the process is only temporarily delayed or extended for good cause. Good cause includes, but is not limited to, considerations such as the absence of a party, a party's advisor, or a witness; concurrent law enforcement activity; or the need for

(Continued)

SUBJECT: TITLE IX AND SEX DISCRIMINATION (Cont'd.)

language assistance or accommodation of disabilities. Whenever the time frame is temporarily delayed or extended, written notice will be provided to all complainants and respondents of the delay or extension and the reasons for the action.

- f) The range of possible disciplinary sanctions and remedies that may be implemented by the District following any determination regarding responsibility are described to any known party.
- g) The same standard of evidence is used to determine responsibility in all formal complaints.
- h) The procedures and permissible bases for an appeal are known to all complainants and respondents.
- i) The range of supportive measures available are known to all complainants and respondents.
- j) There is no requirement, allowance of, reliance on, or otherwise use of questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege, unless the person holding the privilege has waived the privilege.
- k) The burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rests on the District and not on the parties.
- l) The Title IX Coordinator, the investigator, any decision-maker, or any other person participating on behalf the District does not access, consider, disclose, or otherwise use a party's records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party, unless the District obtains that party's voluntary, written consent to do so for the grievance process. If the party is not an eligible student, as defined in FERPA as a student who has reached 18 years of age or is attending a post-secondary institution, the District will obtain the voluntary, written consent of a parent.
- m) The parties have an equal opportunity to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence.
- n) Credibility determinations are not be based on a person's status as a complainant, respondent, or witness.
- o) The ability of either party to discuss the allegations under investigation or to gather and present relevant evidence is not restricted.
- p) The parties are provided with the same opportunities to have others present during any grievance proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice, who may be, but is not required to be, an attorney,

(Continued)

SUBJECT: TITLE IX AND SEX DISCRIMINATION (Cont'd.)

and not limit the choice or presence of advisor for any complainant or respondent in any meeting or grievance proceeding. However, the District may establish restrictions regarding the extent to which the advisor may participate in the proceedings, as long as the restrictions apply equally to both parties.

- q) Written notice of the date, time, location, participants, and purpose of all hearings, investigative interviews, or other meetings, is provided to any party whose participation is invited or expected with sufficient time for the party to prepare to participate.
- r) The parties are provided with equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in a formal complaint, including the evidence upon which the District does not intend to rely on in reaching a determination regarding responsibility and inculpatory or exculpatory evidence whether obtained from a party or other source, so that each party can meaningfully respond to the evidence prior to conclusion of the investigation.
- s) Any document sent to a minor or legally incompetent person is also sent to the party's parent or legal guardian.
- t) Any document sent to a party is also sent to the party's advisor, if known.

After a Report of Sexual Harassment Has Been Made

After receiving a report of sexual harassment, the Title IX Coordinator will:

- a) Promptly contact the complainant to discuss and offer supportive measures;
- b) Inform the complainant both of the range of supportive measures available and that these measures are available regardless of whether a formal complaint is filed;
- c) Consider the complainant's wishes with respect to supportive measures; and
- d) Explain to the complainant the process for filing a formal complaint.

The Title IX Coordinator may also contact the respondent to discuss and/or impose supportive measures.

Requests for confidentiality or use of anonymous reporting may limit how the District is able to respond to a report of sexual harassment.

(Continued)

SUBJECT: TITLE IX AND SEX DISCRIMINATION (Cont'd.)**Emergency Removal and Administrative Leave**

At any point after receiving a report or formal complaint of sexual harassment, the District may immediately remove a respondent from the District's education program or activity on an emergency basis, provided that the District:

- a) Undertakes an individualized safety and risk analysis;
- b) Determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal; and
- c) Provides the respondent with notice and an opportunity to challenge the decision immediately following the removal.

The District should coordinate their Title IX compliance efforts with special education staff when initiating an emergency removal of a student with a disability from an education program or activity as the removal could constitute a change of placement under the IDEA or Section 504.

The District may place a non-student employee respondent on administrative leave with or without pay during the pendency of the grievance process in accordance with law and regulation and any applicable District policy, procedure, collective bargaining agreement, or other document such as the District's *Code of Conduct*.

Filing a Formal Complaint

A complainant may file a formal complaint with the Title IX Coordinator in person or by mail, email, or other method made available by the District. The complainant must be participating in or attempting to participate in the education program or activity of the District at the time of filing the complaint. The filing of a formal complaint initiates the grievance process.

A formal complaint must be signed by the complainant, the complainant's parent or legal guardian as appropriate, or the Title IX Coordinator. Where a parent or legal guardian signs the complaint, the parent or legal guardian does not become the complainant; rather the parent or legal guardian acts on behalf of the complainant. The Title IX Coordinator may sign the formal complaint, but his or her signature does not make him or her a complainant or a party to the complaint. If the formal complaint is signed by the Title IX Coordinator, the Title IX Coordinator is still obligated to comply with the grievance process outlined in this policy.

The complainant, or the complainant's parent or legal guardian, must physically or digitally sign the formal complaint, or otherwise indicate that the complainant is the person filing the formal complaint. When a formal complaint is filed, the Title IX Coordinator must send a written notice of allegations to all parties which includes the identities of all known parties.

(Continued)

SUBJECT: TITLE IX AND SEX DISCRIMINATION (Cont'd.)

The District will not discriminate on the basis of sex in its treatment of a complainant or a respondent in responding to a formal complaint of sexual harassment.

The formal complaint form may be obtained from the District's Title IX Coordinator or found on the District's website.

Consolidation of Formal Complaints

The District may consolidate formal complaints of sexual harassment against more than one respondent, or by more than one complainant against one or more respondents, or by one party against the other party, where the allegations of sexual harassment arise out of the same facts or circumstances.

Written Notice of Allegations

Upon receipt of a formal complaint, the District will send all known parties written notice of:

- a) The District's grievance process, including any informal resolution process; and
- b) The allegations of sexual harassment which will:
 - 1. Provide sufficient details known at the time and sufficient time to prepare a response before any initial interview. Sufficient details include the identities of the parties involved in the incident, if known, the conduct allegedly constituting sexual harassment, and the date and location of the alleged incident, if known;
 - 2. State that the respondent is presumed not to be responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the grievance process;
 - 3. Inform the parties that they may have an advisor of their choice, who may be, but is not required to be, an attorney;
 - 4. Inform the parties that they may inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in the formal complaint; and
 - 5. Include notice of any provision in any applicable District policy, procedure, collective bargaining agreement, or other document such as the District's *Code of Conduct* that prohibits knowingly making false statements or knowingly submitting false information during the grievance process.

If, in the course of an investigation, the District decides to investigate allegations about any complainant or respondent that were not included in the initial notice, the District will provide another notice of the additional allegations to the parties whose identities are known.

(Continued)

SUBJECT: TITLE IX AND SEX DISCRIMINATION (Cont'd.)**Investigation of a Formal Complaint**

The Title IX Coordinator will oversee the District's investigation of all formal complaints. During the investigation of a formal complaint, the Title IX Coordinator or another District employee may serve as the District's investigator. The District may also outsource all or part of an investigation to appropriate third parties. The outsourcing of all or part of an investigation does not relieve the District from its obligation to comply with law and regulation.

It is anticipated that most investigations will be completed within ten (10) actual school days students are in session after receiving a formal complaint.

During the investigation of a formal complaint, the investigator will, as appropriate:

- a) Collect, review, and preserve all evidence including, but not limited to, any relevant documents, videos, electronic communications, and phone records.
- b) Interview all relevant persons including, but not limited to, any complainants, respondents, and witnesses. Interviews of complainants and respondents will be conducted separately. If a student is involved, the District will follow any applicable District policy, procedure, or other document such as the District's *Code of Conduct* regarding the questioning of students.
- c) Create written documentation of the investigation (such as a letter, memo, or email), which contains the following:
 1. A list of all documents reviewed, along with a detailed summary of relevant documents;
 2. A list of names of those interviewed, along with a detailed summary of their statements;
 3. A timeline of events; and
 4. A summary of prior relevant incidents, reported or unreported.
- d) Keep any written documentation and associated documents in a secure and confidential location.

Prior to completion of the investigative report, the District will send to each party and the party's advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy. The parties will have at least ten days to submit a written response, which the investigator will consider prior to completion of the investigative report.

(Continued)

SUBJECT: TITLE IX AND SEX DISCRIMINATION (Cont'd.)

At the end of the investigation, an investigative report will be created that fairly summarizes all relevant evidence.

At least ten days prior to a hearing or other determination regarding responsibility, the investigative report will be sent to each party and the party's advisor, if any, in an electronic format or a hard copy, for their review and written response.

Dismissal of a Formal Complaint

The District must investigate the allegations in a formal complaint. The District must dismiss a formal complaint under Title IX if the conduct alleged:

- a) Would not constitute sexual harassment even if proven;
- b) Did not occur in the District's education program or activity; or
- c) Did not occur against a person in the United States.

Further, the District may dismiss a formal complaint or any of its allegations under Title IX, if at any time during the investigation or hearing:

- a) A complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint or any of its allegations;
- b) The respondent is no longer enrolled or employed by the District; or
- c) Specific circumstances prevent the District from gathering evidence sufficient to reach a determination as to the formal complaint or any of its allegations.

Upon a dismissal of a formal complaint, the District must promptly send written notice of the dismissal and reason(s) for the dismissal simultaneously to the parties.

The dismissal of a formal complaint under Title IX does not preclude action under another related District policy, procedure, collective bargaining agreement, or other document such as the District's *Code of Conduct*.

Informal Resolutions

Before reaching a determination regarding responsibility, but only after a formal complaint is filed, the District may offer and facilitate the use of an informal resolution process, such as mediation, that does not involve a full investigation and adjudication of the formal complaint.

(Continued)

SUBJECT: TITLE IX AND SEX DISCRIMINATION (Cont'd.)

It is anticipated that most informal resolutions will be completed within ten (10) actual school days students are in session.

The District will not require that parties participate in an informal resolution process. The District will not offer or facilitate an informal resolution process to resolve allegations that an employee sexually harassed a student. Further, the District will not require the waiver of the right to an investigation and adjudication of formal complaints of sexual harassment as a condition of enrollment or continuing enrollment, or employment or continuing employment, or enjoyment of any other right.

If the District offers and facilitates the use of an informal resolution process, it will:

- a) Provide written notice to all known parties which details:
 - 1. The allegations in the formal complaint;
 - 2. The requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations, provided, however, that at any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the grievance process with respect to the formal complaint;
 - 3. Any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared; and
- b) Obtain the parties' voluntary, written consent to the informal resolution process.

Hearings and Determination Regarding Responsibility

The District will designate an individual decision-maker or a panel of decision-makers to issue a written determination regarding responsibility. A decision-maker can either be a District employee or, where appropriate, a third-party. They cannot be the same individual as either the Title IX Coordinator or the investigator(s).

The District's grievance process may, but is not required to, provide for a hearing. The determination as to whether a hearing will be provided will be made on a case-by-case basis. If a hearing is provided, the District will make all evidence subject to the parties' inspection and review available to give each party equal opportunity to refer to this evidence during the hearing, including for purposes of cross-examination.

(Continued)

SUBJECT: TITLE IX AND SEX DISCRIMINATION (Cont'd.)

With or without a hearing, before reaching a determination regarding responsibility, the decision-maker(s) will afford each party the opportunity to:

- a) Submit written, relevant questions that a party wants asked of any party or witness within ten (10) actual school days students are in session after the parties have received the investigative report;
- b) Provide each party with the answers given by any party or witness within ten (10) actual school days students are in session of receiving the questions; and
- c) Allow for additional, limited follow-up questions and responses from each party to occur within ten (10) actual school days students are in session after the parties have received responses to their initial questions.

Questions and evidence about a complainant's sexual predisposition or prior sexual behavior will not be considered, unless the questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent. The decision-maker(s) will explain to the party proposing the questions any decision to exclude a question as not relevant.

The decision-maker(s) will issue a written determination regarding responsibility to the Title IX Coordinator, the Superintendent, and all parties simultaneously within ten (10) actual school days students are in session after all follow-up questions have been responded to or after the hearing, if one has been provided.

To reach this determination, the decision-maker(s) will use the clear and convincing evidence standard which is the standard of evidence that will be applied in all formal complaints of sexual harassment. This standard is understood to mean concluding that a fact is highly probable to be true.

(Continued)

SUBJECT: TITLE IX AND SEX DISCRIMINATION (Cont'd.)

The written notice of the determination regarding responsibility will include:

- a) Identification of the allegations potentially constituting sexual harassment;
- b) A description of the procedural steps taken from the receipt of the formal complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence, and hearings held;
- c) Findings of fact supporting the determination;
- d) Conclusions regarding the application of any applicable District policy, procedure, collective bargaining agreement, or other document such as the District's *Code of Conduct* to the facts;
- e) A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions the District is imposing on the respondent, and whether remedies designed to restore or preserve equal access to the District's education program or activity will be provided by the District to the complainant; and
- f) The District's procedures and permissible bases for the complainant and respondent to appeal.

Finality of Determination Regarding Responsibility

The determination regarding responsibility becomes final either on the date that the District provides the parties with the written determination of the result of the appeal, if an appeal is filed, or if an appeal is not filed, the date on which an appeal would no longer be considered timely.

Where a determination regarding responsibility for sexual harassment has been made against the respondent, remedies will be provided to a complainant and disciplinary sanctions may be imposed on a respondent. Remedies will be designed to restore or preserve equal access to the District's education program or activity. Remedies and disciplinary sanctions will be implemented in accordance with applicable laws and regulations, as well as any District policy, procedure, collective bargaining agreement, or other document such as the District's *Code of Conduct*.

The Title IX Coordinator is responsible for the effective implementation of any remedies and/or disciplinary sanctions. The Title IX Coordinator will work with other individuals as necessary to effectively implement remedies and/or disciplinary sanctions.

(Continued)

SUBJECT: TITLE IX AND SEX DISCRIMINATION (Cont'd.)Appeals

Either party may file an appeal from a determination regarding responsibility or from the District's dismissal of a formal complaint or any of its allegations. Appeals must be submitted in writing to the Title IX Coordinator within ten (10) actual school days students are in session of the written notice of the determination regarding responsibility or dismissal of the formal complaint or any of its allegations.

An appeal may only be based upon one or more of the following bases:

- a) Procedural irregularity that affected the outcome of the matter;
- b) New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and
- c) The Title IX Coordinator, investigator, or decision-maker(s) had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.

The bases on which a party is seeking an appeal should be specifically stated in the party's written appeal.

Upon receipt of an appeal, the District will:

- a) Notify the other party in writing that an appeal has been filed and implement appeal procedures equally for both parties;
- b) Ensure that any decision-maker for the appeal:
 - 1. Is not the same person as any decision-maker that reached the initial determination regarding responsibility or dismissal, investigator, or Title IX Coordinator;
 - 2. Does not have any conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent;
- c) Give all parties a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome. Parties will have to submit these written statements within ten (10) actual school days students are in session after the parties have been notified of the appeal;
- d) Issue a written decision describing the result of the appeal and the rationale for the result; and

(Continued)

SUBJECT: TITLE IX AND SEX DISCRIMINATION (Cont'd.)

- e) Provide the written decision simultaneously to the Title IX Coordinator, the Superintendent, and all parties within ten (10) actual school days students are in session after receiving the parties written statements in support of, or challenging, the outcome.

Prohibition of Retaliatory Behavior (Commonly Known as "Whistle-Blower" Protection)

The District prohibits retaliation against any individual for the purpose of interfering with his or her Title IX rights or because the individual made a report or complaint, testified, assisted, or participated or refused to participate in an investigation, proceeding, or hearing under Title IX.

Charging an individual with *Code of Conduct* or other applicable violations that do not involve sex discrimination, including sexual harassment, but arise out of the same facts or circumstances as a report or complaint of sex discrimination for the purpose of interfering with any right or privilege secured by Title IX, constitutes retaliation. Charging an individual with a *Code of Conduct* or other applicable violation for making a materially false statement in bad faith during a grievance proceeding does not constitute retaliation, provided, however, that a determination regarding responsibility, alone, is not sufficient to conclude that any party made a materially false statement in bad faith.

All complaints alleging retaliation will be handled in a manner consistent with the District's policies and procedures regarding the investigation of discrimination and harassment complaints, including Policy #3420 -- Non-Discrimination and Anti-Harassment in the District.

If the Title IX Coordinator is unavailable, including due to a conflict of interest or other disqualifying reason, the report will be directed to another Title IX Coordinator, if the District has designated another individual to serve in that capacity. If the District has not designated another Title IX Coordinator, the Superintendent will ensure that another person with the appropriate training and qualifications is appointed to act as the Title IX Coordinator.

Confidentiality

Except where disclosure may be permitted or required by law or regulation, the District will keep confidential the identity of any:

- a) Individual who has made a report or complaint of sex discrimination;
- b) Individual who has made a report or filed a formal complaint of sexual harassment;
- c) Complainant;
- d) Individual who has been reported to be the perpetrator of sex discrimination;

(Continued)

SUBJECT: TITLE IX AND SEX DISCRIMINATION (Cont'd.)

- e) Respondent; and
- f) Witness.

Training

The District will ensure that:

- a) All Title IX Coordinators, investigators, decision-makers, or persons who facilitate an informal resolution process receive training on:
 - 1. The definition of sexual harassment as defined in Title IX;
 - 2. The scope of the District's education program or activity;
 - 3. How to conduct an investigation and grievance process including hearings, appeals, and informal resolution processes, as applicable; and
 - 4. How to serve impartially, including by avoiding prejudgment of the facts at issue, conflicts of interest, and bias.
- b) All decision-makers receive training on any technology to be used at a live hearing and on issues of relevance of questions and evidence, including when questions and evidence about a complainant's sexual predisposition or prior sexual behavior are not relevant.
- c) All investigators receive training on issues of relevance to create an investigative report that fairly summarizes relevant evidence.
- d) All District employees receive training on mandatory reporting obligations and any other responsibilities that they may have relative to Title IX.

Materials used to train Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process will not rely on sex stereotypes and will promote impartial investigations and adjudications of formal complaints of sexual harassment. Training materials will be made publicly available on the District's website.

Notification

The District will notify students, parents or legal guardians of students, employees, applicants for employment, and all unions or professional organizations holding collective bargaining or professional agreements with the District of this policy.

(Continued)

SUBJECT: TITLE IX AND SEX DISCRIMINATION (Cont'd.)

Further, the District will prominently publish this policy and the contact information for the Title IX Coordinator(s) on its website and in other publications, including in each handbook or catalog that it makes available to the individuals and entities referenced above.

Recordkeeping

For a period of seven years, the District will retain the following:

- a) Records of each sexual harassment investigation including any:
 - 1. Determination regarding responsibility;
 - 2. Audio or audiovisual recording or transcript required under law or regulation;
 - 3. Disciplinary sanctions imposed on the respondent; and
 - 4. Remedies provided to the complainant designed to restore or preserve equal access to the District's education program or activity.
- b) Any appeal and its result.
- c) Any informal resolution and its result.
- d) All materials used to train Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process.
- e) For each response to sexual harassment where the District had actual knowledge of sexual harassment in its education program or activity against a person in the United States, records of any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment. In each instance, the District must document the basis for its conclusion that its response was not deliberately indifferent, and document that it has taken measures designed to restore or preserve equal access to the District's education program or activity. If a District does not provide a complainant with supportive measures, then the District must document the reasons why such a response was not clearly unreasonable in light of the known circumstances. The documentation of certain bases or measures does not limit the District in the future from providing additional explanations or detailing additional measures taken.

SUBJECT: ADMINISTRATIVE PERSONNEL

Administrative and supervisory personnel will be considered to be those District employees officially designated by Board action as responsible for the administrative and supervisory tasks required to carry out Board policy, programs, decisions, and actions.

These employees must meet all certification and/or Civil Service requirements as outlined in New York State Civil Service Law, and the Commissioner's regulations. Administrative and supervisory staff must be eligible to meet these requirements at the time of employment.

SUBJECT: ADMINISTRATIVE ORGANIZATION AND OPERATION

The basic principles of administrative organization and operation are:

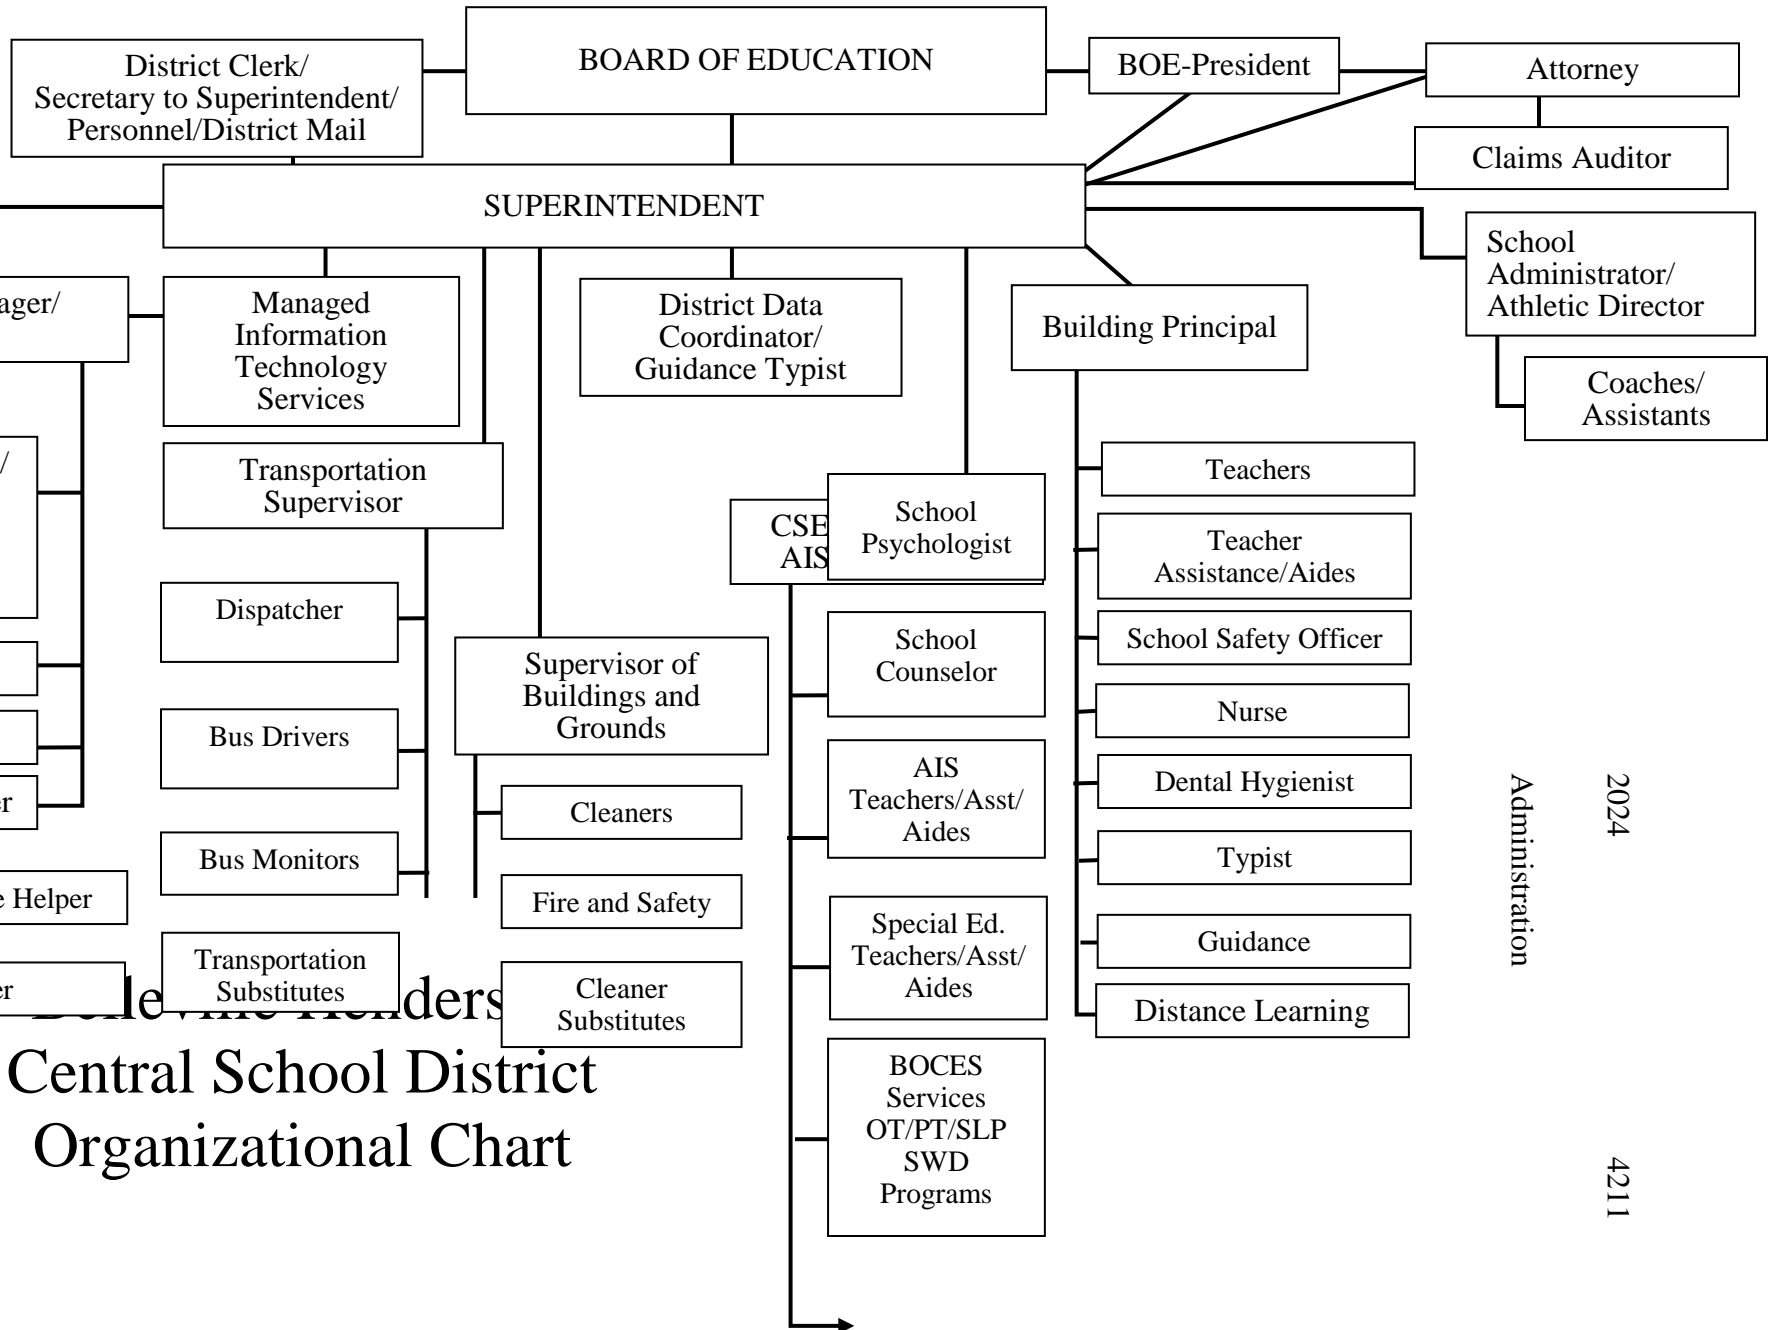

- a) The working relationships will involve two types of officers: line and staff. Line organization involves a direct flow of authority upward and downward from Superintendent to building principal. A line officer has power and authority over subordinates. Staff officers do not stand in the direct line of authority; they serve as coordinators or consultants.
- b) The Board will formulate and legislate educational policy.
- c) Administrative regulations will be developed by the Superintendent in cooperation with affected or interested staff members or lay persons.
- d) The Central Office staff will provide overall leadership and assistance in planning and research.
- e) Areas of responsibility for each individual will be clearly defined.
- f) There will be freedom of communication between all levels in the school staff.

Line Responsibility

All employees of the District will be under the general direction of the Superintendent. Teachers will be immediately responsible to the principal of the building in which they work. Other employees will be immediately responsible to the administrative personnel under whom they work directly.

SUBJECT: BUDGET PLANNING AND DEVELOPMENT

Budget planning and development for the District is an integral part of program planning so that the annual operating budget may effectively express and implement programs and activities of the District. Budget planning is a year-round process involving participation of District-level administrators, principals, directors, coordinators, teachers, and other personnel. The process of budget planning and development will allow for community input and opportunities for public information and feedback.

The Superintendent has overall responsibility for budget preparation, including the construction of and adherence to a budget calendar. Program managers will develop and submit budget requests for their particular areas of responsibility after seeking the advice and suggestions of staff members.

Principals will develop and submit budget requests for their particular schools in conjunction with the advice and suggestions of staff members and their own professional judgment. Each school's budget request will be the principal's recommendation as to the most effective way to use available resources in achieving progress toward the approved educational objectives of the school. Program budgets and school budgets will reflect state and/or federal requirements, special sources of funding, and District objectives and priorities.

The Board will give consideration to budget requests, and will review allocations for appropriateness and for their consistency with the District's educational priorities.

All budget documents for distribution to the public will be in plain language and organized in a manner which best promotes public comprehension of the contents. Documents will be complete, and accurate, and contain sufficient detail to adequately inform the public regarding data such as estimated revenues, proposed expenditures, transfers to other funds, fund balance information, and changes in this information from the prior year's submitted budget.

In accordance with Commissioner's regulations, the budget will be presented in three components which are to be voted upon as one proposition. The law prescribes the types of items to be included in each component and further prescribes that all relevant costs be included in the component.

- a) A program component which will include, but need not be limited to, all program expenditures of the District, including the salaries and benefits of teachers and any school administrators or supervisors who spend a majority of their time performing teaching duties, and all transportation operating expenses;
- b) A capital component which will include, but need not be limited to, all transportation capital, debt service, and lease expenditures; costs resulting from judgments and tax certiorari proceedings or the payment of awards from court judgments, administrative orders or settled or compromised claims; and all facilities costs of the District, including facilities lease expenditures, the annual debt service and total debt for all facilities financed by bonds and notes of the District, and the costs of construction, acquisition, reconstruction, rehabilitation or improvement of school buildings, provided that such budget will include a rental, operations, and maintenance section that

(Continued)

SUBJECT: BUDGET PLANNING AND DEVELOPMENT (Cont'd.)

includes base rent costs, total rent costs, operation and maintenance charges, cost per square foot for each facility leased by the District, and any and all expenditures associated with custodial salaries and benefits, service contracts, supplies, utilities, and maintenance and repairs of school facilities; and

- c) An administrative component which will include, but need not be limited to, office and central administrative expenses, traveling expenses and all compensation, including salaries and benefits of all school administration and supervisors, business administrators, superintendents of schools and deputy, assistant, associate or other superintendents under all existing employment contracts or collective bargaining, any and all expenditures associated with the operation of the Office of the Board, the Office of the Superintendent, General Administration, the School Business Office, consulting costs not directly related to direct student services and programs, planning, and all other administrative activities.

Additionally, the Board will append to the proposed budget the following documents:

- a) A detailed statement of the total compensation to be paid to the Superintendent, and any Assistant or Associate Superintendent in the ensuing school year, including a delineation of the salary, annualized cost of benefits and any in-kind or other form of remuneration;
- b) A list of all other school administrators and supervisors, if any, whose annual salary for the coming school year will be at or above that designated in law for such reporting purposes, with the title of their positions and annual salary identified;
- c) A School District Report Card, prepared pursuant to Commissioner's regulations, which includes measures of the academic performance of the District, on a school by school basis, and measures of the fiscal performance of the District (see subheading School District Report Card);
- d) A Property Tax Report Card prepared in accordance with law and Commissioner's regulations (see subheading Property Tax Report Card); and
- e) A Tax Exemption Report prepared in accordance with law (see subheading Tax Exemption Report).

The Board will ensure that unexpended surplus funds (i.e., operating funds in excess of 4% of the current school year budget, not including funds properly retained under other sections of law) have been applied in determining the amount of the school tax levy.

The proposed budget for the ensuing school year will be reviewed by the Board and publicly disseminated, in accordance with law, prior to its submission to District voters for approval.

(Continued)

SUBJECT: BUDGET PLANNING AND DEVELOPMENT (Cont'd.)

District funds may be expended to inform the public regarding the annual budget and to present the annual budget to District voters; however, these funds will not be utilized to promote either a favorable or negative opinion of the proposed budget.

School District Report Card

Each year the District will supply data as required by the State Education Department (SED) and will receive a School District Report Card, sometimes referred to as a New York State Report Card. These provide enrollment, demographic, attendance, suspension, dropout, teacher, assessment, accountability, graduation rate, post-graduation plan, career and technical education, and fiscal data for public and charter schools, districts, and the State. The School District Report Cards consist of three parts:

- a) Accountability and Overview Report - shows District or school profile data, accountability statuses, data on accountability measures such as ELA, Math, and Science scores, and graduation rates.
- b) Comprehensive Information Report - shows non-accountability data such as annual Regents examination results and post-graduate plans of students completing high school.
- c) Fiscal Accountability Supplement - shows expenditures per pupil and some information about placement and classification of students with disabilities.

School District Report Cards are also available online at the SED website.

Property Tax Report Card

Each year, the Board will prepare a Property Tax Report Card, pursuant to Commissioner's regulations, and will make it publicly available by transmitting it to local newspapers of general circulation, appending it to copies of the proposed budget made publicly available as required by law, making it available for distribution at the Annual Meeting, and otherwise disseminating it as required by the Commissioner.

The Property Tax Report Card will include:

- a) The amount of total spending and total estimated school tax levy that would result from adoption of the proposed budget, and the percentage increase or decrease in total spending and total school tax levy from the District budget for the preceding school year; and
- b) The projected enrollment growth for the school year for which the budget is prepared, and the percentage change in enrollment from the previous year; and

(Continued)

SUBJECT: BUDGET PLANNING AND DEVELOPMENT (Cont'd.)

- c) The percentage increase in the average of the Consumer Price Indexes from January first of the prior school year to January first of the current school year as defined in Education Law; and
- d) The projected amount of the adjusted unrestricted fund balance that will be retained if the proposed budget is adopted; the projected amount of the adjusted restricted fund balance; the projected amount of the assigned appropriated fund balance; the percentage of the proposed budget that the adjusted unrestricted fund balance represents; the actual adjusted unrestricted fund balance retained in the District budget for the preceding school year; the percentage of the District budget for the preceding school year that the actual adjusted unrestricted fund balance represents; and a schedule of reserve funds setting forth the name of each reserve fund, a description of its purpose, the balance as of the close of the third quarter of the current fiscal year, and a brief statement explaining any plans for the use of each reserve fund for the ensuing fiscal year; and
- e) The District's school tax levy limit calculation. The District will submit its school tax levy limit calculation to the Office of the State Comptroller, SED, and the Office of Taxation and Finance by March 1 annually. If a voter override of the tax levy limit is necessary, the budget vote must be approved by 60% of the District's qualified voters present and voting.

A copy of the Property Tax Report Card prepared for the Annual District Meeting will be submitted to the SED in the manner prescribed by the Department by the end of the business day next following approval of the Property Tax Report Card by the Board, but no later than 24 days prior to the statewide uniform voting day (i.e., the third Tuesday in May).

The SED will compile such data for all school districts whose budgets are subject to a vote of the qualified voters, and will make this compilation available electronically at least ten days prior to the statewide uniform voting day. Links to each school year's Property Tax Report Card can be found on the SED's official website.

Tax Exemption Report

A Tax Exemption Report will be annexed to any tentative or preliminary budget and will become part of the final budget. This report will be on the form as prescribed by the State Board of Real Property Services and will show the following:

- a) How much of the total assessed value of the final assessment roll(s) used in the budgetary process is exempt from taxation;
- b) Every type of exemption granted as identified by statutory authority;

(Continued)

SUBJECT: BUDGET PLANNING AND DEVELOPMENT (Cont'd.)

- c) The cumulative impact of each type of exemption expressed either as a dollar amount of assessed value or as a percentage of the total assessed value on the roll;
- d) The cumulative amount expected to be received from recipients of each type of exemption as payments in lieu of taxes or other payments for municipal services; however, individual recipients are not to be named; and
- e) The cumulative impact of all exemptions granted.

Notice of this report will be included in any notice of the preparation of the budget required by law and will be posted on any bulletin board maintained by the District for public notices as well as on any website maintained by the District.

SUBJECT: BUDGET ADOPTION

The Board will review the recommended budget of the Superintendent and seek public input and feedback regarding the recommended budget including, but not limited to, holding a public budget hearing not less than seven nor more than 14 days prior to the Annual District Meeting and Election at which the budget vote is to occur. The Board may modify the recommended budget of the Superintendent prior to its submission to District voters. Final authorization of the proposed budget is dependent upon voter approval unless a contingency budget is adopted by the Board.

The District budget for any school year, or any part of the budget, or any proposition(s) involving the expenditure of money for that school year, will not be submitted for a vote of the qualified District voters more than twice.

The District budget, once adopted, becomes the basis for establishing the tax levy on real property within the District. The District will post its final annual budget and any multi-year financial plan adopted by the Board on its website.

Contingency Budget

In the event the original proposed budget is not approved at the Annual District Meeting and Election, the Board may resubmit the original proposed budget or a revised budget for voter approval, or individual propositions may be placed before District voters, at a special meeting held on the third Tuesday of June. If the voters fail to approve the second budget submittal, or budget proposition(s), or if the Board elects not to put the proposed budget to a public vote a second time, the Board must adopt a contingency budget with a tax levy that is no greater than the prior year's levy (i.e., 0% levy growth).

The administrative component of the contingency budget is capped at the lesser of:

- a) The percent of the administrative component to the total budget in the prior year's budget, not including the capital component; or
- b) The percent that the administrative component comprised in the last proposed defeated budget for the subsequent year, not including, the capital component.

- b) The Superintendent will establish the level of service for each specific employee.
- c) Cell phone usage is restricted to District business. Personal telephone calls are allowed as necessary (e.g., informing family member of scheduling changes due to school business, emergencies, or spouse's/minor children's well-being/safety). The employee will make every attempt to use their cell phones for business purposes only; however, in the event an employee uses a cell phone for other than business purposes he or she will reimburse the District for the non-business calls at the rate charged to the District on the invoice. Reimbursement will be made within 15 school days of notice. Individuals authorized to use District cell phones will agree in writing to accept financial responsibility for any inappropriate usage by that individual.
- d) At least once per year, the Business Manager and Superintendent will collectively evaluate the effectiveness of the cell phone plan.
- e) Cell phone users should review calling patterns and report unusual usage to the Business Manager. (All cell and direct contact calls add toward overall usage of plan minutes.)
- f) All users must abide by state and municipal laws regarding the use of cell phones while driving. Any violations of the law will be the user's responsibility.
- g) Cell phone users must protect their telephone from loss, theft, or damage. If loss, theft or damage occurs, it is the user's responsibility to contact the Business Manager immediately.
- h) Should the user's employment be terminated from the District, the cell phone is to be immediately returned to the Business Manager.
- i) Cell phones are to be used only when other cost effective means of communication are not available. Conversations are to be kept at a minimum. When at all possible, a land line will be used.

(Continued)

SUBJECT: USE OF THE DISTRICT CELL PHONE (Cont'd.)

- j) Conversations of a confidential or sensitive nature should not occur on cell phones as they are easily monitored.
- k) The user is to be cautious about providing the cell phone number to others. It should be given out for business purposes only (e.g., not for vendors or other routine contacts that should be using the land line). Modified a) and b) users should not distribute the cell number to anyone.
- l) Failure of staff to comply with the provisions of this policy or administrative procedure may result in disciplinary action, up to and including termination, as deemed by the Superintendent.

Staff Use of Personal Cellular Devices

- a) The Board recognizes a school staff member may have the need to make or receive a personal telephone call during their workday when the telephone call cannot be made before the staff member reports to work and/or after the staff member's workday has concluded.
- b) In the event the staff member has an occasion to make or receive a personal telephone call during their work day, and the call is of such a nature that it cannot be made before the staff member's workday begins or after the workday has concluded, the school staff member may make or receive a personal telephone call using their personal cell phone during the workday provided the telephone call is made during the staff member's lunch or planning period and is made/received outside the presence of pupils. A personal phone call by a staff member on their personal cell phone must not be made or received while the staff member is performing assigned District responsibilities.

Adopted: 1/25/21

SUBJECT: REIMBURSEMENT FOR MEALS/REFRESHMENTS**Travel Outside of District/Emergency Meetings**

District officials and employees are entitled to reimbursement for necessary expenses incurred in the performance of their official duties. However, meals of public officers and employees generally should not be reimbursed or paid by the District unless the officer or employee is traveling outside his or her regular work area on official business for an extended period of time, or where events prevent them from taking off during mealtime for food consumption because of a pressing need to complete business. All requests for reimbursement must document who attended the meetings and how the meetings fit these conditions.

Staff or Board Meetings and District Events

The Board recognizes that at certain times it may be appropriate to provide meals and/or refreshments at District meetings and/or events which are being held for an educational purpose. Prior approval of the Superintendent or designee must be obtained for food and beverages provided at meetings or activities which will be charged to the District.

Any such expenditures must be appropriately documented with an itemized receipt and information showing the date and purpose of the meeting, food served, who attended the meetings and why the attendees needed food and/or refreshments to conduct District business. These requirements must be met for meals/refreshments provided by the school lunch fund or local vendors, charged to District credit cards, and/or reimbursed to a District official.

In no case will the costs for meals exceed the current federal per diem meal rates for the geographic area.

SUBJECT: USE OF SCHOOL-OWNED COPIERS AND FAX MACHINES

This equipment is used for conducting the instructional goals of the District and executing the business operations to accomplish such goals. The Board discourages the use of this equipment when not in support of the educational mission of the District.

The personal use of in-building equipment (e.g., copiers, fax machines) is discouraged, but recognition is given that staff and/or outside groups may need its use. Charges for use of equipment will be set by the Superintendent each school year, as reviewed by the Board during the spring budget development process.

Groups requesting copies that have direct ties to the school or are serving the students of the Belleville Henderson Central School (e.g., BHCS PTO, BHCS All-Sports Booster Club, Alumni Associations, Union Academy of Belleville) will not be charged for copying or faxing. The Superintendent will implement a procedure for the accounting of this usage.

Adopted: 1/25/21

SUBJECT: PURCHASING: COMPETITIVE BIDDING AND OFFERING

Except as otherwise provided by law, all contracts for public work involving an expenditure of more than \$35,000 and all purchase contracts involving an expenditure of more than \$20,000 will be awarded by the District to the lowest responsible bidder furnishing the required security after advertisement for sealed bids. However, the District may, in its discretion, award purchase contracts on the basis of "best value" to a responsive and responsible bidder or offerer, provided the Board has authorized this action by rule, regulation, or resolution adopted at a public meeting.

No bid or offer will be accepted that does not conform to specifications furnished unless those specifications are waived by Board action. The District may, in its discretion, reject all bids or offers and readvertise for new bids or offers in a manner consistent with New York State law.

All contracts requiring public advertising and competitive bidding or offering will be awarded by resolution of the Board.

Except as authorized by law, no Board member or employee of the District will have an interest in any contract entered into by the District.

Standardization

Upon the adoption of a standardization resolution by a vote of at least 3/5 of all Board members, purchase contracts for a particular type or kind of equipment, materials, or supplies of more than \$20,000 may be awarded by the Board to the lowest responsible bidder or offerer furnishing the required security after advertisement for sealed bids in the manner provided in law. This resolution must state that, for reasons of efficiency or economy, there is a need for standardization and must contain a full explanation of those reasons. Upon the adoption of a valid standardization resolution, the District may provide in its specifications for a particular make or brand to the exclusion of others.

"Piggybacking" Exception to Competitive Bidding

The District may, in its discretion, purchase certain goods and services (apparatus, materials, equipment, and supplies) at costs beyond the above-referenced thresholds through the use of contracts let by the United States or any agency thereof, any state, and any county, political subdivision, or district of any state.

This method of procurement is permitted on contracts issued by other governmental entities, provided that the original contract:

- a) Has been let by the United States or any agency thereof, any state (including New York State) or any other political subdivision or district;

(Continued)

SUBJECT: PURCHASING: COMPETITIVE BIDDING AND OFFERING (Cont'd.)

- b) Was made available for use by other governmental entities and agreeable with the contract holder; and
- c) Was let in a manner that constitutes competitive bidding consistent with New York State law, or was awarded on the basis of best value, and is not in conflict with other New York State laws.

Annual Review

Comments concerning the District's bidding and purchasing policies and procedures will be solicited from those District employees involved in the procurement process from time to time.

The Board will annually review its bidding and purchasing policies and procedures. The School Business Official will be responsible for conducting an annual review of such policies and for an evaluation of the internal control structure established to ensure compliance with the procurement policy.

NOTE: Refer also to Policies #5411 -- Procurement of Goods and Services
#5412 -- Alternative Formats for Instructional Materials

Adopted: 2/8/21

SUBJECT: PROCUREMENT OF GOODS AND SERVICES**Purchasing Authority**

The District's purchasing activities will be part of the responsibilities of the Business Office, under the general supervision of the Purchasing Agent designated by the Board. The Purchasing Agent is authorized to enter into cooperative bidding and cooperative purchasing arrangements to meet the various needs of the District. No contracts for goods and services will be made by individuals or organizations in the school that involve expenditures without first securing approval for the contract from the Purchasing Agent.

Except as authorized by law, no Board member or employee of the District will have an interest in any contract entered into by the District.

Purchasing Process

The Board recognizes its responsibility to ensure the development of procedures for the procurement of goods and services not required by law to be made pursuant to competitive bidding requirements. These goods and services will be procured in a manner so as to:

- a) Assure the prudent and economical use of public moneys in the best interests of the taxpayer;
- b) Facilitate the acquisition of goods and services of maximum quality at the lowest possible cost under the circumstances; and
- c) Guard against favoritism, improvidence, extravagance, fraud, and corruption.

These procedures will contain, at a minimum, provisions which:

- a) Prescribe a process for determining whether a procurement of goods and services is subject to competitive bidding and if it is not, documenting the basis for such determination;
- b) With certain exceptions, provide that alternative proposals or quotations for goods and services will be secured by use of written request for proposals, written quotations, verbal quotations, or any other method of procurement which furthers the purposes of General Municipal Law Section 104-b;
- c) Set forth when each method of procurement will be utilized;
- d) Require adequate documentation of actions taken with each method of procurement;
- e) Require justification and documentation of any contract awarded to other than the lowest responsible dollar offer, stating the reasons;

(Continued)

SUBJECT: PROCUREMENT OF GOODS AND SERVICES (Cont'd.)

- f) Set forth any circumstances when, or the types of procurement for which, the solicitation of alternative proposals or quotations will not be in the best interest of the District; and
- g) Identify the individual or individuals responsible for purchasing and their respective titles. This information will be updated biennially.

Any unintentional failure to fully comply with these provisions will not be grounds to void action taken or give rise to a cause of action against the District or any District employee.

The District will develop administrative regulations to establish procedures for the procurement of goods and services.

Professional Services

Professional services are generally those services that require specialized skills, training, professional judgment, expertise, and creativity. Examples include attorneys, architects, and engineers. The procurement of professional services falls within an exception to competitive bidding. In order to procure professional services, the District will use the request for proposals (RFP) process as set forth in General Municipal Law in order to protect the District's interests and to avoid the appearance of favoritism or impropriety. Although not necessarily bound to select the lowest bidder in response to its RFP, the District will adequately document its selection process to demonstrate its economical and prudent use of public monies and to ensure fair competition.

NOTE: Refer also to Policies #5410 -- Purchasing: Competitive Bidding and Offering
#5412 -- Alternative Formats for Instructional Materials

Adopted: 2/8/21

SUBJECT: ALTERNATIVE FORMATS FOR INSTRUCTIONAL MATERIALS

Preference in the purchase of instructional materials will be given to vendors who agree to provide materials in a usable alternative format (i.e., any medium or format, other than a traditional print textbook, for presentation of instructional materials that is needed as an accommodation for each student with a disability, including students requiring Section 504 Accommodation Plans, enrolled in the District). Alternative formats include, but are not limited to, Braille, large print, open and closed captioned, audio, or an electronic file in an approved format as defined in Commissioner's regulations.

The District has adopted the National Instructional Materials Accessibility Standard (NIMAS) to ensure that curriculum materials are available in a usable alternative format for students with disabilities. The District will ensure that each student who requires instructional materials in an alternate format will receive it in a timely manner and in a format that meets NIMAS standards.

The District will establish a plan to ensure that instructional materials in a usable alternative format for each student with a disability (including students requiring Section 504 Accommodation Plans) are based upon the student's educational needs and course selections, and will be available at the same time as those instructional materials are available to non-disabled students.

The Plan will:

- a) Specify that the District gives a preference in the purchase of instructional materials it has selected for its students to those vendors who agree to provide such instructional materials in alternative formats;
- b) Specify when an electronic file is provided, how the format will be accessed by students and/or how the District will convert to an accessible format;
- c) Specify the process to be used when ordering materials to identify the needs of students with disabilities residing in the District for alternative format materials;
- d) Specify ordering timelines to ensure that alternative format materials are available at the same time as regular format materials are available; and
- e) Include procedures so that when students with disabilities move into the District during the school year, the process to obtain needed materials in alternative formats for those students is initiated without delay.

20 USC § 1474(e)(3)(B)
8 NYCRR §§ 200.2(b)(10), 200.2(c)(2) and 200.2(i)

Adopted: 2/8/21

SUBJECT: FEDERAL UNIFORM GRANT GUIDANCE**Policy Statement**

A large portion of financial support for the Belleville Henderson Central School District is derived from the Federal government. This funding is in the form of direct grants from the Departments of Education, Agriculture, and Defense as well as grants which flow through the New York State Education Department. The Federal Uniform Grant Guidance identifies the criteria that must be met in order to properly charge costs to Federally funded projects.

The Belleville Henderson Central School District shall adhere to all applicable cost principles governing the use of Federal grants and contracts. This policy addresses the importance of properly classifying costs, both direct and indirect, charged to grant funded projects and that proposed and actual expenditures are consistent with the grant agreement and all applicable Federal rules embodied in the Uniform Grant Guidance at 2 CFR 200 (UGG). District personnel who are responsible for administering, expending or monitoring grant funded programs should be well versed with the categories of costs that are generally allowable and unallowable.

All costs expended using Federal funds must meet the following general criteria laid forth in the UGG at 2 CFR 200, Subpart E:

- a) Be **necessary and reasonable** for the proper and efficient performance and administration of the grant program.
- b) Be **allocable** to Federal awards under the provisions of the Federal circular.
- c) Be authorized and not prohibited under state or local laws or regulations.
- d) Conform to any limitations or exclusions set forth in the principles, Federal laws, terms and conditions of the Federal award, or other governing regulations as to types or amounts of cost items.
- e) Be consistent with policies, regulations, and procedures that apply uniformly to both Federal awards and other activities of the District.
- f) Be accorded consistent treatment. A cost may not be assigned to a Federal award as a direct cost and also be charged to a Federal award as an indirect cost.
- g) Except as otherwise provided for in the Federal circular, be determined in accordance with generally accepted accounting principles and not included as a cost or used to meet cost sharing or matching requirements of any other Federal award in either the current or a prior period.
- h) Be net of all applicable credits.

(Continued)

SUBJECT: FEDERAL UNIFORM GRANT GUIDANCE (Cont'd.)

- i) Be adequately documented.

The cost guidelines of the UGG must be considered any time Federal award funds are to be expended. The District may apply Federal UGG requirements to non-Federal projects. This applies, in particular, to the use of Federal Impact Aid under §7003, Elementary and Secondary Education Act of 1965, as amended. Funds received under the basic aid portion of this section of law are considered unrestricted, providing that the expenditure does not violate any of the assurances provided for during the application for the grant.

Federal regulations also require that any other District policies related to specific types of expenditures must also be followed. Examples include student incentives, travel, meals, procurement or equipment accountability.

Direct and Indirect Costs

Allowable and allocable costs must be appropriately classified as direct or indirect. In general, direct costs are those that can be identified specifically with a particular cost objective while indirect costs are those (a) incurred for a common or joint purpose benefiting more than one cost objective, and (b) not readily assignable to the cost objectives specifically benefitted, without effort disproportionate to the results achieved. It is essential that each item of cost be treated consistently in like circumstances either as a direct or an indirect cost.

If an indirect cost rate is going to be utilized for charging indirect rates, the rate must first be approved by the applicable approving authority or not exceed the de minimus level of 10%. In general, however, indirect costs will be borne by the District and not allocated to the grant.

Cost Transfers

Any costs charged to a Federal award that do not meet the allowable cost criteria must be removed from the award account and charged to an account that does not require adherence to Federal UGG or other applicable guidelines. Cost transfers must be performed in accordance with the District's policy and will be approved by the Superintendent of Schools as a transfer.

Failure to adequately follow this policy and related procedures could result in questioned costs, audit findings, potential repayment of disallowed costs and discontinuance of funding. Grant Program Managers (GPM), school personnel and any other individuals responsible for expending grant funds are held responsible for compliance with UGG.

(Continued)

SUBJECT: FEDERAL UNIFORM GRANT GUIDANCE (Cont'd.)**Responsibilities**

Designated Program Office personnel and the District Business Manager and Treasurer are responsible for creating purchasing documents and encumbering grant funds at the request of a GPM. They should be familiar with the general cost principals embodied in the Federal UGG. Purchasing office personnel must notify the GPM when they recognize a request as an unallowable cost and will reject the requisition.

GPMs must ensure that any costs charged to their award are aligned with applicable cost principles, are computed correctly, and would not create a compliance violation. GPMs should collect, maintain and where applicable, submit copies of adequate documentation to support the expenditures. GPMs monitor, review and approve (or disapprove) grant expenditures at the program office level as the first level of "Approver" for non-personnel expenditures to ensure that applicable cost principles, regulations and policies are followed.

SUBJECT: FEDERAL UNIFORM GRANT GUIDANCE (Cont'd.)**Definitions**

Direct costs are expenses that are specifically associated with a particular grant program that can be directly assigned to such activities relatively easily with a high degree of accuracy. Common examples of direct costs include the GPM's salary and fringe benefits, equipment and supplies for the program, subcontracted service provider, or other materials consumed or expended in the performance of the grant.

Indirect costs are incurred for common or joint objectives and, therefore, cannot be readily and specifically identified with a particular program. They are expenses that benefit more than one grant. Common examples of indirect costs include utilities, local telephone charges, shared office supplies, administrative or secretarial salaries.

Appendix A – Financial Standards

The District maintains a proper financial management system in order to receive both direct and state- administered grants and to expend funds associated with a grant award. Fiscal controls and procedures must be in place to ensure that all financial management system requirements are met. Failure to meet a requirement may result in return of funds or termination of the award.

Financial Management Standards

Financial management systems standards include:

a) Identification

The District shall identify, in its accounts, all Federal awards received and expended and the Federal programs under which they were received. Impact Aid will be identified as such but is a general revenue. Construction aid under the Impact Aid program (§7007) must be expended in the capital fund for capital purposes. Aid for children with disabilities must be expended on those children. Federal program and award identification must include, as applicable, the CFDA title and number, Federal award identification number and year, name of the Federal agency, and, if applicable, name of the pass-through entity.

b) Financial Reporting

Accurate, current, and complete disclosure of the financial results of each Federal award or program must be made in accordance with the financial reporting requirements set forth in the Education Department General Administrative Regulations (EDGAR). The District must

(Continued)

Non-Instructional/Business
Operations**SUBJECT: FEDERAL UNIFORM GRANT GUIDANCE (Cont'd.)**

maintain records which adequately identify the source and application of funds provided for Federally-assisted activities. These records must contain information pertaining to grant or subgrant awards, authorizations, obligations, unobligated balances, assets, expenditures, income and interest and be supported by source documentation. Reports will be filed in a timely fashion on the forms directed by the state or Federal agency. These include, but are not limited to the FS-10 series, FS-25, and SF425.

c) Internal Controls

Effective control and accountability must be maintained for all funds, real and personal property, and other assets. The District shall safeguard all such property and must assure that it is used solely for authorized purposes. The District maintains an internal controls procedures manual which shall be followed to implement these activities. The District's internal auditor shall, from time to time, assess the effectiveness of these controls across all risk areas and shall include the controls of Federal grants and programs as part of this regular review.

Overview of the Financial Management/Accounting System

The District maintains a fund accounting system for financial management. This system is procured and maintained through the Mohawk Regional Information System (MORIC). The current system is nVision. This system manages fund accounting, the purchasing function, and the human resources function, including payroll. All budgets are loaded into the system before the beginning of the fiscal year, and transfers within accounts are authorized by the Superintendent of Schools. The District Business Manager is responsible for overseeing the entire system and its functional integration. Federal funds ("F" funds in nVision) are named in such a fashion to permit a clear delineation of the accounting for subsequent identification by CFDA title and number. Plain English names, including contract numbers if applicable, are used to track grants and targeted Federal funds.

The Business Manager, in conjunction with the Treasurer and the grant program manager, shall compile or cause to be compiled timely, accurate financial reports. Monthly grant reports shall include current and cumulative expenditures against project budget, with unencumbered amounts remaining identified.

BudgetingThe Planning Phase: Meetings and Discussions

- a) *Before Receiving the Grant Award Notice (GAN):* Upon notification of the availability of a grant, the School Business Manager shall make an initial determination whether the District meets the minimum qualifications for the grant; whether this grant, if awarded, supplements and does not supplant any existing efforts in this area; and whether the grant is in concert with the District's

(Continued)

SUBJECT: FEDERAL UNIFORM GRANT GUIDANCE (Cont'd.)

educational objectives as outlined in the strategic plan. If the School Business Manager determines that it is in the District's best interests to apply for a specific grant, he or she shall convene a small working group to develop a grant proposal meeting the objectives of the District and the awarding agency. In the event of grants continuing on a forward funded basis, the School Business Manager shall develop a preliminary guide for the upcoming budget. Prior to filing the grant application for new awards, the School Business Manager shall present the general grant concept to the Board of Education and receive its direction on filing for the grant. This direction may be in the form of informal guidance, including oral instructions.

- b) *Reviewing and Approving the Budget:* The budget is developed with the School Business Manager and appropriate personnel once an amount is determined. The final approval of the grant budget normally resides with the awarding agency. Instructions and timelines for approval shall be followed in submitting the budget to the awarding agency. The School Business Manager shall review the items in the budget to ensure allowability. See Appendix B for a discussion on allowability of costs. If this review determines that a cost is not allowable, then it shall be eliminated from the budget and the program grant manager shall be notified of this action. Once the District Office determines that all budgeted items are allowable, the budget is approved by the Superintendent and forwarded to the awarding agency for its approval. Simultaneously, the budget is entered into nVision by the School Business Manager.
- c) *After Receiving the GAN:* Upon receipt of notice that a new grant will be awarded, the School Business Manager will prepare plans for implementation, including necessary hiring and procurement actions. In the case of continuation of forward funded grants, the Grants Program Manager will coordinate the budget with the School Business Manager and Treasurer to ensure proper accounting for the expenditures.

Amending the Budget

The GPM or School Business Manager, as appropriate, shall prepare necessary documentation to amend any grants awarded. These amendments shall consider available carryover and shall comply with amendment provisions received in the Grant Award Notice. The Superintendent or designee shall approve the amendments. If necessary, amendments shall be forwarded to and approved by the awarding agency.

Budget Control

On a monthly basis the Treasurer will provide the Board of Education, as well as the District administration, with a report of expenditures incurred during the month. This shall be incorporated into the monthly Treasurer's report for all District funds.

(Continued)

SUBJECT: FEDERAL UNIFORM GRANT GUIDANCE (Cont'd.)**Accounting Records**

Payroll and purchasing records for each grant, as well as application records, shall be maintained for a period of six years after the final receipts are made and the final bills are paid. Records will be maintained electronically in nVision.

Spending Grant Funds

The School Business Manager shall oversee the accounting functions for all grants. Payroll operations will make allowable payments for personnel services. No employees shall be paid unless approved by the Board of Education. Purchasing operations shall be in accordance with the District Purchasing policy. Requisitions shall originate at the user level and be approved by the GPM or the School Business Manager before being forwarded to the Business Office for execution as a Purchase Order. Only the Purchasing Agent may commit the funds to a purchase.

Appendix B - Allowability of Cost

Expenditures must be aligned with approved budgeted items. Any changes or variations from the state or Federally approved budget and grant application need prior approval from the state or Federal government. For grants flowing through the State Education Department, variations or changes are documented on Form FS-10 or FS-10A and submitted to the controlling state authority for approval. For grants originating directly from the Federal government, changes will be submitted in a format approved by the awarding agency.

When determining how the District will spend its grant funds, the District Business Office will review the proposed cost to determine whether it is an allowable use of Federal grant funds *before* obligating and spending those funds on the proposed good or service. All costs supported by Federal education funds must meet the standards outlined in EDGAR, 2 CFR Part 3474 and 2 CFR Part 200, Subpart E, which are provided in the bulleted list below. District personnel must consider these factors when making an allowability determination. Additional helpful questions to ask when making allowability determinations are located on page 13-14 of this policy.

Be Necessary and Reasonable for the performance of the Federal award. District staff must consider these elements when determining the reasonableness of a cost. A cost is reasonable if, in its nature and amount, it does not exceed that which would be incurred by a prudent person under the circumstances prevailing at the time the decision to incur the cost was made. For example, reasonable means that sound business practices were followed, and purchases were comparable to market prices.

When determining reasonableness of a cost, consideration must be given to:

- a) Whether the cost is a type generally recognized as ordinary and necessary for the operation of the District or the proper and efficient performance of the Federal award.

(Continued)

SUBJECT: FEDERAL UNIFORM GRANT GUIDANCE (Cont'd.)

- b) The restraints or requirements imposed by factors, such as: sound business practices; arm's-length bargaining; Federal, state and other laws and regulations; and terms and conditions of the Federal award.
- c) Market prices for comparable goods or services for the geographic area.
- e) Restrictions regarding product origin (e.g., "Buy American" requirements).
- f) Whether the individuals concerned acted with prudence in the circumstances considering their responsibilities to the District, its employees, its students, the public at large, and the Federal government.
- g) Whether the District significantly deviates from its established practices and policies regarding the incurrence of costs, which may unjustifiably increase the Federal award's cost. 2 CFR §200.404

While 2 CFR §200.404 does not provide specific descriptions of what satisfies the "necessary" element beyond its inclusion in the reasonableness analysis above, necessary is determined based on the needs of the program. Specifically, the expenditure must be necessary to achieve an important program objective. A key aspect in determining whether a cost is necessary is whether the District can demonstrate that the cost addresses an existing need, and can prove it. For example, the District may deem a language skills software program necessary for a limited English proficiency program.

When determining whether a cost is necessary, consideration may be given to:

- a) Whether the cost is needed for the proper and efficient performance of the grant program.
- b) Whether the cost is identified in the approved budget or application.
- c) Whether there is an educational benefit associated with the cost.
- d) Whether the cost aligns with identified needs based on results and findings from a needs assessment.
- e) Whether the cost addresses program goals and objectives and is based on program data.
- f) **Allocable to the Federal award.** A cost is allocable to the Federal award if the goods or services involved are chargeable or assignable to the Federal award in accordance with the relative benefit received. This means that the Federal grant program derived a benefit in proportion to the funds charged to the program. 2 CFR §200.405. For example, if 50% of a teacher's salary is paid with grant funds, then that teacher must spend at least 50% of his or her time on the grant program. This will be documented in order to demonstrate the allocability determination.

(Continued)

SUBJECT: FEDERAL UNIFORM GRANT GUIDANCE (Cont'd.)

- g) **Consistent with policies and procedures that apply uniformly to both Federally financed and other activities of the District.**
- h) **Conform to any limitations or exclusions set forth as cost principles in the terms and conditions of the Federal award.**
- i) **Consistent treatment.** A cost cannot be assigned to a Federal award as a direct cost if any other cost incurred for the same purpose in like circumstances has been assigned as an indirect cost under another award.
- j) **Adequately documented.** All expenditures must be properly documented.
- k) **Be determined in accordance with general accepted accounting principles (GAAP), unless provided otherwise in the condition of the Federal award.**
- l) **Not included as a match or cost-share, unless the specific Federal program authorizes Federal costs to be treated as such.** Some Federal program statutes require the non-Federal entity to contribute a certain amount of non-Federal resources to be eligible for the Federal program.
- m) **Be the net of all applicable credits.** The term "applicable credits" refers to those receipts or reduction of expenditures that operate to offset or reduce expense items allocable to the Federal award. Typical examples of such transactions are: purchase discounts; rebates or allowances; recoveries or indemnities on losses; and adjustments of overpayments or erroneous charges. To the extent that such credits accruing to or received by the district relate to the Federal award, they shall be credited to the Federal award, either as a cost reduction or a cash refund, as appropriate. 2 CFR §200.406. Non-cash credits (reward programs based on points, miles, etc.) shall not be considered credits and shall not be accrued to the Federal award.

As provided above, in addition to Federal guidelines, Federal rules require state- and District-level requirements and policies regarding expenditures be followed as well. Policies relating to local expenditures are listed as Related Policy above.

Selected Items of Cost

Part 200 examines the allowability of 55 specific cost items (commonly referred to as Selected Items of Cost) at 2 CFR §§ 200.420-200.475. These cost items are listed in the chart below along with the citation where it is discussed whether the item is allowable. Do not assume that an item is allowable because it is specifically listed in the regulation as it may be unallowable in a specific award despite its inclusion in the selected items of cost section. The expenditure may be unallowable for a number of reasons, including: the express language of the regulation states the item is unallowable; the terms and

(Continued)

SUBJECT: FEDERAL UNIFORM GRANT GUIDANCE (Cont'd.)

conditions of the grant deem the item unallowable; or State/local restrictions dictate that the item is unallowable. The item may also be unallowable because it does not meet one of the cost principles, such as being reasonable because it is considered too expensive. If an item is unallowable for any of these reasons, Federal funds cannot be used to purchase it.

District personnel responsible for spending Federal grant funds and for determining allowability must be familiar with the Part 200 selected items of cost section. The District must follow these rules when charging these specific expenditures to a Federal grant. When applicable, District staff must check costs against the selected items of cost requirements to ensure the cost is allowable. In addition, State, District and program-specific rules may deem a cost as unallowable and District personnel must follow those non-federal rules as well.

The selected item of cost addressed in Part 200 includes the following (in alphabetical order):

SUBJECT: FEDERAL UNIFORM GRANT GUIDANCE (Cont'd.)

Likewise, it is possible for the State and/or District to put additional requirements on a specific item of cost. Under such circumstances, the stricter requirements must be met for a cost to be allowable. Accordingly, employees must consult Federal, State and District requirements when spending Federal funds. In general, District travel and procurement policy complies with state and Federal requirements. Compliance with District policy meets the intent of the uniform guidance.

In order for a cost to be allowable, the expenditure must also be allowable under the applicable program statute (e.g., Title I of the Elementary and Secondary Education Act (ESEA), or the Carl D. Perkins Career and Technical Education Act (Perkins)), along with accompanying program regulations, non-regulatory guidance and grant award notifications.

The state and/or District rules related to some specific cost items are discussed below. All purchases of goods and services must be accomplished through the Business Office, with the Purchasing Agent acting to commit the funds. The Business Office shall coordinate personnel services procured through Federal awards, including both assignment of personnel costs to the grant and procurement of personnel services from an outside source. District employees must be aware of these State and District rules and ensure they are complying with these requirements.

Time and Effort Standards

All employees who are paid in full or in part with Federal funds must keep specific documents to demonstrate the amount of time they spent on grant activities. This includes an employee whose salary is paid with state or local funds but is used to meet a required "match" in a Federal program. These documents, known as time and effort records, are maintained in order to charge the costs of personnel compensation to Federal grants.

Charges to Federal awards for salaries and wages must be based on records that accurately reflect the work performed. These records must:

- a) Be supported by a system of internal controls which provides reasonable assurance that the charges are accurate, allowable, and properly allocated;
- b) Be incorporated into official records;
- c) Reasonably reflect total activity for which the employee is compensated, not exceeding 100% of compensated activities;
- d) Encompass both Federally assisted and all other activities compensated by the District on an integrated basis;
- e) Comply with the established accounting policies and practices of the District and support the distribution of the employee's salary or wages among specific activities or costs objectives;

(Continued)

SUBJECT: FEDERAL UNIFORM GRANT GUIDANCE (Cont'd.)

- f) Be certified by the supervisor to assure that the work was in compliance with the grant or award intent.

Time and Effort Procedures

The District's time and attendance accounting procedures are based on accounting for time "lost." Specifically, the District requires that all time away from work be reported, while time on the job is generally considered as having been accomplished without providing documentation to that effect. Individuals compensated by Federal grant or award must account for the time on the job, and the portion of time spent on Federally related work, separately in order to properly meet the time and effort requirements. These records will be filed with the applicable grant to substantiate the use of time.

Helpful Questions for Determining Whether a Cost is Allowable

In addition to the cost principles and standards described above, the Office of Federal Programs or the award program manager can refer to this section for a useful framework when performing an allowability analysis. In order to determine whether Federal funds may be used to purchase a specific cost, it is helpful to ask the following questions:

- a) Is the proposed cost allowable under the relevant program?
- b) Is the proposed cost consistent with an approved program plan and budget?
- c) Is the proposed cost consistent with program specific fiscal rules?

For example, the District may be required to use Federal funds only to supplement the amount of funds available from non-federal (and possibly other Federal) sources.

- d) Is the proposed cost consistent with specific conditions imposed on the grant (if applicable)?

As a practical matter, the Office of Federal Programs or the award program manager should also consider whether the proposed cost is consistent with the underlying needs of the program and the approved District goals and strategy. For example, program funds must benefit the appropriate population of students for which they are allocated. This means that, for instance, funds allocated under Title III of the Elementary and Secondary Education Act (ESEA) governing language instruction programs for limited English proficient (LEP) students must only be spent on LEP students and cannot be used to benefit non-LEP students. Funds should be targeted to address areas of weakness, as necessary. To make this determination, the award program manager should review data when making purchases to ensure that Federal funds to meet these areas of concern.

(Continued)

SUBJECT: FEDERAL UNIFORM GRANT GUIDANCE (Cont'd.)**Appendix C – Cash Management**

The District will comply with applicable methods and procedures for payment that minimize the time elapsing between the transfer of funds and disbursement by the District, in accordance with the Cash Management Improvement Act at 31 CFR Part 205. Generally, the District receives payment from NYSED on a reimbursement basis. However, if the District receives an advance in Federal grant funds, the District will remit interest earned on the advanced payment quarterly to the Federal agency consistent with 2 CFR § 200.305(b)(9).

According to guidance from the U.S. Department of Education (ED), when calculating the interest earned on ED grant funds, regardless of the date of obligation, interest is calculated from the date that the Federal funds are drawn down from the G5 system until the date on which those funds are disbursed by the District.

Interest would not accrue if the District uses non-federal funds to pay the vendor and/or employees prior to the funds being drawn down from the G5 or Wide Area Work Flow (WAWF) system, commonly known as a reimbursement.

Payment Methods**Reimbursements:**

The District will initially charge Federal grant expenditures to non-federal funds.

The District Business Office will request reimbursement for actual expenditures incurred under the Federal grants at least semi-annually, and more frequently if dictated by the awarding agency. Requests for reimbursement are filed with the Grants Finance Unit of NYSED, through G5, or through WAWF, depending on the source of the grant. The reimbursement method will dictate the required forms to substantiate the claim. All reimbursements shall be based on actual disbursements, not on obligations.

Consistent with state and Federal requirements, the District will maintain source documentation supporting the Federal expenditures (invoices, time sheets, payroll stubs, etc.) for a period of six years after the grant is closed and the final funds are received and will make such documentation available for review by NYSED upon request.

Reimbursements of actual expenditures do not require interest calculations.

(Continued)

SUBJECT: FEDERAL UNIFORM GRANT GUIDANCE (Cont'd.)Advances:

To the extent the District receives advance payments of Federal grant funds, the District will strive to expend the Federal funds on allowable expenditures as expeditiously as possible. Specifically, the District attempts to expend all drawn downs of Federal funds within 72 hours of receipt. The District will hold Federal advance payments in interest-bearing accounts, unless an allowable exception applies. The District will begin to calculate interest earned on cash balances once funds are deposited into the District's account.

Interest on advances will be calculated based on interest received daily and shall be apportioned to the Federal funds in the account in direct proportion to the overall amount in the account. Total Federal grant cash balances will be calculated on cash balances per grant and applying the District's actual interest rate. The District will remit interest earned on grant funds annually to the U.S. Department of Health and Human Services Payment Management System (regardless of the Federal awarding agency for the grant) through an electronic medium using either Automated Clearing House (ACH) network or a Fedwire Funds Service payment. The District may retain up to \$500 of interest earned per year. To the maximum extent possible, use of advance payments shall be avoided. Reimbursements are the preferred means of utilizing Federal grants.

CarryoverState-Administered Grants:

The District may be able to "carryover" any funds left over at the end of the initial 15 month period into the next year. These leftover funds are typically referred to as carryover funds and continue to be available for obligation for an additional 12 months. 34 CFR § 76.709. Accordingly, the District may have multiple years of grant funds available under the same program at the same time. The Treasurer will track the expenditures and encumbrances and will determine the amount of available funding for carryover. The Program Manager will be kept aware of this amount and will adjust the expenditures to reflect this factor. The carryover will be reported in the monthly fiscal reports submitted to the Board of Education.

Direct Grants:

Direct grants are not normally subject to carryover provisions. However, under 2 CFR § 200.308, direct grantees enjoy unique authority to expand the period of availability of Federal funds. The District is authorized to extend a direct grant automatically for one 12-month period. Prior approval is not required in these circumstances; however, in order to obtain this extension, the District must provide written notice to the Federal awarding agency at least ten calendar days before the end of the period of performance specified in the award. This one-time extension may not be exercised merely for the purpose of using unobligated balances. The School Business Manager will coordinate the notice to the awarding agency and monitor the progress in obtaining the extension.

(Continued)

SUBJECT: FEDERAL UNIFORM GRANT GUIDANCE (Cont'd.)

The District will seek prior approval from the Federal agency when the extension will not be contrary to Federal statute, regulation or grant conditions and:

- a) The terms and conditions of the Federal award prohibit the extension;
- b) The extension requires additional Federal funds; or
- c) The extension involves any change in the approved objectives or scope of the project.
2 CFR § 200.308(d)(2).

Appendix D - Standards of Conduct

In accordance with 2 CFR §200.112, NY GML §§ 806 and 808, and District policy 6110, the District maintains a *Code of Conduct* covering conflicts of interest and governing the actions of its employees engaged in the selection, award and administration of contracts.

No employee, officer, or agent may participate in the selection, award, or administration of a contract supported by a Federal award if he or she has a real or apparent conflict of interest. Such a conflict of interest would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or other interest in or a tangible personal benefit from a firm considered for a contract.

The officers, employees, and agents of the District may neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts, unless the gift is an unsolicited item of nominal value. Any gift having a value of \$75 or more, whether in the form of money, services, loan, travel, entertainment, hospitality, thing or promise, or any other form, under circumstances in which it could reasonably be inferred that the gift was intended to influence him or her in the performance of his or her official duties or was intended as a reward for any official action on his or her part shall not be accepted. However, the Board welcomes and encourages the writing of letters or notes expressing gratitude or appreciation to staff members. Gifts from children that are principally sentimental in nature, and of significant financial value, may be accepted in the spirit in which they are given.

"Officer or Employee" means an officer or employee of the District, whether paid or unpaid, including members of the Board and their appointed professional or nonprofessional staff.

(Continued)

SUBJECT: FEDERAL UNIFORM GRANT GUIDANCE (Cont'd.)

"Interest" means an officer or employee shall be deemed to have an interest in the contract of (a) his spouse, minor children and dependents, except a contract of employment with the municipality which such officer or employee serves, (b) a firm, partnership or association of which such officer or employee is a member or employee, (c) a corporation of which such officer or employee is an officer, director, or employee and (d) a corporation any stock of which is owned or controlled directly or indirectly by such officer or employee.

Any employee, officer, or member of the public noting or suspecting a violation of this policy is encouraged to bring the matter to the Board or the Superintendent of Schools. Matters of this nature shall be held in confidence to the maximum extent possible pending a thorough investigation of the allegations of impropriety. Knowing or willful violation of this policy by any employee or member of the Board may result in disciplinary action up to and including dismissal.

In addition to any penalty contained in any other provision of law, any person who shall knowingly and intentionally violate any of the provisions of the Board's code of ethics and its accompanying regulation may be fined, suspended, or removed from office or employment, as the case may be, in the manner provided by law.

Any District officer or employee who has, will have, or later acquires an interest in any action, legislation, or proposed contract shall publicly disclose the nature and extent of such interest in writing to the Board of Education, except that such disclosure shall not be required for any of the exceptions listed under New York General Municipal Law §802.

No District officer or employee shall, after termination of services or employment with the District, appear before any board, department, or agency of the District in relation to any case in which the individual personally participated during the period of service or employment, or which was under active consideration.

No District officer or employee shall engage in, solicit, negotiate for, or promise to accept private employment when such interests or services create a conflict with or impairs the proper discharge of official duties. This shall include entering into contingency agreements to represent clients before the Board.

Board members shall disclose, in writing, upon assuming office, any possible conflicts of interest. This shall be entered into the minutes of the Board at the reorganization meeting in July. At any time where a possible conflict arise, the Board member will also make such disclosure in writing. As an example, a Board member married to the owner of a business, or acting as an officer in the business, with which the District conducts business exceeding \$750 annually, must make such disclosure. The disclosure only needs to be made once unless there is a material change to the underlying factors. By making such a notice the appearance of impropriety is mitigated and the ability to influence the District for personal gain it in full view.

SUBJECT: FEDERAL UNIFORM GRANT GUIDANCE (Cont'd.)**Appendix E – Eligibility**

The main objective of this compliance requirement is that only eligible individuals or organizations participate in Federal assistance programs. The criterion for determining eligibility will vary from program to program, but the objective that only eligible individuals or organizations participate remains consistent across all Federal programs. To comply with this objective, recipients must first assure that proper eligibility determinations are made, which means that the recipient must determine the parameters and limitations to define eligibility for a specific program in accordance with the program's purpose. Eligibility for a specific award will be announced in the award notice. Some awards are dependent on the level of enrollment of a specific class of students in a building or in the district. Examples are numbers of military children, numbers of ELLs, and numbers of children living at or below a specified poverty level. In making application for a grant or award, the District will ensure that it is qualified for all eligibility criteria and shall maintain evidence of the qualification for the duration of the award period and the required records holding period.

Appendix F – Equipment and Real Property Management

Equipment and real property procured through any Federally funded award shall be accounted for under District Policies #5410 – Purchasing; and #5620 – Inventories and Accounting of Fixed Assets. The District shall maintain an active accounting and inventory system for all items procured through Federal grants.

Property Classifications

Equipment means tangible personal property (including information technology systems) having a useful life of more than one year and a per-unit acquisition cost which equals or exceeds the lesser of the capitalization level established by the District for financial statement purposes, or \$5,000. 2 CFR § 200.33.

Supplies means all tangible personal property other than those described in § 200.33 Equipment. A computing device is a supply if the acquisition cost is less than the lesser of the capitalization level established by the District for financial statement purposes or \$5,000, regardless of the length of its useful life. 2 CFR § 200.94.

Computing devices means machines used to acquire, store, analyze, process, and publish data and other information electronically, including accessories (or "peripherals") for printing, transmitting and receiving, or storing electronic information. 2 CFR § 200.20.

Capital assets means tangible or intangible assets used in operations having a useful life of more than one year which are capitalized in accordance with GAAP. Capital assets include:

(Continued)

SUBJECT: FEDERAL UNIFORM GRANT GUIDANCE (Cont'd.)

- a) Land, buildings (facilities), equipment, and intellectual property (including software) whether acquired by purchase, construction, manufacture, lease-purchase, exchange, or through capital leases; and
- b) Additions, improvements, modifications, replacements, rearrangements, reinstallations, renovations or alterations to capital assets that materially increase their value or useful life (not ordinary repairs and maintenance). 2 CFR § 200.12.

Inventory Procedure

Upon receipt any property classified above, the Shipping and Receiving Department or the Technology Department shall identify the equipment, inspect it for condition, ensure it matches the requirement stated on the purchase order, and shall apply asset control tags to the equipment/item. The item shall be entered into the inventory system in sufficient detail to provide a discrete identification of the item (nomenclature, serial numbers, model numbers, etc.) as well as the location where the equipment will ultimately be situated. Only after this is accomplished will the equipment be shipped to the final destination. Receiving reports will then be signed and forwarded to the Business Office for processing and payment.

Inventory Records

For each equipment and computing device purchased with Federal funds, the following information is maintained:

- a) Serial number or other identification number;
- b) Source of funding for the property;
- c) Who holds title (this may be MORIC if they acted as Purchasing Agent);
- d) Acquisition date and cost of the property;
- e) Percentage of Federal participation in the project costs for the Federal award under which the property was acquired;
- f) Location, use and condition of the property; and
- g) Any ultimate disposition data including the date of disposal and sale price of the property.

(Continued)

SUBJECT: FEDERAL UNIFORM GRANT GUIDANCE (Cont'd.)

Upon final disposition of the property (either at the end of useful life, sale, loss, etc.) the shipping and receiving department shall request that the Board of Education declare the item excess to the needs of the District. Once this resolution is recorded in the minutes, the Shipping and Receiving clerk may dispose of the property within the guidelines approved by the Board of Education. Any monetary value derived from the disposal of the property shall be applied as a credit to the Federal Grant, if applicable.

Physical Inventory

A physical inventory of the property must be taken and the results reconciled with the property records at least once every two years. The inventory will be accomplished by the Information Technician or by the Shipping and Receiving clerk during the annual inventory.

Maintenance

In accordance with 2 CFR § 200.313(d)(4), the District maintains adequate maintenance procedures to ensure that property is kept in good condition. Issues arising during normal operations will be reported to the appropriate agency (Buildings and Grounds or Technology) through the established work request system.

Lost or Stolen Items

The District maintains a control system that ensures adequate safeguards are in place to prevent loss, damage, or theft of the property. Devices are assigned to a building for use by trained personnel. Losses will be reported to the building office as soon as practicable after the loss is noticed. At that time, appropriate administrative personnel will conduct an inquiry to determine the nature and cause of the loss. If a theft is suspected, a police report will be filed (contact the School Resource Officer for processing procedures). If the property is not recovered in 60 days, it can be removed from the inventory as a loss.

Use of Equipment

Equipment must be used in the program or project for which it was acquired as long as needed, whether or not the project or program continues to be supported by the Federal award, and the District will not encumber the property without prior approval of the Federal awarding agency and the pass-through entity.

During the time equipment is used on the project or program for which it was acquired, the equipment will also be made available for use on other projects or programs currently or previously supported by the Federal government, provided that such use will not interfere with the work on the projects or program for which it was originally acquired. First preference for other use must be given to other programs or projects supported by the Federal awarding agency that financed the equipment. Second preference is given to programs or projects under Federal awards from other Federal awarding agencies. Use for non-federally funded programs or projects is also permissible.

(Continued)

SUBJECT: FEDERAL UNIFORM GRANT GUIDANCE (Cont'd.)

When no longer needed for the original program or project, the equipment may be used in other activities supported by the Federal awarding agency, in the following order of priority: (1) activities under a Federal award from the Federal awarding agency which funded the original program or project; then (2) activities under Federal awards from other Federal awarding agencies.

Disposal of Equipment

When it is determined that original or replacement equipment acquired under a Federal award is no longer needed for the original project or program or for other activities currently or previously supported by a Federal awarding agency, the Program director, or the School Business Manager will contact the awarding agency (or pass-through for a state-administered grant) for disposition instructions.

Generally, disposition of equipment is dependent on its fair market value (FMV) at the time of disposition. If the item has a current FMV of \$5,000 or less, it may be retained, sold, or otherwise disposed of with no further obligation to the Federal awarding agency. If the item has a current FMV of more than \$5,000, the Federal awarding agency is entitled to the Federal share of the current market value or sales proceeds. All final decisions to excess property are reserved to the Board of Education.

If acquiring replacement equipment, the District may use the equipment to be replaced as a trade-in or sell the property and use the proceeds to offset the cost of the replacement property. Net cost will be applied to any accounts used to acquire equipment including a trade in.

Appendix G – Matching, Level of Effort and Earmarking

Matching, also referred to as "cost sharing", is a requirement for the recipient to provide contributions or donations of a specified amount or percentage to supplement Federal assistance received. In other words, when the recipient participates in a Federal program and an operating budget is prepared, the Federal government may require the recipient to provide contributions to cover a portion of that program's operations.

Level of effort defines particular goals or objectives the recipient must achieve with the assistance received, and includes recipient requirements for a specified level of service, specified level of expenditures for designated activities, and Federal funds to supplement and not supplant non-Federal services.

Earmarking is a requirement that specifies a limit amount or percentage of the program's assistance that must (minimum) or may (maximum) be used for specified activities. Examples of this include limits imposed on the Federal government on the amount of Federal funds to cover administrative expenses, or a percentage requirement for total program funds provided to subrecipients. Earmarking may also be specified in relation to the types of participants covered (e.g., a limit on how many participants a recipient can provide assistance to).

(Continued)

SUBJECT: FEDERAL UNIFORM GRANT GUIDANCE (Cont'd.)

Individual Federal grants may have matching or level of effort requirements associated with the grant as a condition of award. The School Business Manager will determine these requirements during the application/pre-award phase of the process. These requirements will be budgeted and tracked during execution of the award. The following criteria will be met when identifying matching/level of effort/earmarking of funds by the District:

- a) Must be verifiable in the District's accounting system.
- b) Must not be included as the contribution to any other Federal award (no "double-dipping").
- c) Must be necessary and reasonable for accomplishing the program objectives.
- d) Must be allowable under cost principles previously stated in this guidance.
- e) Must not be paid by another Federal agency or under another Federal award.
- f) Must be provided for in the budget approved for the award by the applicable Federal Agency.

The School Business Manager will ensure that earmark requirements are fully complied with. The Business Office will monitor this aspect and ensure that no funds are disbursed that do not meet the earmark requirements.

Appendix H – Period of Performance

The period of performance will be described in the grant award notice. All obligations must occur on or between the beginning and ending dates of the grant project. 2 CFR § 200.309. This period of time is known as the period of performance. 2 CFR § 200.77. The period of performance is dictated by statute. Further, certain grants have specific requirements for carryover funds that must be adhered to. The period of performance is a required data point for claiming reimbursement through G5 or WAWF. The period of performance can only be changed by the awarding agency. In instances where the budget is under executed and funding will remain at the end of the performance period, the Program Director or School Business Manager will apply to the awarding agency for an extension of the time for performance. If granted, this extension will be listed on a modification to the grant award notice. On application for reimbursement, all information on award notice modifications must be annotated on the claim in order for it to be processed properly and in a timely fashion.

Appendix I – Procurement and Suspension and Debarment

This section covers compliance of laws and regulations when obtaining a good or services from a vendor, supplier, or provider. The District will comply with its established Purchasing policy (Policy 5410) in all purchases made through Federal grants or awards. The fact that the source is a Federal grant/award does not relieve the District from complying with all aspects of the effective policy. The

(Continued)

SUBJECT: FEDERAL UNIFORM GRANT GUIDANCE (Cont'd.)

procurement requirement is established to ensure that such goods and services are obtained in an effective manner, including the prohibition of conflicts of interest, the fair selection of vendors, provide open and free competition among vendors, etc. The suspension and debarment requirement establishes that certain non-federal entities have been prohibited from participating in or receiving Federal assistance for various reasons, including prior mismanagement of funds or previous non-compliance of laws and regulations. This prohibition may be temporary (suspension) or indefinite (debarment; until specifically allowed by the government). When performing this purchase, the District Purchasing Agent must verify that the vendor, supplier, provider or their respective principals (e.g., owners, top management, etc.) are not suspended, debarred or otherwise excluded by the Federal government. This is done by checking the Excluded Parties List System (EPLS) maintained by the GSA or by contacting the Federal agency.

The District awards contracts only to responsible contractors possessing the ability to perform successfully under the terms and conditions of a proposed procurement. Consideration will be given to such matters as contractor integrity, compliance with public policy, record of past performance, and financial and technical resources.

The District may not subcontract with or award subgrants to any person or company who is debarred or suspended.

Appendix J – Program Income

Program income is sometimes directly generated by the Federally funded program. This type of income includes, but is not limited to, income from fees for services performed, the use or rental of real or personal property acquired under Federal awards, the sale of commodities or items fabricated under a Federal award, license fees and royalties on patents and copyrights, and principal and interest on loans made with Federal award funds. However, it generally does not include interest on program funds (which is covered under "Cash Management"); nor does it cover rebates, credits, discounts, and refunds (covered under "Allowable Costs/Cost Principles"); nor proceeds from the sale of equipment or real property (covered under "Equipment and Real Property Management"). The uses or treatment of program income are either deducted by the Federal agency from the current program budget (e.g., the program income substitutes part of the original budget), added to the current program budget, or used to meet matching requirements.

Use of Program Income

The default method for the use of program income for the District is the deduction method. Under the deduction method, any program income is deducted from total allowable costs to determine the net allowable costs. Program income will only be used for current costs unless the District is otherwise directed by the Federal awarding agency or pass-through entity. The District may also request prior approval from the Federal awarding agency to use the addition method. Under the addition method, program income may be added to the Federal award by the Federal agency and the District. The program income must then be used for the purposes and under the conditions of the Federal award.

(Continued)

SUBJECT: FEDERAL UNIFORM GRANT GUIDANCE (Cont'd.)

While the deduction method is the default method, the District always refers to the GAN prior to determining the appropriate use of program income.

Appendix L – Reporting

This section establishes that all recipients must submit reports (whether financial, performance-related, or of special nature) to the Federal government to monitor Federal assistance activities and uses. The most common reports are pre-designed by the Federal agency, are approved by OMB, and are available to all recipients and the general public. The time deadlines for submitting them vary depending on the report, and will generally be established in the initial GAN. Furthermore, the reporting requirements (e.g., which reports must be submitted, the timing of the submission, information in the reports, etc.) may vary from recipient to recipient, although the Federal government has established several reports that apply to all recipients. Common reports include:

- a) SF-270 the *Request for Advance or Reimbursement*.
- b) SF-425 the *Federal Financial Report*.
- c) FS-10 the *Proposed Budget for a Federal or State Project*
- d) FS-10A the *Proposed Amendment for a Federal or State Project*
- e) FS-25 the *Request for Funds for a Federal or State Project*

Reconciliation and Closeout Procedures

It is critical for charges to match the actual disbursement. Budget estimates or other distribution percentages determined before the services are performed or purchases made do not qualify as support for charges to Federal awards, but may be used for interim accounting purposes provided that the system for establishing the estimates produces reasonable approximations of the activity actually performed. Therefore, when filing final reports, all accounting must be for actual, not budgeted accounting numbers.

Record RetentionRetention

The District maintains all records that fully show (1) the amount of funds under the grant or subgrant; (2) how the subgrantee uses those funds; (3) the total cost of each project; (4) the share of the total cost of each project provided from other sources; (5) other records to facilitate an effective audit; and (6) other records to show compliance with Federal program requirements. The District also maintains records of significant project experiences and results. These records and accounts must be retained and made available for programmatic or financial audit and will be maintained for a minimum of six years after filing the final reports, unless the New York State retention period prescribes a longer retention period.

(Continued)

SUBJECT: FEDERAL UNIFORM GRANT GUIDANCE (Cont'd.)

The U.S. Department of Education is authorized to recover any Federal funds misspent within five years before the receipt of a program determination letter. If any litigation, claim, or audit is started before the expiration of the record retention period, the records will be retained until all litigation, claims, or audit findings involving the records have been resolved and final action taken.

Upon reaching the end of the retention period, records will be destroyed by shredding or, in the case of electron records, deletion with overwrite on the recorded section of the medium.

Access to Records

The District provides the awarding agency, Inspectors General, the Comptroller General of the United States, and the pass-through entity, or any of their authorized representatives the right of access to any documents, papers, or other records of the District which are pertinent to the Federal award, in order to make audits, examinations, excerpts, and transcripts. The right also includes timely and reasonable access to the District's personnel for the purpose of interview and discussion related to such documents.

Privacy

The District protects the privacy of the records under the Family Educational Rights and Privacy Act (FERPA). Documents subject to Freedom of Information Law requests or Freedom of Information Act requests will be reviewed for privacy concerns and properly redacted prior to release under either law. This does not apply to properly executed subpoenas or investigations by properly documented law enforcement in the conduct of official duties.

Appendix M – Subrecipient Monitoring

In the event that the District awards subgrants to other entities (also known as pass-through entities), the District shall monitor those grant subrecipients to ensure compliance with Federal, state, and local laws. Monitoring is the regular and systematic examination of all aspects associated with the administration and implementation of a program. Each program office that awards a subgrant must have its own monitoring policy. This policy must ensure that any monitoring findings are corrected. The District shall require that all subrecipients provide required reports and financial documents in sufficient detail to permit the District to make it required reports. In this manner the District will exercise a level of control. The District may also conduct site visits, regular contact, interviews, meetings and examinations of the subrecipient, as well as requiring that the subrecipient be subject to an annual single audit. The specific measures will be developed at the time the subgrant is awarded and will be followed up by the GPM for the District.

(Continued)

SUBJECT: FEDERAL UNIFORM GRANT GUIDANCE (Cont'd.)**Appendix N – Special Tests and Provisions**

Certain programs have unique compliance requirements—established by laws, regulations, and contract or grant agreements—that do not fit into the requirements listed above. The Program Manager must review these, normally provided in the GAN, and ensure compliance with those requirements. The auditor must review the program's contract, grant agreements, referenced laws, and regulations to identify unique compliance requirements. In conjunction with the Program Manager and the School Business Manager, the auditor will develop audit objectives and audit procedures under this section to ensure full compliance.

The School District must disclose in writing any potential conflict of interest to NYSED in accordance with applicable Federal awarding agency policy.

Adopted: 7/12/21
Amended/Approved: 2/13/2023

SUBJECT: ACCOUNTING OF FUNDS

Accounting and reporting procedures will be developed to facilitate analysis and evaluation of the District's financial status and fixed assets. The District will use the Uniform System of Accounts for School Districts. Books and records of the District will be maintained in accordance with statutory requirements. Provision will be made for the adequate storage, security, and disposition of all financial and inventory records.

Online Banking

The Board has entered into a written agreement with designated banks and trust companies for online banking and electronic or wire transfers, which includes the implementation of a security procedure for all transactions. Online transactions must be authorized by the District's Business Official. The District Treasurer, with a separate established username and password, will have the authority to process online banking transactions. The Business Office Clerk or Deputy Treasurer, with a separate established username and password, will be responsible for online banking transactions in the event the District Treasurer is not available, or as a job responsibility delegated to him or her by the District Treasurer. A monthly report of all online banking activity will be reviewed by staff independent of the online banking process and reconciled with the bank statement. Online banking will only take place on secure District computers located inside the Treasurer's or Business Office.

Electronic Transactions and Wire Transfers

Procedures will be implemented specifying who is authorized to initiate, approve, transmit, record, review, and reconcile electronic transactions. At least two individuals will be involved in each transaction. Authorization and transmitting functions will be segregated and, whenever possible, the recording function will be delegated to a third individual.

The District will enter into written wire transfer security agreements for District bank accounts which will include established procedures for authenticating wire transfer orders. All wire transfers must be authorized by the District Treasurer or his or her designee. Dual approval controls will be established for non-routine wire transfer orders. The Internal Auditor will periodically confirm that wire transfers have appropriate signatures, verification and authorization of proper personnel.

Education Law § 2116-a
General Municipal Law Article 2 § 5, 5-a, 5-b, 99-b
N.Y. UCC § 4-A-201

Adopted: 7/12/21

SUBJECT: MAINTENANCE OF FUND BALANCE**General Provisions**

The Board recognizes that the maintenance of a fund balance is essential to the financial integrity of the District insofar as it helps mitigate current and future risks and assists in ensuring stable tax rates. Consistent with this understanding, the Board adopts the following standards and practices.

Classification of Funds

The District will ensure that funds are classified consistent with Governmental Accounting Standards Board (GASB) Statement Number 54, *Fund Balance Reporting and Governmental Fund Type Definitions*. Consequently, fund balance amounts will be categorized as non-spendable, restricted, committed, assigned, or unassigned.

Unassigned Fund BalanceMinimum Unassigned Fund Balance

In order to maintain financial stability and protect against cash flow shortfalls, the Board will strive to maintain an unassigned fund balance of at least 4% of the current year's budgeted expenses. In the event such balance falls below the 4% floor, the District will seek to replenish deficiencies through reducing expenses and/or increasing revenue.

Maximum Unassigned Fund Balance

In order to support normal operating costs and provide fiscal stability for the District, the Board will also strive to ensure that the unassigned fund balance does not exceed 4% of the current year's budgeted expenditures. If it is anticipated that such balance will exceed the 4% ceiling, the Board will evaluate current commitments and assignments in order to determine the final distribution of fund balance in any fiscal year. The District will ensure unexpended surplus funds are used to reduce taxpayer liability in conformance with Real Property Tax Law Section 1318.

Fund Balance and Budget Development

The District's ability to maintain its unassigned fund balance within the limits articulated above is contingent upon the development of a reasonable budget. Consequently, the District will develop and adopt budgets that, to the extent possible, reflect the anticipated revenues and expenditures.

Likewise, the District will ensure that appropriate reserve funds are established and utilized, consistent with applicable law and District policy, to ensure the fund balance is sufficient to meet District needs.

SUBJECT: MAINTENANCE OF FUND BALANCE (Cont'd.)

Compliance

The District will adhere to the reporting requirements of Article 3 of the General Municipal Law of the State of New York, and the practices set forth in GASB Statement Number 54.

NOTE: Refer also to Policies #5110 -- Budget Planning and Development
#5512 -- Reserve Funds

Adopted: 2/28/21

SUBJECT: RESERVE FUNDS

Reserve funds (essentially a legally authorized savings account designated for a specific purpose) are an important component in the District's financial planning for future projects, acquisitions, and other lawful purposes. The District may establish and maintain reserve funds in accordance with New York State laws, Commissioner's regulations, and the rules or opinions issued by the Office of the New York State Comptroller. The District will comply with the reporting requirements of Article 3 of the General Municipal Law of the State of New York and the Governmental Accounting Standards Board (GASB) issued GASB Statement Number 54, *Fund Balance Reporting and Governmental Fund Type Definitions*.

Any and all District reserve funds will be properly established and maintained to promote the goals of creating an open, transparent, and accountable use of public funds. The District will authorize all payments or transfers into a reserve fund by express resolution. The District may engage independent experts and professionals, including, but not limited to, auditors, accountants, and other financial and legal counsel to monitor all reserve fund activity and prepare any and all reports that the Board may require.

Periodic Review and Annual Report

The Board will periodically review all reserve funds. The District will also prepare and submit an annual report of all reserve funds to the Board. The annual report will include the following information for each reserve fund:

- a) The type and description of the reserve fund;
- b) The date the reserve fund was established and the amount of each sum paid into the fund;
- c) The interest earned by the reserve fund;
- d) Capital gains or losses resulting from the sale of investments of the reserve fund;
- e) The total amount and date of each withdrawal from the reserve fund;
- f) The total assets of the reserve fund showing cash balance and a schedule of investments; and
- g) An analysis of the projected needs for the reserve fund in the upcoming fiscal year and a recommendation regarding funding those projected needs.

The Board will utilize the information in the annual report to make necessary decisions to adequately maintain and manage the District's reserve fund balances while mindful of its role and responsibility as a fiduciary of public funds.

Education Law § 3653

Adopted: 2/8/21

SUBJECT: EXTRACLASSROOM ACTIVITY FUND

Any organization within the District whose activities are conducted by students, and whose financial support is raised other than by taxation or through charges of the Board, is an extraclassroom activity (ECA). The moneys raised by these organizations are referred to as ECA funds. ECA fund management provides students with the opportunity to learn proper business practices and how to operate a successful business. The Board and designated District staff will protect and provide oversight of ECA funds. All ECAs will be approved by the Board.

The Board will appoint an ECA Central Treasurer, a Faculty Auditor, and a chief faculty counselor (appointed for each building in the District, typically the building principal). Each ECA will have a faculty advisor appointed by the chief faculty counselor. Additionally, each ECA will have a student activity treasurer elected by the members of the ECA.

All ECA funds will generally be handled in accordance with the financial procedures set forth in The Safeguarding, Accounting, and Auditing of Extraclassroom Activity Funds, Revised 2019, published by the New York State Education Department. All moneys received from the conduct, operation, or maintenance of any ECA will be deposited with the ECA Central Treasurer. Two separate and independent sets of records of receipts and expenditures will be maintained, one by the ECA Central Treasurer and one by the ECA's student activity treasurer. On a quarterly basis, the ECA Central Treasurer will submit to the Board a financial report relating to the receipts and expenditures for all ECA accounts. The authority to expend moneys will be distinct and separate from the custody of these moneys. The District will invest ECA funds in accordance with its investment policy.

ECAs are prohibited from using the District's New York State sales tax exemption. The ECA Central Treasurer is responsible for filing the periodic sales tax returns for ECA funds.

All commitments and contracts will be the sole responsibility of the ECA incurring the transaction, regardless of a change in faculty advisors, membership, or officers.

In conjunction with the annual audit of District records, the Independent Auditor will audit all ECA funds. This audit will include a statement of receipts, disbursements, and balances for each ECA, together with a reconciliation of cash.

When an ECA becomes inactive or is discontinued, the ECA Central Treasurer is directed to expend the leftover ECA funds as voted by the organization controlling these funds. If this designation does not exist, then leftover funds of inactive or discontinued ECAs and of graduating classes will automatically revert to the account of the general student organization or student council. To reactivate, inactive or discontinued ECAs must follow the start-up procedures for new ECAs.

Petty Cash Funds

A petty cash fund of not more than \$100 will be maintained in the District Office and in each school building in a secure location. Payments from petty cash funds may be made for materials, supplies, or services only when payment is required upon delivery. At the time of reimbursement, an itemized statement of expenditures, together with substantiating receipts, must be submitted. These accounts will be authorized by Board resolution at its annual meeting.

Cash in School Buildings

Not more than \$250, whether District or extraclassroom funds, will be held in the vault in the Main Office of each District school building. Under no circumstances will cash be left in classroom areas or desks. The District will not be responsible for funds left unprotected.

All funds, whether District or extraclassroom funds, will be deposited prior to close of school each week. Only authorized personnel designated by the building administrator will be allowed in the Main Office vault.

8 NYCRR § 170.4

Adopted: 7/12/21

SUBJECT: PUBLICATION OF DISTRICT'S ANNUAL FINANCIAL STATEMENT

In compliance with Education Law, the Board is required to publish a financial statement, including a full, detailed account of moneys received and moneys expended, at least once a year, during either July or August. This annual financial report will be in the form prescribed in Commissioner's regulations.

The law requires that the information be published in one public newspaper which is published in the District. If no public newspaper is published in the District, then the District must use a newspaper having general circulation in the District. If no public newspaper is published in the District, and there is no newspaper having general circulation in the District, then the District must provide the information to the taxpayers by posting copies in five public places in the District.

Education Law §§ 1610, 1721, 2117, 2528 and 2577
8 NYCRR § 170

Adopted: 7/12/21

SUBJECT: MAINTENANCE OF FISCAL EFFORT (TITLE I PROGRAMS)

As a Local Educational Agency (LEA), the District may receive its full allocation of Title I funds if its combined fiscal effort per student or the aggregate expenditures of state and local funds with respect to the provision of free public education in the District for the preceding fiscal year was not less than 90% of the combined fiscal effort per student or the aggregate expenditures for the second preceding fiscal year.

In determining the District's compliance with the maintenance of effort requirement, the State Educational Agency (SEA) will consider its expenditures from state and local funds for free public education. These include expenditures for administration, instruction, attendance, health services, student transportation services, plant operation and maintenance, fixed charges, and net expenditures to cover deficits for food services and student body activities.

The SEA will not consider the following expenditures in determining the District's compliance with the maintenance of effort requirements:

- a) Any expenditures for community services, capital outlay, and debt service;
- b) Any expenditures made from funds provided by the federal government for which the District is required to account to the federal government directly or through the SEA.

The School Business Official will review, as part of the budgeting process, this combined fiscal effort to ensure compliance.

Adopted: 7/12/21

SUBJECT: ALLOCATION OF TITLE I, PART A FUNDS IN THE DISTRICT**Allocation of Funds**

The District allocates the Title I, Part A funds it receives to District school buildings on the basis of the total number of students from low-income families in each eligible school attendance area or eligible school, as defined in law. Unless the District school building is participating in a school wide program, the District school building will only use Title I, Part A funds for programs that provide services to eligible children, as defined in law, identified as having the greatest need for special assistance.

The District will reserve from its allocation of Title I, Part A funds, such funds as are necessary to provide services comparable to those provided to students in District school buildings that receive Title I, Part A funds in order to serve:

- a) Homeless children and youths, including educationally related support services to children in shelters and other locations where children may live;
- b) Children in local institutions for neglected children; and
- c) If appropriate, children in local institutions for delinquent children, and neglected or delinquent children in community day programs.

Funds Will Supplement Not Supplant

The District will ensure that Title I, Part A funds only supplement, not supplant, the funds that would, in the absence of such federal funds, be made available from state and local sources for the education of students participating in programs assisted by Title I, Part A funds.

Allocation Methodology

The District has developed an allocation methodology that is consistent with Title I guidelines.

SUBJECT: ALLEGATIONS OF FRAUD**Reporting and Investigations of Allegations of Fraud**

All Board members and officers, District employees, and third party consultants are required to abide by the District's policies, administrative regulations, and procedures in the course of their duties. Further, all applicable federal and/or state laws and regulations must be adhered to in the course of District operations and practices. Any individual who has reason to believe that financial improprieties or wrongful conduct is occurring within the District should disclose this information according to the reporting procedures established by the District. The reporting procedures will follow the chain of command as established within the department or school building or as described in the District's Organizational Chart. In the event that the allegations of financial improprieties/fraud and/or wrongful conduct concern the investigating official, the report shall be made to the next level of supervisory authority. If the chain of supervisory command is not sufficient to ensure impartial, independent investigation, allegations of financial improprieties/fraud and/or wrongful conduct will be reported as applicable, to the Internal Auditor (if available), or the External (Independent) Auditor, or the School Attorney, or the Board. The District's prohibition of wrongful conduct, including fraud, will be publicized within the District as deemed appropriate; and written notification will be provided to all employees with fiscal accounting/oversight and/or financial duties including the handling of money.

Upon receipt of an allegation of financial improprieties/fraud and/or wrongful conduct, the Board or designated employee(s) will conduct a thorough investigation of the charges. However, even in the absence of a report of suspected wrongful conduct, if the District has knowledge of, or reason to know of, any occurrence of financial improprieties/fraud and/or wrongful conduct, the District will investigate the conduct promptly and thoroughly. To the extent possible, within legal constraints, all reports will be treated confidentially and privately. However, disclosure may be necessary to complete a thorough investigation of the charges and/or to notify law enforcement officials as warranted, and any disclosure will be provided on a "need to know" basis. Written records of the allegation, and resulting investigation and outcome will be maintained in accordance with law.

Based upon the results of this investigation, if the District determines that a school official has engaged in financial improprieties/fraudulent and/or wrongful actions, appropriate disciplinary measures will be applied, up to and including termination of employment, in accordance with legal guidelines, District policy and regulation, and any applicable collective bargaining agreement. Third parties who are found to have engaged in financial improprieties/fraud and/or wrongful conduct will be subject to appropriate sanctions as warranted and in compliance with law. The application of disciplinary measures by the District does not preclude the filing of civil and/or criminal charges. When school officials receive a complaint or report of alleged financial improprieties/fraud and/or wrongful conduct that may be criminal in nature, law authorities should be immediately notified.

An appeal procedure will also be provided, as applicable, to address any unresolved complaints and/or unsatisfactory prior determinations by the applicable investigating officer(s).

The objective of the Board is to obtain the best possible insurance at the lowest possible cost, and to seek advice from an Insurance Appraisal Service to determine that adequate coverage is being provided regarding fire, boiler, general liability, bus, and student accident insurance.

The Board will carry insurance to protect the District's real and personal property against loss or damage. This property includes school buildings, the contents of such buildings, school grounds, and vehicles.

The Board may also purchase liability insurance to pay damages assessed against Board members and District employees acting in the discharge of their respective duties, within the scope of their employment and/or under the direction of the Board.

All insurance policies, along with an inventory of the contents of the building, should be kept in a fireproof depository or with the appropriate insurance agent for safekeeping and referral purposes. SUBJECT: FIXED ASSET INVENTORIES, ACCOUNTING, AND TRACKING

The Superintendent or designee will maintain a continuous and accurate inventory of fixed assets owned by the District in accordance with applicable rules, standards, procedures, and best practices. Fixed assets are, generally, long-term, tangible resources intended to be continuously held or used, and may include land, buildings, improvements, machinery, and equipment.

All fixed assets purchased and received by the District will be checked, logged, and stored through an established procedure.

The School Business Official will account for assets on an annual basis according to applicable rules, standards, procedures, and best practices. These accounts will serve to:

- a) Maintain an inventory of assets;
- b) Establish accountability;
- c) Determine replacement costs; and
- d) Determine and provide appropriate insurance coverage.

The Board will establish a dollar threshold as a basis for considering which fixed assets are to be depreciated. This threshold will ensure that at least 80% of the value of these assets is reported. The threshold will not be greater than \$5,000. Standard methods and averaging conventions will be used in assessing, capitalizing, and depreciating fixed assets.

Fixed assets will be recorded at initial cost or, if not available, at estimated initial cost; gifts of fixed assets will be recorded at estimated fair value at the time of the gift. A property record will be maintained for each fixed asset and will contain, where possible, the following information:

- a) Date of acquisition;
- b) Description;
- c) Serial or other identification number;
- d) Any funding source and percentage contributed by the source;
- e) Vendor;
- f) Cost or value;
- g) Location and use;

(Continued)

SUBJECT: FIXED ASSET INVENTORIES, ACCOUNTING, AND TRACKING (Cont'd.)

- h) Asset type;
- i) Condition and estimated useful life;
- j) Replacement cost;
- k) Current value;
- l) Salvage value;
- m) Sale price and date and method of disposition;
- n) Responsible official; and
- l) Funding source.

All fixed assets will be labeled. Any discrepancies between an inventory and the District's property records should be traced, explained, and documented.

Management of Assets Acquired Under a Federal Government Grant or Subgrant

Inventories will be maintained for assets acquired with funds obtained through federal grant programs. A separate inventory will be maintained for each program. Each inventory will record assets in the same manner as the District's fixed asset inventory. Assets will be labeled to specify the source of funds used to purchase the item. All Title I assets will include "Title I" on the label. These inventories will track assets for at least five years from the date of receipt.

When original or replacement assets acquired under a federal grant or subgrant are no longer needed for the original project or for other activities currently or previously supported by a federal agency, the District will dispose of the assets as follows:

- a) Assets with a current per-unit fair market value of less than \$5,000 may be retained, sold, or otherwise disposed of with no further obligation to the awarding agency.
- b) Assets with a current per-unit fair market value of greater than \$5,000 may be retained or sold and the awarding agency will have a right to an amount calculated by multiplying the current market value or proceeds from sale by the awarding agency's share of the assets.
- c) No federal approval is necessary to dispose of an asset costing over \$5,000 but approval from the New York State Education Department (SED) is necessary. Once SED has determined that it has no other need for the use of the asset, the District may proceed with selling it.

Adopted: 7/15/19

SUBJECT: FACILITIES: INSPECTION, OPERATION, AND MAINTENANCE**Operation and Maintenance**

The Board, through the Superintendent and his or her staff, has the responsibility of protecting the District's facilities through a systematic maintenance program. The program will include periodic preventive maintenance activities, long-range maintenance schedules, and emergency repair procedures. The District will make reasonable attempts to ensure that all maintenance work will be carried out in the least intrusive manner.

Construction and Remodeling of School Facilities

The District will ensure all capital projects and maintenance comply with the requirements of the New York State Uniform Fire Prevention and Building Code, the Manual of Planning Standards, and the Commissioner's regulations. Relevant documentation regarding all new buildings must be formally submitted to the State Education Department (SED) no matter the size or cost. The SED Office of Facilities Planning has provided an Instruction Guide on its official website.

Plans and specifications for the erection, enlargement, repair, or remodeling of facilities of the District will be submitted to the Commissioner consistent with applicable law.

Plans and specifications submitted to the Commissioner will bear the signature and seal of an architect or engineer licensed to practice in the State of New York. The architect or engineer who sealed the plans and specifications must also certify that the plans and specifications conform to the standards set forth in the State Uniform Fire Prevention and Building Code and the State Energy Conservation Construction Code.

For remodeling or construction projects, the District will ensure compliance with the requirements of the State Uniform Fire Prevention and Building Code and Commissioner's regulations. The District will also retain the services of an architect or engineer licensed to practice in New York State as required by law or regulation, or as necessary given the scope and cost of the project.

Carbon Monoxide Detection Requirements

All new and existing District buildings that have appliances, devices, or systems that may emit carbon monoxide, and all attached garages, must have a means to detect carbon monoxide. Buildings include school buildings, administrative buildings, bus maintenance facilities, concession stands, and field houses. Carbon monoxide may be produced by fuel-fired heating systems (boilers, HVAC units, and makeup air units), emergency or standby electric generation within a building, fuel-fired kitchen equipment (ranges, ovens, steamers, dishwashers, and makeup air units serving hoods), fuel-fired domestic hot water heaters, laboratory/shop equipment (gas outlets, torches, gas-fired kilns, and stationary or portable engines), maintenance and storage areas with fuel-fired equipment, and in garages.

(Continued)

SUBJECT: FACILITIES: INSPECTION, OPERATION, AND MAINTENANCE (Cont'd.)

The District may use a self-contained carbon monoxide alarm, a carbon monoxide detection system, or both. The District will comply with all laws and regulations regarding alarms or detectors, including where they must be located, their power sources, and labeling requirements. The District should develop written standard operating procedures to follow when a carbon monoxide detector is activated.

Inspections

The District is mindful of the health and safety of its students, staff, and visitors and, as such, the District administration will cooperate with appropriate officials conducting health, fire, asbestos, bus, and boiler inspections. In addition, the administration will keep the Board informed of the results of these inspections in a timely fashion.

In accordance with the Asbestos Hazard Emergency Response Act (AHERA), the District will inform all employees and building occupants (or their legal guardians) at least once each school year about all asbestos inspections, response actions, post-response action activities, as well as triennial re-inspection activities and surveillance activities that are either planned or in progress. The District will provide yearly notification to parent, teacher, and employee organizations on the availability of the District's asbestos management plan and any asbestos-related actions taken or planned in the school.

The District will test potable water for lead contamination from all outlets as required by law. If an outlet exceeds the action level for lead content, the District will prohibit use of the outlet for drinking and cooking purposes, and it will remediate the outlet before allowing these uses. The District will make all required notifications and issue all mandated reports to the public, local health department, or the SED. For ten years following creation, the District will retain all records of test results, lead remediation plans, lead-free building determinations, and waiver requests. The District may seek a waiver from testing requirements from the local health department by demonstrating prior substantial compliance with testing requirements.

To help protect staff, students, and visitors from contracting Legionnaires' disease from Legionella bacteria, the District will register any cooling towers it owns with the New York State Department of Health (DOH), providing the information in any form that the DOH requires. The District will also adhere to the inspection, annual certification, and maintenance program and planning requirements mandated by the DOH. Further, the District will maintain records regarding all inspection results, corrective action, cleaning and disinfection, tests, and certifications for at least three years. The District will keep a copy of its required maintenance program and plan on the premises where the cooling tower is located.

SUBJECT: PEST MANAGEMENT AND PESTICIDE USE

The Board is committed to maintaining the integrity of school buildings and grounds while protecting the health and safety of students and staff and maintaining a productive learning environment.

Structural and landscape pests can pose significant problems for people and property. Weeds and infestations can destroy playing fields and playgrounds and more importantly, cause severe allergic reactions. Pesticides can pose risks to people, property, and the environment. It is therefore the policy of the District to incorporate Integrated Pest Management (IPM) procedures for control of weeds, structural, and landscape pests. The objective of this program is to provide necessary pest control while using the least toxic approach to all pests, weeds, and infestations.

Pest/Pesticide Management Plan

The District will manage weeds and pests to:

- a) Reduce any potential human health hazard or threat to public safety;
- b) Prevent loss or damage to school structures or property;
- c) Prevent pests from spreading into the community, or to plant and animal populations beyond the site; and
- d) Enhance the quality of life for students, staff, and others.

Integrated Pest Management (IPM) Coordinator

An IPM Coordinator will be appointed by the Superintendent. The Coordinator will be responsible for implementing the IPM policy and plan. The coordinator's responsibilities will include, but are not limited to, the following:

- a) Recording all pest sightings by school staff and students;
- b) Recording all pesticide use and utilizing the least toxic approach;
- c) Meeting with a local pest control expert, such as a pesticide contractor to share information on what pest problems are present in the school;
- d) Ensuring that all of the expert's recommendations on maintenance and sanitation are carried out where feasible;

(Continued)

SUBJECT: PEST MANAGEMENT AND PESTICIDE USE (Cont'd.)

- e) Ensuring that pesticide use is done when school is not in session or when the area can be completely secured against access by school staff and students for a standard 72 hours, or as required by the pesticide being used;
- f) Evaluating the school's progress in the IPM plan; and
- g) Notifying parents, staff and neighbors of any applications of pesticides 48 hours before they occur. The IPM Coordinator will serve as the District's Pesticide Representative.

Pesticide Use on Common Areas

Pesticides will not be used on playgrounds, turf, athletic or playing fields, in effect, all lawn areas of the school. In these common areas where children gather and play, pesticide alternatives will be used whenever possible and effective. The prohibition does not apply to indoor use or the application to building structures.

An exception may be made for emergency applications of pesticide only when approved in advance by the Board. The Board may consult with the local Health Department on public health related emergency determinations. They may also consult with the Department of Environmental Conservation (DEC) for environmental emergency determinations. Emergency determinations should only be sought for one-time pesticide application in a specific situation, which presents a true emergency. The guidance document from DEC provides clarification on emergency determinations and can be found on the official website of the DEC.

Some types of pesticides and alternatives, those deemed safe in federal regulation, may be allowable on playing fields and playgrounds in certain circumstances. The District will develop regulations governing the use of pesticides and their alternatives on school grounds.

Fertilizer Use

Phosphorous fertilizers will only be used on school grounds in compliance with the following requirements:

- a) Fertilizer use is prohibited between December 1 and April 1 annually.
- b) The use of fertilizers is prohibited within 20 feet of any surface water except:
 - 1. Where a continuous natural vegetation buffer, at least ten feet wide, separates lawn and water.
 - 2. Where a spreader guard, deflector shield or drop spreader is used, then the application may not occur within three feet of any surface water.

(Continued)

SUBJECT: PEST MANAGEMENT AND PESTICIDE USE (Cont'd.)

- c) The use of phosphorus fertilizers is prohibited on lawns or other non-agricultural turf with the following exceptions:
 - 1. The use of phosphorus fertilizers is needed to establish a new lawn; or
 - 2. A soil test shows that phosphorus fertilizers are needed for growth.
- d) Fertilizer cannot be used on any impervious surfaces and if such an application occurs, it must be cleaned immediately and legally applied or placed in an appropriate container.

Notification

The District's IPM Coordinator or designated Pesticide Representative will give prior written notice of all pesticide applications to anyone who has asked to receive this notice. The District will also notify parents, students, and staff of periodic pesticide applications. The District will maintain a list of those people who wish to receive 48 hour notice before pesticide applications and will ensure that a system is developed to deliver such notice in a timely fashion to all affected. The notification system may be by mail or email, and will ensure that a back-up method is available to notify those for whom the regular system is unworkable. The name and contact information for the District Pesticide Representative will be made available to all requesting it.

The District must also provide additional written notification to all parents and staff three times per year to inform them of any pesticide applications that have occurred: within ten days of the end of the school year, within two school days of the end of winter recess and within two days of the end of spring recess.

Recordkeeping

Records of pesticide use will be maintained on-site for three years and will be completed on the day of pesticide use. In addition, pest surveillance records will be maintained to help verify the need for pesticide treatments. Annual reports of any applications must be sent to DEC.

"Single-occupancy bathroom" means a bathroom intended for use by no more than one occupant at a time or for family or assisted use and which has a door for entry into and egress from the bathroom that may be locked by the occupant to ensure privacy and security.

SUBJECT: ENERGY CONSERVATION AND RECYCLING IN THE SCHOOLS

The Board recognizes the importance of energy conservation and is committed to the analysis, development, and initiation of conservation measures throughout the District for the purpose of reducing energy consumption, particularly in these times of declining levels of natural energy resources and increasing cost of these resources. The Board maintains an aggressive and responsible program to reduce consumption of energy by its facilities and to provide education to both staff and students on the conservation of energy.

The District is committed to an energy conservation program that addresses not only capital-related energy projects but ongoing, day-to-day energy related issues as well. All staff are urged to participate actively in a program of energy conservation by assisting in the efforts to eliminate the wasteful use of energy in the operation of the District's buildings. Cooperation will be required of each employee and each student to achieve a meaningful energy conservation program that results in a more efficient use of energy resources. Involvement of staff and students is essential to a successful program of energy conservation.

The Board is further committed to protecting and improving the environment by recycling commonly used materials, waste prevention strategies, and purchasing recycled products when feasible.

SUBJECT: MEAL CHARGING AND PROHIBITION AGAINST MEAL SHAMING

It is the District's goal to provide students with access to nutritious no- or low-cost meals each school day and to ensure that a student whose parent/guardian has unpaid meal charges is not shamed or treated differently than a student whose parent/guardian does not have unpaid meal charges.

Unpaid meal charges place a large financial burden on the District. The purpose of this policy is to ensure compliance with federal requirements for the USDA Child Nutrition Program and to provide oversight and accountability for the collection of outstanding student meal balances to ensure that the student is not stigmatized, distressed, or embarrassed.

The intent of this policy is to establish procedures to address unpaid meal charges throughout the District in a way that does not stigmatize, distress, or embarrass students. The provisions of this policy pertain to regular priced reimbursable school breakfast, lunch and snack meals only. Charging of items outside of the reimbursable meals (a la carte items, adult meals, etc.) is expressly prohibited.

Access to Meals

- a) Free meal benefit eligible students will be allowed to receive a free breakfast and lunch meal of their choice each day. A la carte items or other similar items must be paid/prepaid.
- b) Reduced meal benefit eligible students will be allowed to receive a breakfast of their choice for \$0.00 and lunch of their choice for \$0.00 each day. A la carte items or other similar items must be paid/prepaid.
- c) Full pay students will pay for meals at the District's published paid meal rate each day. The charge meals offered to students will be reimbursable meals available to all students, unless the student's parent or guardian has specifically provided written permission to the District to withhold a meal. A la carte items or other similar items must be paid/prepaid.

Ongoing Staff Training

- a) Staff will be trained annually and throughout the year as needed on the procedures for managing meal charges using the State Education Department (SED) Webinar or the District's training program.
- b) Staff training will include ongoing eligibility certification for free or reduced-price meals.

Parent Notification

Parents/guardians will be notified that a student's meal card or account balance is exhausted and has accrued unpaid meal charges within 7 days of the charge and then every week thereafter.

(Continued)

**SUBJECT: MEAL CHARGING AND PROHIBITION AGAINST MEAL SHAMING
(Cont'd.)**

Parent Outreach

- a) Staff will communicate with parents/guardians with five or more unpaid meal charges to determine eligibility for free or reduced-price meals.
- b) Staff will make two documented attempts to reach out to parents/guardians to complete a meal application in addition to the application and instructions provided in the school enrollment packet.
- c) Staff will contact the parent/guardian to offer assistance with completion of meal application to determine if there are other issues within the household causing the student to have insufficient funds, offering any other assistance that is appropriate.

Minimizing Student Distress

- a) Staff will not publicly identify or stigmatize any student in line for a meal or discuss any outstanding meal debt in the presence of any other students.
- b) Students with unpaid meal charges will not be required to wear a wristband or handstamp, or to do chores or other work to pay for meals.
- c) Staff will not throw away a meal after it has been served because of the student's inability to pay for the meal or because of previous unpaid meal charges.
- d) Staff will not take any action directed at a student to collect unpaid meal charges.
- e) Staff will deal directly with parents/guardians regarding unpaid meal charges.

Ongoing Eligibility Certification

- a) Staff will conduct direct certification through the New York Student Identification System (NYSSIS) or using SED Roster Upload to maximize free eligibility. NYSED provides updated direct certification data monthly.
- b) Staff will provide parents/guardians with free and reduced-price application and instructions at the beginning of each school year.
- c) If the District uses an electronic meal application, it will provide an explanation of the process in the school enrollment packet and instructions on how to request a paper application at no cost.

(Continued)

**SUBJECT: MEAL CHARGING AND PROHIBITION AGAINST MEAL SHAMING
(Cont'd.)**

- d) The District will provide at least two additional free and reduced-price applications throughout the school year to families identified as owing meal charges.
- e) The District will use its administrative prerogative to complete an application on a student's behalf judiciously, and only after using exhaustive efforts to obtain a completed application from the student's parent/guardian. The District will complete the application using only available information on family size and income that falls within approvable guidelines.
- f) The District will coordinate with the foster, homeless, migrant, and runaway coordinators to certify eligible students. School liaisons required for homeless, foster, and migrant students will coordinate with the nutrition department to make sure these students receive free school meals, in accordance with federal law.

Prepaid Accounts

Students/Parents/Guardians may pay for meals in advance via www.myschoolbucks.com or with a check payable to Belleville Henderson Central School. Further details are available on the District's webpage at www.bhpanthers.org. Funds should be maintained in accounts to minimize the possibility that a student may be without meal money on any given day. Any remaining funds for a particular student will be carried over to the next school year.

Students who withdraw from the district mid-year or graduate at the end of the year will have their remaining funds transferred to a siblings account unless there is a written request from the student's parent or guardian. If the student has no sibling in the district a refund will be issued to the student's parent or guardian.

A Student's parent or guardian must provide the district with a valid address to mail refunds. Mailing information must be made available to the District within one school year of leaving the district. If this information is not made available within one school year all remaining funds will become property of Belleville Henderson Central School District.

- b) Recess (Elementary)

All elementary students will be offered one daily period of recess for a minimum of 20 minutes. This requirement will not apply on days where students arrive late, leave early, or are otherwise on campus for less than a full day. Outdoor recess will be offered when weather permits. In the event that indoor recess is necessary, it will be offered in a place that accommodates moderate to vigorous physical activity.

(Continued)

SUBJECT: WELLNESS (Cont'd.)

c) Active Academics

Teachers are encouraged to incorporate kinesthetic learning approaches into core learning subjects when possible to limit sedentary behavior during the school day.

d) Before and After School Activities

The District will offer opportunities for all students to participate in physical activity before and/or after the school day through various methods, such as physical activity clubs, intramurals, and interscholastic sports.

e) Active Transport

The District supports active transport to and from school, i.e. walking or biking. The District will encourage this behavior by securing storage facilities for bicycles and equipment and instructing students on walking and bicycling safety. The District strongly encourages the use of appropriate protective wear, such as helmets.

Physical Education

The District will have a Board-approved Physical Education Plan on file with the New York State Education Department that meets or exceeds the requirements set forth in the Commissioner's regulations. All students will be required to fulfill the physical education requirements set forth in the Commissioner's regulations as a condition of graduating from the District's schools.

The District recognizes the importance of physical education classes in providing students with meaningful opportunities for physical exercise and development. Consequently, the District will ensure that:

- a) All physical education classes are taught or supervised by a certified physical education teacher;
- b) All physical education staff receive professional development relevant to physical education on an annual basis;
- c) Interscholastic sports, intramural sports, and recess do not serve as substitutes for a quality physical education program;
- d) Students are afforded the opportunity to participate in moderate to vigorous activity for at least 50% of physical education class time;

(Continued)

SUBJECT: WELLNESS (Cont'd.)

- e) It provides adequate space and equipment for physical education and conforms to all applicable safety standards;
- f) An age-appropriate, sequential physical education curriculum consistent with national and state standards for physical education is implemented, with a focus on students' development of motor skills, movement forms, and health-related fitness;
- g) A physical and social environment is provided that encourages safe and enjoyable activity for all students; and
- h) Activities or equipment are adapted or modified to meet the needs of students who are temporarily or permanently unable to participate in the regular program of physical education. In doing so, the District will abide by specific provisions in 504 Plans and/or individualized education programs (IEP). To that end, the Committee on Special Education (CSE) will ensure that a certified physical education teacher participates in the development of a student's IEP, if the student may be eligible for adapted physical education.

***Other School-Based Activities that Promote Student Wellness**

The District is committed to establishing a school environment that is conducive to healthy eating and physical activity for all. The District will, therefore, pursue the following:

Community Partnerships

The District will develop, enhance, and continue relationships with community partners in support of the implementation of this wellness policy. Existing and new community partnerships will be evaluated to ensure they are consistent with this wellness policy and its goals. The District will provide all community partners with a copy of this wellness policy so that they are aware of the District's requirements and goals.

Community Access to District Facilities for Physical Activities

School grounds and facilities will be made available to students, staff, community members and organizations, and agencies offering physical activity and nutrition programs consistent with District policy. Subject to provisions regarding conduct on school grounds and administrative approval of use by outside organizations such as, but not limited to, PTO, youth basketball, soccer, baseball, and softball programs, Good News Club, Cornell Cooperative Extension, afterschool programs, and Alumni/Graduate Association events.

(Continued)

SUBJECT: WELLNESS (Cont'd.)Professional Learning

When feasible, the District will offer annual professional learning opportunities and resources for staff to increase knowledge and skills about promoting healthy behaviors in the classroom (e.g., increasing the use of kinesthetic teaching approaches or incorporating nutrition lessons into math class). Professional learning will help District staff understand the connections between academics and health and the ways in which health and wellness are integrated into ongoing District reform or academic improvement plans/efforts.

SUBJECT: RECORDS MANAGEMENT

The Superintendent will designate the Business Manager as the Records Management Officer, subject to Board approval, to develop and coordinate the District's orderly and efficient records management program. Among other aspects, this program includes the legal disposition or destruction of obsolete records and the storage and management of inactive records. The Records Management Officer will work with other District officials to develop and maintain this program.

Retention and Disposition of Records

The District will retain records and dispose of them in accordance with the Retention and Disposition Schedule for New York Local Government Records (LGS-1) or as otherwise approved by the Commissioner of Education. Further, if any law specifically provides a retention period longer than that established by this schedule, the retention period established by the law will govern.

Replacing Original Records with Microforms or Electronic Images

The District will follow procedures prescribed by the Commissioner of Education to ensure accessibility for the life of any microform or electronic records that replace paper originals or micrographic copies.

Retention and Preservation of Electronic Records

The District will ensure that records retention requirements are incorporated into any program, plan, or process for design, redesign, or substantial enhancement of an information system that stores electronic records. The District will also ensure that electronic records are not rendered unusable because of changing technology before their retention and preservation requirements expire.

SUBJECT: DISPOSAL OF CONSUMER REPORT INFORMATION AND RECORDS

In accordance with the Federal Trade Commission's (FTC) "Disposal Rule," and in an effort to protect the privacy of consumer information, reduce the risk of fraud and identity theft, and guard against unauthorized access to or use of the information, the District will take appropriate measures to properly dispose of sensitive information (i.e., personal identifiers) contained in or derived from consumer reports and records. The District may determine what measures are reasonable based on the sensitivity of the information, the costs and benefits of different disposal methods, and changes in technology.

The term "consumer report" includes information obtained from a consumer reporting company that is used—or expected to be used—in establishing a consumer's eligibility for employment or insurance, among other purposes. The term "employment purposes" when used in connection with a consumer report means a report used for the purpose of evaluating a consumer for employment, promotion, reassignment, or retention as an employee.

The FTC Disposal Rule defines "consumer information" as "any record about an individual, whether in paper, electronic, or other form, that is a consumer report or is derived from a consumer report. Consumer information also means a compilation of these records. Consumer information does not include information that does not identify individuals, such as aggregate information or blind data."

Information Covered by the Disposal Rule

There are a variety of personal identifiers beyond simply a person's name that would bring information within the scope of the Disposal Rule, including, but not limited to, a social security number, driver's license number, phone number, physical address, and email address. Depending upon the circumstances, data elements that are not inherently identifying can, in combination, identify particular individuals.

Proper Disposal

The District will utilize disposal practices that are reasonable and appropriate to prevent the unauthorized access to—or use of—information contained in or derived from consumer reports and records. Reasonable measures to protect against unauthorized access to or use of consumer information in connection with District disposal include the following examples.

- a) Burning, pulverizing, or shredding of papers containing consumer information so that the information cannot practicably be read or reconstructed;
- b) Destroying or erasing electronic media containing consumer information so that the information cannot practicably be read or reconstructed;

(Continued)

**SUBJECT: DISPOSAL OF CONSUMER REPORT INFORMATION AND RECORDS
(Cont'd.)**

- c) After due diligence, entering into and monitoring compliance with a contract with another party engaged in the business of record destruction to dispose of material, specifically identified as consumer information, in a manner consistent with the Disposal Rule. In this context, due diligence could include:
1. Reviewing an independent audit of the disposal company's operations and/or its compliance with the Disposal Rule;
 2. Obtaining information about the disposal company from several references or other reliable sources;
 3. Requiring that the disposal company be certified by a recognized trade association or similar third party;
 4. Reviewing and evaluating the disposal company's information security policies or procedures;
 5. Taking other appropriate measures to determine the competency and integrity of the potential disposal company; or
 6. Requiring that the disposal company have a certificate of registration from the New York Department of State issued on or after October 1, 2008.
- d) For persons (as defined in accordance with the Fair Credit Reporting Act) or entities who maintain or otherwise possess consumer information through their provision of services directly to a person subject to the Disposal Rule, monitoring compliance with policies and procedures that protect against unauthorized or unintentional disposal of consumer information, and disposing of this information in accordance with examples a) and b) above.

Implementation of Practices and Procedures

The Board delegates to the Superintendent or designee the authority and responsibility to review current practices regarding the disposal of consumer information; and to implement such further reasonable and appropriate procedures, including staff training as necessary, to ensure compliance with the FTC's Disposal Rule.

SUBJECT: INFORMATION SECURITY BREACH AND NOTIFICATION

The District values the protection of private information of individuals in accordance with applicable law and regulations. The District is required to notify affected individuals when there has been or is reasonably believed to have been a compromise of the individual's private information in compliance with the Information Security Breach and Notification Act and Board policy.

- a) "Personal information" means any information concerning a person which, because of name, number, symbol, mark, or other identifier, can be used to identify that person.
- b) "Private information" means either:
 - 1. Personal information consisting of any information in combination with any one or more of the following data elements, when either the data element or the combination of personal information plus the data element is not encrypted or encrypted with an encryption key that has also been accessed or acquired:
 - (a) Social security number;
 - (b) Driver's license number or non-driver identification card number;
 - (c) Account number, credit or debit card number, in combination with any required security code, access code, password, or other information which would permit access to an individual's financial account;
 - (d) Account number, or credit or debit card number, if circumstances exist where the number could be used to access an individual's financial account without additional identifying information, security code, access code, or password; or
 - (e) Biometric information, meaning data generated by electronic measurements of an individual's unique physical characteristics, such as fingerprint, voice print, retina or iris image, or other unique physical representation or digital representation which are used to authenticate or ascertain the individual's identity;
 - 2. A username or email address in combination with a password or security question and answer that would permit access to an online account.

Private information does not include publicly available information that is lawfully made available to the general public from federal, state, or local government records.

(Continued)

SUBJECT: INFORMATION SECURITY BREACH AND NOTIFICATION (Cont'd.)

- c) "Breach of the security of the system" means unauthorized acquisition or acquisition without valid authorization of computerized data which compromises the security, confidentiality, or integrity of personal information maintained by the District. Good faith acquisition of personal information by an employee or agent of the District for the purposes of the District is not a breach of the security of the system, provided that private information is not used or subject to unauthorized disclosure.

Determining if a Breach Has Occurred

In determining whether information has been acquired, or is reasonably believed to have been acquired, by an unauthorized person or person without valid authorization, the District may consider the following factors, among others:

- a) Indications that the information is in the physical possession or control of an unauthorized person, such as a lost or stolen computer or other device containing information; or
- b) Indications that the information has been downloaded or copied; or
- c) Indications that the information was used by an unauthorized person, such as fraudulent accounts opened or instances of identity theft reported;
- d) System failures.

Notification Requirements

- a) For any computerized data owned or licensed by the District that includes private information, the District will disclose any breach of the security of the system following discovery or notification of the breach to any New York State resident whose private information was, or is reasonably believed to have been, accessed or acquired by a person without valid authorization. The disclosure to affected individuals will be made in the most expedient time possible and without unreasonable delay, consistent with the legitimate needs of law enforcement, or any measures necessary to determine the scope of the breach and restore the integrity of the data system. The District will consult with the New York State Office of Information Technology Services to determine the scope of the breach and restoration measures. Within 90 days of the notice of the breach, the New York State Office of Information Technology Services will deliver a report to the District on the scope of the breach and recommendations to restore and improve the security of the system.
- b) Notice to affected persons under State Technology Law is not required if the exposure of private information was an inadvertent disclosure by persons authorized to access private information, and the District reasonably determines the exposure will not likely result in the misuse of the information, or financial or emotional harm to the affected persons. This determination must be

(Continued)

SUBJECT: INFORMATION SECURITY BREACH AND NOTIFICATION (Cont'd.)

documented in writing and maintained for at least five years. If the incident affected over 500 New York State residents, the District will provide the written determination to the New York State Attorney General within ten days after the determination.

- c) If notice of the breach of the security of the system is made to affected persons pursuant to the breach notification requirements under certain laws and regulations, the District is not required to provide additional notice to those affected persons under State Technology Law. However, the District will still provide notice to the New York State Attorney General, the New York State Department of State, the New York State Office of Information Technology Services, and to consumer reporting agencies.
- d) For any computerized data maintained by the District that includes private information which the District does not own, the District will notify the owner or licensee of the information of any breach of the security of the system immediately following discovery, if the private information was, or is reasonably believed to have been, accessed or acquired by a person without valid authorization.

The notification requirement may be delayed if a law enforcement agency determines that the notification impedes a criminal investigation. The required notification will be made after the law enforcement agency determines that the notification does not compromise the investigation.

If the District is required to provide notification of a breach, including breach of information that is not private information, to the United States Secretary of Health and Human Services pursuant to the Health Insurance Portability and Accountability Act of 1996 or the Health Information Technology for Economic and Clinical Health Act, it will provide notification to the New York State Attorney General within five business days of notifying the United States Secretary of Health and Human Services.

Methods of Notification

The required notice will be directly provided to the affected persons by one of the following methods:

- a) Written notice;
- b) Electronic notice, provided that the person to whom notice is required has expressly consented to receiving the notice in electronic form and a log of each notification is kept by the District when notifying affected persons in electronic form. However, in no case will the District require a person to consent to accepting the notice in electronic form as a condition of establishing any business relationship or engaging in any transaction;
- c) Telephone notification, provided that a log of each notification is kept by the District when notifying affected persons by phone; or

(Continued)

SUBJECT: INFORMATION SECURITY BREACH AND NOTIFICATION (Cont'd.)

- d) Substitute notice, if the District demonstrates to the New York State Attorney General that the cost of providing notice would exceed \$250,000, or that the affected class of subject persons to be notified exceeds 500,000, or that the District does not have sufficient contact information. Substitute notice will consist of all of the following:
 - 1. Email notice when the District has an email address for the subject persons;
 - 2. Conspicuous posting of the notice on the District's website page, if the District maintains one; and
 - 3. Notification to major statewide media.

Regardless of the method by which notice is provided, the notice will include:

- a) Contact information for the notifying District;
- b) The telephone numbers and websites of the relevant state and federal agencies that provide information regarding security breach response and identity theft prevention and protection information; and
- c) A description of the categories of information that were, or are reasonably believed to have been, accessed or acquired by a person without valid authorization, including specification of which of the elements of personal information and private information were, or are reasonably believed to have been, accessed or acquired.

In the event that any New York State residents are to be notified, the District will notify the New York State Attorney General, New York State Department of State, and New York State Office of Information Technology Services as to the timing, content, and distribution of the notices and approximate number of affected persons and provide a copy of the template of the notice sent to affected persons. This notice will be made without delaying notice to affected New York State residents.

In the event that more than 5,000 New York State residents are to be notified at one time, the District will also notify consumer reporting agencies as to the timing, content, and distribution of the notices and approximate number of affected persons. This notice will be made without delaying notice to affected New York State residents.

A list of consumer reporting agencies will be compiled by the New York State Attorney General and furnished upon request to any district required to make a notification in accordance with State Technology Law.

SUBJECT: EMPLOYEE PERSONAL IDENTIFYING INFORMATION

The District will restrict the use and access to employee personal identifying information. As defined in law, "personal identifying information" includes social security number, home address or telephone number, personal electronic mail address, Internet identification name or password, parent's surname prior to marriage, or driver's license number.

The District will not unless otherwise required by law:

- a) Publicly post or display an employee's social security number;
- b) Visibly print a social security number on any identification badge or card, including any time card;
- c) Place a social security number in files with unrestricted access; or
- d) Communicate an employee's personal identifying information to the general public.

A social security number will not be used as an identification number for purposes of any occupational licensing.

District staff will have access to this policy, informing them of their rights and responsibilities in accordance with Labor Law Section 203-d. District procedures for safeguarding employee "personal identifying information" will be evaluated; and employees who have access to this information as part of their job responsibilities will be advised as to the restrictions on release of this information in accordance with law.

Adopted: 7/12/21

SUBJECT: DATA NETWORKS AND SECURITY ACCESS

The District values the protection of private information of individuals in accordance with applicable law, regulations, and best practice. Accordingly, District officials and Information Technology (IT) staff will plan, implement, and monitor IT security mechanisms, procedures, and technologies necessary to prevent improper or illegal disclosure, modification, or denial of sensitive information in the District Computer System (DCS). Similarly, IT mechanisms and procedures will also be implemented in order to safeguard District technology resources, including computer hardware and software. District network administrators may review District computers to maintain system integrity and to ensure that individuals are using the system responsibly. Users should not expect that anything stored on school computers or networks will be private.

In order to achieve the objectives of this policy, the Board entrusts the Superintendent or designee to:

- a) Inventory and classify personal, private, and sensitive information on the DCS to protect the confidentiality, integrity, and availability of information;
- b) Develop password standards for all users including, but not limited to, how to create passwords and how often passwords should be changed by users to ensure security of the DCS;
- c) Ensure that the "audit trail" function is enabled within the District's network operating system, which will allow the District to determine on a constant basis who is accessing the DCS, and establish procedures for periodically reviewing audit trails;
- d) Develop procedures to control physical access to computer facilities, data rooms, systems, networks, and data to only authorized individuals; these procedures may include ensuring that server rooms remain locked at all times and the recording of arrival and departure dates and times of employees and visitors to and from the server room;
- e) Establish procedures for tagging new purchases as they occur, relocating assets, updating the inventory list, performing periodic physical inventories, and investigating any differences in an effort to prevent unauthorized and/or malicious access to these assets;
- f) Periodically grant, change, and terminate user access rights to the overall networked computer system and to specific software applications and ensure that users are given access based on, and necessary for, their job duties;
- g) Limit user access to the vendor master file, which contains a list of vendors from which District employees are permitted to purchase goods and services, to only the individual who is responsible for making changes to this list, and ensure that all former employees' access rights to the vendor master list are promptly removed;

(Continued)

SUBJECT: DATA NETWORKS AND SECURITY ACCESS (Cont'd.)

- h) Determine how, and to whom, remote access should be granted, obtain written agreements with remote access users to establish the District's needs and expectations, as appropriate, and monitor and control remote access;
- i) Verify that laptop computer systems assigned to teachers and administrators use full-disk encryption software to protect against loss of sensitive data;
- j) Deploy software to servers and workstations to identify and eradicate malicious software attacks such as viruses and malware;
- k) Develop a disaster recovery plan appropriate for the size and complexity of District IT operations to ensure continuous critical IT services in the event of any sudden, catastrophic event, including, but not limited to fire, computer virus, or deliberate or inadvertent employee action.

SUBJECT: STUDENT GRADING INFORMATION SYSTEMS

Student performance is assessed in many ways, but primarily through assigned grades. The District will help ensure the integrity of student grades by controlling access to its grading information system and by approving modifications to grades where warranted.

The System

The District utilizes an electronic software system that contains a record of student performance, credit accumulation, report cards, and a transcript. More specifically, the system includes class rosters where teachers enter student grades and track their students' academic progress. The system is used to generate student report cards and transcripts, and to maintain all student grading records.

To protect student data in the system, the District will first establish who has the authority to grant, change, or terminate user access. The personnel with this authority will be very limited. Further, if the grading system has a feature that allows one user or account to assume the identity of another user or account, the District will restrict or disable that feature. These types of features could allow a user greater access than intended, including inheriting permissions of another user that are greater than the user's.

System Access

The District will create categories of system users and assign appropriate system permissions to each. Users' permissions will be compatible with and restricted by their roles and job duties; their access will be as restrictive as possible. Typically, teachers will have the ability to enter, update, and modify grades each marking period before a pre-determined lockout date. The lockout function will be consistently used throughout the school year to help prevent grade modifications without authorization after a marking period closes. Through increased system permissions, other individuals—such as non-classroom teachers, guidance counselors, information technology (IT) staff, clerical staff, and support staff—will be able to view or modify grades.

The District will work with its IT, human resources, and other appropriate departments to determine how best to timely establish access rights, add users, deactivate or modify user accounts, and monitor user accounts. As appropriate, the District will develop further IT controls that protect against improper access and promote data security. Further, the District recognizes that system access is most secure when District-owned devices are used. Accordingly, staff should only use District-owned devices to view, enter, or modify student grades and comments.

Grade Changes

Once the lockout period begins, only authorized users identified by the District may change grades, and only under certain circumstances. The system will recognize when grades change, and a log of modified grades may then be viewed and printed. Any grade mismatches will be reconciled before the next marking period closes or before the end of the school year, whichever is earlier.

(Continued)

SUBJECT: STUDENT GRADING INFORMATION SYSTEMS (Cont'd.)

The staff member seeking to change a grade will submit a grade-change form signed by the requesting party, the teacher who assigned the original grade, and the appropriate administrator. This form and all other documents supporting a grade modification will be electronically filed in the grading system or filed in a non-electronic system—if electronic filing is impossible or impractical—and maintained for six years. The personnel seeking the modification should specify one or more reasonable grounds for the grade change on the form. There must be reasonable grounds to alter a grade. The reasons may include:

- a) Data entry error;
- b) Computational error;
- c) A modification based on work submitted or considered after the lockout date;
- d) Changing an incomplete grade to a regular grade because a student completed course requirements;
- e) Credit recovery coursework;
- f) Administrative change; or
- g) Other acceptable justifications.

Audit Log and Monitoring

The District's grading system will have an audit log or grade-change report function that records certain system activities, including modifications to grades. The District will periodically monitor audit logs or grade-change reports to confirm the integrity of the system, to ensure proper access by personnel, and to confirm that modifications within the system are appropriate and completed in a timely manner. The District will also periodically monitor user accounts and rights so that the permissions granted are proper and the minimum necessary for each user or user group. To the extent feasible, the District will make sure that user accounts are current and updated regularly. The District will be able to print user information, logs, reports, and other documents from the student grading information system, as needed.

Student Transcripts

Student transcripts may show all credit-bearing classes; final grades; test scores; grade-point average; class rank; diploma type; SAT, ACT, and other standardized test scores; and graduation date. The same controls, protections, and monitoring applicable to student grading information apply equally to student transcripts.

The Commissioner of Education has appointed a Chief Privacy Officer who will report to the Commissioner on matters affecting privacy and the security of student data and teacher and principal data. Among other functions, the Chief Privacy Officer is authorized to provide assistance to educational agencies within the state on minimum standards and best practices associated with privacy and the security of student data and teacher and principal data.

The District will comply with its obligation to report breaches or unauthorized releases of student data or teacher or principal data to the Chief Privacy Officer in accordance with Education Law Section 2-d, its implementing regulations, and this policy.

The Chief Privacy Officer has the power, among others, to:

- a) Access all records, reports, audits, reviews, documents, papers, recommendations, and other materials maintained by the District that relate to student data or teacher or principal data, which includes, but is not limited to, records related to any technology product or service that will be utilized to store and/or process PII; and
- b) Based upon a review of these records, require the District to act to ensure that PII is protected in accordance with laws and regulations, including but not limited to requiring the District to perform a privacy impact and security risk assessment.

The District has designated a District employee to serve as the District's Data Protection Officer. The Data Protection Officer for the District is:

Business Manager

The Data Protection Officer is responsible for the implementation and oversight of this policy and any related procedures including those required by Education Law Section 2-d and its implementing regulations, as well as serving as the main point of contact for data privacy and security for the District.

The District will ensure that the Data Protection Officer has the appropriate knowledge, training, and experience to administer these functions. The Data Protection Officer may perform these functions in addition to other job responsibilities. Additionally, some aspects of this role may be outsourced to a provider such as a BOCES, to the extent available.

**SUBJECT: PRIVACY AND SECURITY FOR STUDENT DATA AND TEACHER AND
PRINCIPAL DATA (Cont'd.)****District Data Privacy and Security Standards**

The District will use the National Institute for Standards and Technology Framework for Improving Critical Infrastructure Cybersecurity (Version 1.1) (Framework) as the standard for its data privacy and security program. The Framework is a risk-based approach to managing cybersecurity risk and is composed of three parts: the Framework Core, the Framework Implementation Tiers, and the Framework Profiles. The Framework provides a common taxonomy and mechanism for organizations to:

- a) Describe their current cybersecurity posture;
- b) Describe their target state for cybersecurity;
- c) Identify and prioritize opportunities for improvement within the context of a continuous and repeatable process;
- d) Assess progress toward the target state; and
- e) Communicate among internal and external stakeholders about cybersecurity risk.

The District will protect the privacy of PII by:

- a) Ensuring that every use and disclosure of PII by the District benefits students and the District by considering, among other criteria, whether the use and/or disclosure will:
 - 1. Improve academic achievement;
 - 2. Empower parents and students with information; and/or
 - 3. Advance efficient and effective school operations.
- b) Not including PII in public reports or other public documents.

The District affords all protections under FERPA and the Individuals with Disabilities Education Act and their implementing regulations to parents or eligible students, where applicable.

**SUBJECT: PRIVACY AND SECURITY FOR STUDENT DATA AND TEACHER AND
PRINCIPAL DATA (Cont'd.)****Third-Party Contractors**District Responsibilities

The District will ensure that whenever it enters into a contract or other written agreement with a third-party contractor under which the third-party contractor will receive student data or teacher or principal data from the District, the contract or written agreement will include provisions requiring that confidentiality of shared student data or teacher or principal data be maintained in accordance with law, regulation, and District policy.

In addition, the District will ensure that the contract or written agreement includes the third-party contractor's data privacy and security plan that has been accepted by the District.

The third-party contractor's data privacy and security plan must, at a minimum:

- a) Outline how the third-party contractor will implement all state, federal, and local data privacy and security contract requirements over the life of the contract, consistent with District policy;
- b) Specify the administrative, operational, and technical safeguards and practices the third-party contractor has in place to protect PII that it will receive under the contract;
- c) Demonstrate that the third-party contractor complies with the requirements of 8 NYCRR Section 121.3(c);
- d) Specify how officers or employees of the third-party contractor and its assignees who have access to student data or teacher or principal data receive or will receive training on the laws governing confidentiality of this data prior to receiving access;
- e) Specify if the third-party contractor will utilize subcontractors and how it will manage those relationships and contracts to ensure PII is protected;
- f) Specify how the third-party contractor will manage data privacy and security incidents that implicate PII including specifying any plans to identify breaches and unauthorized disclosures, and to promptly notify the District;
- g) Describe whether, how, and when data will be returned to the District, transitioned to a successor contractor, at the District's option and direction, deleted or destroyed by the third-party contractor when the contract is terminated or expires; and
- h) Include a signed copy of the Parents' Bill of Rights for Data Privacy and Security.

(Continued)

**SUBJECT: PRIVACY AND SECURITY FOR STUDENT DATA AND TEACHER AND
PRINCIPAL DATA (Cont'd.)**Third-Party Contractor Responsibilities

Each third-party contractor, that enters into a contract or other written agreement with the District under which the third-party contractor will receive student data or teacher or principal data from the District, is required to:

- a) Adopt technologies, safeguards, and practices that align with the NIST Cybersecurity Framework;
- b) Comply with District policy and Education Law Section 2-d and its implementing regulations;
- c) Limit internal access to PII to only those employees or subcontractors that have legitimate educational interests (i.e., they need access to provide the contracted services);
- d) Not use the PII for any purpose not explicitly authorized in its contract;
- e) Not disclose any PII to any other party without the prior written consent of the parent or eligible student:
 - 1. Except for authorized representatives of the third-party contractor such as a subcontractor or assignee to the extent they are carrying out the contract and in compliance with law, regulation, and its contract with the District; or
 - 2. Unless required by law or court order and the third-party contractor provides a notice of the disclosure to NYSED, the Board, or the institution that provided the information no later than the time the information is disclosed, unless providing notice of the disclosure is expressly prohibited by law or court order;
- f) Maintain reasonable administrative, technical, and physical safeguards to protect the security, confidentiality, and integrity of PII in its custody;
- g) Use encryption to protect PII in its custody while in motion or at rest; and
- h) Not sell PII nor use or disclose it for any marketing or commercial purpose or facilitate its use or disclosure by any other party for any marketing or commercial purpose or permit another party to do so.

Where a third-party contractor engages a subcontractor to perform its contractual obligations, the data protection obligations imposed on the third-party contractor by law and contract apply to the subcontractor.

(Continued)

**SUBJECT: PRIVACY AND SECURITY FOR STUDENT DATA AND TEACHER AND
PRINCIPAL DATA (Cont'd.)**Cooperative Educational Services through a BOCES

The District may not be required to enter into a separate contract or data sharing and confidentiality agreement with a third-party contractor that will receive student data or teacher or principal data from the District under all circumstances.

For example, the District may not need its own contract or agreement where:

- a) It has entered into a cooperative educational service agreement (CoSer) with a BOCES that includes use of a third-party contractor's product or service; and
- b) That BOCES has entered into a contract or data sharing and confidentiality agreement with the third-party contractor, pursuant to Education Law Section 2-d and its implementing regulations, that is applicable to the District's use of the product or service under that CoSer.

To meet its obligations whenever student data or teacher or principal data from the District is received by a third-party contractor pursuant to a CoSer, the District will consult with the BOCES to, among other things:

- a) Ensure there is a contract or data sharing and confidentiality agreement pursuant to Education Law Section 2-d and its implementing regulations in place that would specifically govern the District's use of a third-party contractor's product or service under a particular CoSer;
- b) Determine procedures for including supplemental information about any applicable contracts or data sharing and confidentiality agreements that a BOCES has entered into with a third-party contractor in its Parents' Bill of Rights for Data Privacy and Security;
- c) Ensure appropriate notification is provided to affected parents, eligible students, teachers, and/or principals about any breach or unauthorized release of PII that a third-party contractor has received from the District pursuant to a BOCES contract; and
- d) Coordinate reporting to the Chief Privacy Officer to avoid duplication in the event the District receives information directly from a third-party contractor about a breach or unauthorized release of PII that the third-party contractor received from the District pursuant to a BOCES contract.

Click-Wrap Agreements

Periodically, District staff may wish to use software, applications, or other technologies in which the user must "click" a button or box to agree to certain online terms of service prior to using the software, application, or other technology. These are known as "click-wrap agreements" and are considered legally binding "contracts or other written agreements" under Education Law Section 2-d and its implementing regulations.

(Continued)

**SUBJECT: PRIVACY AND SECURITY FOR STUDENT DATA AND TEACHER AND
PRINCIPAL DATA (Cont'd.)**

District staff are prohibited from using software, applications, or other technologies pursuant to a click-wrap agreement in which the third-party contractor receives student data or teacher or principal data from the District unless they have received prior approval from the District's Data Privacy Officer or designee.

The District will develop and implement procedures requiring prior review and approval for staff use of any software, applications, or other technologies pursuant to click-wrap agreements.

Parents' Bill of Rights for Data Privacy and Security

The District will publish its Parents' Bill of Rights for Data Privacy and Security (Bill of Rights) on its website. Additionally, the District will include the Bill of Rights with every contract or other written agreement it enters into with a third-party contractor under which the third-party contractor will receive student data or teacher or principal data from the District.

The Bill of Rights will contain all required elements including supplemental information for each contract the District enters into with a third-party contractor where the third-party contractor receives student data or teacher or principal data from the District. The supplemental information must be developed by the District and include the following information:

(Continued)

SUBJECT: PRIVACY AND SECURITY FOR STUDENT DATA AND TEACHER AND PRINCIPAL DATA (Cont'd.)

- a) The exclusive purposes for which the student data or teacher or principal data will be used by the third-party contractor, as defined in the contract;
- b) How the third-party contractor will ensure that the subcontractors, or other authorized persons or entities to whom the third-party contractor will disclose the student data or teacher or principal data, if any, will abide by all applicable data protection and security requirements, including but not limited to those outlined in applicable laws and regulations (e.g., FERPA; Education Law Section 2-d);
- c) The duration of the contract, including the contract's expiration date, and a description of what will happen to the student data or teacher or principal data upon expiration of the contract or other written agreement (e.g., whether, when, and in what format it will be returned to the District, and/or whether, when, and how the data will be destroyed);
- d) If and how a parent, student, eligible student, teacher, or principal may challenge the accuracy of the student data or teacher or principal data that is collected;
- e) Where the student data or teacher or principal data will be stored, described in a manner as to protect data security, and the security protections taken to ensure the data will be protected and data privacy and security risks mitigated; and
- f) Address how the data will be protected using encryption while in motion and at rest.

The District will publish on its website the supplement to the Bill of Rights (i.e., the supplemental information described above) for any contract or other written agreement it has entered into with a third-party contractor that will receive PII from the District. The Bill of Rights and supplemental information may be redacted to the extent necessary to safeguard the privacy and/or security of the District's data and/or technology infrastructure.

Right of Parents and Eligible Students to Inspect and Review Students' Education Records

Consistent with the obligations of the District under FERPA, parents and eligible students have the right to inspect and review a student's education record by making a request directly to the District in a manner prescribed by the District.

The District will ensure that only authorized individuals are able to inspect and review student data. To that end, the District will take steps to verify the identity of parents or eligible students who submit requests to inspect and review an education record and verify the individual's authority to do so.

Requests by a parent or eligible student for access to a student's education records must be directed to the District and not to a third-party contractor. The District may require that requests to inspect and review education records be made in writing.

(Continued)

**SUBJECT: PRIVACY AND SECURITY FOR STUDENT DATA AND TEACHER AND
PRINCIPAL DATA (Cont'd.)**

The District will notify parents annually of their right to request to inspect and review their child's education record including any student data stored or maintained by the District through its annual FERPA notice. A notice separate from the District's annual FERPA notice is not required.

The District will comply with a request for access to records within a reasonable period, but not more than 45 calendar days after receipt of a request.

The District may provide the records to a parent or eligible student electronically, if the parent consents. The District must transmit the PII in a way that complies with laws and regulations. Safeguards associated with industry standards and best practices, including but not limited to encryption and password protection, must be in place when education records requested by a parent or eligible student are electronically transmitted.

Complaints of Breach or Unauthorized Release of Student Data and/or Teacher or Principal Data

The District will inform parents, through its Parents' Bill of Rights for Data Privacy and Security, that they have the right to submit complaints about possible breaches of student data to the Chief Privacy Officer at NYSED. In addition, the District has established the following procedures for parents, eligible students, teachers, principals, and other District staff to file complaints with the District about breaches or unauthorized releases of student data and/or teacher or principal data:

- a) All complaints must be submitted to the District's Data Protection Officer in writing.
- b) Upon receipt of a complaint, the District will promptly acknowledge receipt of the complaint, commence an investigation, and take the necessary precautions to protect PII.
- c) Following the investigation of a submitted complaint, the District will provide the individual who filed the complaint with its findings. This will be completed within a reasonable period of time, but no more than 60 calendar days from the receipt of the complaint by the District.
- d) If the District requires additional time, or where the response may compromise security or impede a law enforcement investigation, the District will provide the individual who filed the complaint with a written explanation that includes the approximate date when the District anticipates that it will respond to the complaint.

These procedures will be disseminated to parents, eligible students, teachers, principals, and other District staff.

The District will maintain a record of all complaints of breaches or unauthorized releases of student data and their disposition in accordance with applicable data retention policies.

**SUBJECT: PRIVACY AND SECURITY FOR STUDENT DATA AND TEACHER AND
PRINCIPAL DATA (Cont'd.)****Reporting a Breach or Unauthorized Release**

The District will report every discovery or report of a breach or unauthorized release of student data or teacher or principal data within the District to the Chief Privacy Officer without unreasonable delay, but no more than ten calendar days after the discovery.

Each third-party contractor that receives student data or teacher or principal data pursuant to a contract or other written agreement entered into with the District will be required to promptly notify the District of any breach of security resulting in an unauthorized release of the data by the third-party contractor or its assignees in violation of applicable laws and regulations, the Parents' Bill of Rights for Student Data Privacy and Security, District policy, and/or binding contractual obligations relating to data privacy and security, in the most expedient way possible and without unreasonable delay, but no more than seven calendar days after the discovery of the breach.

In the event of notification from a third-party contractor, the District will in turn notify the Chief Privacy Officer of the breach or unauthorized release of student data or teacher or principal data no more than ten calendar days after it receives the third-party contractor's notification using a form or format prescribed by NYSED.

Investigation of Reports of Breach or Unauthorized Release by the Chief Privacy Officer

The Chief Privacy Officer is required to investigate reports of breaches or unauthorized releases of student data or teacher or principal data by third-party contractors. As part of an investigation, the Chief Privacy Officer may require that the parties submit documentation, provide testimony, and may visit, examine, and/or inspect the third-party contractor's facilities and records.

Upon the belief that a breach or unauthorized release constitutes criminal conduct, the Chief Privacy Officer is required to report the breach and unauthorized release to law enforcement in the most expedient way possible and without unreasonable delay.

Third-party contractors are required to cooperate with the District and law enforcement to protect the integrity of investigations into the breach or unauthorized release of PII.

Upon conclusion of an investigation, if the Chief Privacy Officer determines that a third-party contractor has through its actions or omissions caused student data or teacher or principal data to be breached or released to any person or entity not authorized by law to receive this data in violation of applicable laws and regulations, District policy, and/or any binding contractual obligations, the Chief Privacy Officer is required to notify the third-party contractor of the finding and give the third-party contractor no more than 30 days to submit a written response.

(Continued)

**SUBJECT: PRIVACY AND SECURITY FOR STUDENT DATA AND TEACHER AND
PRINCIPAL DATA (Cont'd.)**

If after reviewing the third-party contractor's written response, the Chief Privacy Officer determines the incident to be a violation of Education Law Section 2-d, the Chief Privacy Officer will be authorized to:

- a) Order the third-party contractor be precluded from accessing PII from the affected educational agency for a fixed period of up to five years;
- b) Order that a third-party contractor or assignee who knowingly or recklessly allowed for the breach or unauthorized release of student data or teacher or principal data be precluded from accessing student data or teacher or principal data from any educational agency in the state for a fixed period of up to five years;
- c) Order that a third-party contractor who knowingly or recklessly allowed for the breach or unauthorized release of student data or teacher or principal data will not be deemed a responsible bidder or offeror on any contract with an educational agency that involves the sharing of student data or teacher or principal data, as applicable for purposes of General Municipal Law Section 103 or State Finance Law Section 163(10)(c), as applicable, for a fixed period of up to five years; and/or
- d) Require the third-party contractor to provide additional training governing confidentiality of student data and/or teacher or principal data to all its officers and employees with reasonable access to this data and certify that the training has been performed at the contractor's expense. This additional training is required to be performed immediately and include a review of laws, rules, and regulations, including Education Law Section 2-d and its implementing regulations.

If the Chief Privacy Officer determines that the breach or unauthorized release of student data or teacher or principal data on the part of the third-party contractor or assignee was inadvertent and done without intent, knowledge, recklessness, or gross negligence, the Chief Privacy Officer may make a recommendation to the Commissioner that no penalty be issued to the third-party contractor.

The Commissioner would then make a final determination as to whether the breach or unauthorized release was inadvertent and done without intent, knowledge, recklessness or gross negligence and whether or not a penalty should be issued.

Notification of a Breach or Unauthorized Release

The District will notify affected parents, eligible students, teachers, and/or principals in the most expedient way possible and without unreasonable delay, but no more than 60 calendar days after the discovery of a breach or unauthorized release of PII by the District or the receipt of a notification of a breach or unauthorized release of PII from a third-party contractor unless that notification would

(Continued)

**SUBJECT: PRIVACY AND SECURITY FOR STUDENT DATA AND TEACHER AND
PRINCIPAL DATA (Cont'd.)**

interfere with an ongoing investigation by law enforcement or cause further disclosure of PII by disclosing an unfixed security vulnerability. Where notification is delayed under these circumstances, the District will notify parents, eligible students, teachers, and/or principals within seven calendar days after the security vulnerability has been remedied or the risk of interference with the law enforcement investigation ends.

Notifications will be clear, concise, use language that is plain and easy to understand, and to the extent available, include:

- a) A brief description of the breach or unauthorized release, the dates of the incident and the date of discovery, if known;
- b) A description of the types of PII affected;
- c) An estimate of the number of records affected;
- d) A brief description of the District's investigation or plan to investigate; and
- e) Contact information for representatives who can assist parents or eligible students that have additional questions.

Notification will be directly provided to the affected parent, eligible student, teacher, or principal by first-class mail to their last known address, by email, or by telephone.

Where a breach or unauthorized release is attributed to a third-party contractor, the third-party contractor is required to pay for or promptly reimburse the District for the full cost of this notification.

Annual Data Privacy and Security Training

The District will annually provide data privacy and security awareness training to its officers and staff with access to PII. This training will include, but not be limited to, training on the applicable laws and regulations that protect PII and how staff can comply with these laws and regulations. The District may deliver this training using online training tools. Additionally, this training may be included as part of the training that the District already offers to its workforce.

Notification of Policy

The District will publish this policy on its website and provide notice of the policy to all its officers and staff.

**SUBJECT: CARDIAC AUTOMATED EXTERNAL DEFIBRILLATORS (AEDs) IN
PUBLIC SCHOOL FACILITIES**

The District will provide and maintain on-site in each instructional school facility functional cardiac automated external defibrillator (AED) equipment as defined in Public Health Law Section 3000-b for use during emergencies. Each facility will have sufficient AED equipment available to ensure ready and appropriate access for use during emergencies in quantities and types as deemed by the Commissioner of Education, in consultation with the Commissioner of Health. Determination of the quantity and placement of AEDs must be made with consideration of at least the factors described in Commissioner's regulations. An instructional school facility means a building or other facility maintained by the District where instruction is provided to students in accordance with its curriculum.

Whenever an instructional school facility is used for a school-sponsored or school-approved curricular or extracurricular event or activity, and whenever a school-sponsored athletic contest is held at any location, the public school officials and administrators responsible for the school facility or athletic contest will ensure that AED equipment is provided on-site and that there is present during that event, activity, or contest at least one staff person who is trained in accordance with Public Health Law in the operation and use of an AED. **SUBJECT: FIRE AND EMERGENCY DRILLS, BOMB THREATS, AND BUS
EMERGENCY DRILLS****Fire and Emergency Drills**

The administration of each school building will instruct and train students on appropriate emergency responses, through fire and emergency drills, in the event of a sudden emergency.

Fire and emergency drills will be held at least 12 times in each school year; eight of these will be completed by December 31. Eight of all drills will be evacuation drills, four will be through use of the fire escapes on buildings where fire escapes are provided or identified secondary exits. The other four drills will be lock-down drills. Drills will be conducted at different times of the school day. Students will also be instructed in the procedures to be followed in the event that a fire occurs during the regular school lunch period or assembly, however, this additional instruction may be waived if a drill is held during the regular lunch period or assembly.

Summer School

At least two additional drills will be held during summer school in buildings where summer school is held, and one of these drills will be held during the first week of summer school.

After-School Programs, Events, or Performances

The building principal or designee will require those in charge of after-school programs, events, or performances attended by any individuals unfamiliar with that school building, to announce at the beginning of these programs the procedures to be followed in the event of an emergency.

Bomb Threats**School Bomb Threats**

A bomb threat, even if later determined to be a hoax, is a criminal act. No bomb threat should be treated as a hoax when it is first received. Upon receiving any bomb threat, the school has an obligation and responsibility to ensure the safety and protection of the students and other occupants of the school. This obligation takes precedence over a search for a suspect object. Prudent action is dependent upon known information about the bomb threat-location, if any; time of detonation; etc. Specific procedures as to appropriate responses as a result of a bomb threat can be located in the building-level emergency response plan, as required by relevant law and regulation.

(Continued)

**SUBJECT: FIRE AND EMERGENCY DRILLS, BOMB THREATS, AND BUS
EMERGENCY DRILLS (Cont'd.)****Police Notification and Investigation**

Appropriate law enforcement agencies must be notified by the building administrator or designee of any bomb threat as soon as possible after receiving the threat. Law enforcement officials will contact, as the situation requires, fire and/or county emergency coordinators according to the county emergency plan.

Implementation

The Superintendent or designee will develop written procedures to implement the terms of this policy. Additionally, these procedures will be incorporated in the District-wide school safety plan and the building-level emergency response plan, with provisions to provide written information to all staff and students regarding emergency procedures by October 1 of each school year, an annual drill to test the emergency response procedures under each of its building-level emergency response plans; and the annual review of the District-wide and building-level emergency response plans, along with updates as necessary, by September 1, as mandated by law or regulation.

Bus Emergency Drills

The administration will conduct a minimum of three emergency drills to be held on each school bus during the school year. The first drill will be conducted during the first seven days of school, the second drill between November 1 and December 31, and the third drill between March 1 and April 30. No drills will be conducted when buses are on routes.

Students who ordinarily walk to school will also be included in the drills. Students attending public and nonpublic schools who do not participate in regularly scheduled drills will also be provided drills on school buses, or as an alternative, will be provided classroom instruction covering the content of these drills.

Each drill will include practice and instruction in the location, use, and operation of the emergency exits, fire extinguishers, first-aid equipment, and windows as a means of escape in the event of fire or accident. Similarly, students will be instructed on all topics mandated by relevant sections of the Education Law and Commissioner's regulations, including, but not limited to, the following:

- a) Safe boarding and exiting procedures with specific emphasis on when and how to approach, board, disembark, and move away from the bus after disembarking;
- b) Advancing at least 15 feet in front of the bus before crossing the highway after disembarking;

(Continued)

**SUBJECT: FIRE AND EMERGENCY DRILLS, BOMB THREATS, AND BUS
EMERGENCY DRILLS (Cont'd.)**

- c) Specific hazards encountered during snow, ice, rain, and other inclement weather, including, but not necessarily limited to, poor driver visibility, reduced vehicular control, and reduced hearing; and
- d) Orderly conduct as bus passengers.

The administration of the drills will be in accordance with the New York State Education Department's Bus Safety Drill Guide and Compliance Form.

Instruction on Use of Seat Belts

When students are transported on school buses, the District will ensure that all students who are transported on any school bus owned, leased, or contracted for by the District will receive instruction on the use of seat safety belts. This instruction will be provided at least three times each year to both public and nonpublic school students who are so transported and will include, but not be limited to:

- a) Proper fastening and release of seat safety belts;
- b) Acceptable adjustment and placement of seat safety belts on students;
- c) Times at which the seat safety belts should be fastened and released; and
- d) Acceptable placement of the seat safety belts when not in use.

Signage/Notification

Students and staff will also receive additional notification, as deemed appropriate by the Superintendent, regarding the use of its surveillance cameras through means such as publication in the District calendar, employee handbook, and/or the student handbook.

Maintenance of Video Recordings

Any video surveillance recording in the schools, on school buses, or on school property, on tape, CD, or digitally, will be the sole property of the District and stored in its original form and in a secure location to avoid tampering and also to ensure its confidentiality in accordance with relevant law and regulations.

In addition, to the extent that any video images create student or personnel records, the District will comply with all applicable state and federal laws related to record retention, record maintenance, and record disclosure, including the Family Educational Rights and Privacy Act ("FERPA").

Transportation to Nonpublic Schools on Holidays

The District will share its calendar and start and dismissal times with nonpublic schools before the start of the school year. The District is not required to provide transportation to nonpublic schools on days on which the District's schools are not in session.

Transportation for Nonpublic School Students with Disabilities who are Parentally Placed

For students with disabilities, ages 5 through 21, who are parentally placed in nonpublic schools outside their district of residency, if special education services are to be provided to a student at a site other than the nonpublic school, the school district of location is responsible for providing the special education services, including, as applicable, arranging and providing transportation necessary for the student to receive special education services.

In that event the Commissioner may then establish transportation arrangements.

Student Information

Upon written consent of the parent or person in parental relation, every school bus which is used to regularly transport students with disabilities will maintain the following information about each student with a disability being transported:

If testing shows an alcohol concentration of 0.02 or greater but less than 0.04, the employee must be removed from performing safety-sensitive functions for not less than 24 hours, but no punitive action will be taken by the employer;
- b) Using alcohol while performing safety-sensitive functions;

- h) Reporting for duty, remaining on duty, or performing a safety-sensitive function, if the driver tests positive for drugs.

Additionally, under New York State law, all school bus drivers are prohibited from:

- a) Consuming a drug or intoxicating liquor, regardless of its alcoholic content, or be under the influence of a drug or intoxicating liquor, within six hours before going on duty or operating, or having physical control of a bus;
- b) Consuming a drug or intoxicating liquor, regardless of its alcoholic content while on duty, or operating, or in physical control of a bus; or

Drivers who are found to have engaged in prohibited conduct under federal law and regulation will be removed immediately from safety-sensitive functions and will not be allowed to return to perform safety-sensitive functions until they:

- a) Are evaluated by a SAP;
- b) Complete any requirements for rehabilitation as set by the employer and the SAP; and
- c) Pass a return-to-duty test with the result below 0.02 if the conduct involved alcohol, or a drug test with a verified negative result if the conduct involved drug use.

SUBJECT: DRUG AND ALCOHOL TESTING FOR SCHOOL BUS DRIVERS**The Drug and Alcohol Clearinghouse**

The Drug and Alcohol Clearinghouse ("Clearinghouse") is a secure online database that provides real-time information about CDL and commercial learner's permit holder's drug and alcohol program violations. The District will comply with all federal law and regulation regarding the Clearinghouse.

In accordance with 49 CFR Part 382, the following personal information will be collected, maintained, and reported to the Clearinghouse:

requirements. The Superintendent or designee will ensure that a copy of these materials is distributed to each school bus driver, who will sign for receipt of all of the above documents, as well as other appropriate personnel, prior to the start of any drug and/or alcohol testing as well as at the beginning of each school year or at the time of hire for any school bus driver. Representatives of applicable collective bargaining units will be notified of the availability of this information.

The Superintendent or designee will further ensure that each school bus driver receives educational materials concerning: the effects of drug and alcohol use on an individual's health, work, and personal life; signs and symptoms of a drug or alcohol problem (the driver's or a co-worker's); and available methods of intervening when a drug or alcohol problem is suspected, including confrontation, referral to any employee assistance program and/or referral to management.

The Superintendent or designee will arrange for training of all supervisors who may be utilized to determine whether reasonable suspicion exists to test a driver for prohibited conduct involving drugs and/or alcohol.

Records Management and Retention

Employee records relating to drug and/or alcohol testing, as well as to substance abuse and/or alcohol prevention programs, will be maintained in accordance with law and regulation. All employee drug and/or alcohol testing will be kept confidential and will only be revealed as required or authorized by law or regulation.

**SUBJECT: CODE OF ETHICS FOR BOARD MEMBERS AND ALL DISTRICT
PERSONNEL****General Provisions**

Officers and employees of the District hold their positions to serve and benefit the public, and not to obtain unwarranted personal or private gain in the exercise of their official powers and duties. The Board recognizes that, in furtherance of this fundamental principle, there is a need for clear and reasonable standards of ethical conduct.

The provisions of this policy are intended to supplement Article 18 of the General Municipal Law and any other law relating to ethical conduct of District officers and employees, and should not be construed to conflict with those authorities.

Standards of Conduct

The following rules and standards of conduct apply to all officers, including Board members, and employees of the District.

Gifts

No person may directly or indirectly solicit, accept, or receive any gift having a value of \$75 or more under circumstances in which it could reasonably be inferred that the gift was intended or expected to influence the individual in the performance of his or her official duties or was intended as a reward for any official action on the part of the individual. This prohibition applies to any gift, including money, services, loan, travel, entertainment, hospitality, thing or promise, or any other form.

Confidential Information

No person may disclose confidential information acquired by him or her in the course of his or her official duties or use this information to further his or her personal interests.

Conflicts of Interest

Except as permitted by law, no person may have an interest in any contract with the District when he or she, individually, or as a member of the Board, has the power or duty to: negotiate, prepare, authorize, or approve the contract or authorize or approve payment under the contract; audit bills or claims under the contract; or appoint an officer or employee who has any of these powers or duties.

Likewise, unless permitted by law, no chief fiscal officer, treasurer, or his or her deputy or employee, may have an interest in a bank or trust company designated as a depository, paying agent, registration agent, or for investment of funds of the District.

Personnel

**SUBJECT: CODE OF ETHICS FOR BOARD MEMBERS AND ALL DISTRICT
PERSONNEL (Cont'd.)**

No employee, officer, or agent will participate in selecting, awarding, or administering a contract supported by a federal award if he or she has a real or apparent conflict of interest. These conflicts could arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization that employs or is about to employ any of these parties has a financial or other interest in or a tangible personal interest benefit from a firm considered for a contract. Employees, officers, and agents will not solicit or accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts. The District may, however, set standards for situations where the financial interest is not substantial or the gift is an unsolicited item of nominal value.

"Interest," as used in this policy, means a direct or indirect pecuniary or material benefit accruing to a District officer or employee as the result of a contract with the District. A District officer or employee will be considered to have an interest in the contract of: his or her spouse, minor children and dependents, except a contract of employment with the District; a firm, partnership or association of which he or she is a member or employee; a corporation of which he or she is an officer, director or employee; and a corporation any stock of which is owned or controlled directly or indirectly by him or her.

The provisions of the preceding four paragraphs should not be construed to preclude the payment of lawful compensation and necessary expenses of any District officer or employee in one or more positions of public employment, not prohibited by law.

Representing Others in Matters Before the District

No person may receive, or enter into any agreement, express or implied, for compensation for services rendered in relation to any matter before the District. Likewise, no one may receive, or enter into any agreement, express or implied, for compensation for services rendered in relation to any matter before the District, where the individual's compensation is contingent upon any action by the District with respect to the matter.

Disclosure of Interest in Contracts and Resolutions

Any District officer or employee who has, will have, or later acquires an interest in or whose spouse has, will have or later acquires an interest in any actual or proposed contract, purchase agreement, lease agreement, or other agreement, including oral agreements, with the District must publicly disclose the nature and extent of that interest in writing. The disclosure must be made when the officer or employee first acquires knowledge of the actual or prospective interest, and must be filed with the person's immediate supervisor and the Board. Any written disclosure will be made part of and included in the official minutes of the relevant Board meeting.

Investments in Conflict with Official Duties

No person may invest or hold any investment directly or indirectly in any financial, business, commercial, or other private transaction, that creates a conflict with his or her official duties, or that would otherwise impair his or her independence of judgment in the exercise or performance of his or her official powers or duties.

Private Employment

No person may engage in, solicit, negotiate for, or promise to accept private employment or render services for private interests when that employment or service creates a conflict with or impairs the proper discharge of his or her official duties.

Future Employment

No person may, after the termination of service or employment with the District, appear before the District on behalf of his or her employer in relation to any case, proceeding, or application in which he or she personally participated during the period of his or her service or employment with the District or which was under his or her active consideration while he or she was with the District.

Notice of Code of Ethics and General Municipal Law Sections 800-809

The Superintendent will ensure that a copy of this code of ethics is distributed to every District officer and employee, and that a copy of General Municipal Law Sections 800-809 is posted conspicuously in each District building. The failure to distribute this code of ethics or to post General Municipal Law Sections 800-809 will have no effect on either the duty of District officers and employees to comply with their provisions, or the ability of the District or other relevant authorities to enforce them.

Penalties

Any person who knowingly or intentionally violates any of the provisions of this policy may be fined, suspended, removed from office or employment, or subject to additional or other penalties as provided by law.

SUBJECT: TESTING MISCONDUCT AND MANDATORY REPORTING REQUIREMENTS

District employees are expressly prohibited from: engaging in testing misconduct, as that term is described in the Commissioner's regulations; assisting in the engagement of, or soliciting another to engage in testing misconduct; and/or the knowing failure to report testing misconduct. When committed by an employee of the District in a position for which a teaching or school leader certificate is required, these actions or inactions will be deemed to raise a reasonable question of moral character under Part 83 of the Commissioner's regulations. A District employee in a position for which a teaching or school leader certificate is not required, who commits an unlawful act in respect to examination and records, will be subject to disciplinary action by the Board in a manner consistent with New York State law and regulation and any applicable collective bargaining agreement.

District employees will report to the State Education Department (SED) any known incident of testing misconduct by a certified educator or any known conduct by a non-certified individual involved in the handling, administration, or scoring of state assessments in violation of New York State law. This report will be made in accordance with directions and procedures established by the Commissioner for the purpose of maintaining the security and confidential integrity of state assessments.

The District will not dismiss or take other disciplinary or adverse action against an employee because he or she submitted a report regarding testing misconduct to the SED. Any adverse action by an individual holding a teaching or school leader certificate will be deemed to raise a reasonable question of moral character under Part 83 of the Commissioner's regulations and may be referred to the Office of School Personnel Review and Accountability at the SED.

SUBJECT: EQUAL EMPLOYMENT OPPORTUNITY**Overview**

The District is committed to creating and maintaining an environment which is free from discrimination and harassment. This policy addresses employment discrimination. It is just one component of the District's overall commitment to maintaining a discrimination and harassment-free educational and work environment.

Consistent with this commitment and in accordance with law and regulation, the District is an equal opportunity employer that does not discriminate against any employee or applicant for employment in its programs and activities on the basis of any legally protected class or category including, but not limited to: age; race; creed; religion; color; national origin; sexual orientation; gender identity or expression; military status; sex; disability; predisposing genetic characteristics; familial status; marital status; status as a victim of domestic violence; and criminal arrest or conviction record.

The District adopts this policy as part of its effort to provide for the prompt and equitable resolution of complaints of employment discrimination. The District will promptly respond to reports of employment discrimination, ensure that all investigations are conducted within a reasonably prompt time frame and under a predictable fair grievance process that provides due process protections, and impose disciplinary measures and implement remedies when warranted.

Inquiries about this policy may be directed to the District's Civil Rights Compliance Officer(s) (CRCO(s)).

Reporting Allegations of Employment Discrimination

Any person may report employment discrimination regardless of whether they are the alleged victim or not. Reports of employment discrimination may be made orally or in writing to the District's CRCO or any other District employee including, but not limited to, a supervisor or building principal.

All District employees who witness or receive an oral or written report of employment discrimination must immediately inform the CRCO. Failure to immediately inform the CRCO may subject the employee to discipline up to and including termination. If the CRCO is unavailable, including due to a conflict of interest or other disqualifying reason, the report will be directed to another CRCO, if the District has designated another individual to serve in that capacity. If the District has not designated another CRCO, the Superintendent will ensure that another person with the appropriate training and qualifications is appointed to act as the CRCO.

Additionally, District employees must comply with reporting requirements in any other applicable District policy or document. Applicable policies or documents may include: Policy #3420 -- Non-Discrimination and Anti-Harassment in the District.

(Continued)

SUBJECT: EQUAL EMPLOYMENT OPPORTUNITY (Cont'd.)**Grievance Process for Complaints of Employment Discrimination**

The District will act to promptly, thoroughly, and equitably investigate all complaints, whether oral or written, of employment discrimination and will promptly take appropriate action to protect individuals from further discrimination.

Various District policies and documents address employment discrimination. These policies and documents may include: Policy #3420 -- Non-Discrimination and Anti-Harassment in the District. All complaints will be handled in accordance with the applicable District policies and/or documents.

The determination as to which District policies and/or documents are applicable is fact specific, and the CRCO may work with other District staff to determine which District policies and/or documents are applicable to the specific facts of the complaint.

If an investigation reveals that employment discrimination has occurred, the District will take immediate corrective action as warranted. This action will be taken in accordance with applicable law and regulation, as well as any applicable District policy, regulation, procedure, collective bargaining agreement, third-party contract, or other document such as the District's *Code of Conduct*.

Prohibition of Retaliatory Behavior (Commonly Known as "Whistle-Blower" Protection)

The District prohibits retaliation against any individual because the individual made a report or complaint, testified, assisted, or participated or refused to participate in an investigation, proceeding, or hearing related to a complaint of employment discrimination.

Complaints of retaliation may be directed to the CRCO. If the CRCO is unavailable, including due to a conflict of interest or other disqualifying reason, the report will be directed to another CRCO, if the District has designated another individual to serve in that capacity. If the District has not designated another CRCO, the Superintendent will ensure that another person with the appropriate training and qualifications is appointed to act as the CRCO.

Where appropriate, follow-up inquiries will be made to ensure that the discrimination has not resumed and that those involved in the investigation have not suffered retaliation.

SUBJECT: SEXUAL HARASSMENT IN THE WORKPLACE**Overview**

The District is committed to creating and maintaining an environment which is free from harassment and discrimination. This policy addresses sexual harassment and gender discrimination in the workplace. It is intended to inform covered individuals of: their right to work in an environment that is free from sexual harassment and discrimination; what sexual harassment and discrimination look like; how they can prevent and report sexual harassment and discrimination; how they are protected from retaliation after taking action; and the general process for investigating a claim of sexual harassment and discrimination that falls under this policy. This policy is just one component of the District's overall commitment to maintaining a harassment and discrimination-free educational and work environment.

Under New York State Human Rights Law (NYSHRL), it is illegal for an employer to discriminate based on age, race, creed, color, national origin, citizenship or immigration status, sexual orientation, gender identity or expression, military status, sex, disability, predisposing genetic characteristics, familial status, marital status, status as a victim of domestic violence, or criminal history. These different identities impact an individual's perception and understanding of the world. For example, an individual's race, ability, or immigration status may impact their experience with gender discrimination in the workplace. While this policy is focused on sexual harassment and gender discrimination, the process for reporting and investigating discrimination based on other protected classes is generally the same. However, the exact process may vary depending on a number of factors including, but not limited to, who is involved. Other District policies and documents such as regulations, procedures, collective bargaining agreements, and the District's *Code of Conduct* detail the specific process for reporting and investigating discrimination based on other protected identities.

Sexual harassment is a form of workplace discrimination that subjects individuals to inferior conditions of employment due to their gender, gender identity, gender expression (perceived or actual), and/or sexual orientation. Sexual harassment is often viewed simply as a form of gender-based discrimination, but the District recognizes that discrimination can be related to or affected by other identities beyond gender.

Discrimination of any kind, including sexual harassment, is unlawful, a violation of District policy, and may subject the District to liability for the harm experienced by targets of discrimination. All individuals are required to work in a manner designed to prevent sexual harassment and discrimination in the workplace.

Harassers may also be individually subject to liability and supervisors who fail to report or act on harassment may be liable for aiding and abetting sexual harassment and discrimination. Employees at every level who engage in harassment or discrimination, including supervisory personnel who engage in harassment or discrimination or who allow such behavior to continue, will be subject to remedial and/or disciplinary action by the District.

SUBJECT: SEXUAL HARASSMENT IN THE WORKPLACE (Cont'd.)

The District adopts this policy as part of its effort to provide for the prompt and equitable resolution of complaints of sexual harassment in the workplace. The District will promptly respond to reports of sexual harassment in the workplace, ensure that all investigations are conducted within a reasonably prompt time frame and under a predictable fair grievance process that provides due process protections, and impose disciplinary measures and implement remedies when warranted.

Inquiries about this policy may be directed to the District's Civil Rights Compliance Officer(s) (CRCO(s)) and/or Title IX Coordinator(s).

Scope and Application

This policy applies to all instances of sexual harassment and gender discrimination perpetrated against a "covered individual" by anyone in the workplace, including a co-worker, supervisor, or third-party such as a non-employee, paid or unpaid intern, vendor, building security, visitor, volunteer, parent, or student. For purposes of this policy, a "covered individual" includes:

- a) Employees;
- b) Applicants for employment;
- c) Paid or unpaid interns; and
- d) Non-employees, which include anyone who is (or is employed by) a contractor, subcontractor, vendor, consultant, or other person providing services pursuant to a contract in the workplace. These non-employees include persons commonly referred to as independent contractors, gig workers, and temporary workers. Also included are non-employees providing equipment repair, cleaning services, or any other service through a contract with the District.

Other District policies and documents such as regulations, procedures, collective bargaining agreements, and the District's *Code of Conduct* may address misconduct related to sexual harassment and may provide for additional, different, or more specific grievance procedures depending on a number of factors including, but not limited to, who is involved and where the alleged sexual harassment occurred. These documents must be read in conjunction with this policy.

The dismissal of a complaint under one policy or document does not preclude action under another related District policy or document.

(Continued)

SUBJECT: SEXUAL HARASSMENT IN THE WORKPLACE (Cont'd.)**What Constitutes Sexual Harassment**

Sexual harassment is a form of gender-based discrimination that is unlawful under federal, state, and (where applicable) local law. Sexual harassment includes harassment on the basis of sex, sexual orientation, self-identified or perceived sex, gender expression, gender identity, and the status of being transgender. Sexual harassment is not limited to sexual contact, touching, or expressions of a sexually suggestive nature. Sexual harassment includes all forms of gender discrimination including discrimination based on gender role stereotyping, gender expression and perceived identity.

Under NYSHRL, sexual harassment is unlawful when it subjects an individual to inferior terms, conditions, or privileges of employment. Harassment does not need to be severe or pervasive to be illegal. It can be any harassing behavior that rises above petty slights or trivial inconveniences. Every instance of harassment is unique to those experiencing it, and there is no single boundary between petty slights and harassing behavior. However, NYSHRL specifies that whether harassing conduct is considered petty or trivial is to be viewed from the standpoint of a reasonable victim of discrimination with the same protected characteristics. Generally, any behavior in which a covered individual is treated worse because of their gender (perceived or actual), sexual orientation, or gender expression is considered a violation of District policy. The intent of the behavior, for example, making a joke, does not neutralize a harassment claim. Not intending to harass is not a defense. The impact of the behavior on a person is what counts.

Sexual harassment includes any unwelcome conduct which is either directed at an individual because of that individual's gender identity or expression (perceived or actual), or is of a sexual nature when:

- a) The purpose or effect of this behavior unreasonably interferes with an individual's work performance or creates an intimidating, hostile, or offensive work environment. The impacted individual does not need to be the intended target of the sexual harassment;
- b) Employment depends implicitly or explicitly on accepting such unwelcome behavior; or

(Continued)

Personnel

SUBJECT: SEXUAL HARASSMENT IN THE WORKPLACE (Cont'd.)

- c) Decisions regarding an individual's employment are based on an individual's acceptance to or rejection of the behavior. These decisions can include what shifts and how many hours an employee might work, project assignments, as well as salary and promotion decisions.

There are two main types of sexual harassment:

- a) Hostile work environment which includes, but is not limited to, words, signs, jokes, pranks, intimidation, or physical violence which are of a sexual nature, or which are directed at an individual because of that individual's sex, gender identity, or gender expression. Sexual harassment also consists of any unwanted verbal or physical advances, sexually explicit derogatory, or discriminatory statements which an employee finds offensive or objectionable, causes an employee discomfort or humiliation, or interferes with the employee's job performance.
- b) Quid pro quo harassment which occurs when a person in authority tries to trade job benefits for sexual favors. This can include hiring, promotion, continued employment or any other terms, conditions, or privileges of employment.

Any covered individual who feels harassed is encouraged to report the behavior so that any violation of this policy can be corrected promptly. Any harassing conduct, even a single incident, can be discrimination and is covered by this policy.

Examples of Sexual Harassment

The following describes some actions that may constitute unlawful sexual harassment and that are strictly prohibited. This list is just a sample of behaviors and should not be considered exhaustive. Any covered individual who believes they have experienced sexual harassment, even if it does not appear on this list, should feel encouraged to report it:

- a) Physical acts of a sexual nature, such as:
 - 1. Touching, pinching, patting, kissing, hugging, grabbing, brushing against another individual's body, or poking another individual's body; or
 - 2. Rape, sexual battery, molestation, or attempts to commit these assaults, which may be considered criminal conduct outside the scope of this policy.
- b) Unwanted sexual comments, advances, or propositions, such as:
 - 1. Requests for sexual favors accompanied by implied or overt threats concerning the target's job performance evaluation, a promotion, or other job benefits;

(Continued)

SUBJECT: SEXUAL HARASSMENT IN THE WORKPLACE (Cont'd.)

2. Subtle or obvious pressure for unwelcome sexual activities; or
 3. Repeated requests for dates or romantic gestures, including gift-giving.
- c) Sexually oriented gestures, noises, remarks or jokes, or questions and comments about a person's sexuality, sexual experience, or romantic history which create a hostile work environment. This is not limited to interactions in person. Remarks made over virtual platforms and in messaging apps when employees are working remotely can create a similarly hostile work environment.
- d) Sex stereotyping, which occurs when someone's conduct or personality traits are judged based on other people's ideas or perceptions about how individuals of a particular sex should act or look:
1. Remarks regarding an employee's gender expression, such as wearing a garment typically associated with a different gender identity; or
 2. Asking employees to take on traditionally gendered roles, such as asking a woman to serve meeting refreshments when it is not part of, or appropriate to, her job duties.
- e) Sexual or discriminatory displays or publications anywhere in the workplace, such as:
1. Displaying pictures, posters, calendars, graffiti, objects, promotional material, reading materials, or other materials that are sexually demeaning or pornographic. This includes such sexual displays on workplace computers or cell phones and sharing such displays while in the workplace;
 2. This also extends to the virtual or remote workspace and can include having such materials visible in the background of one's home during a virtual meeting.
- f) Hostile actions taken against an individual because of that individual's sex, sexual orientation, gender identity, or gender expression, such as:
1. Interfering with, destroying, or damaging a person's workstation, tools or equipment, or otherwise interfering with the individual's ability to perform the job;
 2. Sabotaging an individual's work;

5. Creating different expectations for individuals based on their perceived identities:
 - (a) Dress codes that place more emphasis on women's attire;

Who Can be a Target of Sexual Harassment?

Sexual harassment can occur between any individuals, regardless of their sex or gender. Harassment does not have to be between members of the opposite sex or gender. This policy applies to all instances of sexual harassment perpetrated against a "covered individual" by anyone in the workplace, including a co-worker, supervisor, or third-party such as a non-employee, paid or unpaid intern, vendor, building security, visitor, volunteer, parent, or student.

Sexual harassment does not happen in a vacuum and discrimination experienced by an individual can be impacted by biases and identities beyond an individual's gender. For example:

- a) Placing different demands or expectations on black women employees than white women employees can be both racial and gender discrimination;
- b) An individual's immigration status may lead to perceptions of vulnerability and increased concerns around illegal retaliation for reporting sexual harassment; or
- c) Past experiences as a survivor of domestic or sexual violence may lead an individual to feel re-traumatized by someone's behaviors in the workplace.

Individuals bring personal history with them to the workplace that might impact how they interact with certain behavior. It is especially important for all employees to be aware of how words or actions might impact someone with a different experience than their own in the interest of creating a safe and equitable workplace.

Where Can Sexual Harassment Occur?

Unlawful sexual harassment is not limited to the physical workplace itself. Sexual harassment can occur on school property and at school functions which, for purposes of this policy, means a school-sponsored or school-authorized extracurricular event or activity regardless of where the event or activity takes place, including any event or activity that may take place virtually or in another state. It can occur while covered individuals are traveling for District business or at District or industry-sponsored events or parties. Calls, texts, emails, and social media usage by covered individuals can constitute unlawful workplace harassment, even if they occur away from school property, on personal devices, or during non-work hours. Accordingly, conduct or incidents of sexual harassment that create or foreseeably create a disruption within the District may be subject to this policy in certain circumstances.

(Continued)

Personnel

SUBJECT: SEXUAL HARASSMENT IN THE WORKPLACE (Cont'd.)

Sexual harassment can occur when covered individuals are working remotely. Any behaviors outlined above that leave a covered individual feeling uncomfortable, humiliated, or unable to meet their job requirements constitute harassment even if the covered individual is working remotely when the harassment occurs. Harassment can happen on virtual meeting platforms, in messaging apps, and after working hours between personal cell phones.

Prohibition of Retaliatory Behavior (Commonly Known as "Whistle-Blower" Protection)

Retaliation is unlawful and is any action by an employer or supervisor that punishes an individual upon learning of a harassment claim, that seeks to discourage a covered individual from making a formal complaint or supporting a sexual harassment or discrimination claim, or that punishes those who have come forward. Adverse actions need not be job-related or occur in the workplace to constitute unlawful retaliation. For example, threats of physical violence outside of work hours or disparaging someone on social media would be covered as retaliation under this policy.

Examples of retaliation may include, but are not limited to:

- a) Demotion, termination, denying accommodations, reduced hours, or the assignment of less desirable shifts;
- b) Publicly releasing personnel files;
- c) Refusing to provide a reference or providing an unwarranted negative reference;
- d) Labeling an employee as "difficult" and excluding them from projects to avoid "drama";
- e) Undermining an individual's immigration status; or
- f) Reducing work responsibilities, passing over for a promotion, or moving an individual's desk to a less desirable office location.

Retaliation is unlawful under federal, state, and (where applicable) local law. The NYSHRL protects any individual who has engaged in "protected activity." Protected activity occurs when a person has:

- a) Made a complaint of sexual harassment or discrimination, either internally or with any government agency;
- b) Testified or assisted in a proceeding involving sexual harassment or discrimination under the NYSHRL or any other anti-discrimination law;

(Continued)

Personnel

SUBJECT: SEXUAL HARASSMENT IN THE WORKPLACE (Cont'd.)

- c) Opposed sexual harassment or discrimination by making a verbal or informal complaint, or by simply informing a supervisor, building principal, other administrator, or the CRCO of suspected harassment;
- d) Reported that a covered individual has been sexually harassed or discriminated against; or
- e) Encouraged a covered individual to report harassment.

The District prohibits all retaliation. Any individual that reports an incident of sexual harassment or discrimination, provides information, or otherwise assists in any investigation of a sexual harassment or discrimination complaint is protected from retaliation. No one should fear reporting sexual harassment or discrimination if they believe it has occurred. Even if the alleged harassment does not turn out to rise to the level of a violation of law, the individual is protected from retaliation if the person had a good faith belief that the practices were unlawful. However, the retaliation provision is not intended to protect persons making intentionally false charges of sexual harassment or discrimination.

Any District employee who retaliates against anyone involved in a sexual harassment or discrimination investigation will face disciplinary action, up to and including termination. All covered individuals who believe they have been subject to retaliation should inform a supervisor, building principal, other administrator, or the CRCO.

All employees and covered individuals who believe they have been a target of retaliation may also seek relief from government agencies, as explained in this policy.

Reporting Allegations of Sexual Harassment

Anyone who experiences, witnesses, or becomes aware of potential instances of sexual harassment is encouraged to report the behavior to a supervisor, building principal, other administrator, or the CRCO. Covered individuals should not feel discouraged from reporting harassment because they do not believe it is bad enough or conversely because they do not want to see someone fired over less severe behavior. Just as harassment can happen in different degrees, potential discipline for engaging in sexual harassment will depend on the degree of harassment and could include education counseling, suspension, or termination.

Reports of sexual harassment may be made verbally or in writing. A written complaint form is posted on the District's website if a covered individual would like to use it, but the complaint form is not required. Individuals who are reporting sexual harassment on behalf of another individual may use the complaint form and note that it is being submitted on another individual's behalf. A verbal or otherwise written complaint (such as an email) on behalf of oneself or another individual is also acceptable.

SUBJECT: SEXUAL HARASSMENT IN THE WORKPLACE (Cont'd.)

Reports may be made to a CRCO in person, by using the contact information for a CRCO, or by any other means that results in a CRCO receiving the person's verbal or written report. This report may be made at any time (including during non-business hours) by using the telephone number or email address, or by mail to the office address, listed for a CRCO.

Reports of sexual harassment may also be made to any other District employee including a supervisor or building principal. All reports of discrimination and/or harassment must be immediately forwarded to the CRCO. Reports may also be forwarded to other District employees depending on the allegations.

District employees must comply with reporting requirements in any other applicable District policy or document.

Covered individuals who believe they have been a target of sexual harassment may at any time seek assistance in additional available forums, as explained in this policy.

Supervisory Responsibilities

Everyone must work toward preventing sexual harassment, but leadership matters. Supervisors, building principals, other administrators, and the CRCOs have a special responsibility to make sure employees feel safe at work and that workplaces are free from harassment and discrimination. All supervisors, building principals, and other administrators who receive a complaint or information about suspected sexual harassment, observe what may be sexually harassing or discriminatory behavior, or for any reason suspect that sexual harassment or discrimination is occurring, are required to report the suspected sexual harassment to the CRCO. If the CRCO is unavailable, including due to a conflict of interest or other disqualifying reason, the report will be directed to another CRCO, if the District has designated another individual to serve in that capacity. If the District has not designated another CRCO, the Superintendent will ensure that another person with the appropriate training and qualifications is appointed to act as the CRCO.

Supervisors, building principals, and other administrators should not be passive and wait for a covered individual to make a claim of harassment. If they observe such behavior, they must act.

Supervisors, building principals, and other administrators can be disciplined if they engage in sexually harassing or discriminatory behavior themselves. Supervisors, building principals, and other administrators, can also be disciplined for failing to report suspected sexual harassment or allowing sexual harassment to continue after they know about it.

While supervisors, building principals, and other administrators have a responsibility to report harassment and discrimination, they must be mindful of the impact that harassment and a subsequent investigation has on victims. Being identified as a possible victim of harassment and questioned about

(Continued)

SUBJECT: SEXUAL HARASSMENT IN THE WORKPLACE (Cont'd.)

harassment and discrimination can be intimidating, uncomfortable and re-traumatizing for individuals. Supervisors, building principals, and other administrators must accommodate the needs of individuals who have experienced harassment to ensure the workplace is safe, supportive, and free from retaliation for them during and after any investigation.

Bystander Intervention

Any individual witnessing harassment as a bystander is encouraged to report it. A supervisor, building principal, or other administrator that is a bystander to harassment is **required** to report it. There are five standard methods of bystander intervention that can be used when anyone witnesses harassment or discrimination and wants to help.

- a) A bystander can interrupt the harassment by engaging with the individual being harassed and distracting them from the harassing behavior;
- b) A bystander who feels unsafe interrupting on their own can ask a third-party to help intervene in the harassment;
- c) A bystander can record or take notes on the harassment incident to benefit a future investigation;
- d) A bystander might check in with the person who has been harassed after the incident, see how they are feeling and let them know the behavior was not ok; and
- e) If a bystander feels safe, they can confront the harassers and name the behavior as inappropriate. When confronting harassment, physically assaulting an individual is never an appropriate response.

Though not exhaustive, and dependent on the circumstances, the guidelines above can serve as a brief guide of how to react when witnessing harassment in the workplace.

Grievance Process for Complaints of Sexual Harassment in the Workplace

All complaints or information about sexual harassment will be investigated, whether that information was reported in verbal or written form. An investigation of any complaint, information, or knowledge of suspected sexual harassment will be prompt, thorough, equitable, and started and completed as soon as possible. Investigations will be kept confidential to the extent possible. Disclosure may, however, be necessary to complete a thorough investigation of the charges and/or notify law enforcement officials. All individuals involved, including those making a harassment claim, witnesses, and alleged harassers deserve a fair and impartial investigation.

SUBJECT: SEXUAL HARASSMENT IN THE WORKPLACE (Cont'd.)

The CRCO will generally oversee the District's investigation of all complaints of discrimination and/or harassment. In the event an anonymous complaint is filed, the District will respond to the extent possible.

District employees may be required to cooperate as needed in an investigation of suspected sexual harassment. The District recognizes that participating in a harassment investigation can be uncomfortable and has the potential to retraumatize a covered individual. Individuals receiving claims and leading investigations will handle complaints and questions with sensitivity toward participants.

While the process may vary from case to case, investigations will be done in accordance with the following steps. Upon receipt of a complaint, the CRCO:

- a) Will conduct a prompt review of the allegations, assess the appropriate scope of the investigation, and take any interim actions (for example, instructing the individual(s) about whom the complaint was made to refrain from communications with the individual(s) who reported the harassment), as appropriate.

If the CRCO is unavailable, including due to a conflict of interest or other disqualifying reason, the report will be directed to another CRCO, if the District has designated another individual to serve in that capacity. If the District has not designated another CRCO, the Superintendent will ensure that another person with the appropriate training and qualifications is appointed to act as the CRCO.

- b) Will investigate all complaints of sexual harassment regardless of how those complaints are reported and treat all complaints with equal priority. For verbal complaints, the individual will be encouraged to complete, in writing, the complaint form. If the individual reporting prefers not to fill out the complaint form, a complaint form or equivalent documentation based on the verbal reporting will be prepared. The individual reporting the harassment will be provided a copy of the completed complaint form.
- c) Will take steps to obtain, review, and preserve documents sufficient to assess the allegations, including documents, emails, or phone records that may be relevant to the investigation. The CRCO will consider and implement appropriate document request, review, and preservation measures, including for electronic communications.
- d) Will seek to interview all parties involved, including any relevant witnesses. If a student is involved, the District will follow all applicable District policies and procedures regarding questioning students.
- e) Will create written documentation of the investigation (such as a letter, memo, or email), which contains the following:

SUBJECT: SEXUAL HARASSMENT IN THE WORKPLACE (Cont'd.)

1. A list of all documents reviewed, along with a detailed summary of relevant documents;
 2. A list of names of those interviewed, along with a detailed summary of their statements;
 3. A timeline of events;
 4. A summary of any prior relevant incidents disclosed in the investigation, reported or unreported; and
 5. The basis for the decision and final resolution of the complaint, together with any corrective action(s).
- f) Will keep the written documentation and associated documents in a secure and confidential location.
- g) Will promptly notify the individual(s) who reported the harassment and the individual(s) about whom the complaint was made that the investigation has been completed and implement any corrective actions identified in the written document. Any corrective action taken will be in accordance with applicable law and regulation, as well as any applicable District policy, regulation, procedure, collective bargaining agreement, third-party contract, or other document such as the District's *Code of Conduct*.
- h) Will inform the individual(s) who reported the harassment of the right to file a complaint or charge externally as outlined in this policy.

Other District policies and documents address sexual harassment. All complaints will be handled in accordance with the applicable District policies and/or documents.

The determination as to which District policies and/or documents are applicable is fact specific, and the CRCO may work with other District staff such as the District's Title IX Coordinator(s) to determine which District policies and/or documents are applicable to the specific facts of the complaint.

Annual Training

The District will provide a sexual harassment prevention training program to all employees on an annual basis. The training will be interactive and will include:

- a) An explanation of sexual harassment consistent with guidance issued by the Department of Labor in consultation with the Division of Human Rights;
- b) Examples of conduct that would constitute unlawful sexual harassment;

(Continued)

SUBJECT: SEXUAL HARASSMENT IN THE WORKPLACE (Cont'd.)

- c) Information concerning the federal and state statutory provisions concerning sexual harassment and remedies available to victims of sexual harassment;
- d) Information concerning employees' rights of redress and all available forums for adjudicating complaints; and
- e) Information addressing conduct by supervisors and any additional responsibilities for such supervisors.

Notification

The District will provide this policy to all employees in-person or digitally through email upon hiring and will be posted prominently in all work locations. In addition to sending the policy through email, this policy will also be available on the District's website.

At the time of hiring and at every annual sexual harassment prevention training program, the District will provide each employee a notice containing this policy and the information presented at the District's sexual harassment prevention training program.

This notice will be provided in English and in the language identified by the employee as their primary language, provided that the New York State Department of Labor Commissioner has published a template of the model materials in that language.

The notice will be delivered in writing, either in print or digitally. The notice will either link to or include, as an attachment or printed copy, the policy and training materials.

Legal Protections and External Remedies

Sexual harassment is not only prohibited by the District, but it is also prohibited by state, federal, and, where applicable, local law.

The District's internal process outlined in the policy above is one way for covered individuals to report sexual harassment. Covered individuals may also choose to pursue legal remedies with the following governmental entities. While a private attorney is not required to file a complaint with a governmental agency, covered individuals may also seek the legal advice of an attorney.

In addition to those outlined below, individuals may have other legal protections.

(Continued)

SUBJECT: SEXUAL HARASSMENT IN THE WORKPLACE (Cont'd.)New York State Division of Human Rights (NYSDHR)

The NYSHRL, NY Executive Law, Art. 15, Section 290 et seq., applies to all employers in New York State and protects covered individuals, regardless of immigration status. A complaint alleging violation of the NYSHRL may be filed either with the NYSDHR or in New York State Supreme Court.

Complaints of sexual harassment filed with NYSDHR may be submitted any time **within three years** of the harassment. If an individual does not file a complaint with NYSDHR, they can bring a lawsuit directly in state court under the NYSHRL, **within three years** of the alleged sexual harassment. An individual may not file with NYSDHR if they have already filed a NYSHRL complaint in state court.

Complaining internally to the District does not extend the time to file with NYSDHR or in court. The three years are counted from the date of the most recent incident of harassment.

Individuals do not need an attorney to file a complaint with NYSDHR, and there is no cost to file with NYSDHR.

NYSDHR will investigate the complaint and determine whether there is probable cause to believe that sexual harassment has occurred. Probable cause cases receive a public hearing before an administrative law judge. If sexual harassment is found at the hearing, NYSDHR has the power to award relief. Relief varies, but it may include requiring the employer to take action to stop the harassment, or repair the damage caused by the harassment, including paying of monetary damages, punitive damages, attorney's fees, and civil fines.

NYSDHR's main office contact information is: NYS Division of Human Rights, One Fordham Plaza, Fourth Floor, Bronx, New York 10458. Individuals may call (718) 741-8400 or visit: www.dhr.ny.gov.

Go to dhr.ny.gov/complaint for more information about filing a complaint with NYSDHR. The website has a digital complaint process that can be completed on a computer or mobile device from start to finish. The website has a complaint form that can be downloaded, filled out, and mailed to NYSDHR. The website also contains contact information for NYSDHR's regional offices across New York State.

Call the NYSDHR sexual harassment hotline at **1-800-HARASS-3 (1-800-427-2773)** for more information about filing a sexual harassment complaint. This hotline can also provide a referral to a volunteer attorney experienced in sexual harassment matters who can provide limited free assistance and counsel over the phone.

SUBJECT: SEXUAL HARASSMENT IN THE WORKPLACE (Cont'd.)The United States Equal Employment Opportunity Commission

The United States Equal Employment Opportunity Commission (EEOC) enforces federal anti-discrimination laws, including Title VII of the 1964 federal Civil Rights Act, 42 USC Section 2000e et seq. An individual can file a complaint with the EEOC anytime within 300 calendar days from the most recent incident of harassment. There is no cost to file a complaint with the EEOC. The EEOC will investigate the complaint and determine whether there is reasonable cause to believe that discrimination has occurred. If the EEOC determines that the law may have been violated, the EEOC will try to reach a voluntary settlement with the employer. If the EEOC cannot reach a settlement, the EEOC (or the Department of Justice in certain cases) will decide whether to file a lawsuit. The EEOC will issue a Notice of Right to Sue permitting workers to file a lawsuit in federal court if the EEOC closes the charge, is unable to determine if federal employment discrimination laws may have been violated, or believes that unlawful discrimination occurred but does not file a lawsuit.

Individuals may obtain relief in mediation, settlement, or conciliation. In addition, federal courts may award remedies if discrimination is found to have occurred. In general, private employers must have at least 15 employees to come within the jurisdiction of the EEOC.

An individual alleging discrimination at work can file a "Charge of Discrimination." The EEOC has district, area, and field offices where complaints can be filed. Contact the EEOC by calling 1-800-669-4000 (TTY: 1-800-669-6820), visiting their website at www.eeoc.gov, or via email at info@eeoc.gov. To file a complaint with the United States Equal Employment Opportunity Commission, please visit <https://www.eeoc.gov/filing-charge-discrimination>.

If an individual filed an administrative complaint with the NYSDHR, then NYSDHR will automatically file the complaint with the EEOC to preserve the right to proceed in federal court.

Title IX

Title IX of the Education Amendments Act of 1972 prohibits discrimination on the basis of sex in education programs and activities that receive federal financial assistance. The United States Department of Education's Office for Civil Rights (OCR) enforces Title IX of the Education Amendments Act of 1972.

For more information about how to file a complaint, contact OCR at 800-421-3481 (TDD 800-877-8339) or visit: <https://www2.ed.gov/about/offices/list/ocr/docs/howto.html>. The website contains information about filing the complaint online, by mail, or by email.

Local Protections

The District will not require applicants for positions to undergo a medical examination prior to an offer of employment. Further, the District will not make inquiries of a job applicant as to whether the applicant is an individual with a disability or as to the nature or severity of a disability. However, the District may make pre-employment inquiries into the ability of an applicant to perform job-related functions.

Examinations During Employment

The Board reserves the right to request a medical examination at any time during employment, at District expense, in order to determine whether an employee can perform the essential functions of the position with or without reasonable accommodation or for other valid employment reasons.

All bus drivers and substitute bus drivers must have yearly physical examinations. Each bus driver initially employed by the District will have a physical examination within the four weeks prior to the beginning of service. In no case will the interval between physical examinations exceed a 13-month period.

All medical and health related information will be kept in accordance with the Health Insurance Portability and Accountability Act of 1996 (HIPAA).

Examinations and Inquiries

The District may conduct voluntary medical examinations, including voluntary medical histories, which are part of an employee health program available to employees at that work site. The District may make inquiries into the ability of an employee to perform job-related functions.

The District, however, will not require a medical examination and will not make inquiries as to whether the employee is an individual with a disability or as to the nature or severity of the disability, unless the examination or inquiry is shown to be job related and consistent with business necessity.

SUBJECT: PROFESSIONAL GROWTH/STAFF DEVELOPMENT

The District will work to provide staff with professional learning opportunities. These opportunities will be designed to foster the professional growth of staff, help staff remain current with their profession, and meet the learning needs of students. Opportunities that may be provided for, include, but are not limited to:

- a) Planned in-service programs, courses, seminars, and workshops offered both within and outside the District.
- b) Videoconferences, prerecorded videos, and/or online discussion boards.
- c) Visits to other classrooms and schools, as well as attendance at professional meetings, for the purpose of improving instruction and/or educational services.
- d) Orientation or re-orientation of staff members to program and/or organizational changes as well as District expectations.

Attendance at professional learning programs must be directly related to the duties and responsibilities of the staff member. Consequently, staff members are encouraged to participate in the planning of staff development programs designed to meet their specific needs.

Staff members are also encouraged to continue their formal education, as well as to attend work-related workshops, conferences, and meetings.

Funds for participating in conferences, conventions, and other similar professional learning programs will be budgeted for by the Board on an annual basis. Reimbursement to staff members for all actual and necessary registration fees, expenses of travel, meals and lodging, as well as all necessary tuition fees incurred in connection with attendance at conferences, will be in accordance with District documents which address conference attendance and expense reimbursement.

Professional Learning Plans

By September 1 of each school year, the District will adopt or, in the case of multi-year plans, readopt a professional learning plan that meets the content requirements specified in the Commissioner's regulations. The professional learning plan will be structured in a format consistent with the Commissioner's guidelines and will include, among other things, a description of:

- a) The professional learning activities provided to all professional staff and supplementary school personnel who work with students with exceptional learning needs, particularly students with disabilities, English language learners, students who are gifted and talented, and students with low literacy levels, to enable them to identify these students and provide instruction based on the needs of these students.

SUBJECT: STAFF-STUDENT RELATIONS (FRATERNIZATION)

The Board requires that all District employees maintain a professional, ethical relationship with District students that is conducive to an effective, safe learning environment, and that staff members act as role models for students at all times, whether on or off school property and both during and outside of school hours. Staff must establish appropriate personal boundaries with students and not engage in any behavior that could reasonably lead to even the appearance of impropriety.

Staff members are prohibited, under any circumstances, to date or engage in any improper fraternization or undue familiarity with students, regardless of the student's age or express or implied consent to this conduct. Further, employees will not entertain or socialize with students in a manner so as to create the perception that a dating relationship exists. Similarly, any action or comment by a staff member which invites romantic or sexual involvement with a student is considered highly unethical, in violation of District policy, and may result in the notification of law enforcement officials and the filing of criminal charges and/or disciplinary action by the District.

Inappropriate employee behavior includes, but is not limited to, flirting; making suggestive comments; dating; requests for sexual activity; physical displays of affection; giving inappropriate personal gifts; frequent personal communication with a student unrelated to course work or official school matters; providing alcohol or drugs to students; inappropriate touching; and engaging in sexual contact and/or sexual relations. Frequent personal communication with a student unrelated to course work or official school matters" means any form in which personal communication may occur including, but not limited to, voice or text-based communication via phone, email, instant messaging, text messaging, or through social networking websites.

Inappropriate fraternization of staff with students, even if the student participated willingly in the activity (regardless of the student's age), is against District policy and may be in violation of professional standards of conduct and New York State Law. However, inappropriate employee conduct does not need to rise to the level of criminal activity for the conduct to be in violation of District rules and subject to appropriate disciplinary sanctions.

Any student who believes that he or she has been subjected to inappropriate staff behavior as described in this policy, as well as students, school employees, or third parties who have knowledge of or witness any possible occurrence of inappropriate staff-student relations, must report the incident to any staff member or the employee's supervisor, the student's principal, or the District's designated Compliance Officer. In all circumstances, these reports will be forwarded to the designated Compliance Officer for further investigation. Anonymous complaints of inappropriate fraternization of staff members with students will also be investigated by the District. Investigations of allegations of inappropriate staff-student relations will follow the procedures utilized for complaints of harassment within the District. Allegations of inappropriate staff-student behavior will be promptly investigated and will be treated as confidential and private to the extent possible within legal constraints. If there is a finding upon completion of the investigation that inappropriate conduct occurred, District administration will take prompt corrective action.

(Continued)

SUBJECT: STAFF-STUDENT RELATIONS (FRATERNIZATION) (Cont'd.)

Any employee having knowledge of or reasonable suspicion that another employee may have engaged in inappropriate conduct with a student that may constitute child abuse in an educational setting must also follow the District's reporting procedures for these allegations. This information will also be reported by the designated administrator as required by state law to law enforcement officials, the State Education Department (SED), and/or Child Protective Services as may be applicable.

If a student initiates inappropriate behavior toward a staff member, that employee will document the incident and report it to his or her building principal or supervisor immediately, or as soon as is practicable.

Prohibition of Retaliatory Behavior (Commonly Known as "Whistle-Blower" Protection)

The Board prohibits any retaliatory behavior directed against complainants, victims, witnesses, and/or any other individuals who participate in the investigation of allegations of inappropriate staff-student relations. Follow-up inquiries and/or appropriate monitoring will be made to ensure that the alleged conduct has not resumed and that all those involved in the investigation have not suffered retaliation. Any act of retaliation is subject to appropriate disciplinary action by the District.

District Responsibility/Training

The principal of each school and/or program supervisor will be responsible for informing students, staff, and volunteers of the requirements of this policy, including the duty to report and the procedures established for investigation and resolution of complaints. Further, staff training will be provided to facilitate staff identification of possible behavior that may constitute inappropriate staff-student relationships. Students will be provided this training in an age-appropriate manner.

This policy (or a summary) will be disseminated as appropriate to staff, students, and parents.

Disciplinary Sanctions

Any staff member who engages in inappropriate conduct with a student will be subject to appropriate disciplinary measures up to and including termination of employment in accordance with legal guidelines, District policy, and any applicable collective bargaining agreement. A violation of this policy may also subject the employee to criminal and/or civil sanctions as well as disciplinary action by the SED.

SUBJECT: WORKPLACE VIOLENCE PREVENTION POLICY STATEMENT (Cont'd.)

Written notice is not required where imminent danger exists to the safety of a specific employee and the employee reasonably believes in good faith that reporting to a supervisor or the Workplace Violence Prevention Coordinator would not result in corrective action.

8 NYCRR § 80-6.7

Adopted: 7/12/21

SUBJECT: REGISTRATION AND PROFESSIONAL LEARNING**Registration**

All employees who are certificate holders must register with the State Education Department (SED) every five years through the TEACH system. An employee is a certificate holder if they hold a permanent or professional certificate in the classroom teaching service, a permanent or professional certificate in the educational leadership service (i.e., school building leader, school district leader, or school district business leader), or a Level III Teaching Assistant certificate. Only registered employees may teach or supervise in the District.

Employees who were certificate holders prior to July 1, 2016 had to apply for initial registration during the 2016-2017 school year and each subsequent five-year period thereafter.

Any individual who is issued a new certificate is automatically registered with SED. These certificate holders must renew their registration every five years during their birth month.

Any certificate holder who fails to register by the beginning of the appropriate registration period may be subject to late filing penalties.

Certificate holders must notify SED of any change of name or mailing address within 30 days of such change through the TEACH system. Any certificate holder who willfully fails to inform SED of changes to their name and/or address within 180 days of such change may be subject to moral character review.

Continuing Teacher and Leader Education (CTLE) Credit Hours

All continuing teacher and leader education certificate holders (CTLE certificate holders) must successfully complete a minimum of 100 hours of acceptable CTLE hours during each five-year registration period to maintain a valid certificate. An employee is a CTLE certificate holder if they hold a professional certificate in the classroom teaching service, a professional certificate in educational leadership service, or a Level III Teaching Assistant certificate. This requirement may be completed at any time over the course of a five-year period. Credit hours cannot carry over to subsequent registration periods.

SED sets high standards for courses, programs, and activities that qualify for CTLE credit, and it must approve all CTLE sponsors. Generally, acceptable CTLE will be in the content area of any certificate title held by an individual or in pedagogy.

(Continued)

SUBJECT: REGISTRATION AND PROFESSIONAL LEARNING (Cont'd.)

The District will describe opportunities for teachers and administrators to engage in CTLE in its professional learning plan. The District will annually certify, in a format and on a timetable prescribed by the Commissioner of Education, that the requirements to have a professional learning plan for the succeeding school year have been met and that it has complied with the professional learning plan for the current school year.

The District will provide CTLE opportunities that are designed to improve the teacher or leader's pedagogical and/or leadership skills and are targeted at improving student performance, among other things. A peer-review teacher or principal acting as an independent trained evaluator who conducts a classroom observation as part of a teacher evaluation under relevant sections of the Education Law may apply the observation time to fulfilling CTLE requirements. Time spent mentoring may also be counted toward required CTLE credit hours.

Language Acquisition CTLE and Exemption

Employees holding an English to speakers of other languages (all grades) certificate or a bilingual extension are required to complete a minimum of 50% of the required CTLE hours in language acquisition aligned with the core content area of instruction taught, including a focus on best practices for co-teaching strategies, and integrating language and content instruction for English Language Learner (ELL) students. All other certificate holders must complete a minimum of 15% of the required CTLE hours dedicated to language acquisition addressing the needs of ELLs, including a focus on best practices for co-teaching strategies and integrating language and content instruction for ELLs. A minimum of 15% of the required CTLE hours for employees holding a Level III Teaching Assistant certificate will be dedicated to language acquisition addressing the needs of ELLs and integrating language and content instruction for ELLs.

Employees holding school district business leader certificates are exempt from the language acquisition CTLE requirements for each year that they are employed in the District. Instead, they must complete a minimum of 15% of the required CTLE hours dedicated to the needs of ELLs and federal, state, and local mandates for ELLs.

Employees may be eligible for a waiver of language acquisition CTLE requirements. Each school year when there are fewer than 30 ELLs enrolled in the District or ELLs make up less than 5% of the total student population, the District may obtain an exemption. If the District obtains this exemption, employees would be exempt from the language acquisition CTLE requirement for each year that they are employed in the District.

CTLE Adjustments

The Commissioner may adjust an employee's number of CTLE hours and/or time to complete them due to poor health, as certified by a health-care provider; extended active duty in the Armed Forces; or other acceptable good cause.

(Continued)

SUBJECT: REGISTRATION AND PROFESSIONAL LEARNING (Cont'd.)

Any employee holding a certificate in the classroom teaching service who obtains certification from the National Board for Professional Teaching Standards will be considered CTLE-compliant for the registration period in which they obtain this certification. However, the employee must still meet any language acquisition requirements.

Recordkeeping and Reporting Requirements

Employees must maintain a record of completed CTLE hours for at least three years from the end of the applicable registration period. The record must include the title of the program, the total number of hours completed, the number of hours completed in language acquisition addressing the need of ELLs, the sponsor's name, any identifying number, attendance verification, and the date and location of the program.

The District will maintain a record of any professional learning it conducts or provides for educators for at least seven years from the date of completion. These records will be available for review by SED.

- d) The qualifications of the teacher to teach that subject on an incidental basis;
- e) The specific reasons why an incidental assignment is necessary;
- f) The anticipated duration of the incidental teaching assignment; and
- g) The number of applications, approved or pending, for authorization to make incidental teaching assignments in the same certification area for which the current authorization is being sought.

To be approved, the application must demonstrate to the satisfaction of the Commissioner that an incidental teaching assignment is necessary, that the teacher assigned is the best qualified to teach the subject on an incidental basis, and that the requirements of Commissioner's regulations have been met.

The Commissioner will issue a determination within 20 business days of receipt of the District's application.

In the event that the application is disapproved, the Superintendent, within seven business days of receipt of the notice of disapproval, will terminate the incidental assignment. In the event that the application is approved, this approval will be deemed to have commenced on the date of the incidental teaching assignment and will terminate on the last day of the school year for which it is granted.

SUBJECT: INCIDENTAL TEACHING (Cont'd.)

The Superintendent may renew an incidental teaching assignment, in accordance with the requirements of Commissioner's regulations, for any subsequent school year. In addition to submitting to the Commissioner the information noted above for initial approval of an incidental teaching assignment, a renewal application must provide a number of assurances, including that the teacher assigned a course on an incidental basis has completed, or has agreed to complete, within the prescribed time period, at least three semester hours of credit or the equivalent leading to certification in the subject area of the incidental assignment.

SUBJECT: PROBATION AND TENURE**Probation**

The probationary period will not exceed three years for teachers previously appointed to tenure in any district or BOCES within the state, provided that the teacher was not dismissed from that district or BOCES as a result of charges brought pursuant to Education Law Section 3020-a or 3020-b and met the required annual professional performance review (APPR) rating in his or her final year of service there.

Additionally, up to two years of service as a regular substitute teacher may be applied toward probationary service. (This is sometimes referred to as Jarema Credit.)

The probationary period will not exceed three years for principals, administrators, supervisors, or other members of the supervising staff appointed on or after June 1, 2020 who were previously appointed to tenure as an administrator within an authorized administrative tenure area in any district or BOCES within the state provided that the individual was not dismissed from that district or BOCES as a result of charges brought pursuant to Education Law Section 3020-a or 3020-b.

During the probationary period, a staff member will be given assistance in adjusting to the new position, but the essential qualifications for acceptable performance will be assumed because the staff member attained the required certification or license.

A staff member's appointment may be discontinued at any time during his or her probationary period upon the recommendation of the Superintendent and by majority vote of the Board.

Any staff member not recommended for tenure appointment will be notified in writing by the Superintendent no later than 60 days before his or her probationary period expires.

Tenure

The Board will comply with all applicable laws and regulations regarding tenure.

At the expiration of the probationary period or within six months prior, the Superintendent will make a written report to the Board recommending for appointment to tenure who have been found competent, efficient, and satisfactory; and, in the case of teachers and building principals, those who have received-APPR ratings of effective or highly effective in at least three of the preceding four years, exclusive of any breaks in service.

If a teacher or building principal receives an APPR rating of ineffective in their final probationary year after receiving APPR ratings of effective or highly effective in the preceding probationary years, they will not be eligible for tenure. However, the Board may extend that teacher's or building principal's probationary time by an additional year. The teacher or building principal may be eligible for immediate tenure if he or she successfully appeals the ineffective rating

SUBJECT: PROBATION AND TENURE (Cont'd.)

A teacher or building principal will remain on probationary status until the end of the school year in which he or she has received APPR ratings of effective or highly effective for at least three of the four preceding school years, exclusive of any breaks in service. During this time, the Board may grant tenure contingent upon a teacher's or building principal's receipt of a minimum APPR rating in the final year of his or her probationary period. If the contingency is not met after all appeals are exhausted, the grant of tenure will be void and unenforceable and the teacher's or building principal's probationary period may be extended for an additional year in accordance with law.

Resolutions Making Appointments

Each Board resolution making a probationary appointment or an appointment on tenure will specify:

- a) The name of the appointee;
- b) The tenure area or areas in which the professional will devote a substantial portion of his or her time;
- c) The date probationary service or service on tenure commences in each area;
- d) The expiration date of the appointment, if made on a probationary basis. For appointments of classroom teachers and building principals, the resolution must state that:
 - 1. To receive tenure, the individual must receive composite or overall APPR ratings of effective or highly effective in at least three of the four preceding years; and
 - 2. If the teacher or building principal receives an ineffective composite or overall APPR rating in his or her final year of probation, he or she will not be eligible for tenure at that time; and
- e) The certification status of the appointee in reference to the position to which the individual is appointed.

SUBJECT: DISCIPLINING A TENURED TEACHER OR CERTIFIED PERSONNEL

The District may discipline tenured teachers and certain certified personnel in accordance with applicable law, regulations, or applicable contract provisions.

Ineffective Personnel

The District or Board may bring incompetence charges against a teacher or building principal who receives two or more consecutive ineffective ratings under the APPR; the District or Board must bring incompetence charges against anyone who receives three consecutive ineffective APPR ratings. A single hearing officer from the American Arbitration Association's labor arbitration panel will govern the competency hearing. The hearing may be public or private, at the employee's discretion. The employee will have a reasonable opportunity to defend himself or herself, but will not be required to testify. Each party has the right to be represented by counsel, to subpoena witnesses, to cross-examine witnesses, and to make motions or applications. There will be a full and fair disclosure of witnesses and evidence to be offered by both the District and the employee. A record of the proceeding will be kept.

Allegations of Abuse

The Board may suspend, without pay, an employee charged with physically or sexually abusing a student pending an expedited probable-cause hearing. A single hearing officer will conduct the probable-cause hearing.

Child Witnesses

A child under 14 may be allowed to testify through live, two-way, closed-circuit television if the hearing officer determines by clear and convincing evidence that the child would suffer serious mental or emotional harm that would substantially impair his or her ability to communicate if required to testify live, and that using closed-circuit television would diminish the likelihood or extent of the child suffering serious mental or emotional harm. In making this decision, the hearing officer will consider applicable factors, including: whether the offense was particularly heinous, the child's age and vulnerability, the child's susceptibility to psychological harm due to an underlying physical or mental condition, whether the accused occupied a position of authority over the child, if the offense charged was part of an ongoing course of conduct committed by the accused against the child over an extended period of time, use of a dangerous or deadly weapon, whether the child suffered serious physical injury, threats made against the child, the accused's access to the child, and expert testimony that the child would be particularly susceptible to psychological harm if required to testify in open court or to be in the physical presence of the accused.

If the Superintendent will be submitting to the Board a negative recommendation for tenure or a recommendation to discontinue the services of a probationary professional staff member, the Superintendent must give the probationary employee written notice 30 days prior to the Board meeting at which the recommendation will be considered. If a majority of the Board accepts the recommendation and votes to dismiss, the professional staff member must then be given a written notice at least 30 days prior to the effective date of termination of services. The District will adhere to all other statutory timeframes.

Personnel

SUBJECT: STAFF ACCEPTABLE USE POLICY

The Board will provide staff with access to various computerized information resources through the District's computer system (DCS) consisting of software, hardware, computer networks, wireless networks/access, and electronic communication systems. This may include access to electronic mail, on-line services, and the Internet. It may also include the opportunity for staff to have independent access to the DCS from their home or other remote locations, and/or to access the DCS from their personal devices. All use of the DCS and the wireless network, including independent use off school premises and use on personal devices, will be subject to this policy and any accompanying regulations.

The Board encourages staff to make use of the DCS to explore educational topics, conduct research, and contact others in the educational world. The Board anticipates that staff access to various computerized information resources will both expedite and enhance the performance of tasks associated with their positions and assignments. To that end, the Board directs the Superintendent or designee(s) to provide staff with training in the proper and effective use of the DCS.

Staff use of the DCS is conditioned upon written agreement by the staff member that use of the DCS will conform to the requirements of this policy and any regulations adopted to ensure acceptable use of the DCS. These agreements will be kept on file in the District Office.

Generally, the same standards of acceptable staff conduct which apply to any aspect of job performance will apply to use of the DCS. Employees are expected to communicate in a professional manner consistent with applicable District policies and regulations governing the behavior of school staff. Electronic mail and telecommunications will not be utilized to share confidential information about students or other employees.

Access to confidential data is a privilege afforded to District employees in the performance of their duties. Safeguarding this data is a District responsibility that the Board takes very seriously. Consequently, District employment does not automatically guarantee the initial or ongoing ability to use mobile or personal devices to access the DCS and the information it may contain.

This policy does not attempt to articulate all required and/or acceptable uses of the DCS; nor is it the intention of this policy to define all inappropriate usage. Administrative regulations will further define general guidelines of appropriate staff conduct and use as well as proscribed behavior.

District staff will also adhere to the laws, policies, and rules governing computers including, but not limited to, copyright laws, rights of software publishers, license agreements, and rights of privacy protected by federal and state law.

Staff members who engage in unacceptable use may lose access to the DCS and may be subject to further discipline under the law and in accordance with applicable collective bargaining agreements. Legal action may be initiated against a staff member who willfully, maliciously, or unlawfully damages or destroys property of the District.

SUBJECT: STAFF ACCEPTABLE USE POLICY (Cont'd.)**Social Media Use by Employees**

The District recognizes the value of teacher and professional staff inquiry, investigation and communication using new technology tools to enhance student learning experiences. The District also realizes its obligations to teach and ensure responsible and safe use of these new technologies. Social media, including social networking sites (SNS), have great potential to connect people around the globe and enhance communication. Therefore, the Board encourages the use of District-approved social media tools and the exploration of new and emerging technologies to supplement the range of communication and educational services.

Public social media networks or SNS are defined to include: websites, Web logs (blogs), wikis, social networks, online forums, virtual worlds, video sites, and any other social media generally available to the District community which do not fall within the District's electronic technology network (e.g., Facebook, TikTok, Twitter, LinkedIn, Flickr, Instagram, SnapChat, etc.). The definition of District approved password-protected social media tools are those that fall within the District's electronic technology network or which the District has approved for educational use. Within these internal forums, the District has greater authority and ability to protect minors from inappropriate content and can limit public access.

The use of social media (whether public or internal) can generally be defined as Official District Use, Professional/Instructional Use and Personal Use. Personal use of social media or SNS by employees during District time or on District-owned equipment is discouraged. In addition, employees are encouraged to maintain the highest levels of professionalism when communicating, whether using District devices or their own personal devices, in their professional capacity as educators. They have a responsibility to address inappropriate behavior or activity on these networks, including requirements for mandated reporting and compliance with all applicable District policies and regulations.

Confidentiality, Private Information and Privacy Rights

Madison Oneida BOCES (MORIC) oversees the District's storage of data and contract with outside storage services (Google, Office 365 etc). Confidential or private data, including, but not limited to, protected student records, employee personal identifying information, and District assessment data, will only be loaded, stored, or transferred to District-owned devices which have encryption and/or password protection. This restriction, designed to ensure data security, encompasses all computers and devices within the DCS, any mobile devices, including flash or key drives, and any devices that access the DCS from remote locations. Staff will not use email to transmit confidential files in order to work at home or another location. Similarly, staff are prohibited from using personal cloud-based storage services (such as Dropbox, GoogleDrive, SkyDrive, Office 365, etc.) for confidential files. Employee's non work related personal data will not be stored in the District's/Moric's cloud-based storage services (such as Dropbox, GoogleDrive, SkyDrive, Office 365, etc.)

(Continued)

SUBJECT: STAFF ACCEPTABLE USE POLICY (Cont'd.)

In addition, staff will not leave any devices unattended with confidential information visible. All devices must be locked down while the staff member steps away from the device, and settings enabled to freeze and lock after a set period of inactivity. During virtual teaching these settings maybe temporarily disabled due to virtual sessions being disconnected.

Staff data files and electronic storage areas will remain District property, subject to District control and inspection. The Administrative Coordinator/Technology Coordinator may access all staff data files and communications without prior notice to ensure system integrity and that users are complying with requirements of this policy and any accompanying regulations. Staff should not expect that information stored on the DCS will be private. All investigations regarding staff data files must be approved with and results reported to the Superintendent.

SUBJECT: SOCIAL MEDIA GUIDELINES FOR EMPLOYEES

Social media and social networking sites (SNS) have great potential to connect people around the globe and enhance communication; however, they are also informal, less structured, and subject to constant change. These guidelines establish some basic parameters on the creation and use of SNS and other social media for the District and its personnel.

"Public social media networks or Social Networking sites (SNS)" are defined to include: websites, Web logs (blogs), wikis, social networks, online forums, virtual worlds, and any other social media generally available to the public or consumers and which do not fall within the District's electronic technology network (e.g., Facebook, TikTok, Twitter, LinkedIn, Flickr, blog sites, etc.). "District approved password-protected social media tools" are those that fall within the District's electronic technology network or which the District has approved for educational use. Within these internal forums, the District has greater authority and ability to protect minors from inappropriate content and can limit public access within these internal forums. All employees must request to use the Belleville Henderson District mascot, logo and name and be approved by the Superintendent.

Official District Use

"Official District use" is defined as the use of social media by an employee, on behalf of his or her department, program or school that has been authorized for the express purpose of communicating the District's broad interests or specific programmatic and policy interests. The authorization may be granted by the Superintendent or designee. There are also many official uses of social media that are not public, such as the use of internal blogs or wikis for collaboration among grade-level or project teams. Employees are prohibited from setting up public SNS for any official District use related to their division, building, or service unless they have obtained prior approval in accordance with the procedures set forth below.

Establishing a Social Networking Site for Official District Use

- 1) Following approval from the appropriate building principal and/or public relations designee or Administrative Coordinator/Technology Coordinator, the public relations or technology staff will work with the department, building, or service to properly set up an appropriate SNS. All account names and log in passwords must be on file in the Technology Department.
- 2) The Superintendent or designee will have the exclusive and final authority to determine whether individual buildings or facilities may initiate and maintain separate page(s) on the SNS.

Quality Control/Content Integrity

- 1) The District will provide general training for all applicable personnel, including training on ethical and legal considerations, and compliance with all applicable policies and regulations.
- 2) The official District website will remain the primary source for all content.

(Continued)

Personnel

SUBJECT: SOCIAL MEDIA GUIDELINES FOR EMPLOYEES (Cont'd.)

- 3) All material or content that is entered or posted to the District SNS (e.g., Facebook) account or page must include a link back to the official District website or relevant partner.
- 4) Photos should only be posted on the District-owned website that the SNS can link to. Do not upload images of students directly on to a SNS.
- 5) Do not post confidential or proprietary information about the District, its students, alumni, or employees. Use good judgment and follow District policies and laws or regulations related to student privacy.
- 6) Thoroughly check your content for spelling and grammar before posting.

Disclaimers

As a public entity, the District will include disclaimers on their site regarding grounds for removal of comments and the frequency to which the site is monitored.

Professional or Classroom Use

"Professional use" is defined as an employee's use of social media for the purpose of furthering his or her specific job responsibilities or professional duties through an externally focused site or a District sponsored site. While use for professional interests is beneficial to the work of the District because it enables employee to stay informed on important issues or to collaborate with their peers, the social media tool or site the employee is using is not maintained or monitored by the District itself. Employees' participation in external social media for professional use, using district technology, equipment, and email addresses or during the school day requires prior approval and is subject to the procedures set forth below.

"Classroom use" is defined as use of SNS in a classroom for instructional purposes. Students can interact with their peers and their teacher to discuss a current class topic, sharing what they have discovered on the internet and voicing their opinions. Teachers can upload homework, post school notices, moderate discussions, and share materials. This online portal develops writing skills, encourages research skills, and promotes intellectual discussion. Staff must also obtain prior approval for classroom use of these internal forums.

Establishing Access

- 1) If you are participating in a SNS and/or blog for District-related professional use, it must be done with the approval of your supervisor or principal.

(Continued)

Personnel

SUBJECT: SOCIAL MEDIA GUIDELINES FOR EMPLOYEES (Cont'd.)

- 2) Use of outside SNS (such as Facebook) for classroom or instructional purposes is discouraged. The District does not permit any communication or contact between staff and students on non-district based SNS (i.e., Facebook, Twitter, etc.). Teachers are encouraged to use existing District or RIC established web tools such as teacher web pages within the District website to communicate with students, to assign and collect student work, or to provide online feedback to students. Employees are directed to use ParentSquare, District designated school email, SchoolTool, or school phone for all communications with students and parents. These systems may be replaced by school management systems (SMS).
- 3) The District may establish an Alumni page within its District SNS. Teachers and staff may interact with former students within this forum on the district site. Realize; information shared between school staff and former students is likely to be seen by current students as well.
- 4) If you would like to request that a "blocked" online site be accessible to use for teaching and learning, submit a request to the building principal for review. Requests will be reviewed and the District list of blocked sites will be updated throughout the school year. A description should be provided of the intended use of the site and what tools on the site match your needed criteria. A link to the privacy policy for these sites should also be included.

Quality Control/Content Integrity

- 1) When using social media for professional purposes, always identify yourself and your position with the District. Use your actual name - never create an alias or post as anonymous. Misidentifying yourself or providing false information may result in disciplinary action. The District email address attached to your name implies that you are acting on behalf of the District.
- 2) District personnel acknowledge and agree that when they create or post material on the District SNS they are in effect "content publishers" and as such, are subject to a host of ethical and legal obligations including, but not limited to, compliance with the federal Digital Millennium Copyright Act.

(Continued)

Personnel

SUBJECT: SOCIAL MEDIA GUIDELINES FOR EMPLOYEES (Cont'd.)**Personal Use and Responsibility**

"Personal use" is defined as use that is not related to an employee's job duties for the District or his or her professional interests. An employee checking his or her personal Facebook page, sending out a personal Tweet, or watching the latest viral YouTube video are examples of personal use of social media during the work day.

- 1) The District does not allow personal use of social media during work hours and on District owned hardware. However, limited personal use of social media during the work day may be permitted on non-district owned personal computers or devices.
- 2) District employees are personally responsible for all comments and information they publish online.
- 3) Social media sites require an email address to register and begin use. District employees should not use their work email address for registering or logging in to any SNS.
- 4) Online behavior should reflect the same standards of honesty, respect, and consideration that are used in face-to-face contact, and be in accordance with the highest professional standards. Online activities or communications which are improper, unethical, illegal, or which cause undue discomfort for students, employees, parents, or other members of the school community should be avoided.
- 5) Posting comments and having online conversations on social media sites makes those comments public and available to anyone who has any online access. Please be aware that even with the strictest privacy settings what is said online should be within the bounds of professional discretion.
- 6) Comments related to the District should always meet the highest standards of professional discretion. When posting, employees should act on the assumption that all postings are in the public domain. Remember that posted information could be interpreted as an extension of your office or classroom. What is inappropriate in your office or classroom is also inappropriate online. If posting comments or viewpoints on topics related to the District using any online medium be sure you state that the information is representative of your views and opinions and not necessarily the views and opinions of the District.
- 7) Before posting personal photographs or avatars that represent you, consider how the images reflect on your reputation and professionalism. Also, remember not to use copyrighted images.
- 8) District personnel should not use personal SNS to create or maintain personal relationships with students. For purposes of these guidelines, "personal relationships with students" means any behavior or conduct that is unrelated to course work or official school matters.

(Continued)

Personnel

SUBJECT: SOCIAL MEDIA GUIDELINES FOR EMPLOYEES (Cont'd.)

Teachers should not "friend" current students or any student currently enrolled in any school within the District Pre-K through 12, or their parents. It is too easy for genuinely-intentioned and innocent comments and situations to be misinterpreted, resulting in potentially damaging consequences for everyone involved. If your position within the District calls for communication with students or parents and is educationally justifiable, the use of the District network, email, teacher web pages within the District website, and school-provided or owned equipment are suggested for use when communicating on-line.

- 9) While mindful of employees' First Amendment free speech rights, District personnel who participate in social networking websites, including the District SNS, will not post any material which may result in the disruption of classroom or District activities. The District is entitled to make this determination based on the facts surrounding the material as the District reasonably believes them to be.

Employees are encouraged to seek permission from the subject before posting photographs and videos of fellow employees taken on school property or at school sponsored events. Due to the sensitive nature and potentially damaging consequences, posting photographs or information about currently enrolled students in any capacity is prohibited.

School Logos

Within your personal social mediums, do not use any District or school logo without written permission from District officials. For official pages, the District will provide you with a profile image to use.

Reporting Requirements

District personnel will be required to report known or suspected violations of the District SNS Guidelines to their building principal or immediate supervisor.

Disciplinary Sanctions

District personnel who violate any provision of the SNS guidelines will be subject to appropriate disciplinary measures up to and including termination of employment in accordance with legal guidelines, District policy and regulations, and any applicable collective bargaining agreement.

SUBJECT: USE OF EMAIL IN THE DISTRICT**Overview**

Email is a valuable tool that allows for quick and efficient communication. However, careless, unacceptable, or illegal use of email may place the District and members of its community at risk. Use of email in the District must be consistent with the District's educational goals and comply with federal and state laws and regulations, as well as all applicable District policies, regulations, procedures, collective bargaining agreements, and other related documents such as the District's *Code of Conduct*. This includes, but is not limited to, this policy and the District's policies on non-discrimination and anti-harassment, protecting the personal information of District employees and students, acceptable use, and record management.

District-related emails are most secure and best managed when District email services are used. Accordingly, the District's email services should be used for all District-related emails, including emails in which students or student issues are involved. Personal email accounts should not be used to conduct District-related business. Further, District email accounts should not be used as any individual's primary personal email address.

Scope and Application of Policy

This policy applies to all District employees and any individual assigned a District email address to conduct District-related business (authorized user).

Sending Emails with Personal, Private, and Sensitive Information

Personal, private, and sensitive information (PPSI) is any information to which unauthorized access, disclosure, modification, destruction, use, or disruption of access or use could have or cause a severe impact on critical District functions, employees, students, third parties, or other individuals or entities. For purposes of this policy, PPSI includes, but is not limited to:

- a) District assessment data;
- b) Protected student records;
- c) Information subject to laws protecting personal information such as Family Educational Rights and Privacy Act (FERPA), Individuals with Disabilities Act (IDEA), Health Insurance Portability and Accountability Act (HIPAA);
- d) Social security numbers;
- e) Driver's license or non-driver identification card numbers;
- f) Credit or debit card numbers;
- g) Account numbers;

(Continued)

Personnel

SUBJECT: USE OF EMAIL IN THE DISTRICT (Cont'd.)

- h) Passwords; and
- i) Access codes.

The failure to follow proper security protocols when emailing PPSI increases the risk that unauthorized individuals could access and misuse PPSI.

District employees and authorized users may not send or forward emails that include:

- a) PPSI without building principal or supervisor authorization. Additional precautions, such as encrypting the email in a District-approved method, should be taken when sending any emails containing PPSI.
- b) Lists or information about District employees without building principal or supervisor authorization.
- c) Attachments with file names that may disclose PPSI. Files containing PPSI should be password protected and encrypted. File protection passwords should not be transmitted via email. District employees and authorized users will not use cloud-based storage services (such as Dropbox or OneDrive) to transmit files with PPSI without previous District approval or consulting with a building principal or supervisor.
- d) Comments or statements about the District that may negatively impact it.

Any questions regarding the District's protocols for sending emails with PPSI or what information may or may not be emailed should be directed to a supervisor.

Receiving Suspicious Emails

Social engineering attacks are prevalent in email. In a social engineering attack, an attacker uses human interaction (social skills) to obtain confidential or sensitive information.

Phishing attacks are a form of social engineering. Phishing attacks use fake email messages pretending to represent a legitimate person or entity to request information such as names, passwords, and account numbers. They may also deceive an individual into opening a malicious webpage or downloading a file attachment that leads to malware being installed.

Malware is malicious software that is designed to harm computer systems. Malware may be inadvertently installed after an individual opens an email attachment, downloads content from the Internet, or visits an infected website.

(Continued)

SUBJECT: USE OF EMAIL IN THE DISTRICT (Cont'd.)

Before responding to any emails, clicking on any hyperlinks, or opening any attachments, District employees and authorized users should review emails for indicators of suspicious activity. These indicators include, but are not limited to:

- a) Attachments that were not expected or make no sense in relation to the email message;
- b) When the recipient hovers the mouse over a hyperlink that is displayed in the email, the link to the address is for a different website;
- c) Hyperlinks with misspellings of known websites;
- d) The sender is not someone with whom the recipient ordinarily communicates;
- e) The sender's email address is from a suspicious domain;
- f) Emails that are unexpected, unusual, or have bad grammar or spelling errors; and
- g) Emails asking the recipient to click on a link or open an attachment to avoid a negative consequence or to gain something of value.

District employees and authorized users should forward suspicious emails to the District's information technology (IT) staff.

No Expectation of Privacy

District employees and authorized users should have no expectation of privacy for any email messages they create, receive, or maintain on their District email account. The District has the right to monitor, review, and audit each District employee's and authorized user's District email account.

Accessing District Email Services on Personal Devices

In the event a District employee or authorized user loses a personal device that has been used to access the District's email service, that District employee or authorized user should notify the District's IT staff so that measures can be taken to secure the email account.

Personal Use

The District's email services are intended for District-related business only. Incidental or limited personal use of the District's email services is allowed so long as the use does not interfere with job performance. However, District employees and authorized users should have no expectation of privacy in this email use.

(Continued)

SUBJECT: USE OF EMAIL IN THE DISTRICT (Cont'd.)

The District's email services should not be used to conduct job searches, post personal information to bulletin boards, blogs, chat groups, and list services, etc. without authorization from a building principal or supervisor.

It is prohibited to use the District's email services for:

- a) Illegal purposes;
- b) Transmitting threatening, obscene, discriminatory, or harassing materials or messages;
- c) Personal gain or profit;
- d) Promoting religious or political causes; and/or
- e) Sending spam, chain letters, or any other type of unauthorized widespread distribution of unsolicited mail.

Release of Personnel Information

The District will take all reasonable steps to protect the privacy of District employees, except as permitted or required by law:

SUBJECT: EMPLOYEE POLITICAL ACTIVITIES

The Board recognizes the right of its employees, as citizens, to engage in political activities and to exercise their constitutionally protected rights to address matters of public concern.

However, a District employee's constitutional rights to raise matters of public concern are limited when the speech or action occurs on school grounds or during school times. Under these circumstances, the Board can impose reasonable restrictions on the time, place, and manner of the speech or action, and can further regulate the content of the speech when it materially imperils the efficient operation of the school.

Teachers may not use their classrooms or school surroundings as a means to promote their personal political views and beliefs. However, teachers are encouraged to address issues of current events for their instructional and informational value to students, to invite public and/or political figures to visit the classroom as a community resource, upon prior approval of the building principal, and to motivate students to participate in the political process.

SUBJECT: DEFENSE AND INDEMNIFICATION OF BOARD MEMBERS AND EMPLOYEES**Liability Protection in Accordance with Education Law**

The Board recognizes its statutory obligation to indemnify District employees (and in certain circumstances, Board members and volunteers) in accordance with the provisions of Education Law. For the purposes of this policy, the term "employee" will be as defined in the applicable statute(s).

The District will not be subject to the duty to defend unless the employee, within the time prescribed by statute, delivers appropriate notice of the claim to the Board.

For purposes of Education Law Section 3811, the employee must give written notice to the Board within five days after service of process upon him or her and must deliver the original or a copy of the relevant legal documents to the Board within ten days after service of process upon him or her.

The District will provide legal defense and/or indemnification for all damages, costs, and reasonable expenses incurred in the defense of an action or proceeding if authorized by statute and provided that the alleged action or omission which occurred or allegedly occurred is covered by the appropriate statute(s). Furthermore, the District will not be required to provide indemnification protection and/or legal defense unless the employee was, at the time of the alleged incident, acting in the discharge of his or her duties within the scope of his or her employment or authorized volunteer duties and/or under the direction of the Board.

Public Officers Law Section 18

The Board hereby also confers the benefits of New York State Public Officers Law Section 18 upon the "employees" of the District, as defined in Public Officers Law Section 18; the District assumes the liability for the costs incurred in accordance with the provisions of Public Officers Law Section 18. The benefits accorded to District employees under Public Officers Law Section 18 will supplement and be available in addition to defense or indemnification protection conferred by other enactment or provisions of law.

The term "employees" includes members of the Board, the Superintendent, District officers, District employees, volunteers expressly authorized to participate in a District sponsored volunteer program, or any other person holding a position by election, appointment, or employment in the service of the District, whether or not compensated. The term "employee" also includes a former employee, their estate or judicially appointed representative.

**SUBJECT: DEFENSE AND INDEMNIFICATION OF BOARD MEMBERS AND
EMPLOYEES (Cont'd.)**

The District will provide for the defense of the employee in any civil action or proceeding, state or federal, arising out of any alleged act or omission which occurred or allegedly occurred while the employee was acting within the scope of his or her public employment or duties. Furthermore, the District will indemnify and save harmless its employees in the amount of any judgment obtained against such employees in a state or federal court, or in the amount of any settlement of a claim, provided that the act or omission from which the judgment or claim arose occurred while the employee was acting within the scope of his or her public employment or duties. However, in the case of a settlement, the duty to indemnify and save harmless will be conditioned upon the approval of the amount of the settlement by the Board.

The duty to defend and/or indemnify and save harmless will be conditioned upon the delivery by the employee to the School Attorney or to the Superintendent a written request to provide for his or her defense, together with the original or a copy of any summons, complaint, process, notice, demand, or pleading within ten days after he or she is served with that document. The full cooperation of the employee in the defense of the action or proceeding and in the defense of any action or proceeding against the District based upon the same act or omission, and in the prosecution of any appeal, will also be required as a condition for the District's duty to defend and/or indemnify and save harmless to exist.

Exceptions to Liability Coverage

Indemnification coverage and/or provision of legal defense by the District will not apply unless the actionable claim is of the type covered by the statute(s) and/or is not otherwise exempt from coverage in accordance with law. Additionally, indemnification coverage and/or the duty to provide a defense will not arise where the action or proceeding is brought by or on behalf of the District.

SUBJECT: LEAVES OF ABSENCE

In general, leaves of absence will be administered by the Superintendent. The Board reserves the right to grant leaves of absence for purposes or under conditions not contemplated or considered in the policy statement. Where a leave of absence is falsely requested or improperly used, the Board may undertake appropriate disciplinary action. The purpose or conditions of a leave of absence may not be altered except by permission of the Superintendent, as expressed in writing.

Leaves of Absence, Contractual, Et Al.

- a) Employees who are members of a negotiating unit:

Authorization is granted to approve requests for leaves of absence submitted in accordance with provisions of contracts in effect between the District and each bargaining unit.

- b) Employees who are not members of a negotiating unit:

Authorization is granted to approve requests for leaves of absence submitted by these employees where the requests are consistent with provisions of contracts in effect between the District and the bargaining unit most compatible with the employment status of the employee.

- c) Employees who are under contract to the District:

Authorization is granted to implement provisions for leaves of absence contained in each contract.

Leaves of Absence, Unpaid, Not Covered Above

- a) Subject to limitations enumerated in this policy statement, authorization is granted for the following unpaid leaves of absence:

1. For a period of time not to exceed one school year for approved graduate study, this leave to include any required internship experience.
2. At the expiration of a paid sick leave of absence, this leave may be extended for a period of time not longer than the end of the school year after the school year in which the paid leave of absence began.

- b) Unpaid leaves of absence cannot be used to extend vacation periods, to take vacations, to engage in other occupations, or to provide additional personal leaves, except that the Superintendent will have discretion, where circumstances warrant, to approve leaves of absence for those purposes.

- c) Unpaid leaves of absence will not be granted unless the services of a substitute employee, satisfactory in the discretion of the Superintendent, can be secured.

(Continued)

Personnel

SUBJECT: LEAVES OF ABSENCE (Cont'd.)

- d) Except where it interferes with an employee's legal or contractual rights, the timing of unpaid leaves of absence will be granted at the convenience of the District.

Other Leaves of Absence

Other leaves of absence include, but are not limited to, the following:

- a) Emergency Service Volunteer Leave

Upon presentation of a written request from the American Red Cross and with the approval of the Superintendent, employees certified by the American Red Cross as disaster volunteers will be granted leave from work with pay for up to 20 days in any calendar year to participate in specialized disaster relief operations. This leave will be provided without loss of seniority, compensation, sick leave, vacation leave, or other overtime compensation to which the volunteer is otherwise entitled.

- b) Screenings for Cancer

Employees will be granted up to four hours of paid leave on an annual basis to undertake a screening for cancer. This leave will be excused leave and will not be charged against any other leave to which the employee is entitled.

- c) Blood Donation

The District must either, at its option:

1. Grant three hours of unpaid leave of absence in any 12-month period to an employee who seeks to donate blood off-premises. The leave may not exceed three hours unless agreed to by the Superintendent or designee; or
2. Allow its employees without use of accumulated leave time to donate blood during work hours at least two times per year at a convenient time and place set by the Superintendent or designee, including allowing an employee to participate in a blood drive at the District.

Leave taken by employees at a District-designated donation alternative (such as a District-sponsored blood drive at the workplace) must be paid leave that is provided without requiring the employee to use accumulated vacation, personal, sick, or other leave time.

The District will not retaliate against an employee for requesting or obtaining a leave of absence under this section. Additional leaves for the purpose of blood donation under any other provision of law will not be prevented.

(Continued)

Personnel

SUBJECT: LEAVES OF ABSENCE (Cont'd.)**d) Bone Marrow Donation**

Employees seeking to undergo a medical procedure to donate bone marrow will be granted leaves to do so, the combined length of the leaves to be determined by the physician, but may not exceed 24 work hours unless agreed to by the Superintendent or designee. The District will require verification for the purpose and length of each leave requested by the employee for this purpose.

The District will not retaliate against an employee for requesting or obtaining a leave of absence under this section. Additional leaves for the purpose of bone marrow donation under any other provision of law will not be prevented.

e) Nursing Mothers (Breastfeeding/Lactation)

The District will provide reasonable unpaid break time or permit the use of paid break time or meal time each day to allow an employee to express breast milk for her nursing child for up to three years following childbirth. The District will make reasonable efforts to provide a room or other location in close proximity to the work area where the employee can express milk in privacy. The District will not discriminate against an employee who chooses to express breast milk in the workplace.

Reasonable unpaid break time is generally no less than 20 minutes and no more than 30 minutes dependent upon the proximity of the designated location for expressing breast milk. In most situations, the District is required to provide unpaid break time at least once every three hours if requested by the employee. At the employee's option, the District will allow the employee to work before or after her normal shift to make up the amount of time used during the unpaid break time(s) so long as the additional time requested falls within the District's normal work hours.

The District will provide written notice to employees who are returning to work following the birth of a child of their right to take unpaid leave for the purpose of expressing breast milk. This notice may either be provided individually to affected employees or to all employees generally through publication of the notice in the employee handbook or posting of the notice in a central location.

Any employee wishing to avail herself of this benefit is required to give the District advance notice, preferably prior to her return to work, to allow the District an opportunity to establish a location and schedule leave time to accommodate employees as needed.

SUBJECT: LEAVES OF ABSENCE (Cont'd.)

f) Witnesses or Victims of Crimes

The District will grant an unpaid leave of absence to an employee, who is a victim of or a witness to a criminal offense, that is required or chooses to appear as a witness, consult with the district attorney, or exercise his or her rights as provided in the Criminal Procedure Law, the Family Court Act, and the Executive Law.

To use this leave, the employee must provide notice of the need for leave at any time prior to the actual day of leave. The District is permitted to ask the party who sought the attendance or testimony of the employee to provide verification of the employee's service. Employees will not be penalized or discharged for absences by reason of a required appearance as a witness in a criminal proceeding, or consultation with the district attorney, or exercising his or her rights as provided under the law.

g) Victims of Domestic Violence

Unless the absence would cause an undue hardship to the District, the District will provide reasonable accommodations to employees who are victims of domestic violence who must be absent from work for a reasonable time in accordance with law.

An employee availing themselves of this leave must provide the District with reasonable advance notice, unless providing this notice is not feasible. An employee unable to provide reasonable advance notice must, within a reasonable time after the absence, provide a certification to the District when requested.

To the extent allowed by law, the District will maintain the confidentiality of any information related to an employee's status as a victim of domestic violence.

h) Military Leave

The District will comply with state and federal laws regarding military leave and re-employment.

i) Jury Duty

As provided by law, any employee who is summoned to serve as a juror and who notifies the District to that effect prior to his or her term of service will not, on account of absence by reason of jury service, be subject to discharge or penalty. The District will ensure that all absences for this purpose are granted in accordance with law and the terms of any applicable collective bargaining agreement.

(Continued)

SUBJECT: LEAVES OF ABSENCE (Cont'd.)

j) Voting

Employees who are registered voters and have four consecutive hours either between the opening of the polls and the beginning of their working shift, or between the end of their working shift and the closing of the polls, will be deemed to have sufficient time to vote and will therefore not be eligible for paid leave to vote in any election.

Employees who are registered voters, and do not have sufficient time outside of their working hours to vote in any election, may without loss of pay for up to two hours, take so much time off as will, when added to their voting time outside of their working hours, enable them to vote. The employee will be allowed time off for voting only at the beginning or the end of his or her working shift, as the District may designate, unless otherwise mutually agreed.

Employees requiring working time off to vote must notify the District not more than ten or less than two working days before the day of the election.

The District must post a notice informing employees of their right to leave in order to vote not less than ten working days before an election and until polls close on election day. This notice will be conspicuously posted in a place where it can be seen by employees as they come and go to their place of work.

Adopted: 7/12/21

SUBJECT: FAMILY AND MEDICAL LEAVE ACT (FMLA)

The District allows eligible employees to take unpaid FMLA leave for up to 12 work weeks in a 12-month period as determined by the District. Employees are eligible if they have been employed by the District for at least 12 months and for at least 1,250 hours of service during the previous 12-month period.

The District uses a fixed leave year based on July 1 to June 30 (e.g., fiscal year) to calculate the FMLA leave. In certain cases, FMLA leave may be taken on an intermittent or reduced schedule basis rather than all at once. The entitlement to leave for the birth or placement of a child expires at the end of the 12-month period beginning on the date of the birth or placement.

Eligible employees may be granted leave for one or more of the following reasons:

- a) The birth of a child and care for the child;
- b) Adoption of a child and care for the child;
- c) The placement of a child with the employee from foster care;
- d) To care for a spouse, minor child or parent who has a "serious health condition" as defined by the FMLA;
- e) To care for an adult child who is incapable of self-care due to a disability (regardless of date of the onset of disability) and has a serious health condition; or
- f) The employee's serious health condition prevents the employee from performing his or her job.

A serious health condition is defined as an illness, injury, impairment, or physical or mental condition that involves inpatient care or continuing treatment by a healthcare provider that renders the person incapacitated for more than three consecutive calendar days. An employee claiming a serious health condition must first visit a healthcare provider within seven days of the incapacity; the second visit must occur within 30 days of the incapacitating event. An employee claiming the need for continuous treatment under FMLA for a chronic serious health condition must visit a healthcare provider at least twice per year, and the condition must continue over an extended period of time. The condition may cause episodic rather than a continuing period of incapacity.

Military Family Leave Entitlements**Military Caregiver Leave**

An eligible employee who is the spouse, son, daughter, parent, or next of kin of a covered servicemember with a serious injury or illness may take up to 26 weeks of leave during a single 12-month period to care for the servicemember.

(Continued)

SUBJECT: FAMILY AND MEDICAL LEAVE ACT (FMLA) (Cont'd.)**Qualifying Exigency Leave**

An "eligible" employee may take qualifying exigency leave when his or her spouse, son, daughter, or parent who is a member of the Armed Forces, National Guard, or Reserves is on covered active duty or has been notified of an impending call or order to covered active duty.

Concurrent (Substitute) Leave

Employees must use paid leave concurrently with periods of FMLA leave.

Special Provisions for Instructional Employees

An instructional employee's principal function is to teach and instruct students in a class, a small group, or an individual setting. Teaching assistants and aides who do not have instruction as the principal function of their job are not considered an instructional employee.

Intermittent Leave Taken by Instructional Employees

FMLA leave that is taken at the end of the school year and resumes at the beginning of the next school year is continuous leave. The period during summer vacation is not counted against an employee's FMLA leave entitlement; the employee will continue to receive any benefits that are customarily given over the summer break.

If an instructional employee requests intermittent leave or leave on a reduced schedule, and will be on that leave for more than 20% of the number of working days during that period, the District may:

- a) Require the employee to take leave for a period or periods of a particular duration, not greater than the duration of the planned treatment; or
- b) Transfer the employee temporarily to an available alternative position for which the employee is qualified, which has equivalent pay and benefits, and which better accommodates recurring leave periods than the employee's regular position.

Leave Taken by Instructional Employees Near the End of the Instructional Year

If the instructional employee begins leave more than five weeks before the end of the term, the District may require him or her to continue taking leave until the end of the term if the leave lasts more than three weeks and the employee would return during the three weeks before the end of the term.

If the instructional employee begins leave less than five weeks before the end of the term for any FMLA-related reasons except qualifying exigency, the District may require that the employee remain out for the rest of the term if the leave lasts more than two weeks and the employee would return to work during that two-week period at the end of the instructional term.

(Continued)

Personnel

SUBJECT: FAMILY AND MEDICAL LEAVE ACT (FMLA) (Cont'd.)

If the instructional employee begins taking leave during the three weeks before the end of the term for any FMLA-related reason except qualifying exigency, the District may require that the employee continue leave until the end of the term if the leave will last more than five working days.

Any additional time that is required by the District will not be charged against the employee as FMLA leave.

Benefits and Restoration

An employee is entitled to have group health insurance and benefits maintained while on leave. If an employee was paying all or part of the premium payments before leave, the employee will continue to pay his or her share during the leave period.

In most instances, an employee has a right to return to the same or an equivalent position following a leave. The Superintendent or designee may reassign an employee in accordance with any applicable collective bargaining agreement to a different grade level, building, or assignment consistent with the employee's certification and tenure area.

Employee Notice and Medical Certification

When leave is foreseeable, the employee must give at least 30 days' advance notice of when and how much leave he or she needs. When leave is not foreseeable, the employee must provide notice as soon as practicable.

The District may require an employee to submit certification from a healthcare provider to substantiate a leave request. If the certification is incomplete or insufficient, the District will identify in writing what information the employee must provide to correct the deficiency within seven days. If the employee fails to timely provide the requested information, the District may deny his or her FMLA leave request.

The District may also request a second opinion regarding the employee's medical status from a healthcare provider of its choice at its expense, and a third opinion from a provider agreed upon by the District and the employee, to be paid for by the District.

FMLA Notice

The District will display a general notice to employees about FMLA leave rights, that will include how to file a complaint, in each school building. The District will also provide a written general notice about the FMLA in the employee handbook to each new employee upon hire. The District has five days to supply this notice from the date of hire.

SUBJECT: MILITARY LEAVES OF ABSENCE

In accordance with the Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA) and State Law, the District, upon advance notice by the employee, will grant leaves of absence for service in the uniformed services and/or military duty ("military service" or "military duty") to its employees who are ordered to duty or volunteer for qualifying military service. The employee's notice may be either verbal or written. No advance notice is required if military necessity prevents the giving of notice, or the giving of notice is otherwise impossible or unreasonable under the circumstances.

Employment Rights

Time during which an employee is absent due to military leave will not constitute an interruption of continuous employment in the District and this employee will not be subjected, directly or indirectly, to any loss or diminution of time, service, increment, vacation or holiday privileges, or any other right or privilege, by reason of the absence; nor will any employee be prejudiced by reason of the absence with reference to continuance in employment, reemployment, reinstatement, transfer, or promotion.

Salary/Compensation

Every employee will be paid his or her salary or other compensation for any and all periods of absence while engaged in the performance of ordered military duty, and while going to and returning from military duty. This payment of salary or compensation will not exceed a total of 30 days or 22 working days, whichever is greater, in any one calendar year; and will not exceed 30 days or 22 working days, whichever is greater, in any one continuous period of absence.

The employee must be permitted, upon request, to use any accrued vacation, annual, or similar leave with pay during the period of military service in order to continue his or her civilian pay. The District may not require the employee to use accrued leave.

The employee is not entitled to use accrued sick leave during the period of military service, unless the District allows employees to use sick leave for any reason or allows other similarly situated employees on comparable furlough or leave of absence to use accrued paid sick leave.

Employee Benefits**Health Plan Coverage**

If the employee has coverage under a health plan in connection with his or her employment with the District, the employee must be permitted to elect to continue the coverage for a certain period of time as designated in law.

(Continued)

Personnel

SUBJECT: MILITARY LEAVES OF ABSENCE (Cont'd.)

When the employee is performing military service, he or she is entitled to continuing coverage for himself or herself (and dependents if the plan offers dependent coverage) under a health plan in connection with the employment. The plan must allow the employee an opportunity to continue coverage for a period of time that is the lesser of:

- a) The 24-month period beginning on the date on which the employee's absence for the purpose of performing military service begins; or
- b) The period beginning on the date on which the employee's absence for the purpose of performing military service begins, and ending on the date on which the employee fails to return from service or apply for a position of reemployment.

Health plan administrators may develop reasonable requirements addressing how continuing coverage may be elected, consistent with the terms of the plan and USERRA's exceptions to the requirement that the employee give advance notice of military service. Further, health plan administrators may develop reasonable procedures for employee payment to continue coverage, consistent with USERRA and the terms of the plan.

Pension/Retirement Plans

While on military duty, any District employee who is a member of any pension or retirement system may elect to contribute to that pension or retirement system the amount which he or she would have contributed had that employment been continuous. Upon making the contribution, the employee will have the same rights in respect to membership in the retirement system as he or she would have had if the employee had been present and continuously engaged in the performance of his or her position. To the extent that these contributions are paid, absence while engaged in the performance of military duty will be counted in determining the length of total service under the pension or retirement system.

Alternatively, employees will have an opportunity to make up contributions to the pension or retirement system upon return to employment in the District in accordance with law and the individual employee's pension/retirement system.

The payment of member contributions required under law to obtain military service credit is waived for members called to active military duty on or after September 11, 2001 and prior to January 1, 2006.

Time during which an employee is absent on military duty will not constitute an interruption of continuous employment, but this time will not be counted or included in determining the length of total service in the pension or retirement system unless the employee contributes to the pension or retirement system the amount he or she would have been required to contribute if the employee had been continuously employed during the period of military duty.

(Continued)

SUBJECT: MILITARY LEAVES OF ABSENCE (Cont'd.)**Leaves of Absence for Military Spouses**

The spouse of a member of the armed forces of the United States, National Guard, or reserves who has been deployed during a period of military conflict (defined as a period of war declared by the United States Congress, or in which a member of a reserve component of the armed forces is ordered to active duty in accordance with the United States Code), to a combat theater or combat zone of operations will be allowed up to ten days unpaid leave by their employer. This leave will only be used when the person's spouse is on leave from the armed forces of the United States, National Guard, or reserves while deployed during a period of military conflict to a combat theater or combat zone of operations.

In accordance with law, an "employee" means a person who performs services for hire for the District for an average of 20 or more hours per week, and includes all individuals employed at any District site having 20 or more District employees, but does not include independent contractors.

The District will not retaliate against an employee for requesting or obtaining a leave of absence as provided above. The provisions of this section will not affect or prevent the District from providing leave for military spouses in addition to leave allowed under any other provision of law. The provisions of this section will not affect an employee's rights with respect to any other employee benefit provided by law.

Reemployment/Restoration Rights ("Escalator Principle")

As a general rule, an employee is entitled to reemployment in the job position that he or she would have attained with reasonable certainty if not for the absence due to military service. The position to which the returning service member should be restored has become known as the "escalator principle."

Depending on the circumstances or intervening events, the escalator principle may cause an employee to be reemployed in a higher or lower position, transferred, laid off, or even terminated.

The employee must be qualified for the reemployment position. The District will make reasonable efforts to help the employee become qualified to perform the duties of this position. The District is not required to reemploy the employee on his or her return from military service if the employee cannot, after reasonable efforts by the District, qualify for the appropriate reemployment position.

Per state law, an employee restored to his or her position after the termination of military duty will be entitled to the rate of compensation he or she would have received had the employee remained in his or her position continuously during the period of military duty; and the employee will be deemed to have rendered satisfactory and efficient service in the job position during the period of military leave of absence. Further, the employee will not be subjected directly or indirectly to any loss of time service, increment, or any other right or privilege; nor will an employee be prejudiced in any way with reference to promotion, transfer, reinstatement, or continuance in employment.

SUBJECT: MILITARY LEAVES OF ABSENCE (Cont'd.)

All other rights, benefits, and responsibilities of a District employee serving in the military will be in accordance with law, regulations, and/or the applicable contract or collective bargaining agreement.

Probationary ServicePublic Employees in General

If a public employee (with the exception of the probationary service of "teachers" as described below) enters military duty before the expiration of the probationary period in any position to which he or she may have been appointed, or to which he or she may thereafter be appointed or promoted, the time the employee is absent on military duty will be credited as satisfactory service during this probationary period.

Teachers/Supervisory Staff

In any case where a teacher (defined as encompassing a broad category of full-time members of the teaching and supervisory staff of the District, and is not limited to instructional employees) enters military duty before the expiration of the probationary period to which he or she may have been appointed, the time the teacher is absent on military duty will be credited as satisfactory service during this probationary period. If the end of this probationary service occurs while the teacher is on military duty or within one year following the termination of military duty, the period of the probationary service may be extended by the Board for a period not to exceed one year from the date of termination of military duty. However, in no event will the period of probationary service in the actual performance of teaching services extend beyond that required by the District at the time of the teacher's entry into military service.

Collective Bargaining Agreements/Contracts/Plans/Practices

In accordance with USERRA, any State or local law, contract, agreement, policy, plan, or practice that establishes an employment right or benefit that is more beneficial than, or is in addition to, a right or benefit under USERRA, the greater employment right or benefit will supersede USERRA.

Notice of Rights and Duties

The District will provide a notice of the rights, benefits, and obligations of employees and the District under USERRA. The District may provide the notice by posting it where employee notices are customarily placed. The District may also provide the notice to its employees in other ways that will minimize costs while ensuring that the full text of the notice is provided (e.g., by handing or mailing out the notice, or distributing the notice via email).

**SUBJECT: DETERMINATION OF EMPLOYMENT STATUS: EMPLOYEE OR
INDEPENDENT CONTRACTOR**

A certification of the determination that an individual is an employee is required when the District initially reports to the New York State and Local Retirement System (NYSLRS) certain covered professionals -- those persons providing services as an attorney, physician, engineer, architect, accountant, or auditor.

Employee means an individual performing services for the District for which the District has the right to control the means and methods of what work will be done and how the work will be done. Independent contractor means a consultant or other individual engaged to achieve a certain result for the District but who is not subject to the direction of the employer as to the means and methods of accomplishing the result. The District will not enter into agreements with independent contractors for instructional services except under the limited circumstance permitted by the New York State Education Department.

Employees to be Reported to NYSLRS

Only persons who are active members of NYSLRS and who have been assigned a registration number will be included in the reporting requirements. In the case of employees who are in the process of being registered to membership, all service, salary and deductions data, and mandatory contributions will be accumulated by the District and the accumulation will be included with the first monthly report which is due after the employee's registration number has been assigned.

An individual serving the District as an independent contractor or consultant is not an employee and should not be reported to the retirement system.

The District has the primary responsibility for determining whether an individual is rendering services as an employee or as an independent contractor. When making this determination, the District must consider the factors set forth in State Regulations.

The District will also complete, as necessary, a Certification Form for Individuals Engaged in Certain Professions (Form RS2414) as promulgated by the Office of the New York State Comptroller. When making a determination as to an individual's status as an employee or independent contractor, no single factor will be considered to be conclusive of the issue. All factors will be considered in making an assessment of an individual's status when engaged to perform services.

Written Explanation by District: Certain Professions

In the case of an individual whose service has been engaged by the District in the capacity of attorney, physician, engineer, architect, accountant, or auditor and the District has determined that the individual is rendering service as an employee and, therefore, may be eligible for credit with a retirement system, the District will submit to the retirement system, in a form prescribed by the Comptroller and certified by the Chief Fiscal Officer of the District, an explanation of the factors that led to the conclusion that the individual is an employee and not an independent contractor or consultant.

**SUBJECT: DETERMINATION OF EMPLOYMENT STATUS: EMPLOYEE OR
INDEPENDENT CONTRACTOR (Cont'd.)****Legal Services**Charging for Legal Services

An attorney will not simultaneously be an independent contractor and an employee of the District for the purpose of providing legal services to the District.

An attorney who is not an employee of the District will not seek to be or be considered, treated or otherwise reported by the District as an employee thereof for purposes of compensation, remuneration, health insurance, pension, and all associated employment-related benefits and emoluments.

Reports Regarding Attorneys

The District will, on or before the 45th day after the commencement of its fiscal year, file with the State Education Department, the State Comptroller, and the Attorney General a report specifying:

- a) All attorneys who provide legal services to the District or Board;
- b) Whether the District or Board hired those attorneys as employees; and
- c) All remuneration and compensation paid for legal services.

Protection Against Fraud

Any person who knowingly makes any false statement, or falsifies or permits to be falsified any record or records of the retirement system in any attempt to defraud the system, or who receives certain benefits or payments in excess of statutory limits, as a result of those acts, will be guilty of criminal conduct, and will be punished under the laws of New York State.

SUBJECT: EMPLOYMENT OF RETIRED PERSONS

A retired person may be employed and earn compensation in a position in the District, without any effect on his or her status as retired and without suspension or diminution of his or her retirement allowance subject to the conditions enumerated in Retirement and Social Security Law Section 211(1). However, there will be no earning limitations on or after the calendar year in which a retired person attains age 65.

No retired person may be employed in the District except upon approval of the Civil Service Commission or the Commissioner of Education unless otherwise authorized in accordance with law.

Two sections of the Retirement and Social Security Law (Sections 211 and 212) affect a retiree's return to public employment in New York State. If a retiree returns to public employment, he or she may still be able to collect his or her pension depending upon:

- a) How much is earned after returning to work; and
- b) The retiree's age.

If a retiree is under age 65, he or she can return to public employment without approval or reduction in retirement benefits as long as his or her calendar year earnings do not exceed the Section 212 limit. If a retiree's earnings will be more than the Section 212 limits, the employer must request and receive prior approval from the appropriate agency to hire the retiree under Section 211.

Section 211 waivers are provided for "unclassified service" positions. Retired police officers employed by a school district as a School Resource Officer (SRO) fall under the "classified service" but may have the earnings limitation waived at the discretion of the Commissioner of Education, as long as all of the requirements for waivers in the unclassified service are fulfilled.

There is generally no restriction on a retiree's earnings beginning in the calendar year he or she turns 65, unless returning to public office.

Section 211 Approval Process

Approval for post-retirement employment of a person under the age of 65 or a retired police officer employed as a SRO whose calendar year earnings exceed the Section 212 limit may be granted only on the written request of the District giving detailed reasons related to the standards set forth in Section 211; and on a finding of satisfactory evidence by the Civil Service Commission or the Commissioner of Education that the retired person is duly qualified, competent, and physically fit for the performance of the duties of the position in which he or she is to be employed and is properly certified where certification is required.

Personnel

SUBJECT: EMPLOYMENT OF RETIRED PERSONS (Cont'd.)

The District will prepare a detailed recruitment plan to fill the vacancy on a permanent basis when the need arises and will undertake extensive recruitment efforts to fill the vacancy prior to making a determination that there are no available non-retired persons qualified to perform the duties of that position.

Approvals to hire retired individuals may be granted for periods not exceeding two years each, provided that a person may not return to work in the same or similar position for a period of one year following retirement. However, in accordance with Section 212, a retiree may return to work in the same or similar position within the same year following retirement if his or her earnings are under \$30,000 or if he or she receives a Section 212 waiver, or other conditions exist set forth in law.

Reporting Requirements and Disclosure

- a) The District will report all money earned by a retired person in its employ in excess of the earnings limitation outlined in Section 212 to the retirement system administered by the State or any of its political subdivisions from which the retired person is collecting his or her retirement allowance.
- b) The District, when employing a retired person who is eligible to collect or is already collecting a retirement allowance from a retirement system administered by the state or any of its political subdivisions, will report on an annual basis to the retirement system paying the retirement allowance and to the State Comptroller. This report will consist of the re-employed retiree's name, date of birth, place of employment, current position, and all earnings.

Public Record

Any request for approval of the employment of a retired person, including the reasons stated, and the findings and determination of the request will be a public record open for inspection in the Office of the Civil Service Commission, the Commissioner of Education, or the Board making the findings and determination as specified in Section 211.

SUBJECT: REMOTE WORKING

Generally, the District believes that its goals and objectives are best served when employees work in-person on District premises. However, the District recognizes that, in certain extraordinary circumstances, remote working or telecommuting may be the only method available. For example, it may also be necessary in the event of a widespread illness, natural disaster, or other emergency situation.

When making decisions about remote working, the District will take into consideration any applicable laws, regulations, collective bargaining agreements, or existing policies and procedures. This policy will be superseded by any conflicting law, regulation, or collective bargaining agreement.

Remote Working Arrangements

Remote working is not an entitlement or a District-wide benefit. The ability to work remotely is completely at the discretion of the District. Except where specifically provided by an applicable collective bargaining agreement, employees will not be permitted to file a grievance as a result of a denial of their request to work remotely.

Extraordinary Circumstances

In the event of an extraordinary circumstance such as widespread illness, natural disaster, or other emergency situations wherein students are not reporting in person to the District for instruction, it may be necessary to establish remote working arrangements for some or all employees. In these circumstances, the District will notify employees of whether they are expected to work at home full-time, part-time, or not at all. The District retains the right to change the remote working arrangement for any employee at any time.

Continuity of Work

Unless specifically agreed upon, working remotely will not alter an employee's work schedule, job duties, compensation, benefits, or any other term and condition of employment. Further, while working remotely, employees will be required to remain available during their normal workhours via email, phone, or other means. Similar to in-person work, employees are expected to respond in a reasonable time frame.

Compliance with District Policies and Procedures

District employees who are working remotely are required to comply with any and all applicable District policies, procedures, and other related documents as they normally would if they were working on District premises. Examples include, but are not limited to, the District's policies and procedures on non-discrimination and anti-harassment, protecting the personal information of District employees and students, acceptable use, and copyright. Engaging in prohibited conduct may result in disciplinary action as warranted.

SUBJECT: COMPREHENSIVE STUDENT ATTENDANCE**Statement of Overall Objectives**

The District is an active partner with students and parents in the task of ensuring that all students meet or exceed the New York State Learning Standards. The District recognizes that consistent school attendance, academic success, and school completion have a positive correlation, and therefore has developed, and, if necessary, will revise a Comprehensive Student Attendance Policy to meet the following objectives:

- a) Increase school completion for all students;
- b) Raise student achievement and close gaps in student performance;
- c) Identify attendance patterns in order to design attendance improvement efforts;
- d) Know the whereabouts of every student for safety and other reasons;
- e) Verify that individual students are complying with education laws relating to compulsory attendance;
- f) Determine the District's average daily attendance for state aid purposes.

Description of Strategies to Meet Objectives

The District will:

- a) Create and maintain a positive school building culture by fostering a positive physical and psychological environment where the presence of strong adult role models encourages respectful and nurturing interactions between adults and students. This positive school culture is aimed at encouraging a high level of student bonding to the school, which in turn should lead to increased attendance.
- b) Develop a Comprehensive Student Attendance Policy based upon the recommendations of a multifaceted District Policy Development Team that includes representation from the Board, administrators, teachers, students, parents, and the community. The District will hold at least one public hearing prior to the adoption of this collaboratively developed Comprehensive Student Attendance Policy.
- c) Maintain accurate recordkeeping via a Register of Attendance to record attendance, absence, tardiness, or early departure of each student.
- d) Utilize data analysis systems for tracking individual student attendance and individual and group trends in student attendance problems.

(Continued)

SUBJECT: COMPREHENSIVE STUDENT ATTENDANCE (Cont'd.)

- e) Develop early intervention strategies to improve school attendance for all students.

Determination of Excused and Unexcused Absences, Tardiness, and Early Departures

Based upon the District's education and community needs, values, and priorities, the District has determined that absences, tardiness, and early departures will be considered excused or unexcused according to the following standards:

- a) **Excused:** An absence, tardiness, or early departure may be excused if due to personal illness, illness or death in the family, impassable roads due to inclement weather, religious observance, quarantine, required court appearances, attendance at health clinics, approved college visits, approved cooperative work programs, military obligations, or other reasons as may be approved by the Board.
- b) **Unexcused:** An absence, tardiness, or early departure is considered unexcused if the reason for the lack of attendance does not fall into the above categories (e.g., family vacation, hunting, babysitting, haircut, obtaining learner's permit, road test, oversleeping).

A written excuse, signed by a parent or person in parental relation should be presented by the student when returning to school following each absence.

Student Attendance Recordkeeping/Data Collection

The record of each student's presence, absence, tardiness, and early departure will be kept in a register of attendance in a manner consistent with Commissioner's regulations. An absence, tardiness, or early departure will be entered as "excused" or "unexcused" along with the District code for the reason.

Attendance will be taken and recorded in accordance with the following:

- a) For students in non-departmentalized kindergarten through grade 8 (i.e., self-contained classrooms and supervised group movement to other scheduled school activities such as physical education in the gym, assembly, etc.), the student's presence or absence will be recorded after the taking of attendance once per school day, provided that students are not dismissed from school grounds during a lunch period. Where students are dismissed for lunch, their presence or absence will also be recorded after the taking of attendance a second time upon the student's return from lunch. For purposes of APPR and Teacher-Student Data Linkages (TSDL), classroom attendance for all students in grades K through 12 must be recorded on a subject by subject basis for Teacher of Record Determinations.

(Continued)

Students

SUBJECT: COMPREHENSIVE STUDENT ATTENDANCE (Cont'd.)

- b) For students in grades 9 through 12 or in departmentalized schools at any grade level (i.e., students pass individually to different classes throughout the day), each student's presence or absence will be recorded after the taking of attendance in each period of scheduled instruction.
- c) Any absence for a school day or portion thereof will be recorded as excused or unexcused in accordance with the standards articulated in this policy.
- d) In the event that a student at any instructional level from grades K through 12 arrives late for, or departs early from, scheduled instruction, the tardiness or early departure will be recorded as excused or unexcused in accordance with the standards articulated in this policy.

A record will be kept of each scheduled day of instruction during which the school is closed for all or part of the day because of extraordinary circumstances including adverse weather conditions, impairment of heating facilities, insufficiency of water supply, shortage of fuel, destruction of or damage to a school building, or other cause as may be found satisfactory to the Commissioner of Education.

Attendance records will also indicate the date when a student withdraws from enrollment or is dropped from enrollment in accordance with Education Law Section 3202(1-a).

At the conclusion of each class period or school day, all attendance information will be compiled and provided to the designated school personnel who are responsible for attendance. The nature of the absence, tardiness, or early departure will be coded on a student's record in accordance with the established District or building procedures.

Student Attendance and Course Credit

The District believes that classroom participation is related to, and affects, a student's performance and grasp of the subject matter and, as such, is properly reflected in a student's final grade. For purposes of this policy, classroom participation means that a student is in class and prepared to work.

Consequently, for each marking period, a certain percentage of a student's final grade will be based on classroom participation as well as the student's performance on homework, tests, papers, projects, etc., as determined by the building administrator or classroom teacher.

Students are expected to attend all scheduled classes. Consistent with the importance of classroom participation, unexcused student absences, tardiness, and early departures will affect a student's grade, including credit for classroom participation, for the marking period.

(Continued)

SUBJECT: COMPREHENSIVE STUDENT ATTENDANCE (Cont'd.)

At the middle school/senior high school level, any student with more than 27 absences in a course may not receive credit for the course. However, students with properly excused absences, tardiness, and early departures for which the student has performed any assigned make-up work, assignments, and/or tests will not be counted as an absence for the purpose of determining the student's eligibility for course credit. District procedures will specify how student tardiness and early departures will be calculated and factored into the District's minimum attendance standard.

However, the District may not deny course credit to a student who has exceeded the allowable number of absences but taken all tests, completed missed class work, and secured a passing grade.

For summer school and courses meeting 1/2 year or 1/4 year, the same policy will apply and a calculation of the absences will be prorated accordingly.

Transfer students and students re-enrolling after having dropped out will be expected to attend a prorated minimum number of the scheduled classes during their time of enrollment.

Students will be considered in attendance if the student is:

- a) Physically present in the classroom or working under the direction of the classroom teacher during the class scheduled meeting time; or
- b) Working under an approved independent study program; or
- c) Receiving approved alternative instruction.

Students who are absent from class due to their participation in a school-sponsored activity must arrange with their teachers to make up any work missed in a timely manner as determined by the student's teacher. Attendance at school-sponsored events where instruction is substantially equivalent to the instruction which was missed will be counted as the equivalent of regular attendance in class.

Upon returning to school following a properly excused absence, tardiness, or early departure, it will be the responsibility of the student to consult with his or her teacher(s) regarding arrangements to make up missed work, assignments, and/or tests in accordance with the time schedule specified by the teacher.

Notice of Minimum Attendance Standard/Intervention Strategies Prior to the Denial of Course Credit

In order to ensure that parents or persons in parental relation and students are informed of the District's policy regarding minimum attendance and course credit, and the implementation of specific intervention strategies to be employed prior to the denial of course credit to the student for insufficient attendance, the following guidelines will be followed:

(Continued)

SUBJECT: COMPREHENSIVE STUDENT ATTENDANCE (Cont'd.)

- a) Copies of the District's Comprehensive Student Attendance Policy will be available to parents or persons in parental relation and provided to students at the beginning of each school year or at the time of enrollment in the District.
- b) School newsletters and publications will include periodic reminders of the components of the District's Comprehensive Student Attendance Policy. Copies of the Attendance Policy will also be included in parent or student handbooks or posted on the District website.
- c) At periodic intervals, a designated staff member(s) will notify, by telephone, the parent or person in parental relation of the student's absence, tardiness, or early departure and explain the relationship of the student's attendance to his or her ability to receive course credit. If the parent or person in parental relation cannot be reached by telephone, a letter will be sent detailing this information.
- d) A designated staff member will review the District's Attendance Policy with students who have excessive and/or unexcused absences, tardiness, or early departures. Further, appropriate student support services within the District, as well as the possible collaboration or referral to community support services and agencies, will be implemented prior to the denial of course credit for insufficient attendance by the student.

Notice of Students who are Absent, Tardy, or Depart Early Without Proper Excuse

A designated staff member or school notification system will notify by telephone the parent or person in parental relation to a student who is absent, tardy, or departs early without proper excuse. The staff member will explain the District's Comprehensive Student Attendance Policy, the District's or building level intervention procedures, and, if appropriate, the relationship between student attendance and course credit. If the parent or person in parental relation cannot be reached by telephone, the staff member will provide the notification by mail. Further, the District's Attendance Policy will be mailed to the parent or person in parental relation to promote awareness and help ensure compliance with the policy.

If deemed necessary by appropriate school officials, or if requested by the parent or person in parental relation, a school conference will be scheduled between the parent or person in parental relation and appropriate staff members in order to address the student's attendance. The student may also be requested to attend this conference in order to address appropriate intervention strategies that best meet the needs of the student.

Chronic Absenteeism

Chronic absenteeism is defined as missing at least 10% of enrolled school days in a year for any reason, excused or unexcused. Chronic absenteeism differs from truancy because it emphasizes missed instructional time rather than unexcused absences. Missed instructional time can increase a student's risk for disengagement, low achievement, and dropping out, among other things.

(Continued)

SUBJECT: COMPREHENSIVE STUDENT ATTENDANCE (Cont'd.)

Students who miss at least 5% of enrolled school days in a year are at risk of becoming chronically absent. In light of this, the District will implement intervention strategies for students who miss 5% or more of the enrolled school days in a year.

Attendance Incentives

In order to encourage student attendance, the District will develop and implement grade-appropriate or building-level strategies and programs.

Disciplinary Consequences

Unexcused absences, tardiness, and early departures will result in disciplinary sanctions as described in the District's *Code of Conduct*. Negative consequences will not be imposed, however, where the absence, tardiness, or early departure is related to homelessness. Consequences may include, but are not limited to, in-school suspension, detention, and denial of participation in interscholastic and extracurricular activities. Parents or persons in parental relation will be notified by designated District personnel at periodic intervals to discuss their child's absences, tardiness, or early departures and the importance of class attendance and appropriate interventions. Individual buildings and grade levels will address procedures to implement the notification process to the parent or person in parental relation.

Intervention Strategy Process

In order to effectively intervene when an identified pattern of excused absences, unexcused absences, tardiness, or early departures occur, designated District personnel will pursue the following:

- a) Identify specific element(s) of the pattern (e.g., grade level, building, time frame, type of excused absences, unexcused absences, tardiness, or early departures);
- b) Contact the District staff most closely associated with the element. In specific cases where the pattern involves an individual student, the student and parent or person in parental relation will be contacted;
- c) Discuss strategies to directly intervene with specific element;
- d) Recommend intervention to Superintendent or designee if it relates to change in District policy or procedure;
- e) Implement changes, as approved by appropriate administration;
- f) Utilize appropriate District and/or community resources to address and help remediate student unexcused absences, tardiness, or early departures;

(Continued)

SUBJECT: COMPREHENSIVE STUDENT ATTENDANCE (Cont'd.)

- g) Monitor and report short and long term effects of intervention.

Appeal Process

A parent or person in parental relation may request a building level review of his or her child's attendance record.

Building Review of Attendance Records

The building principal will work in conjunction with the building attendance clerk and other designated staff in reviewing attendance records at the end of each term. This review is conducted to identify individual and group attendance patterns and to initiate appropriate action to address the problem of unexcused absences, tardiness, and early departures.

Annual Review by the Board

The Board will annually review the building level student attendance records and if those records show a decline in student attendance, the Board will make any revisions to the Policy and plan deemed necessary to improve student attendance.

Community Awareness

The Board will promote necessary community awareness of the District's Comprehensive Student Attendance Policy by:

- a) Providing a plain language summary of the policy to parents or persons in parental relation to students at the beginning of each school year and promoting the understanding of this policy to students and their parents or persons in parental relation;
- b) Providing each teacher, at the beginning of the school year or upon employment, with a copy of the policy; and
- c) Providing copies of the policy to any other member of the community upon request.

SUBJECT: DIAGNOSTIC SCREENING OF STUDENTS

The District has developed a plan for the diagnostic screening of all new entrants and students with low test scores to determine whether such students have or are suspected of having a disability, are possibly gifted, or are possibly English Language Learners (ELLs). The results of the diagnostic screening will be contained in a written report that will be shared with the parent.

A new entrant means a student entering the New York State public school system, pre-kindergarten through grade 12, for the first time, or re-entering a New York State public school with no available record of a prior screening.

Students with low test scores are students who score below level two on either the third grade English language arts or mathematics assessment for New York State elementary schools.

The diagnostic screening will be conducted:

- a) By persons appropriately trained or qualified;
- b) By persons appropriately trained or qualified in the student's home language if the language of the home is other than English;
- c) In the case of new entrants, prior to the school year, if possible, but no later than December 1 of the school year of entry or within 15 days of transfer of a student into a New York State public school should the entry take place after December 1 of the school year;
- d) In the case of students with low test scores, within 30 days of the availability of the test scores.

No screening examination for vision, hearing, or scoliosis condition is required where a student, parent, or person in parental relation objects on the grounds that the examination conflicts with their genuine and sincere religious beliefs.

Results and Reports

The results of the diagnostic screening will be reviewed and a written report of each student screened will be prepared by appropriately qualified District staff. If the screening indicates a possible disability, a possibly gifted child, or a child identified as possibly being an ELL, the District will refer the child for the appropriate programs or services.

Parents or guardians of children to be screened will receive information in advance regarding the purpose of screening, the areas to be screened and the referral process. The information will be communicated either orally or in writing in a language that the parent or guardian can understand.

(Continued)

SUBJECT: DIAGNOSTIC SCREENING OF STUDENTS (Cont'd.)

Upon request, the District will provide parents or guardians with the written results of their child's performance on screenings. The results of all mandated screening examinations will be provided to the child's parent or guardian and to any teacher of the child within the school while the child is enrolled. A letter will be sent to the parent or guardian of any child who fails a screening.

Confidentiality of Information

All information collected about a child through the screening program will be kept confidential.

SUBJECT: ENTITLEMENT TO ATTEND -- AGE AND RESIDENCY

All persons residing within the District who are between the ages of five years and 21 years and who have not received a high school diploma are entitled to enroll in the District.

A student who becomes six years of age on or before the first of December in any school year will be required to attend full-time instruction from the first day that the District schools are in session in September of that school year. A student who becomes six years of age after the first of December in any school year will be required to attend full-time instruction from the first day of session in the following September. Each student will be required to remain in attendance until the last day of session in the school year in which the student becomes 16 years of age. Additionally, any student from 16 to 17 years of age who is not employed is required to attend full-time instruction until the end of the school year in which the student turns 17 years of age.

Evidence of a prospective student's age and residency must be presented in the form as is permitted by state and federal law and regulation.

Determination of Student Residency

Residence is established by a child's physical presence as an inhabitant within the District and his or her intent to reside in the District.

A child's residence is presumed to be that of his or her parents or legal guardians. Where a child's parents live apart, the child can have only one legal residence. In cases where parents have joint custody, the child's time is essentially divided between two households, and both parents assume responsibility for the child, the decision regarding the child's residency lies ultimately with the family. Where parents claim joint custody, but do not produce proof of the child's time being divided between both households, residency will be determined on the basis of the child's physical presence and intent to remain within the District.

The presumption that a child resides with his or her parents or legal guardians may be rebutted upon demonstration that custody of the child has been totally and permanently transferred to another individual. The District will not acknowledge living arrangements with persons other than a child's parents or legal guardians which are made for the sole purpose of taking advantage of the District's schools.

The presumption that a child resides with his or her parents or legal guardians may also be rebutted upon demonstration that the child is an emancipated minor. To establish emancipation, a minor may submit documentation of his or her means of support, proof of residency, and an explanation of the circumstances surrounding the student's emancipation, including a description of the student's relationship with his or her parents or persons in parental relationship.

(Continued)

SUBJECT: ENTITLEMENT TO ATTEND -- AGE AND RESIDENCY (Cont'd.)**Undocumented Children**

Undocumented children are entitled to attend the District's schools, provided they meet the age and residency requirements established by state law. Consequently, the District will not request on any enrollment or registration form, in any meeting, or in any other form of communication, any documentation or information regarding or tending to reveal the immigration status of a child, a child's parent(s), or the person(s) in parental relation. In the event the District is required to collect certain data, it will do so after the child has been enrolled or registered; in no instance will the information be required as a condition of enrollment or continued attendance.

Children of Activated Reserve Military Personnel

Students temporarily residing outside the boundaries of the District, due to relocation necessitated by the call to active military duty of the student's parent or person in parental relation, will be allowed to attend the public school that they attended prior to the relocation. The District is not required to provide transportation between a temporary residence located outside the District and the school the child attends.

SUBJECT: EDUCATION OF STUDENTS IN TEMPORARY HOUSING

The Board recognizes the unique challenges that face students in temporary housing (i.e., homeless children and youth) and will provide these students with access to the same free and appropriate public education, including public preschool education, as other students, as well as access to educational and other services necessary to be successful in school. The District will ensure that these students are not separated from the mainstream school environment. The Board is also committed to eliminating barriers to the identification, enrollment, attendance, and success of students in temporary housing.

Identification of Students in Temporary Housing

All districts are obligated to affirmatively identify all students in temporary housing. Therefore, the District will determine whether there are students in temporary housing within the District by using a housing questionnaire to determine the nighttime residence of all newly enrolled students and all students whose address changes during the school year. Not all students in temporary housing can be identified through social service agencies or shelters, as children may be sharing the housing of other persons, such as family or friends, due to loss of housing, economic hardship, or other similar reason. For this reason, the District uses a housing questionnaire that asks for a description of the current living arrangements of the child or youth to determine whether the child or youth meets the definition of a homeless child.

In addition to using the housing questionnaire, the District will also contact the local department of social services (LDSS) (i.e., the social services district) to identify students in temporary housing, as well as the local runaway and homeless youth shelter, and any other shelters located within District boundaries to ensure all students in temporary housing are properly identified and served.

SUBJECT: EDUCATION OF STUDENTS IN TEMPORARY HOUSING (Cont'd.)**The McKinney-Vento Liaison for Students in Temporary Housing**

The District will designate an appropriate staff person, who may also be a coordinator for other federal programs, as the District liaison for students in temporary housing (otherwise referred to as the McKinney-Vento liaison). The District's McKinney-Vento liaison serves as one of the primary contacts between families experiencing homelessness and school staff, district personnel, shelter workers, and other service providers. The McKinney-Vento liaison coordinates services to ensure that homeless children and youth enroll in school and have the opportunity to succeed.

The District's McKinney-Vento liaison must ensure that:

- a) Students in temporary housing are identified by school personnel and through coordination activities with other entities and agencies;
- b) Students in temporary housing enroll in, and have full and equal opportunity to succeed in, the District's schools;
- c) Students in temporary housing and their families receive educational services for which they are eligible, including Head Start programs administered by a local educational agency, Early Head Start, early intervention services under part C of the Individuals with Disabilities Education Act, and other preschool programs administered by the District;
- d) Students and parents in temporary housing receive referrals to health care services, dental services, mental health and substance abuse services, housing services and other appropriate services;
- e) Parents or guardians of students in temporary housing are informed of the educational and related opportunities available to their children and are provided with meaningful opportunities to participate in the education of their children;
- f) Parents and guardians of students in temporary housing, and unaccompanied youth, are fully informed of all transportation services, including transportation to and from the school district of origin and are assisted in accessing transportation services;
- g) Disputes regarding eligibility, school selection, enrollment and/or transportation are mediated in accordance with applicable laws and regulations;
- h) Assistance in commencing an appeal, in accordance with applicable law, of a final determination regarding eligibility, enrollment, school selection, and/or transportation is provided to the student in temporary housing's parent or guardian or the unaccompanied youth;

(Continued)

Students

SUBJECT: EDUCATION OF STUDENTS IN TEMPORARY HOUSING (Cont'd.)

- i) A record is maintained of all appeals of enrollment, school selection, and transportation;
- j) Public notice of the educational rights of students in temporary housing is posted in locations where these students receive services at Belleville Henderson Central School District, in a manner and form understandable to the parents and guardians of students in temporary housing, and unaccompanied youth;
- k) School personnel providing services to students in temporary housing receive professional [learning](#) and other support;
- l) Unaccompanied youths:
 - 1. Are enrolled in school;
 - 2. Have opportunities to meet the same challenging state academic standards as the state establishes for other children and youth, including receiving credit for full or partial coursework earned in a prior school pursuant to Commissioner's regulations; and
 - 3. Are informed of their status as independent students under section 480 of the Higher Education Act of 1965 and that the youths may obtain assistance from the McKinney-Vento liaison to receive verification of this status for purposes of the Free Application for Federal Student Aid (FAFSA);
- m) School personnel, service providers, advocates working with students in temporary housing, parents and guardians of students in temporary housing, and students in temporary housing are informed of the duties of the McKinney-Vento liaison; and
- n) Assistance with obtaining any necessary immunizations or screenings, or immunization or other required health records is provided to the parents or guardians of the students in temporary housing.

School District and School Designations

A designator will make the initial decision about which school district and school a student in temporary housing will attend. A designator is:

- a) The parent or person in parental relation (guardian) to a student in temporary housing;
- b) The student in temporary housing, together with the McKinney-Vento liaison, in the case of an unaccompanied youth; or

(Continued)

SUBJECT: EDUCATION OF STUDENTS IN TEMPORARY HOUSING (Cont'd.)

- c) The director of a residential program for runaway and homeless youth, in consultation with the student in temporary housing, where the student is living in that program.

The District will ask the designator to designate one of the following as the school district of attendance for the student in temporary housing:

- a) The school district of current location;
- b) The school district of origin; or
- c) A school district participating in a regional placement plan.

The District will also ask the designator to designate one of the following as the school where a student in temporary housing seeks to attend:

- a) The school of origin; or
- b) Any school that permanent housed children and youth who live in the attendance area in which the child or youth is actually living are eligible to attend, including a preschool.

A student in temporary housing is entitled to attend the schools of the school district of origin without the payment of tuition for the duration of their homelessness and through the remainder of the school year in which the student becomes permanently housed and for one additional year if that year constitutes the student's terminal year in that school building, subject to a best interest determination.

Designation/STAC 202 Form

The District will identify all students in temporary housing, and a designation form will be completed by the designator for all these students and any other student who claims homelessness. Designations must be made on the STAC 202 form provided by the Commissioner.

The appropriate designator must complete the designation form. The District makes designation forms available to a student in temporary housing who seeks admission to school or to the parent or person in parental relation who seeks to enroll the child in school.

The District will provide completed designation forms to the McKinney-Vento liaison immediately, but no later than two business days from the earlier date on which the child or youth either:

- a) Sought enrollment in school; or
- b) Was placed in a temporary housing facility or residential facility for runaway and homeless youth.

(Continued)

Students

SUBJECT: EDUCATION OF STUDENTS IN TEMPORARY HOUSING (Cont'd.)

Where a parent or person in parental relation or a child who is neither placed in a temporary housing facility by the LDSS nor housed in a residential program for runaway homeless youth, designates the District as the school district of current location, the District will forward to the State Education Department a completed designation form and a statement of the basis for its determination that the child is a homeless child entitled to attend the District's schools.

Immediate Enrollment and Best Interest Determinations

Upon identification of a child who is in temporary housing and/or receipt of a completed designation/STAC 202 form, the District will:

- a) Immediately review the designation form to ensure that it has been completed and admit the student in temporary housing even if the child or youth is unable to produce records normally required for enrollment, such as previous academic records, medical records, immunization records, proof of residency or other documentation and even if the child or youth has missed application deadlines;
- b) Determine whether the designation made by the designator is consistent with the best interests of the student in temporary housing. In making best interests decisions the District will:
 1. Presume that keeping the child in the school of origin is in the child's best interest, except when doing so is contrary to the wishes of the parent or guardian (or youth in the case of an unaccompanied youth); and
 2. Consider student-centered factors such as the effect of mobility on student achievement, education, health, and safety of the child, giving priority to the wishes of the child's parent or guardian (or the youth, if a homeless unaccompanied youth). If the District determines that it is in the best interest of the student in temporary housing to attend a school other than the school of origin or the designated school, the District will provide the parent or guardian (or youth, if an unaccompanied youth) with a written explanation of its determination, including information about the right to appeal.
- c) Provide the child with access to all of the District's programs, activities and services to the same extent as they are provided to resident students;
- d) Immediately contact the school district where the child's records are located in order to obtain a copy of these records and coordinate the transmittal of records for students with disabilities pursuant to applicable laws and regulations;

(Continued)

SUBJECT: EDUCATION OF STUDENTS IN TEMPORARY HOUSING (Cont'd.)

- e) Immediately refer the parent or guardian of the student in temporary housing to the McKinney-Vento liaison who must assist in obtaining necessary immunizations or immunization or medical records if the child or youth needs to obtain immunizations or immunization or medical records;
- f) Forward the STAC 202 form to the Commissioner and the school district of origin, where applicable. In all cases, the District will give a copy of the completed STAC 202 form to the designator and keep a copy of the STAC 202 form for the District's records;
- g) Arrange for transportation in accordance with applicable laws and regulations; and
- h) Arrange for the child to receive free school meals.

Request for Records

Within five days of receipt of a request for school records from a new school, the District will forward, in a manner consistent with state and federal law, a complete copy of the student in temporary housing's records, including, but not limited to, proof of age, academic records, evaluations, immunization records, and guardianship papers, if applicable.

Tuition Reimbursement

The District is eligible to request reimbursement from the State Education Department for the direct costs of educational services to students in temporary housing that are not otherwise reimbursed under special federal programs, when:

- a) The District is either the school district of current location or a school district participating in a regional placement plan;
- b) The District is designated as the school district of attendance; and
- c) The school district of origin for the student in temporary housing is within New York State.

All claims for reimbursement will be made on the STAC 202 form prescribed by the Commissioner of the State Education Department.

In addition, the District is eligible for reimbursement for the direct costs of educational services, including transportation costs for students who continue enrollment in the District schools after finding permanent housing midyear in a different school district within New York State. In these cases, the District will directly bill the new district where the student permanently resides for all direct costs of educational services, including transportation, that are not otherwise reimbursed under special federal programs.

(Continued)

SUBJECT: EDUCATION OF STUDENTS IN TEMPORARY HOUSING (Cont'd.)**Transportation Responsibilities**

The LDSS is responsible for providing transportation to students in temporary housing, including preschool students and students with disabilities who are eligible for benefits under Social Services Law §350-j and placed in temporary housing arrangements outside their designated districts. Where the LDSS requests that the District provide or arrange for transportation for a student in temporary housing in the circumstances above, the District will provide or arrange for the transportation and directly bill the LDSS so that the district will be fully and promptly reimbursed for the cost of the transportation.

If the District is the designated school district of attendance, the District will provide for the transportation of each student in temporary housing who is living in a residential program for runaway and homeless youth, including if the temporary housing is located outside the school district. The costs for transportation for each student in temporary housing who lives in a residential program for runaway youth and homeless youth located outside of the designated school district will be reimbursed by the State Education Department, to the extent funds are provided for the purpose, with the submission of a Runaway and Homeless Youth Act Transportation Program Form. Where the District provides transportation for a student living in a Runaway and Homeless Youth facility, the District will promptly request reimbursement using the Runaway and Homeless Youth Act Transportation Form.

The District will transport any student in temporary housing to their school of origin, including preschools and charter schools, where it is the designated district of attendance and the student in temporary housing is not entitled to receive transportation from the Department of Social Services.

When the District is designated as the school district of current location for a student in temporary housing and the student does not attend the school of origin, the District will provide transportation on the same basis as it is provided to resident students, unless the local transportation policy represents a barrier to the student's attendance in school.

If the student in temporary housing designates the District as the school district of attendance, transportation will not exceed 50 miles each way, unless the Commissioner determines that it is in the best interest of the child.

Where the District is designated as the school district of attendance and it has recommended the student in temporary housing attend a summer educational program, the district of attendance will provide transportation services to students in temporary housing for summer educational programs if the lack of transportation poses a barrier to the student's participation in the program.

Where the District is designated as the school district of attendance, it will provide transportation services to students in temporary housing for extracurricular or academic activities when:

- a) The student participates in or would like to participate in an extracurricular or academic activity, including an after-school activity, at the school;

(Continued)

SUBJECT: EDUCATION OF STUDENTS IN TEMPORARY HOUSING (Cont'd.)

- b) The student meets the eligibility criteria for the activity; and
- c) The lack of transportation poses a barrier to the student's participation in the activity.

Where the District is designated as the school district of attendance, it will provide transportation as described above for the duration of homelessness, unless the LDSS is responsible for providing transportation. After the student becomes permanently housed, the District will provide transportation to the school of origin until the end of the school year and for one additional year if that year constitutes the child's terminal year in the school building.

Where a student in temporary housing must cross state-lines to attend a school of origin, the District will coordinate with the District in the neighboring state to provide transportation services when:

- a) The student is temporarily living in New York State and continues to attend school in a neighboring state; or
- b) The student is temporarily living in a neighboring state and continues to attend school in New York State.

Dispute Resolution Process

The District has established the following procedures for the prompt resolution of disputes regarding school selection or enrollment of a homeless child or youth:

- a) The District will provide a written explanation, including a statement regarding the right to appeal, to the parent or guardian of a student in temporary housing, or to an unaccompanied youth, if the District determines that the District is not required to either enroll and/or transport the child or youth to the school of origin or a school requested by the parent or guardian or unaccompanied youth, or if there is a disagreement about a child's or youth's status as a homeless child or unaccompanied youth. The written explanation will be in a manner and form understandable to the parent, guardian, or unaccompanied youth and will include a statement regarding the McKinney-Vento liaison's availability to help the parent, guardian, or unaccompanied youth with any appeal and the contact information for the liaison.
- b) The District will immediately enroll the student in the school in which enrollment is sought by the parent or guardian or unaccompanied youth, provide transportation to the school, and will delay for 30 days the implementation of a final determination to decline to either enroll in and/or transport the student in temporary housing to the school of origin or a school requested by the parent or guardian or unaccompanied youth.

(Continued)

Students

SUBJECT: EDUCATION OF STUDENTS IN TEMPORARY HOUSING (Cont'd.)

- c) If the parent or guardian of a student in temporary housing or unaccompanied youth commences an appeal to the Commissioner within 30 days of such final determination, the student will be permitted to continue to attend the school they are enrolled in at the time of the appeal and/or receive transportation to that school pending the resolution of all available appeals.

The McKinney-Vento Liaison's Dispute Resolution Responsibilities

The District's McKinney-Vento liaison must assist the student in temporary housing's parent or guardian or unaccompanied youth in bringing an appeal to the Commissioner of a final school district decision regarding enrollment, school selection and/or transportation. In the event of a dispute regarding eligibility, enrollment, school selection, and/or transportation, the District's McKinney-Vento liaison will:

- a) Provide the parent or guardian or unaccompanied youth with a copy of the form petition;
- b) Assist the parent or guardian or unaccompanied youth in completing the form petition;
- c) Arrange for the copying of the form petition and supporting documents for the parent or guardian or unaccompanied youth, without cost to the parent or guardian or unaccompanied youth;
- d) Accept service of the form petition and supporting papers on behalf of any District employee or officer named as a party, or the District if it is named as a party, or arrange for service by mail by mailing the form petition and supporting documents to any District employee or officer named as a party, and, if the District is named as a party, to a person in the office of the Superintendent who has been designated by the Board to accept service on behalf of the District;
- e) Provide the parent or guardian or unaccompanied youth with a signed and dated acknowledgment verifying that they have received the form petition and supporting documents, and will either accept service of these documents on behalf of the District employee or officer or District, or effect service by mail by mailing the form petition and supporting documents to any District employee or officer named as a party, and, if the District is named as a party, to a person in the office of the Superintendent who has been designated by the Board to accept service on behalf of the District;
- f) Transmit on behalf of the parent or guardian or unaccompanied youth, within five days after the service of, the form petition or any pleading or paper to the Office of Counsel, New York State Education Department, State Education Building, Albany, New York 12234;

(Continued)

SUBJECT: EDUCATION OF STUDENTS IN TEMPORARY HOUSING (Cont'd.)

- g) Provide the parent or guardian or unaccompanied youth with a signed and dated acknowledgement verifying that they have received the form petition and supporting documents and will transmit these documents on behalf of the parent, guardian or unaccompanied youth to the Office of Counsel, New York State Education Department, State Education Building, Albany, New York 12234;
- h) Accept service of any subsequent pleadings or papers, including any correspondence related to the appeal, if the parent or guardian or unaccompanied youth so elects. They will also make this correspondence available to the parent or guardian or unaccompanied youth; and
- i) Maintain a record of all appeals of enrollment, school selection, and transportation determinations.

Coordination

The District will coordinate the provision of services described in this policy with local social services agencies, housing providers and other agencies or programs providing services to students in temporary housing and their families, including services and programs funded under the Runaway and Homeless Youth Act.

The District will coordinate with other school districts on inter-district issues, such as transportation or transfer of school records.

The District will coordinate implementation of the above provision of services with the requirements of the Individuals with Disabilities Education Act (IDEA) for students with disabilities.

Coordination with Title I

The District acknowledges that students in temporary housing are eligible for services under Title I, Part A whether or not they live in a Title I school attendance area or meet the academic requirements required of other children. The District will ensure that:

- a) Title I, Part A funds are set aside as are necessary to provide students in temporary housing, who may have unique needs that differ from their permanently housed peers, with educationally related support services;
- b) Its local plan includes a description of how the plan is coordinated with McKinney-Vento;
- c) Its local plan describes the services provided to students in temporary housing;

SUBJECT: EDUCATION OF STUDENTS IN TEMPORARY HOUSING (Cont'd.)

- d) Its local plan describes the efforts it made to identify students in temporary housing, including unaccompanied youth, if the District reports that there are no students in temporary housing enrolled in the District. These efforts will include contacting the LDSS or Office of Children and Family Services (OCFS) to verify that there are no students in temporary housing in the District; and
- e) Its housing questionnaire asks about the living arrangements of the child or unaccompanied youth, including asking if they are living in a shelter; with relatives or others due to loss of housing or economic hardship; in an abandoned apartment/building; in a motel/hotel, camping ground, car, train/bus station or other similar situation due to the lack of alternative, adequate housing. Documentation of the District's efforts to identify students in temporary housing will be maintained on file and a copy of the housing questionnaire will also be kept on file.

Reporting Requirements

The District will collect and transmit to the Commissioner of Education, at the time and in the manner as the Commissioner may require, a report containing information as the Commissioner determines is necessary, including the numbers of homeless students, their grade, and their nighttime residence.

Access to Free Meals

The District will provide free meals to all children identified as homeless. They do not have to complete a free or reduced-price meal application. When the McKinney-Vento liaison or a shelter director provides a child's name to the District's school food service office, free school meals will commence immediately.

Removal of Barriers

The District will review and revise its policies that may act as barriers to the identification of students in temporary housing and their enrollment and retention in school, including barriers to enrollment and retention due to outstanding fees or fines, or absences.

Comparable Services

The District will provide services to students in temporary housing comparable to those offered to other students in the District, including: transportation services; educational services for which the child or youth meets the relevant criteria, such as services provided under Title I or similar state or local programs; educational programs for students with disabilities; educational programs for English learners; programs in career and technical education; programs for gifted and talented students; and school nutrition programs.

(Continued)

SUBJECT: EDUCATION OF STUDENTS IN TEMPORARY HOUSING (Cont'd.)**Student Privacy**

Information about a student in temporary housing's living situation will be treated as a student education record and will not be deemed to be directory information under the Family Educational Rights and Privacy Act (FERPA). A parent or guardian or unaccompanied youth may consent to the release of a student's address information in the same way they would for other student education records under FERPA.

Training

All school enrollment staff, secretaries, school counselors, school social workers, and principals will be trained on the requirements for enrollment of students in temporary housing. Other staff members including school nutrition staff, school registered professional nurses, teachers, and bus drivers will receive training on homelessness that is specific to their field.

SUBJECT: NON-RESIDENT STUDENTS

Non-resident families who wish to enroll students in the District must submit a request in writing to the Superintendent. The Superintendent will review these requests and make recommendations regarding non-resident student admission to the Board. The Board has final authority to approve or deny these requests.

Non-resident student enrollment requests will only be considered where:

- a) There is sufficient space to accommodate the non-resident student;
- b) No increase in the size of faculty or staff will be necessary; and
- c) Admittance will not result in the establishment of a new class or section.

In making determinations regarding the admittance of non-resident students, the District will not discriminate on the basis of race, color, religion, national origin, sex, sexual orientation, age, disability, or other legally protected category.

In the event a non-resident student is permitted to attend the District's schools, his or her attendance will be subject to the following conditions:

- a) Parents or guardians must work out transfer conditions with the home school district or provide their own transportation;
- b) All rules and regulations in effect for District students will be applicable to non-District students; and
- c) Tuition may be charged to families of non-resident students in accordance with formulas approved by the State Education Department.

Future Students

Students whose families have signed a contract to buy or build a residence in the District may be enrolled for the semester in which they expect to become residents. Non-resident tuition will be charged, payable in advance, with an adjustment to be made when the family becomes a resident in the District.

Former Residents

Students who are not District residents will be permitted to attend the District's schools without payment of tuition in the following limited circumstances:

- a) Students of any grade who move from the District during the school year may be given permission to finish the semester in which the move occurs.

(Continued)

SUBJECT: NON-RESIDENT STUDENTS (Cont'd.)

- b) Students who move from the District after completion of the first semester of the year preceding their anticipated graduation year may be given permission to remain in the District until graduation.

Foreign Exchange Students

Foreign students participating in a recognized Student Exchange Program may attend District schools without payment of tuition.

Reservation of Claims

Should a material misstatement of fact be made and relied upon by any administrator or the Board in admitting a non-resident student without tuition, the Board will be entitled to recover the cost of instruction for the time the student was not authorized to attend a school in the District from the person who made the misstatement or from the student's parent or person in parental relation.

Tuition Fees

Where applicable, tuition fees are computed according to a formula established by the Commissioner of Education.

Tuition of individual non-resident students will be computed in advance at the time of enrollment. Methods of payment (e.g., monthly) may be arranged in the District Office and approved by the Superintendent. Non-resident student status is contingent upon timely payment of tuition fees as established by the Board.

Legal Residence

Parents who maintain more than one residence, but whose legal residence for the purposes of voting or filing income tax is within the District, are eligible to send their children to District schools. However, school tax payments of non-residents who own assessable property in the District will be deducted from any tuition charges levied against the non-resident.

SUBJECT: EDUCATION OF STUDENTS IN FOSTER CARE

The District recognizes the importance of educational stability for students in foster care and will collaborate, as appropriate, with the State Education Department (SED) and the local Department of Social Services (LDSS) to ensure that students in foster care have the opportunity to achieve at the same high-levels as their peers. For purposes of this policy, LDSS also refers to the local Social Services District or the local child welfare agency.

Definitions

- a) **Child or youth in foster care** ("student in foster care") means a child who is in the care and custody or custody and guardianship of a local Commissioner of Social Services or the Commissioner of the Office of Children and Family Services.
- b) **Feeder school** means:
 - 1. A preschool whose students are entitled to attend a specified elementary school or group of elementary schools upon completion of that preschool;
 - 2. A school whose students are entitled to attend a specified elementary, middle, intermediate, or high school or group of specified elementary, middle, intermediate, or high schools upon completion of the terminal grade of such school; or
 - 3. A school that sends its students to a receiving school in a neighboring school district pursuant to applicable laws and regulations.
- c) **Foster care** means 24-hour substitute care for children placed away from their parents or guardians and for whom the state or tribal child welfare agency has placement and care responsibility. This includes, but is not limited to, placements in foster family homes, foster homes of relatives, group homes, emergency shelters, residential facilities, child care institutions, and pre-adoptive homes. A child is in foster care regardless of whether the foster care facility is licensed and payments are made by the state, tribal or local agency for the care of the child, whether adoption subsidy payments are being made prior to the finalization of an adoption, or whether there is federal matching of any payments that are made.
- d) **Preschool** means a publicly funded prekindergarten program administered by SED or a local educational agency or a Head Start program administered by a local educational agency and/or services under the Individuals with Disabilities Education Act (IDEA) administered by a local educational agency.
- e) **Receiving school** means:
 - 1. A school that enrolls students from a specified or group of preschools, elementary schools, middle schools, intermediate schools, or high schools; or

(Continued)

Students

SUBJECT: EDUCATION OF STUDENTS IN FOSTER CARE (Cont'd.)

2. A school that enrolls students from a feeder school in a neighboring local educational agency pursuant to applicable laws and regulations.
- f) **School district of origin** means the school district within New York State in which the child or youth in foster care was attending a public school or preschool on a tuition-free basis or was entitled to attend at the time of placement into foster care when the Social Services District or the Office of Children and Family Services assumed care and custody or custody and guardianship of such child or youth, which is different from the school district of residence.
- g) **School district of residence** means the public school district within New York State in which the foster care placement is located, which is different from the school district of origin.
- h) **School of origin** means a public school that a child or youth attended at the time of placement into foster care, or the school in which the child or youth was last enrolled, including a preschool or a charter school. For a child or youth in foster care who completes the final grade level served by the school of origin, the term school of origin will include the designated receiving school at the next grade level for all feeder schools. Where the child is eligible to attend school in the school district of origin because the child was placed in foster care after such child is eligible to apply, register, or enroll in the public preschool or kindergarten or the child is living with a school-age sibling who attends school in the school district of origin, the school of origin will include any public school or preschool in which such child would have been entitled or eligible to attend based on such child's last residence before the circumstances arose which caused such child to be placed in foster care.

District Foster Care Liaison

The District will designate an appropriate staff person to act as the District's point of contact for students in foster care (i.e., the "Foster Care Liaison"). The Foster Care Liaison will not be the same staff person as the McKinney-Vento Liaison unless the McKinney-Vento Liaison has sufficient ability to carry out the responsibilities of both roles.

The Foster Care Liaison will work collaboratively with representatives from the LDSS.

The District will ensure that the name and contact information for the Foster Care Liaison are:

- a) Submitted to SED;
- b) Provided, in writing, to the point of contact for any LDSS known by the District to have students in its custody; and
- c) Posted on the District website.

(Continued)

SUBJECT: EDUCATION OF STUDENTS IN FOSTER CARE (Cont'd.)**Designation of School District and School**

The LDSS, in consultation with the appropriate local educational agency or agencies, will determine whether placement in the school district of origin or the school district of residence is in the best interest of a student in foster care. Provided that the District is an appropriate local educational agency, the District will work with the LDSS to make the best interest determination as quickly as possible in order to prevent educational discontinuity for the student. If the student has an Individualized Education Program (IEP), a Section 504 plan, or is an English language learner, relevant school staff may be consulted during the best interest determination process.

To the extent feasible and appropriate, the student should remain in his or her school of origin while the best interest determination is being made.

Subject to a best interest determination, a student in foster care is entitled to attend the school of origin or any school that children and youth who live in the attendance area in which the foster care placement is located are eligible to attend, including a preschool, for the duration of the student's placement in foster care and until the end of the school year in which he or she is no longer in foster care, and for one additional year if that year constitutes the student's terminal year in that building.

Where the school district of origin or school of origin that a student was attending on a tuition-free basis, or was entitled to attend when the student entered foster care is located, in New York State and the student's foster care placement is located in a contiguous state, the student is entitled to attend his or her school of origin or any school that children and youth who live in the attendance area in which the foster care placement is located are eligible to attend, including a preschool, subject to a best interest determination, for the duration of the student's placement in foster care and until the end of the school year in which he or she is no longer in foster care, and for one additional year if that year constitutes the student's terminal year in such building.

Responsibilities When Designated as the School District of Attendance

If the District is designated as the school district of attendance for a student in foster care, the District will immediately:

- a) Enroll the student in foster care, even if the student is unable to produce records which are normally required for enrollment, such as previous academic records, records of immunization and/or other required health records, proof of residency or other documentation and/or even if the student has missed application or enrollment deadlines during any period of placement in foster care, if applicable;
- b) Treat the student in foster care as a resident for all purposes; and

(Continued)

SUBJECT: EDUCATION OF STUDENTS IN FOSTER CARE (Cont'd.)

- c) Make a written request to the school district where the student's records are located in order to obtain a copy of the student's records and coordinate the transmittal of these records in accordance with applicable laws and regulations.

Request for Records

Within five days of receipt of a request for school records from a new school, the District will forward, in a manner consistent with federal and state law, a complete copy of the records of the student in foster care, including, but not limited to: proof of age; academic records; evaluations; immunization records; and guardianship papers (if applicable).

Tuition Reimbursement

Except as otherwise provided in law or regulation, the cost of instruction of a student in foster care will be borne by the school district of origin. Where a district other than the school district of origin is designated as the school district of attendance, the cost of instruction will be borne by the school district of origin and the tuition paid to the designated school district of attendance will be computed in accordance with applicable laws and regulations.

Transportation Responsibilities

Any student in foster care who requires transportation in order to attend his or her school of origin, is entitled to receive that transportation.

As appropriate, the District will coordinate and collaborate with the LDSS to make an appropriate transportation plan that supports the student's school stability plan and is fair to the District's taxpayers, consistent with the District's obligations under federal and state law.

When the District is the designated school district of attendance, and the student requires transportation to attend his or her school of origin, the District will provide transportation to and from the student's foster care placement location and the school of origin. The costs for transportation may be aidable pursuant to applicable laws and regulations.

When the District is the school district of residence and the designated school district of attendance, and the student does not attend his or her school of origin, the District will provide transportation on the same basis as provided to resident students. The costs for transportation may be aidable pursuant to applicable laws and regulations.

When transporting students in foster care, the District may incur excess transportation costs, as defined by law. The District and the LDSS may enter into a written agreement relating to how excess transportation costs should be funded, consistent with applicable laws and regulations. Absent such an

(Continued)

SUBJECT: EDUCATION OF STUDENTS IN FOSTER CARE (Cont'd.)

agreement, excess transportation costs incurred by the District will be shared equally between the LDSS responsible for the foster care costs of the student and the designated school district of attendance. The District and the LDSS will consider and utilize all allowable funding sources, including any available federal funds, to cover excess transportation costs.

Where a student in foster care has been placed in foster care in a contiguous state, and the District is the designated district of attendance, the District will collaborate with the LDSS to arrange for transportation.

Where the School of Origin is a Charter School

Where the school of origin is a charter school, the school district designated as the school district of attendance for a student in foster care will be deemed to be the school district of residence for the student for purposes of fiscal and programmatic responsibility and will be responsible for transportation of the student in foster care. If the designated school district of attendance is not the school district of origin, the designated school district of attendance may seek reimbursement from the school district of origin in accordance with applicable laws and regulations.

Dispute Resolution Process

To the extent feasible and appropriate, the District will ensure that a student in foster care remains in his or her school of origin while any dispute is being resolved in order to minimize disruptions and reduce the number of moves between schools.

Coordination with Other Agencies

The District will coordinate the provision of services described in this policy, as appropriate, with agencies or programs providing services to students in foster care.

The District will coordinate with other school districts on inter-district issues, such as transportation or transfer of school records.

The District will coordinate implementation of the above provision of services with the requirements of IDEA for students with disabilities.

Comparable Services

Each student in foster care will be provided services comparable to other students in the school of attendance, including: transportation services; educational services for which the student meets eligibility criteria; educational programs for students with disabilities; educational programs for English learners; programs in career and technical education; programs for gifted and talented students; and school nutrition programs.

(Continued)

SUBJECT: EDUCATION OF STUDENTS IN FOSTER CARE (Cont'd.)**Student Privacy**

As appropriate, the District will collaborate with SED and/or the LDSS to determine what documentation related to a student in foster care should be shared among involved parties. In all cases, the District will comply with all statutory requirements to protect student privacy, including the Family Educational Rights and Privacy Act (FERPA) and any other applicable privacy requirements under federal, state, or local laws.

SUBJECT: SCHOOL CENSUS

Although not required by law, the District will take a census of all children from birth to 18 years of age. Census data will be reported as required by law.

The census must indicate the names of all children between birth and 18 years of age, and of children with disabilities between birth and 21 years of age; their respective residences by street and number; the day of the month and the year of their birth; the names of the parents or persons in parental relation to them; information relating to physical or mental disabilities, to illiteracy, to employment, and to the enforcement of the law relating to child labor and compulsory education as the State Education Department (SED) and the Board require; and also further information as the Board may require.

On written request and in the form as prescribed by the Commissioner of Education, the Board will provide to the Commissioner a report containing the names, ages, and addresses of those children who are blind or deaf, and those children having serious physical or mental disabilities. Additionally, this report will further indicate whether these children are being educated within the public schools of the District or, if they are not, where education is being furnished to them.

Parents or persons in parental relation to those children within the prescribed census age ranges must make reports as the Board requires, including, but not limited to, providing two weeks before the child reaches compulsory school age, the name of the child; the child's residence; the name of the person or persons in parental relation to the child; the name and location of the school to which the child will have been or will be sent as a student; and other information as required by law or as the Board may require.

A parent, guardian or other person having under his or her control or charge a child between birth and 18 years of age who withholds or refuses to give information in his or her possession relating to this census data as required by law pertaining to the child; or, in the alternative, gives false information in relation to census data, will be liable to and punished by a fine or imprisonment as established by law.

Count of Immigrant Children and Youth

The District is required to count the number of "immigrant children and youth" enrolled in the public and nonpublic schools in the geographic area under the jurisdiction of, or served by, the District. The results of this count have important implications for the receipt of supplemental federal funds to the District for services to recently arrived immigrant children and youth.

For purposes of this count, the term "immigrant children and youth" will include those individuals who:

- a) Are ages three through 21;
- b) Were not born in any state or from the Commonwealth of Puerto Rico, the District of Columbia, Guam, American Samoa, the U.S. Virgin Islands, the Northern Mariana Islands, or the Trust Territory of the Pacific Islands; and

(Continued)

SUBJECT: SCHOOL CENSUS (Cont'd.)

- c) Have not been attending schools in any one or more States for more than three full academic years.

Each nonpublic school within District boundaries will report its data to the District. It is the responsibility of the District to report its immigrant count as well as the counts for all nonpublic schools within its jurisdiction.

In accordance with law, the District will conduct its survey and submit the information electronically to the SED by the specified deadline date. The District must also maintain on file a list of the immigrant students counted, their countries of origin, dates of arrival, and the public or nonpublic school in which they are registered as well as copies of the letter to each of the nonpublic schools in its jurisdiction regarding the count.

SUBJECT: REMOTE LEARNING**Use of Remote Learning in the District**

The District may offer remote or distance learning to students consistent with law and State Education Department guidance and regulations at certain times including, but not limited to, independent study, enrichment courses, and in the event of an extraordinary circumstance such as widespread illness, natural disaster, or other emergency situation.

When making decisions about remote learning, the District will consult with students, parents, teachers, administrators, community members, and other stakeholders as appropriate. The District will also ensure that it is complying with applicable teaching and learning requirements.

Extraordinary Circumstances

In the event of an extraordinary circumstance that requires long-term and/or widespread use of remote learning, a plan will be developed that outlines how the District will accomplish remote learning. This plan will outline the number of students involved, modes of remote learning, asynchronous and/or synchronous learning opportunities, internet and device access among students, and alternatives available for students who have neither a device nor consistent access. It will also address the needs of different populations of students including, but not limited to, vulnerable students, younger students, students with disabilities, and English language learners.

If warranted, the District may use a hybrid model of in-person instruction and remote learning.

Formats and Methods of Remote Learning

Remote learning may be delivered by teachers through a variety of formats and methods. Instruction may be provided through video, audio, and/or written materials. Communication between teachers and students may occur through video conferencing, prerecorded videos, online discussion boards, and/or other instruction that relies on technology. Remote learning can occur synchronously, which involves real-time interaction and collaboration between teachers and students, or asynchronously, which involves delayed interactions between teachers and students and self-directed learning.

Determinations about how to best deliver remote learning will take into account a variety of factors including, but not limited to, the number of students involved, contractual constraints, the subject matter, the students' grade levels, and technological resources of both the District and students. Consideration will also be given to whether accommodations need to be made for students with disabilities or English language learners.

(Continued)

SUBJECT: REMOTE LEARNING (Cont'd.)**Remote Learning Support**

As necessary, the District will provide instruction on using remote learning technology and IT support for students, teachers, and families. The District will also work to ensure that teachers and administrators are provided with professional development opportunities related to designing an effective remote learning experience.

Compliance with District Policies, Procedures, and the Code of Conduct

Teachers and students are required to comply with any and all applicable District policies, procedures, and other related documents as they normally would for in-person instruction. Examples include, but are not limited to, the District's policies and procedures on non-discrimination and anti-harassment, acceptable use, and copyright. Students will also be required to abide by the rules contained within the *Code of Conduct* at all times while engaged in remote learning. Violations of the *Code of Conduct* and/or engaging in prohibited conduct may result in disciplinary action as warranted.

Privacy and Security of Student and Teacher Data

In compliance with law, regulation, and District policy, the District will take measures to protect the personally identifiable information of students and employees from unauthorized access when using remote learning technologies. Examples of these measures include, but are not limited to, minimizing the amount of data shared to only that which is necessary, deidentifying data, and the use of encryption or an equivalent technical control that renders personally identifiable information unusable, unreadable, or indecipherable to unauthorized persons when transmitted electronically.

Students

SUBJECT: STUDENT EVALUATION, PROMOTION, AND PLACEMENT**Grade Promotion and Placement**

Grade promotion and the placement of students within the District's instructional system will be at the discretion of the school administration and will be subject to review at any time. In making these decisions, the administrator or building principal will be guided by: performance in class; past records, including various measures of student growth; recommendations from parents, persons in parental relation to District students, and teachers; and any other appropriate sources of information. With regard to student placement decisions, parents or persons in parental relation to District students may submit written requests for teacher attributes that would best serve their child's learning needs; however, requests for specific teachers will not be honored.

Testing Program

The District utilizes various ability, achievement, diagnostic, readiness, interest, and guidance tests for the purpose of complying with state and federal law and/or aiding the implementation of quality educational services. The District will not make any student promotion or placement decisions based solely or primarily on student performance on the state administered English language arts and mathematics assessments for grades 3 through 8. The District may, however, consider student performance on state assessments in making student promotion and placement decisions provided that multiple measures be used in addition to these assessments and that these assessments do not constitute the major factor in these determinations.

Alternative Testing Procedures

The use of alternative testing procedures will be limited to:

- a) Students identified by the Committee on Special Education and/or Section 504 Team as having a disability. Alternative testing procedures will be specified in a student's Individualized Education Program or Section 504 Accommodation Plan; and
- b) Students whose native language is other than English (i.e., English language learners) in accordance with State Education Department (SED) Guidelines.

The alternative testing procedures employed will be based upon a student's individual needs and the type of test administered.

The District will report the use of alternative testing procedures to the SED on a form and at a time prescribed by the Commissioner.

(Continued)

SUBJECT: STUDENT EVALUATION, PROMOTION, AND PLACEMENT (Cont'd.)**Reporting to Parents or Persons in Parental Relation to Students**

Parents or persons in parental relation to District students will receive an appropriate report of student progress at regular intervals.

The District will not place or include on a student's official transcript or maintain in a student's permanent record any individual student score on a state administered standardized English language arts or mathematics assessment for grades 3 through 8. However, the District will comply with state and federal requirements regarding the maintenance and transfer of student test scores. Any test results on a state administered standardized English language arts or mathematics assessment for grades 3 through 8 sent to parents or persons in parental relation to a student will include a clear and conspicuous notice that these results will not be included on the student's official transcript or in the student's permanent record and are being provided to the student and parents for diagnostic purposes.

When necessary, attempts will be made to provide interpreters for non-English speaking parents or persons in parental relation to District students.

SUBJECT: PROVISION OF INTERPRETER SERVICES TO PARENTS WHO ARE HEARING IMPAIRED

The Board will provide parents or persons in parental relation who are hearing impaired with meaningful access to school initiated meetings or activities pertaining to the academic and/or disciplinary aspects of their children's education. School initiated meetings or activities include, but are not limited to, parent-teacher conferences, child study or building-level team meetings, planning meetings with school counselors regarding educational progress and career planning, suspension hearings or any conferences with school officials relating to disciplinary actions. The term "hearing impaired" will include any hearing impairment, whether permanent or fluctuating, which prevents meaningful participation in District meetings or activities.

Parents or persons in parental relation will be notified of the availability of interpreter services, to be provided at no charge, provided that a written request is made to the District within ten days of the scheduled meeting or activity. Exceptions may be made for unanticipated circumstances as determined by the principal or designee. The District will also notify appropriate school personnel as to the terms and implementation of this policy.

If interpreter services are requested, the District will appoint an interpreter for the hearing impaired to interpret during the meeting or activity. The District will arrange for interpreters through a District-created list or through an interpreter referral service. The District will also develop interagency agreements, as appropriate, to ensure that sign language interpreters are provided for eligible parents or persons in parental relation when District students attend out-of-District schools or programs.

In the event that an interpreter is unavailable, the District will make other reasonable accommodations which are satisfactory to the parents or persons in parental relation. Examples of what constitutes reasonable accommodations in the event an interpreter cannot be located may include the use of:

- a) Written communications, transcripts, or note takers; and
- b) Technology, such as: a decoder or telecommunication device for the deaf, assistive listening devices, and closed or open captioning.

Education Law § 3230
8 NYCRR § 100.2(aa)

Adopted: 1/6/20

SUBJECT: RESPONSE TO INTERVENTION (RTI) PROCESS

The response to intervention program will include:

- a) Reading/Math
- b) STAR 360/DRA's
- c) Teacher monitor
- d) Data Chats
- e) Reading/Math Intervention
- f) Response to Intervention
- g) CSE Testing

Response to Intervention (RtI) is a multi-tiered early prevention and intervention system designed to improve outcomes for all students. In accordance with Commissioner's regulations, the District has established administrative practices and procedures for implementing District-wide initiatives that address an RtI process applicable to all students. For students suspected of having a potential learning disability, the District will provide appropriate RtI services pursuant to Commissioner's regulations prior to a referral to the Committee on Special Education (CSE) for evaluation.

The New York State Education Department (SED) has released a guidance document to assist school districts in designing and implementing an effective RtI process, which includes, but is not limited to, information regarding regulatory requirements, quality indicators, staff development, tools to assist districts in selecting a specific model and procedures for the use of RtI data in determining if a student has a learning disability. This guidance document is available on the SED's official website.

The District has established procedures for identifying students with learning disabilities that use a research-based RtI process prior to, or as part of, an individual evaluation to determine whether a student has a learning disability. An RtI process is required for all students in grades kindergarten through grade 6 suspected of having a learning disability in the area of reading/math. RtI cannot be utilized as a strategy to delay or deny a timely initial evaluation of a student suspected of having a disability under the Individuals with Disabilities Education Act (IDEA).

Minimum Requirements of District's RtI Program

The District's RtI process will include the following minimum requirements:

- a) Scientific, research-based instruction in reading and mathematics provided to all students in the general education class by qualified personnel. Instruction in reading, per Commissioner's regulations, means scientific, research-based reading programs that include explicit and systematic instruction in phonemic awareness, phonics, vocabulary development, reading fluency (including oral reading skills) and reading comprehension strategies;

(Continued)

Students

SUBJECT: RESPONSE TO INTERVENTION (RTI) PROCESS (Cont'd.)

- b) Screenings will be provided to all students in grades K-6 to identify those students who are not making academic progress at expected rates;
- c) Scientific, research-based instruction matched to student need with increasingly intensive levels of targeted interventions for those students who do not make satisfactory progress in their levels of performance and/or in their rate of learning to meet age or grade level standards;
- d) Repeated assessments of student achievement which should include curriculum based measures to determine if interventions are resulting in student progress toward age or grade level standards;
- e) The application of information about the student's response to intervention to make educational decisions about changes in goals [i.e., goals for all students, not just Individualized Education Program (IEP) goals], instruction and/or services and the decision to make a referral for special education programs and/or services; and

[Staff members and/or RtI teams responsible for reviewing such student information and applying same to make decisions concerning student academic progress and further intervention strategies are the Building Principal, Administrative Coordinator, Classroom Teachers, AIS Providers and School Psychologist]

- f) Written notification to the parents when the student requires an intervention beyond that provided to all students in the general education classroom that provides information about:
 - 1. The amount and nature of student performance data that will be collected and the general education services that will be provided as enumerated in Commissioner's regulations;
 - 2. Strategies for increasing the student's rate of learning; and
 - 3. The parents' right to request an evaluation for special education programs and/or services.

(Continued)

SUBJECT: RESPONSE TO INTERVENTION (RTI) PROCESS (Cont'd.)**Structure of RtI Program**

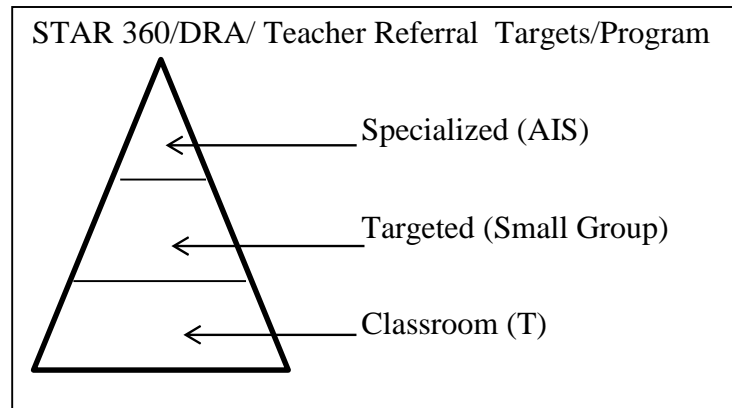

The District's RtI program will consist of multiple tiers of instruction or assessments to address increasingly intensive levels of targeted intervention to promote early identification of student performance needs and/or rate of learning, and to help raise achievement levels for all students.

Response to Intervention (RtI), whose members may include, but are not limited to, regular education teachers, special education personnel, the school psychologist, reading and math coordinators, designated administrators, and other individuals deemed appropriate by the District, will be available for each building or grade level classification to address the implementation of the District's RtI process.

The RtI team's responsibilities will include, but are not limited to, the following:

- a) Determining the level of interventions and student performance criteria appropriate for each tier of the RtI model;
- b) Analyzing information and assessments concerning a student's RtI and making educational decisions about changes in goals, instruction, or services;
- c) Determining whether to make a referral for special education programs or services.

(Continued)

SUBJECT: RESPONSE TO INTERVENTION (RTI) PROCESS (Cont'd.)**Criteria for Determining the Levels of Intervention to be Provided to Students****Types of Interventions**

- a) Whole group instruction
- b) Small group w/ (T) or AIS (T)
- c) AIS instruction (specialized)

The District will provide multiple tiers of increasingly intensive levels of targeted intervention and instruction for those students who do not make satisfactory progress in their levels of performance and/or in their rate of learning to meet age or grade level standards.

It is expected that use of the Tier Level of instruction will be specific to each student's needs and will be an ongoing process, with students entering and exiting tiers of intervention according to the analysis of student performance data and progress monitoring.

Tier One Instruction

Tier One instruction is provided to all students in the general education setting. The use of scientific, research based instruction in the areas of reading and math will be provided by the general education teacher and/or other qualified personnel as appropriate, and will emphasize proactive, preventative core instructional strategies in the classroom setting. Group and/or individualized instruction, assessment, and reinforcement activities will be provided as deemed appropriate by the classroom teacher.

The analysis of Tier One student performance data will be used to identify those students who need additional intervention at the Tier Two Level of instruction.

(Continued)

SUBJECT: RESPONSE TO INTERVENTION (RTI) PROCESS (Cont'd.)**Tier Two Instruction**

In general, Tier Two instruction will consist of small group, targeted interventions for those students identified as being "at risk" and who fail to make adequate progress in the general education classroom. Tier Two instruction will include programs and intervention strategies designed to supplement Tier One interventions provided to all students in the general education setting.

Tier Two instruction may be provided by specialized staff such as reading and math teachers, tutors, speech therapists, school psychologists, and/or school counselors as determined by the RtI team.

At the conclusion of Tier Two instruction, the RtI team will review the student's progress and make a determination as to whether Tier Two interventions should be maintained, the student returned to the general education classroom if satisfactory progress is shown, or referred for Tier Three instruction.

Tier Three Instruction

Tier Three instruction is the provision of more intensive instructional interventions, tailored to the needs of the individual student, and is provided to those students who do not achieve adequate progress after receiving interventions at the Tier Two level. Tier Three instruction may include longer periods of intervention program and services than those provided in the first two Tiers based upon the significant needs of the student.

Tier Three instruction will be provided by those specialists, as determined by the RtI team, best qualified to address the individual student's targeted area(s) of need. If deemed appropriate by the Team, and in accordance with applicable law and regulation, a referral of the student may be made to the CSE.

Progress monitoring on a continuous basis is an integral part of Tier Three and the student's response to the intervention process will determine the need or level of further intervention services and/or educational placement.

Amount and Nature of Student Performance Data to be Collected

The RtI team will determine the amount and nature of student performance data that will be collected to assess, on an ongoing basis, student performance results and address ongoing academic needs as warranted. This data collection will reflect the Tier Level of intervention provided to the student. Student performance data will also be used to review the District's RtI program and make modifications to the program as deemed necessary.

(Continued)

SUBJECT: RESPONSE TO INTERVENTION (RTI) PROCESS (Cont'd.)**Manner and Frequency for Progress Monitoring**

The RtI team will monitor the progress of those students receiving intervention services beyond that provided to all students in the general education classroom. The Team will meet with the student's teacher(s) and determine if further adjustments must be made to the student's current instructional program and/or a change made to the Tier Level of intervention provided. Monitoring of student progress will be an ongoing part of the RtI program from the initial screening to completion of the RtI process as applicable. Parents may also request that the RtI team review their child's progress.

Fidelity measures (e.g., an observational checklist of designated teaching behaviors in accordance with the RtI process being implemented) will also be completed by Team members to assess whether the intervention was implemented as intended and uniformly applied. Clear benchmarks will be established for student performance and performance charts will be plotted at the completion of the instructional period or intervention process.

Staff Development

All staff members involved in the development, provision, and/or assessment of the District's RtI program, including both general education and special education instructional personnel, will receive appropriate training necessary to implement the District's RtI program. Staff development will include the criteria for determining the levels of intervention provided to students, the types of interventions, collection of student performance data, and the manner and frequency for monitoring progress.

SUBJECT: GRADUATION OPTIONS/EARLY GRADUATION/ACCELERATED PROGRAMS

To graduate from the District, a student must meet or exceed the requirements set forth in Part 100 of the Commissioner's regulations. The Board may establish graduation requirements that exceed the minimum standards set by the Board of Regents. The District will award the appropriate diploma, credential, or both to students.

Pathways to Graduation

Students must pass the required number of Regents examinations or approved alternative exams and meet any further graduation requirements; these requirements may include passing an approved pathways assessment, other assessment, or an additional exam that measure an equivalent level of knowledge and skill. Students who fail certain Regents examinations may appeal the result in accordance with Commissioner's regulations.

Early Graduation

A student may be eligible for early graduation (fewer than eight semesters) if the student completes all requirements for graduation, excluding physical education. The District will consult with appropriate personnel, the student, and persons in parental relation, and consider factors such as the student's grades, performance in school, future plans, and benefits to graduation early in making its decision.

Accelerated Programs**Eighth Grade Acceleration for Diploma Credits**

Eighth grade students may take appropriate high school courses. The Superintendent or designee will determine whether an eighth grade student is eligible to take high school courses using criteria that examines each student's readiness. By the end of seventh grade, accelerated students must receive instruction designed to facilitate their attainment of the state intermediate learning standards in each subject area in which they are accelerated.

Advanced Placement (AP)

Advanced Placement examinations afford students the opportunity to earn credit or advanced standing in many colleges and universities. The College Board administers a variety of AP examinations in May of each year. The District will determine a student's readiness for enrollment in any AP class.

(Continued)

SUBJECT: GRADUATION OPTIONS/EARLY GRADUATION/ACCELERATED PROGRAMS (Cont'd.)**Dual Credit for College Courses**

Students who have demonstrated intellectual and social maturity may choose to matriculate at any one of the colleges that have a cooperative agreement with the District. Students who wish to enroll in college-level coursework must meet all academic, grade level, and coursework requirements. These opportunities may include early admission to college, collegiate-level work offered in the high school, or other means of providing advanced work. The administration will review and approve any college courses before they are taken during the school day. The Board will not pay tuition and other related costs for those high school students enrolled in college courses.

Online Coursework

The District may offer students the ability to complete general education and diploma requirements for a specific subject through online instruction or blended coursework that combines online and classroom-based instruction.

To receive credit for online coursework, students must successfully complete an online or blended course and demonstrate mastery of the learning outcomes for the subject by passing the Regents exam or other assessment in the subject area.

SUBJECT: PARTICIPATION IN GRADUATION CEREMONIES AND ACTIVITIES

Any student who has satisfactorily completed all graduation requirements will be permitted to participate in the graduation ceremony and all related graduation activities of his or her graduating class subject to certain exceptions. Students may be prohibited from participating in the graduation ceremony or related graduation activities as a consequence of violating the District's *Code of Conduct*.

The District permits any student to participate in the graduation ceremony and all related graduation activities of his or her high school graduating class, if the student has been awarded a Skills and Achievement Commencement Credential or a Career Development and Occupational Studies (CDOS) Commencement Credential, but has not otherwise qualified to receive a Regents or local diploma. While permitted to participate, these students are not required to participate in the graduation ceremony or related graduation activities of his or her high school graduating class. For purposes of this policy, a student's high school graduating class is the twelfth grade class with which he or she entered into ninth grade.

The District will provide annual written notice of this policy and any related procedures to all students and their parents or guardians.

Diploma Options

- a) Regents Diploma, including with honors, an advanced designation, a career and technical education endorsement, and/or any other designation or endorsement as may be available.
- b) Local Diploma, including with any endorsement as may be available.

Existing Credentials Options

- a) Career Development and Occupational Studies (CDOS) Commencement Credential, which may be earned as a supplement to a Regents or local diploma or as a student's only exiting credential.
- b) Skills and Achievement Commencement Credential.

Specific requirements and detailed information for each diploma and non-diploma high school exiting credential are specified in the Commissioner's regulations and various guidance materials issued by the New York State Department of Education.

SUBJECT: STUDENT RECORDS: ACCESS AND CHALLENGE

The District will comply with the provisions of the Family Educational Rights and Privacy Act of 1974 (FERPA). Under its provisions, parents or guardians and noncustodial parent(s) whose rights are not limited by court order or formal agreement, of a student under 18, or a student who is 18 years of age or older, or who is attending an institution of post-secondary education, have a right to inspect and review any and all education records maintained by the District.

Education Records

The term "education records" is defined as all records, files, documents, and other materials containing information directly related to a student; and maintained by the education agency or institution, or by a person acting for that agency or institution. This includes all records regardless of medium, including, but not limited to, handwriting, videotape or audiotape, electronic or computer files, film, print, microfilm, and microfiche.

In addition, for students who attend a public school district, all records pertaining to services provided under the Individuals with Disabilities Education Act (IDEA) are considered "education records" under FERPA and they are subject to the confidentiality provisions of both Acts.

However, personal notes made by teachers or other staff are not considered education records if they are:

- a) Kept in the sole possession of the maker;
- b) Not accessible or revealed to any other person except a temporary substitute; and
- c) Used only as a memory aid.

Additionally, FERPA does not prohibit a school official from disclosing information about a student if the information is obtained through the school official's personal knowledge or observation and not from the student's education records.

Records created and maintained by a law enforcement unit for law enforcement purposes are also excluded.

Access to Student Records

Administrative regulations and procedures will be developed to comply with the provisions of federal law relating to the availability of student records. The purpose of these regulations and procedures is to make available to the parents or guardians of students and noncustodial parent(s) whose rights are not limited by court order or formal agreement, or students who are 18 years of age or older, or who are attending an institution of post-secondary education, student records, and files on students, and to ensure the confidentiality of these records with respect to third parties.

(Continued)

Students

SUBJECT: STUDENT RECORDS: ACCESS AND CHALLENGE (Cont'd.)

Under FERPA, unless otherwise exempted in accordance with law and regulation, the District may release personally identifiable information (PII) contained in student education records only if it has received a "signed and dated written consent" from a parent or eligible student. Signed and dated written consent may include a record and signature in electronic form provided that the signature:

- a) Identifies and authenticates a particular person as the source of the electronic consent; and
- b) Indicates the person's approval of the information contained in the electronic consent.

Exceptions

Without the consent of a parent or eligible student, the District may release a student's information or records when it is:

- a) Directory Information and Limited Directory Information

"Directory information" is information contained in an education record of a student that would not generally be considered harmful or an invasion of privacy if disclosed. "Limited Directory Information Disclosure" means that the District may limit disclosure of its designated directory information to specific parties, for specific purposes, or both. The intent is to allow schools the option to implement policies that allow for the disclosure of student information for uses such as yearbooks, honor roll lists, graduation programs, and playbills, but restrict disclosure for more potentially dangerous purposes. The District will limit disclosure of its designated directory information as otherwise specified in its public notice to parents of students in attendance and eligible students in attendance.

- b) To School Officials who have a Legitimate Educational Interest

To other school officials, including teachers, within the educational agency or institution whom the school has determined to have legitimate educational interests. An educational interest includes the behavior of a student and disciplinary action taken against the student for conduct that posed a significant risk to the safety or well-being of the student, other students, or other members of the school community. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

- c) To Another Educational Institution

The District may disclose any and all educational records, including disciplinary records and records that were created as a result of a student receiving special education services under Part B of IDEA, to another school or postsecondary institution at which the student seeks or intends to enroll, or after the student has enrolled or transferred, so long as the disclosure is

(Continued)

Students

SUBJECT: STUDENT RECORDS: ACCESS AND CHALLENGE (Cont'd.)

for purposes related to the student's enrollment or transfer. Parental consent is not required for transferring education records if the school's annual FERPA notification indicates that these disclosures may be made. In the absence of information about disclosures in the annual FERPA notification, school officials must make a reasonable attempt to notify the parent about the disclosure, unless the parent initiated the disclosure. Additionally, upon request, the District will provide a copy of the information disclosed and an opportunity for a hearing.

d) For Health and Safety Emergency Reasons

The District must balance the need to protect students' PII with the need to address issues of school safety and emergency preparedness. Under FERPA, if an educational agency or institution determines that there is an articulable and significant threat to the health or safety of a student or other individuals, it may disclose information from education records, without consent, to any person whose knowledge of the information is necessary to protect the health and safety of the student or other individuals during the period of the health or safety emergency. The District may release information from records to appropriate parties including, but not limited to, parents, law enforcement officials, and medical personnel. The District's determination that there is an articulable and significant threat to the health or safety of a student or other individuals will be based upon a totality of the circumstances, including the information available, at the time the determination is made. The District must record the articulable and significant threat that formed the basis for the disclosure and maintain this record for as long as the student's education records are maintained.

e) To Juvenile Justice Systems

Information may be disclosed to state and local officials or authorities to whom information is specifically allowed to be reported or disclosed by a state statute that concerns the juvenile justice system and the system's ability to effectively serve, prior to adjudication, the student whose records were released. In these cases, the official or authority must certify in writing that the information will not be disclosed to any other party except as provided under law without prior written consent.

f) To Foster Care Agencies

The District may release records to an agency caseworker or other representative of a state or local child welfare agency, who has the right to access a student's case plan, when the agency or organization is legally responsible, for the care and protection of the student. This does not give a child welfare agency the right to look into any non-foster care student's records, without parental consent, when there has been a mere allegation of abuse or maltreatment, absent an order or subpoena.

(Continued)

SUBJECT: STUDENT RECORDS: ACCESS AND CHALLENGE (Cont'd.)g) Pursuant to a Subpoena or Court Order

When the District receives a subpoena or court order for the release of records, it will make a reasonable effort to notify the parent or guardian or eligible student of the order or subpoena in advance of compliance. This allows the parent or guardian or eligible student to seek protective action against the subpoena or order before the release of the records.

The District may disclose a student's records without first notifying parents or guardians or eligible students if the disclosure is:

1. Based on a subpoena in which the court orders, for good cause shown, not to reveal to any person the existence or contents of the subpoena or any information furnished pursuant to the subpoena;
2. In accordance with a judicial order in cases where the parents are a party to a court proceeding involving child abuse or maltreatment or dependency matters, and the order is issued in the context of that proceeding; or
3. Made to a court (with or without an order or subpoena) when the District is involved in a legal action against a parent or student and the records are relevant to the matter.

h) For Financial Aid Purposes

Pertinent information may be released in connection with the determination of eligibility, amount, conditions, and enforcement of terms of a student's financial aid.

i) To Accrediting Organizations

Disclosure of a student's records may be made to an organization in which that student seeks accreditation, in order to carry out their accrediting function.

j) To Parents of a Dependent Student

Even when a student turns 18 years of age or older the District may disclose education records to that student's parents, without the student's consent, if the student is claimed as a dependent for federal income tax purposes by either parent.

k) For Audit/Evaluation Purposes

The audit or evaluation exception allows for the disclosure of PII from education records without consent to authorized representatives of the Comptroller General of the U.S., the Attorney General, the Secretary of Education, federal, state, or local educational authorities

(Continued)

SUBJECT: STUDENT RECORDS: ACCESS AND CHALLENGE (Cont'd.)

Under this exception, PII from education records must be used to audit or evaluate a federal or state supported education program, or to enforce or comply with federal legal requirements that relate to those education programs.

The District may occasionally disclose PII from education records without consent to authorized representatives of the entities listed above. The District may also designate its own authorized representative who may access PII without consent in connection with an audit or evaluation of an education program within the District. As an example, the District might designate a university as its authorized representative in order to disclose, without consent, PII from education records on its former students to the university. The university could then disclose, without consent, transcript data on those former students attending the university to allow the District to evaluate how effectively the District prepared its students for success in postsecondary education.

l) For Conducting Studies

This exception allows for the disclosure of PII from education records without consent to organizations conducting studies for, or on behalf of, schools, school districts, or postsecondary institutions. Studies can be for the purpose of developing, validating, or administering predictive tests, administering student aid programs, or improving instruction.

The District may disclose PII from education records without consent to these organizations conducting studies for the District, in accordance with its obligations under FERPA.

In addition, other entities outside of the District may occasionally disclose PII from education records that the District has previously shared with that entity, to organizations conducting studies on behalf of the District. For example, a State Education Agency (SEA) may disclose PII from education records provided by the District without consent to an organization for the purpose of conducting a study that compares program outcomes across school districts to further assess the effectiveness of these programs with the goal of providing the best instruction.

Required Agreements for the Studies or Audit/Evaluation Exceptions (see items k and l)

To the extent required by law, the District will enter into a written agreement with organizations conducting studies for the District, or, with its designated authorized representatives in connection with audits or evaluations of education programs within the District. In the event that the District discloses PII from education records to its own designated authorized representative in connection with an audit or evaluation of an educational program within the District, it will use reasonable methods to ensure to the greatest extent practicable that its designated authorized representative complies with FERPA and its regulations.

(Continued)

SUBJECT: STUDENT RECORDS: ACCESS AND CHALLENGE (Cont'd.)**Challenge to Student Records**

Parents or guardians of a student under the age of 18, or a student who is 18 years of age or older or who is attending an institution of post-secondary education, will have an opportunity for a hearing to challenge the content of the school records and to ensure that the records are not inaccurate, misleading, or otherwise in violation of the privacy of students, and to provide an opportunity for the correction or deletion of any inaccurate, misleading, or otherwise inappropriate data.

Release of Information to the Noncustodial Parent

The District may presume that the noncustodial parent has the authority to request information concerning his or her child and release this information upon request. If the custodial parent wishes to limit the noncustodial parent's access to the records, it is his or her responsibility to obtain and present to the school a legally binding instrument that prevents the release of information related to the child.

SUBJECT: STUDENT DIRECTORY INFORMATION

The District will publish an annual public notice informing parents or eligible students (i.e., a student 18 years of age or older or who is attending an institution of post-secondary education) of (1) the District's definition of directory information; (2) the parent or eligible student's right to opt out of, in writing, the release of student directory information; and (3) indication of the time period to do so.

Directory information is information contained in an education record of a student that would not generally be considered harmful or an invasion of privacy if disclosed. Following this public notice and a reasonable period to opt out, the District may release this information to an outside group without individual consent.

The Family Educational Rights and Privacy Act defines student directory information as any of the items as indicated in the following list. The District defines student directory information to include only the items of information checked below:

- ☒ Student's name
- ☐ Address
- ☐ Telephone listing
- ☐ Date and place of birth
- ☒ Major field of study
- ☒ Grade level
- ☒ Participation in officially recognized activities and sports
- ☐ Weight and height (for members of athletic teams)
- ☐ Dates of attendance
- ☒ Honors, degrees and awards received
- ☐ Email address
- ☒ Photograph
- ☐ Name of educational institution previously attended
- ☐ Student ID number, user ID, or other unique personal identifier used to communicate in electronic systems but only if the identifier cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user's identity, such as a PIN, password, or other factor known or possessed only by the authorized user.
- ☐ Student ID number or other unique personal identifier that is displayed on a student ID badge, but only if the identifier cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user's identity, such as a PIN, password, or other factor known or possessed only by the authorized user.

Parents and eligible students may not, by opting out of disclosure of directory information, prevent a school from requiring a student to wear or present a student identification card or a badge that displays information that may be directory information. A student's social security number, in whole or part, will not be designated as directory information.

SUBJECT: MILITARY RECRUITERS AND INSTITUTIONS OF HIGHER EDUCATION**Requests for Information**

The District will comply with requests from military recruiters and institutions of higher education (IHEs) for access to the name, address and telephone listing of each secondary school student, except for any student whose parent (or the student, if he or she is at least 18 years of age) has submitted a written request to opt-out of this disclosure, in which case the information will not be released without the parent's (or student's, if he or she is at least 18 years of age) prior written consent.

Annual Notification and Opt-Out Opportunity

The District will annually notify parents of a secondary student (or the student, if he or she is at least 18 years of age) of the opportunity to submit a written request to opt-out of disclosure of the student's name, address, and telephone listing to military recruiters and IHEs. If a written opt-out request is submitted, the District will not disclose the student's information to military recruiters or IHEs without the parent's (or student's, if he or she is at least 18 years of age) prior written consent.

Military Recruiter Access

The District will provide military recruiters the same access to secondary school students as is provided generally to IHEs or prospective employers of those students.

**SUBJECT: STUDENT PRIVACY, PARENTAL ACCESS TO INFORMATION, AND
ADMINISTRATION OF CERTAIN PHYSICAL EXAMINATIONS TO
MINORS**

The Protection of Pupil Rights Amendment (PPRA) governs the administration to students of a survey, analysis, or evaluation that concerns one or more of the following protected areas:

- a) Political affiliations or beliefs of the student or the student's parent or guardian;
- b) Mental or psychological problems of the student or the student's family;
- c) Sex behavior or attitudes;
- d) Illegal, anti-social, self-incriminating, or demeaning behavior;
- e) Critical appraisals of other individuals with whom respondents have close family relationships;
- f) Legally recognized privileged or analogous relationships, such as those of lawyers, physicians, and ministers;
- g) Religious practices, affiliations, or beliefs of the student or student's parent or guardian; or
- h) Income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program).

PPRA also concerns marketing surveys and other areas of student privacy, parental access to information, and the administration of certain physical examinations to minors.

General Provisions

The requirements of PPRA do not apply to a survey administered to a student in accordance with the Individuals with Disabilities Education Act (IDEA) and does not supersede any of the requirements of the Family Educational Rights and Privacy Act (FERPA).

The rights provided to parents or guardians under PPRA transfer from the parent or guardian to the student when the student turns 18 years old or is an emancipated minor under applicable state law.

The District may use funds provided under Part A of Title V of the Elementary and Secondary Education Act of 1965 to enhance parental or guardian involvement in areas affecting the in-school privacy of students.

MINORS (Cont'd.)**

Annual Parental Notification of Policies/Prior Written Consent/"Opt-Out" Provisions

The District will provide for reasonable notice of the adoption or continued use of this policy directly to parents or guardians and eligible students enrolled in the District. At a minimum, the District will provide this notice at least annually, at the beginning of the school year, and within a reasonable period of time after any substantive change in this policy.

Further, in the notification, the District will offer an opportunity for parents or guardians to provide written consent or opt their child out of participation in the following activities in accordance with law and the surveys conducted:

- a) The administration of any survey containing one or more of the protected areas.
 - 1. U.S. Department of Education-Funded Surveys: Prior written consent from parents must be obtained before students are required to submit to the survey.
 - 2. Surveys funded by sources other than U.S. Department of Education: Notification may indicate the specific or approximate dates during the school year when surveys will be administered and provide an opportunity for the parent to opt his or her child out of participating upon receipt of the notification.
- b) Activities involving the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information (or otherwise providing that information to others for that purpose).
- c) Any non-emergency, invasive physical examination or screening that is required as a condition of attendance; administered by the school and scheduled by the school in advance; and not necessary to protect the immediate health and safety of the student, or of other students. The term "invasive physical examination" means any medical examination that involves the exposure of private body parts, or any act during the examination that includes incision, insertion, or injection into the body, but does not include a hearing, vision, or scoliosis screening.

Specific Notification

In the event that the District does not identify the specific or approximate dates of the activities or surveys to be administered in the general annual notification, it will "directly" notify, such as through U.S. Mail or email, the parents of students who are scheduled to participate in the specific activities or surveys prior to participation and provide an opportunity for the parent to provide written consent or opt his or her child out of participation in accordance with law and the surveys conducted.

The District is committed to protecting the rights and privacy interests of parents or guardians and students with regard to surveys funded in whole or part by any program administered by the U.S. Department of Education (DOE).

The District will make instructional materials available for inspection by parents or guardians if those materials will be used in connection with a DOE-funded survey, analysis, or evaluation in which their children participate. In addition, the District will obtain prior written parental or guardian consent before minor students are required to participate in any DOE-funded survey, analysis, or evaluation that reveals information concerning any of the protected areas.

Surveys Funded by Sources Other than U.S. Department of Education

The District has developed and adopted this Board policy, in consultation with parents or guardians, regarding the following:

- a) The right of the parent or person in parental relation to inspect, upon request, a survey created by a third party (i.e., by a party other than the DOE) before the survey is administered or distributed by the school to a student. Requests by parents or guardians to inspect the surveys are to be submitted, in writing, to the building principal at least ten days prior to the administration or distribution of any survey. Further, the District will grant a request by the parent or guardian for reasonable access to the survey within a reasonable period of time after the request is received by the District.
- b) Arrangements will be provided by the District to protect student privacy in the event of the administration or distribution of a survey to a student containing one or more of the protected areas, including the right of the parent or guardian of the student to inspect, upon request, any survey containing one or more of the protected areas. These requests must be submitted by the parent or guardian, in writing, to the building principal at least ten days prior to the administration or distribution of any survey.
- c) Parents or guardians will be granted, upon request, reasonable access and the right to inspect instructional materials used as part of the educational curriculum for the student within a reasonable period of time (defined by the District, for the purposes of this policy, as 30 days) after the request is received by the District. Requests must be submitted by parents or guardians, in writing, to the principal. The term "instructional material" means instructional content that is provided to a student, regardless of its format, including printed or representational materials, audiovisual materials, and materials in electronic or digital formats (such as materials accessible through the Internet). The term does not include academic tests or academic assessments.

- d) The administration of physical examinations or screenings that the District may administer to a student.

Further, this law does not apply to any physical examination or screening that is permitted or required by state law, including physical examinations or screenings that are permitted without parental notification.

In the implementation of this provision regarding the administration of physical examinations or screenings that the school may administer to the student, the District incorporates by reference Board policies that address student health services, as applicable, including, but not limited to, policies regarding the administration of medication, immunization of students, and student physicals.

- e) Unless mandated or authorized in accordance with federal or state law or regulation, it is policy of the Board, to not permit the collection, disclosure, or use of personal information (defined as individually identifiable information including a student's or parent/guardian's first and last name, home address, telephone number, or Social Security number) collected from students for the purpose of marketing or for selling that information (or otherwise providing that information to others for that purpose), unless otherwise exempted in accordance with law as noted below. Questions regarding the collection, disclosure, or use of personal information collected from students for such marketing purposes may be referred to the school attorney as deemed necessary by the Superintendent or designee.

This law is not intended to preempt applicable provisions of state law that require parental or guardian notification.

These requirements do not apply to the collection, disclosure, or use of personal information collected from students for the exclusive purpose of developing, evaluating, or providing educational products or services for, or to, students or educational institutions, such as the following:

- a) College or other postsecondary education recruitment, or military recruitment;
- b) Book clubs, magazines, and programs providing access to low-cost literary products;

- e) The sale by students of products or services to raise funds for school-related or education-related activities;
- f) Student recognition programs.

SUBJECT: DESIGNATION OF PERSON IN PARENTAL RELATION

A parent of a minor or incapacitated person may designate another person as a person in parental relation to that minor or incapacitated person for certain health care and educational decisions for a period not exceeding six months. However, this parental designation is conditioned upon there being no prior order of any court in any jurisdiction currently in effect that would prohibit the parent from exercising the same or similar authority; and provided further that, in the case where a court has ordered that both parents must agree on education or health decisions regarding the child, a designation in accordance with this law will not be valid unless both parents have given their consent.

The designation of a person in parental relation must be in writing in the form prescribed by law, and must include specified information as set forth in law for designations of 30 days or less, as well as additional information required for designations of more than 30 days. The designation of a person in parental relation may be presented to any school that requires the designation by either the parent or designee. The designation may specify a period of time less than 12 months for which the designation will be valid unless earlier revoked by the parent in accordance with law. However, a designation specifying a period of more than 30 days must be notarized.

If no time period is specified in the designation, it will be valid until the earlier of:

- a) Revocation; or
- b) The expiration of 30 days from the date of signature if the designation does not meet the requirements for designations of more than 30 days; or
- c) Twelve months from the date of commencement specified in the designation if the designation meets the requirements for designations of more than 30 days.

Scope of Designation

A designation made in accordance with this law may specify:

- a) The treatment, diagnosis, or activities for which consent is authorized;
- b) Any treatment, diagnosis, or activity for which consent is not authorized; or
- c) Any other limitation on the duties and responsibilities conveyed by the designation.

Form of DesignationDesignations in General

A designation of a person in parental relation in accordance with this law must be in writing and include:

- a) The name of the parent;
- b) The name of the designee;

(Continued)

SUBJECT: DESIGNATION OF PERSON IN PARENTAL RELATION (Cont'd.)

- c) The name of each minor or incapacitated person with respect to whom the designation is made;
- d) The parent's signature; and
- e) The date of the signature.

The designation may specify a period of time less than six months for which the designation will be valid unless earlier revoked by the parent in accordance with Section 5-1554 of General Obligations Law. However, any designation specifying a period of more than 30 days must also conform to the following provisions as set forth in law.

Designations for More Than 30 Days

A designation specifying a period of more than 30 days must also include:

- a) An address and telephone number where the parent can be reached;
- b) An address and telephone number where the designee can be reached;
- c) The date of birth of each minor or incapacitated person with respect to whom the designation is made;
- d) The date or contingent event on which the designation commences;
- e) The written consent of the designee to the designation; and
- f) A statement that there is no prior order of any court in any jurisdiction currently in effect prohibiting the parent from making the designation.

A designation specifying a period of more than 30 days must be notarized.

Revocation of Designation

A parent may revoke a designation by notifying, either orally or in writing, the designee or the school to which the designation has been presented, or by any other act evidencing a specific intent to revoke the designation. A designation will also be revoked upon the execution by the parent of a subsequent designation. Revocation by one parent authorized to execute a designation will be deemed effective and complete revocation of a designation in accordance with law.

A designee who receives notification from a parent of any revocation must immediately notify any school to which a designation has been presented. A parent may directly notify the school of the revocation. The failure of the designee to notify the school of the revocation will not make the revocation ineffective.

(Continued)

SUBJECT: DESIGNATION OF PERSON IN PARENTAL RELATION (Cont'd.)**Effect of Designation**

- a) A designee will possess all the powers and duties of a person in parental relation unless otherwise specified in the designation.
- b) A designation will not impose upon a designee a duty to support the child.
- c) A designation will not cause a change in the school district of residence of the child for purposes of the Education Law, and during the period of validity of the designation, the child will be presumed to be a resident of the school district in which the parent resided at the time the designation was made.
- d) A designation will terminate and be revoked upon the death or incapacity of the parent who signed the designation.
- e) The decision of a designee will be superseded by a contravening decision of a parent.

A person who acts based upon the consent of a designee reasonably, and in the good faith belief that the parent has authorized the designee to provide the consent, will not be deemed to have acted negligently, unreasonably, or improperly in accepting the designation and acting upon the consent. However, this person may be deemed to have acted negligently, unreasonably, or improperly if he or she has knowledge of facts indicating that the designation was never given, or did not extend to an act or acts in question, or was revoked.

No provision of General Obligations Law Title 15-A will be construed to require designation of a person in parental relation where the designation is not otherwise required by law, rule, or regulation.

SUBJECT: RIGHTS OF NON-CUSTODIAL PARENTS

The Board is mindful that various arrangements exist for the care and custody of children residing in the District. The District attempts to maintain current family information to help ensure student safety, proper communication with parents, and appropriate educational programming. Parents who are divorced, legally separated, or otherwise live apart should supply the District with relevant information and documentation, including custody orders, regarding who is responsible for the custody and care of their child, and who is permitted to make educational decisions for that child.

A non-custodial parent's participation in his or her child's education will be governed by the terms of any custody order. As a general matter, however, the District encourages non-custodial parents to participate in their child's education. Unless prohibited from doing so by a court order, non-custodial parents may request information about their child, inspect and review their child's records in accordance with the Family Educational Rights and Privacy Act (FERPA) and District policy, and otherwise remain interested in their child's education.

The District will not release students to a non-custodial parent without the custodial parent's consent. It is the parent's responsibility to inform the District if and when the child may be released to individuals other than the custodial parent in a form acceptable to the District.

SUBJECT: LOSS OR DESTRUCTION OF DISTRICT PROPERTY OR RESOURCES

The District is authorized to seek restitution, through civil action when necessary, from the parent or guardian of an unemancipated student over the age of ten and under the age of 18 where the student:

- a) Has willfully, maliciously, or unlawfully damaged, defaced, or destroyed real or personal property in the care, custody, and/or ownership of the District; or
- b) Has knowingly entered or remained in a District building, and wrongfully taken, obtained, or withheld personal property owned or maintained by the District.

False Reporting of an Incident and/or Placing a False Bomb

The District is also authorized to seek restitution, as described in law, from a parent or guardian of an unemancipated student over the age of ten and under the age of 18 where the student:

- a) Has falsely reported an incident; or
- b) Has placed a false bomb as defined in the New York State Penal Law.

Damages for falsely reporting an incident or placing a false bomb means the funds reasonably expended by the District in responding to the false report of an incident or false bomb, less the amount of any funds which have been or will be recovered from any other source as described in law.

In seeking restitution, the District will file with the court, the County District Attorney, and defense counsel, an affidavit stating that the funds reasonably expended for which restitution is being sought have not been, and will not be, recovered from any other source or in any other civil or criminal proceeding, except as provided for in accordance with General Obligations Law.

SUBJECT: SUSPENSION OF STUDENTS

The Superintendent or the principal may suspend the following students from required attendance upon instruction:

- a) A student who is insubordinate or disorderly; or
- b) A student who is violent or disruptive; or
- c) A student whose conduct otherwise endangers the safety, morals, health, or welfare of others.

SuspensionFive School Days or Less

The Superintendent or the principal of the school where the student attends has the power to suspend a student for a period not to exceed five school days. In the absence of the principal, the designated "acting principal" may then suspend a student for a period of five school days or less.

When the Superintendent or the principal (the "suspending authority") proposes to suspend a student for five school days or less, the suspending authority must provide the student with notice of the charged misconduct. If the student denies the misconduct, the suspending authority will provide an explanation of the basis for the suspension.

When suspension of a student for a period of five school days or less is proposed, the Superintendent or principal will also immediately notify the parent or person in parental relation in writing that the student may be suspended from school.

Written notice will be provided by personal delivery, express mail delivery, or equivalent means reasonably calculated to assure receipt of the notice within 24 hours of the decision to propose suspension at the last known address or addresses of the parents or persons in parental relation. Where possible, notification will also be provided by telephone if the school has been provided with a telephone number(s) for the purpose of contacting parents or persons in parental relation.

The notice will provide a description of the incident(s) for which suspension is proposed and will inform the student and the parent or person in parental relation of their right to request an immediate informal conference with the principal in accordance with the provisions of Education Law Section 3214(3)(b). Both the notice and the informal conference will be in the dominant language or mode of communication used by the parents or persons in parental relation. At the informal conference, the student and/or parent or person in parental relation will have the opportunity to present the student's version of the event(s) and to ask questions of the complaining witnesses.

(Continued)

Students

SUBJECT: SUSPENSION OF STUDENTS (Cont'd.)

The notice and opportunity for informal conference will take place prior to suspension of the student unless the student's presence in the school poses a continuing danger to persons or property or an ongoing threat of disruption to the academic process, in which case the notice and opportunity for an informal conference will take place as soon after the suspension as is reasonably practical.

Teachers will immediately report or refer a violent student to the principal or Superintendent for a violation of the District's *Code of Conduct* and a minimum suspension period.

More Than Five School Days

In situations where the Superintendent determines that a suspension in excess of five school days may be warranted, the student and parent or person in parental relation, upon reasonable notice, will have had an opportunity for a fair hearing. At the hearing, the student will have the right of representation by counsel, the right to question witnesses against him or her, and the right to present witnesses and other evidence on his or her behalf.

Where the basis for the suspension is, in whole or in part, the possession on school grounds or school property by the student of any firearm, rifle, shotgun, dagger, dangerous knife, dirk, razor, stiletto or any of the weapons, instruments or appliances specified in Penal Law Section 265.01, the hearing officer or Superintendent will not be barred from considering the admissibility of the weapon, instrument, or appliance as evidence, notwithstanding a determination by a court in a criminal or juvenile delinquency proceeding that the recovery of the weapon, instrument, or appliance was the result of an unlawful search or seizure.

Minimum Periods of Suspension

In accordance with law, Commissioner's regulations, and the District's *Code of Conduct*, minimum periods of suspension will be provided for the following prohibited conduct, subject to the requirements of federal and state law and regulations:

- a) Consistent with the federal Gun-Free Schools Act, any student who is determined to have brought a firearm to school or possessed a firearm on school premises will be suspended for a period of not less than one calendar year. However, the Superintendent has the authority to modify this suspension requirement on a case-by-case basis.
- b) A minimum suspension period for students who repeatedly are substantially disruptive of the educational process or substantially interfere with the teacher's authority over the classroom, provided that the suspending authority may reduce the period on a case-by-case basis to be consistent with any other state and federal law. The definition of "repeatedly is substantially disruptive of the educational process or substantially interferes with the teacher's authority" is set forth in Commissioner's regulations.

(Continued)

Students

SUBJECT: SUSPENSION OF STUDENTS (Cont'd.)

- c) A minimum suspension period for acts that would qualify the student to be defined as a violent student in accordance with Education Law Section 3214(2-a)(a), provided that the suspending authority may reduce the period on a case-by-case basis to be consistent with any other state and federal law.

Suspension of Students with Disabilities

Generally, disciplinary action against a student with a disability or presumed to have a disability will be in accordance with procedures set forth in the District's *Code of Conduct* and in conjunction with applicable law, and the determination of the Committee on Special Education (CSE).

For suspensions or removals up to ten school days in a school year that do not constitute a disciplinary change in placement, students with disabilities must be provided with alternative instruction or services on the same basis as non-disabled students of the same age.

If suspension or removal from the current educational placement constitutes a disciplinary change in placement because it is for more than ten consecutive school days or is a pattern of removals which constitutes a change of placement, a manifestation determination must be made. The District determines on a case-by-case basis whether a pattern of removals constitutes a change of placement. This determination is subject to review through due process and judicial proceedings.

Manifestation Determinations

A review of the relationship between the student's disability and the behavior subject to disciplinary action to determine if the conduct is a manifestation of the disability must be made by a manifestation team immediately, if possible, but in no case later than ten school days after a decision is made:

- a) By the Superintendent to change the placement to an interim alternative educational setting (IAES);
- b) By an Impartial Hearing Officer (IHO) to place the student in an IAES; or
- c) By the Board, District Superintendent, Superintendent, or building principal to impose a suspension that constitutes a disciplinary change of placement.

The manifestation team will include a representative of the District knowledgeable about the student and the interpretation of information about child behavior, the parent, and relevant members of the CSE as determined by the parent and the District. The parent must receive written notice prior to the meeting to ensure that the parent has an opportunity to attend. This notice must include the purpose of the meeting, the names of those expected to attend and notice of the parent's right to have relevant members of the CSE participate at the parent's request.

(Continued)

SUBJECT: SUSPENSION OF STUDENTS (Cont'd.)

The manifestation team will review all relevant information in the student's file including the student's individualized education program (IEP), any teacher observations, and any relevant information provided by the parents to determine if: the conduct in question was caused by or had a direct and substantial relationship to the student's disability; or the conduct in question was the direct result of the District's failure to implement the IEP. If the team determines the conduct in question was the direct result of failure to implement the IEP, the District must take immediate steps to remedy those deficiencies.

Finding of Manifestation

If it is determined, as a result of this review, that the student's behavior is a manifestation of his or her disability, the CSE will conduct a functional behavioral assessment (FBA), if one has not yet been conducted, and implement or modify a behavioral intervention plan (BIP).

An FBA is the process of determining why the student engages in behaviors that impede learning and how the student's behavior relates to the environment. An FBA must be developed consistent with the requirements of Commissioner's regulations Section 200.22(a) and will include, but not be limited to, the identification of the problem behavior, the definition of the behavior in concrete terms, the identification of the contextual factors that contribute to the behavior (including cognitive and affective factors), and the formulation of a hypothesis regarding the general conditions under which a behavior usually occurs and probable consequences that serve to maintain it.

BIP is a plan that is based on the results of an FBA and, at a minimum, includes a description of the problem behavior, global and specific hypotheses as to why the problem behavior occurs, and intervention strategies that include positive behavioral supports and services to address the behavior.

Unless the change in placement was due to behavior involving serious bodily injury, weapons, illegal drugs or controlled substances, the student must be returned to the placement from which the student was removed unless the parent and the District agree to a change of placement as part of the modification of the BIP.

No Finding of Manifestation

If it is determined that the student's behavior is not a manifestation of his or her disability, the relevant disciplinary procedures applicable to students without disabilities may be applied to the student in the same manner and for the same duration for which they would be applied to students without disabilities, subject to the right of the parent or person in parental relation to request a hearing objecting to the manifestation determination and the District's obligation to provide a free, appropriate public education to the student.

(Continued)

SUBJECT: SUSPENSION OF STUDENTS (Cont'd.)**Provision of Services Regardless of the Manifestation Determination**

Regardless of the manifestation determination, students with a disability will be provided the services necessary for them to continue to participate in the general education curriculum and progress toward meeting the goals set out in their IEP as delineated below:

- a) During suspensions or removals for periods of up to ten school days in a school year that do not constitute a disciplinary change in placement, students with disabilities of compulsory attendance age will be provided with alternative instruction on the same basis as nondisabled students. Students with disabilities who are not of compulsory attendance age will be entitled to receive services during suspensions only to the extent that services are provided to nondisabled students of the same age who have been similarly suspended.
- b) During subsequent suspensions or removals for periods of ten consecutive school days or less that in the aggregate total more than ten school days in a school year but do not constitute a disciplinary change in placement, students with disabilities will be provided with services necessary to enable the student to continue to participate in the general education curriculum and to progress toward meeting the goals set out in the student's IEP and to receive, as appropriate, an FBA, behavioral intervention services and modifications that are designed to address the behavior violation so it does not recur. School personnel, in consultation with at least one of the student's teachers, will determine the extent to which services are needed, so as to enable the student to continue to participate in the general education curriculum, although in another setting, and to progress in meeting the goals set out in the student's IEP.
- c) During suspensions or other disciplinary removals, for periods in excess of ten school days in a school year which constitute a disciplinary change in placement, students with disabilities will be provided with services necessary to enable the student to continue to participate in the general education curriculum, to progress toward meeting the goals set out in the student's IEP, and to receive, as appropriate, an FBA, behavioral intervention services and modifications that are designed to address the behavior violation so it does not recur. The IAES and services will be determined by the CSE.

Interim Alternative Educational Setting (IAES)

Students with disabilities who have been suspended or removed from their current placement for more than ten school days may be placed in an IAES which is a temporary educational setting other than the student's current placement at the time the behavior precipitating the IAES placement occurred.

Additionally, an Impartial Hearing Officer in an expedited due process hearing may order a change in placement of a student with a disability to an appropriate IAES for up to 45 school days if the Hearing Officer determines that maintaining the current placement is substantially likely to result in injury to the students or others.

(Continued)

SUBJECT: SUSPENSION OF STUDENTS (Cont'd.)

There are three specific instances when a student with a disability may be placed in an IAES for up to 45 school days without regard to a manifestation determination:

- a) Where the student carries or possesses a weapon to or at school, on school premises, or to or at a school function under the jurisdiction of the District; or
- b) Where a student knowingly possesses or uses illegal drugs or sells or solicits the sale of a controlled substance while at school, on school premises, or at a school function under the jurisdiction of the District; or
- c) Where a student has inflicted serious bodily injury upon another person while at school, on school premises, or at a school function under the jurisdiction of the District. Serious bodily harm has been defined in law to refer to one of the following:
 - 1. Substantial risk of death;
 - 2. Extreme physical pain; or
 - 3. Protracted and obvious disfigurement or protracted loss or impairment of the function of a bodily member, organ or mental faculty.

School function means a school-sponsored or school-authorized extracurricular event or activity regardless of where the event or activity takes place, including any event or activity that may take place in another state.

School premises means in or within any building, structure, athletic playing field, playground, parking lot or land contained within the real property boundary line of a public elementary or secondary school.

School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a student with a disability who violates a code of student conduct.

In all cases, the student placed in an IAES will:

- a) Continue to receive educational services so as to enable the student to continue to participate in the general education curriculum, although in another setting, and to progress towards the goals set out in the student's IEP, and
- b) Receive, as appropriate, an FBA and behavioral intervention services and modifications that are designed to address the behavior violation so that it does not recur.

(Continued)

SUBJECT: SUSPENSION OF STUDENTS (Cont'd.)

The period of suspension or removal may not exceed the amount of time a non-disabled student would be suspended for the same behavior.

Suspension from BOCES

The BOCES principal may suspend District students from BOCES classes for a period not to exceed five school days when student behavior warrants that action.

In-School Suspension

In-school suspension will be used as a lesser discipline to avoid an out-of-school suspension. The student will be considered present for attendance purposes. The program is used to keep each student current with his or her class work while attempting to reinforce acceptable behavior, attitudes and personal interaction.

BOCES Activities

BOCES activities, such as field trips and other activities outside the building itself, are considered an extension of the school program. Therefore, an infraction handled at BOCES will be considered as an act within the District itself.

A student who is ineligible to attend a District school on a given day may also be ineligible to attend BOCES classes. The decision rests with the Superintendent or designee.

Exhaustion of Administrative Remedies

Any appeal of a decision of the building principal or Superintendent to suspend a student from school, regardless of the length of the student's suspension, must be made to the Board before it can be made to the Commissioner of Education.

Procedure After Suspension

When a student has been suspended and is of compulsory attendance age, immediate steps will be taken to provide alternative instruction which is of an equivalent nature to that provided in the student's regularly scheduled classes.

When a student has been suspended, the suspension may be revoked by the Board whenever it appears to be for the best interest of the school and the student to do so. The Board may also condition a student's early return to school and suspension revocation on the student's voluntary participation in counseling or specialized classes, including anger management or dispute resolution, where applicable.

SUBJECT: STUDENTS PRESUMED TO HAVE A DISABILITY FOR DISCIPLINE PURPOSES

The parent of a student who has violated any rule or the District *Code of Conduct* and who was not identified as a student with a disability at the time of the behavior, may assert several protections provided for under the Individuals with Disabilities Education Act (IDEA) and State regulations if the District is deemed to have had knowledge that the student was a student with a disability before the behavior occurred.

Basis of Knowledge

The District will be deemed to have had knowledge that the student had a disability if, prior to the time the behavior occurred:

- a) The parent of the student expressed concern in writing to supervisory or administrative personnel, or to a teacher of the student, that the student needs special education and related services. Expressions of concern may be oral if the parent does not know how to write or has a disability that prevents a written statement;
- b) The parent of the student requested an evaluation of the student in writing; or
- c) A teacher of the student, or other District personnel, expressed specific concerns about a pattern of behavior demonstrated by the student, directly to the Director of Special Education or to other supervisory personnel.

Exception

A student is not a student presumed to have a disability for discipline purposes if, as a result of receiving the information specified above:

- a) The parent of the student did not allow an evaluation of the student in accordance with law and/or regulations;
- b) The parent of the student refused services under law and/or regulations; or
- c) The student was evaluated and it was determined that the student is not a student with a disability.

Responsibility for Determining Whether a Student is a Student Presumed to Have a Disability

If it is claimed by the parent of the student or by District personnel that the District had a basis for knowledge, in accordance with law and/or regulation, that the student was a student with a disability prior to the time the behavior subject to disciplinary action occurred, it will be the responsibility of the Superintendent, building principal, or other school official imposing the suspension or removal to determine whether the student is a student presumed to have a disability.

(Continued)

**SUBJECT: STUDENTS PRESUMED TO HAVE A DISABILITY FOR DISCIPLINE
PURPOSES (Cont'd.)**

Conditions That Apply if There is No Basis of Knowledge

If it is determined that there is no basis for knowledge that the student is a student with a disability prior to taking disciplinary measures against the student, the student may be subjected to the same disciplinary measures as any other nondisabled student who engaged in comparable behaviors.

However, if a request for an individual evaluation is made during the time period in which the student is subjected to a disciplinary removal, an expedited evaluation will be conducted in accordance with law and/or regulations. Pending the results of the evaluation, the student will remain in the educational placement determined by school authorities.

If the student is determined to be a student with a disability, taking into consideration information from the evaluation and information provided by the parents, the District will provide special education and related services in accordance with law and/or regulations.

SUBJECT: STUDENT ACCEPTABLE USE POLICY (AUP)

The Board will provide access to various computerized information resources through the District's computer system ("DCS") consisting of software, hardware, computer networks, and electronic communications systems. This may include access to email, on-line services, and the Internet. It may include the opportunity for some students to have independent access to the DCS from their home or other remote locations. All use of the DCS, including independent use off school premises, will be subject to this policy. Further, all DCS use must be in support of education or research and consistent with the goals and purposes of the District.

Access to Inappropriate Content/Material and Use of Personal Technology or Electronic Devices

This policy is intended to establish general guidelines for the acceptable student use of the DCS and also to give students and parents or guardians notice that student use of the DCS will provide student access to external computer networks not controlled by the District. The District cannot screen or review all of the available content or materials on these external computer networks, thus, some of the available content or materials on these external networks may be deemed unsuitable for student use or access by parents or guardians.

It is virtually impossible to completely prevent access to content or material that may be considered inappropriate for students. Students may have the ability to access this content or material from their home, other locations off school premises and/or with a student's own personal technology or electronic device on school grounds or at school events. Parents and guardians should establish boundaries and standards for the appropriate and acceptable use of technology and communicate these boundaries and standards to their children. The acceptable use standards outlined in this policy apply to student use of technology via the DCS or any other electronic media or communications, including by means of a student's own personal technology or electronic device on school grounds or at school events.

Standards of Acceptable Use

Generally, the same standards of acceptable student conduct which apply to any school activity apply to use of the DCS. This policy does not attempt to articulate all required and/or acceptable uses of the DCS; nor is it the intention of this policy to define all inappropriate usage.

District students must also adhere to the laws, policies, and rules governing computers including, but not limited to, copyright laws, rights of software publishers, license agreements, and student rights of privacy created by federal and state law.

Students who engage in unacceptable use of the DCS may lose access in accordance with applicable due process procedures, and may be subject to further discipline in accordance with the District *Code of Conduct*.

SUBJECT: STUDENT ACCEPTABLE USE POLICY (AUP) (Cont'd.)

Student data files and other electronic storage areas are considered District property subject to control and inspection. The Computer Coordinator may access all files and communications without prior notice to ensure system integrity and that users are complying with the requirements of this policy. Students should not expect that information stored on the DCS will be private.

Notification

The District's AUP will be disseminated to parents and students in order to provide notice of the school's requirements, expectations, and students' obligations when accessing the DCS.

SUBJECT: STUDENT USE OF PERSONAL TECHNOLOGY

The Board seeks to maintain a safe and secure environment for students and staff. Advances in technology have made it possible to expand the learning environment beyond traditional classroom boundaries. Using personal electronic devices during instructional time can enable students to explore new concepts, personalize their learning experience, and expand their global learning opportunities. Additionally, the use of personal technology devices is ubiquitous in today's society and standards for student use during non-instructional time should adapt to this change. This policy defines the use of personal technology during instructional and non-instructional times and reinforces the standard that all use, regardless of its purpose, must follow the guidelines outlined in the Student Acceptable Use Policy (AUP), the District's *Code of Conduct*, and the Dignity for All Students Act.

Personal technology includes all existing and emerging technology devices that can take photographs; record or play audio or video; input text; upload and download media; connect to or receive information from the internet; and transmit or receive messages, telephone calls, or images. Examples of personal technology include, but are not limited to, iPods and MP3 players; iPad, Nook, Kindle, and other tablet PCs; laptop and netbook computers; personal digital assistants (PDAs), cell phones and smart phones such as BlackBerry, iPhone, or Droid, as well as any device with similar capabilities. Unacceptable devices include, but are not limited to, gaming devices or consoles, laser pointers, modems or routers, and televisions.

Instructional Purposes

Personal technology use by students is permitted during the school day for instructional purposes and/or in approved locations only. Teachers will indicate when and if classroom use is acceptable. Students are expected to act responsibly and thoughtfully when using technology resources. Students must first inquire with school administrators or teachers when they are unsure of the permissibility of a particular use of technology.

Instructional purposes include, but are not limited to, approved classroom activities, research, college admissions activities, career development, communication with experts, homework, and other activities as deemed appropriate by school staff.

Non-Instructional Uses

Appropriate use of personal technology during non-instructional time is also allowed if students follow the guidelines in the AUP and *Code of Conduct*. Non-instructional use includes texting, calling, and otherwise communicating with others during free periods and in common areas of the school building such as the hallways, cafeteria, study halls, buses, and student lounges. Other non-instructional uses include Internet searches, reading, listening to music, and watching videos. Use during non-instructional time must be conducted in a safe and unobtrusive manner. Devices must also be in silent mode to avoid disrupting others.

(Continued)

SUBJECT: STUDENT USE OF PERSONAL TECHNOLOGY (Cont'd.)**Liability**

The District will not be liable for the loss, damage, misuse, or theft of any personal technology brought to any of its schools. The District reserves the right to monitor, inspect, and/or confiscate personal technology when the administration has reasonable suspicion to believe that a violation of school policy or criminal law has occurred.

The Board expressly prohibits use of personal technology in locker rooms, restrooms, Health Offices, and any other areas where a person would reasonably expect some degree of personal privacy.

Prohibition During State Assessments

All students are prohibited from bringing electronic devices into a classroom or other location where a New York State assessment is being administered. Test proctors, test monitors, and school officials have the right to collect prohibited electronic devices prior to the start of the test and hold them while the test is being administered, including break periods. Admission to any assessment will be denied to any student who refuses to relinquish a prohibited device.

Students with disabilities may use certain devices if the device is specified in that student's IEP or 504 plan or a student has provided medical documentation that they require the device during testing.

Permission

Students will not be permitted to use personal technology devices in school or at school functions until they have reviewed the AUP, the applicable sections of the *Code of Conduct* and associated technology guidelines, and signed the Student Use of Personal Technology Permission Form with their parents. The District reserves the right to restrict student use of District-owned technologies and personal technology on school property or at school-sponsored events.

Students must follow the guidelines for use set out in the District *Code of Conduct* and the AUP at all times. Consequences for misuse are set forth in the District's *Code of Conduct*.

SUBJECT: ALCOHOL, TOBACCO, DRUGS, AND OTHER SUBSTANCES (STUDENTS)**Prohibited Conduct**

The Board recognizes that the misuse of alcohol, tobacco, electronic cigarettes (e-cigarettes), cannabis (marijuana), drugs, counterfeit and designer drugs, over-the-counter drugs, prescription drugs, vitamins, supplements, herbs, and other similar substances is a serious problem with legal, physical, emotional, and social implications for our students, as well as the entire community. Therefore, the consumption, sharing, selling, use, and/or possession of these and similar substances, as well as tobacco products and drug paraphernalia are prohibited in accordance with law and regulation, District policy, the District *Code of Conduct*, and/or other similar documents.

Students are not permitted to be under the influence of alcohol, cannabis (marijuana), drugs, or other prohibited substances on school grounds or at school functions. "School function" means a school-sponsored or school-authorized extracurricular event or activity regardless of where the event or activity takes place, including any event or activity that may take place virtually or in another state.

Exceptions may exist for authorized medical cannabis use.

Disciplinary Measures

Students will be disciplined in accordance with District policy, the District *Code of Conduct*, and/or other similar documents for the consumption, sharing, selling, use, and/or possession of alcohol, tobacco, e-cigarettes, cannabis (marijuana), drugs, counterfeit and designer drugs, over-the-counter drugs, prescription drugs, vitamins, supplements, herbs, and other similar substances, as well as tobacco products and drug paraphernalia.

Information on Substance Use Related Services

The Superintendent has designated one or more individuals to provide information regarding where and how to find available substance use related services to students, parents, and staff.

The designated individual(s) for the District is/are: School Counselor and/or Building Principal.

Any information provided by a student, parent, or staff member to the designated individual(s) will not be used in any school disciplinary proceeding and will, in addition to any other applicable privilege, be considered confidential in accordance with law.

SUBJECT: SEARCHES AND INTERROGATIONS OF STUDENTS

A student may be searched and prohibited items seized on school grounds or in a school building by an authorized District official only when he or she has reasonable suspicion to believe the student has engaged in or is engaging in activity which is in violation of the law and/or the rules of the school (i.e., the District *Code of Conduct*). The reasonableness of any search involves a twofold inquiry: 1) school officials must first determine whether the action was justified at its inception, and 2) determine whether the search, as actually conducted, was reasonably related in scope to the circumstances which justified the interference in the first place.

Factors to be considered in determining whether reasonable suspicion exists to search a student include:

- a) The age of the student;
- b) The student's school record and past history;
- c) The predominance and seriousness of the problem in the school where the search is directed;
- d) The probative value and reliability of the information used as a justification for the search;
- e) The school official's prior knowledge of and experience with the student; and
- f) The urgency to conduct the search without delay.

If reasonable suspicion exists to believe that a student has violated or is violating the law and/or school rules, it is permissible for an authorized school official to search that student's outer clothing, pockets, or property. The search may include, but is not limited to, the student's outer clothing such as a jacket or coat, pockets, backpack, and/or purse. Whenever possible, searches will be conducted by a staff member of the same sex as the student and another staff member will be present as a witness.

Strip Searches

A strip search is a search that requires a student to remove any or all of his or her clothing, other than an outer coat or jacket. Strip searches are intrusive in nature and are almost never justified. If school officials have highly credible evidence that such a search would prevent danger or yield evidence, such a search may be conducted under exigent circumstances. In the alternative, if school authorities believe there is an emergency situation that could threaten the safety of others, the student will, to the extent practicable, be isolated and secured. Police and parents will be contacted immediately.

(Continued)

SUBJECT: SEARCHES AND INTERROGATIONS OF STUDENTS (Cont'd.)**Scope of Search**

School officials are authorized to conduct searches of students and their belongings if the authorized school official has reasonable suspicion to believe that the search will produce evidence that the student has violated or is violating the law and/or the *Code of Conduct*.

School officials, whenever possible, will seek the least intrusive means to conduct a search to safeguard the privacy interests of students in their person and property.

Searches and Seizure of School Property

Student desks, lockers, textbooks, computers, and other materials, supplies, or storage spaces loaned by the school to students remain the property of the school, and may be opened and inspected by school employees at any time without prior notice and without their consent. The purpose of these searches, when they occur, is to ensure the safety of students, faculty, and staff, enhance school security and prevent disruptions of the learning environment. Students have no reasonable expectation of privacy with respect to school property; and school officials retain complete control over this property. However, a student's personal belongings contained within a locker, desk, etc. are subject to the reasonable suspicion standard for searches by an authorized school official.

Parent Notification

The student's parent or guardian will be notified if any illegal, prohibited, or dangerous articles or materials are found in the student's locker, vehicle, or other property or possessions, or on the student's person, as a result of a search conducted in accordance with this policy.

Documentation of Searches

The designated school official conducting the search will be responsible for the custody, control, and disposition of any illegal, prohibited, or dangerous items taken from the student. The school official or designee must clearly label each item taken from the student and retain control of the item(s) until the item(s) is turned over to the police or secured by alternate means.

This school official will also be responsible for promptly documenting information about the search including, but not limited to, the reason for the search, the purpose of the search, the type and scope of the search, and the results of the search.

(Continued)

SUBJECT: SEARCHES AND INTERROGATIONS OF STUDENTS (Cont'd.)**Questioning of Students by School Officials**

School officials have the right to question students regarding any violations of school rules and/or illegal activity. In general, school officials may conduct investigations concerning reports of misconduct including, but not limited to, questioning students, staff, parents/guardians, or other individuals as may be appropriate and, when necessary, determining disciplinary action in accordance with applicable due process rights.

Should the questioning of students by school officials focus on the actions of one particular student, the student will be questioned, if possible, in private outside the presence of other students, by the appropriate school administrator(s). The student's parent or guardian may be contacted; the degree, if any, of parental or guardian involvement will vary depending upon the nature and the reason for questioning, and the necessity for further action which may occur as a result.

The questioning of students by school officials does not preclude subsequent questioning or interrogations by police authorities as otherwise permitted by law. Similarly, the questioning of students by school officials does not negate the right or responsibility of school officials to contact appropriate law enforcement agencies, as necessary, with regard to statements given by students to school officials.

School officials acting alone and on their own authority, without the involvement of, or on behalf of law enforcement officials, are not required to give the so-called "Miranda warnings" (i.e., advising a person, prior to any custodial interrogations as defined in law, of the right to remain silent; that any statement made by the individual may be used as evidence against him or her; and that the individual has the right to the presence of an attorney, either retained or appointed) prior to the questioning of students.

Law Enforcement Officials

A cooperative effort will be maintained between the school administration and law enforcement agencies. Law enforcement officials may be summoned in order to conduct an investigation of alleged criminal conduct on school premises or during a school-sponsored activity, or to maintain the educational environment. They may also be summoned for the purpose of maintaining or restoring order when the presence of officers is necessary to prevent injury to persons or property.

Administrators have the responsibility and authority to determine when the assistance of law enforcement officers is necessary within their respective jurisdictions.

(Continued)

SUBJECT: SEARCHES AND INTERROGATIONS OF STUDENTS (Cont'd.)**School Resource Officers**

The District may utilize School Resource Officers (SROs), i.e., law enforcement officers who work within the school building. There are different types of SROs: those employed by the District and those employed by local law enforcement. SROs, acting in their capacity as law enforcement, are held to a different search standard than District staff. Searches by law enforcement SROs must be justified by probable cause, not the District's standard of reasonable suspicion. District staff need to clearly establish who is initiating and conducting a search, the District or law enforcement, and that the appropriate standard for the search has been met.

Dissemination of Information

Copies of this policy will be distributed to students when they enroll in school, and will be included in the District *Code of Conduct* available to students and parents at the beginning of each school year.

Interrogation of Students by Law Enforcement Officials

Generally, police authorities may only interview students on school premises without the permission of the parent or guardian in situations where a warrant has been issued for the student's arrest (or removal). Police authorities may also question students for general investigations or general questions regarding crimes committed on school property. In all other situations, unless an immediate health or safety risk exists, if the police wish to speak to a student without a warrant they must address the matter directly with the student's parent or guardian.

Whenever police wish to question a student on school premises, administration will attempt to notify the student's parent or guardian.

If possible, questioning of a student by police will take place in a private area outside the presence of other students but in the presence of the building principal or designee.

Child Protective Services' Investigations

Occasionally, Child Protective Services (CPS) may desire to conduct interviews of students on school property. These interviews generally pertain to allegations of suspected child abuse or maltreatment. The Board encourages cooperation with CPS with respect to access to records and access to any child named as a victim, any of the victim's siblings, or any other child residing in the same home as the named victim, in accordance with applicable law.

SUBJECT: BUS RULES

The District furnishes transportation to students whose disability or distance from the school make the service essential. Except as otherwise mandated in a student's Individualized Education Program (IEP), riding school buses is a privilege which may be revoked if the student does not comply with the rules set forth in the *Code of Conduct*.

Bus drivers will be held responsible for reasonable and acceptable behavior of students while riding the school bus. Students riding school buses are expected to conform to the rules of conduct in order to permit the bus driver to transport his or her passengers safely.

The Board and the Superintendent or designee has the authority to suspend the transportation privileges of children who are disorderly and insubordinate on buses. Generally, parent(s) or guardian(s) will be required to make alternative transportation arrangements for their children who have been suspended from riding the bus. However, if a suspension from transportation effectively results in absence from school because of the distance between the home and the school and the absence of alternative public or private means of transportation, the District will make appropriate arrangements to provide for the student's education.

If a student with a disability who receives transportation as a related service as part of his or her IEP is being considered for suspension from transportation, and that suspension would effectively result in a change in placement, the student will be referred to the Committee on Special Education.

SUBJECT: TIMEOUT AND PHYSICAL RESTRAINT**Overview**

The District prohibits the use of corporal punishment, aversive interventions, and seclusion. The District authorizes the limited use of timeout and physical restraint in schools to address student behaviors subject to conditions in law, regulation, and this policy.

Definitions

For purposes of this policy, the following definitions apply:

- a) "Aversive intervention" means an intervention that is intended to induce pain or discomfort for the purpose of eliminating or reducing student behavior, including interventions such as:
 - 1. Contingent application of noxious, painful, intrusive stimuli or activities;
 - 2. Strangling, shoving, deep muscle squeezes, or other similar stimuli;
 - 3. Any form of noxious, painful, or intrusive spray, inhalant, or tastes;
 - 4. Contingent food programs that include the denial or delay of the provision of meals or intentionally altering staple food or drink in order to make it distasteful;
 - 5. Movement limitation used as a punishment, including, but not limited to, helmets and mechanical restraints; or
 - 6. Other stimuli or actions similar to the interventions described in this definition.

Aversive intervention does not include interventions such as: voice control, limited to loud, firm commands; time-limited ignoring of a specific behavior; token fines as part of a token economy system; brief physical prompts to interrupt or prevent a specific behavior; interventions medically necessary for the treatment or protection of the student; or other similar interventions.

- b) "Corporal punishment" means any act of physical force upon a student for the purpose of punishing that student. The term does not include the use of physical restraints to protect the student, another student, teacher, or any other person from physical injury when alternative procedures and methods not involving the use physical restraint cannot reasonably be employed to achieve these purposes.
- c) "De-escalation" means the use of a behavior management technique that helps a student increase control over their emotions and behavior and results in a reduction of a present or potential level of danger to the student or others.

(Continued)

Students

SUBJECT: TIMEOUT AND PHYSICAL RESTRAINT (Cont'd.)

- d) "Mechanical restraint" means the use of any device or equipment to restrict a student's freedom of movement. Mechanical restraint does not include devices implemented by trained school personnel, or utilized by a student, that have been prescribed by an appropriate medical or related services professional and are used for the specific and approved purposes for which such devices were designed, such as:
 - 1. Adaptive devices or mechanical supports used to achieve proper body position, balance, or alignment to allow greater freedom of mobility than would be possible without the use of such devices or mechanical supports;
 - 2. Vehicle safety restraints when used as intended during the transport of a student in a moving vehicle;
 - 3. Restraints for medical immobilization; or
 - 4. Orthopedically prescribed devices that permit a student to participate in activities without risk of harm.
- e) "Multi-tiered system of supports" means a proactive and preventative framework that utilizes data to inform instruction and the allocation of services to maximize achievement for all students and support students' social, emotional, and behavioral needs from a culturally responsive and strength-based perspective.
- f) "Physical escort" means a temporary touching or holding of the hand, wrist, arm, shoulder, or back for the purpose of inducing a student who is acting out to walk to a safe location.
- g) "Physical restraint" means a personal restriction that immobilizes or reduces the ability of a student to move their arms, legs, body, or head freely. Physical restraint does not include a physical escort or brief physical contact and/or redirection to promote student safety, calm or comfort a student, prompt or guide a student when teaching a skill or assisting a student in completing a task, or for other similar purposes.
- h) "Prone restraint" means physical or mechanical restraint while the student is in the face down position.
- i) "Seclusion" means the involuntary confinement of a student alone in a room or space that they are physically prevented from leaving or they may perceive that they cannot leave at will. Seclusion does not include timeout.

(Continued)

SUBJECT: TIMEOUT AND PHYSICAL RESTRAINT (Cont'd.)

- j) "Timeout" means a behavior management technique that involves the monitored separation of a student in a non-locked setting and is implemented for the purpose of de-escalating, regaining control, and preparing the student to meet expectations to return to their education program. Timeout does not include:
 - 1. A student-initiated or student-requested break to utilize coping skills, sensory input, or self-regulation strategies;
 - 2. Use of a room or space containing coping tools or activities to assist a student to calm and self-regulate, or the use of such intervention strategies consistent with a student with a disability's behavioral intervention plan;
 - 3. A teacher removal, in-school suspension, or any other appropriate disciplinary action.

Prohibition of the Use of Corporal Punishment, Aversive Interventions, and Seclusion

No teacher, administrator, officer, employee, or agent of the District will use the following against a student:

- a) Corporal punishment;
- b) Aversive interventions; or
- c) Seclusion.

Agent includes, but is not limited to, school resource officers, except when a student is under arrest and handcuffs are necessary for the safety of the student and others.

Authorized Limited Use of Timeout and Physical Restraint

Positive, proactive, evidence-based, and research-based strategies through a multi-tiered system of supports will be used to reduce the occurrence of challenging behaviors, reduce the need for the use of timeout and physical restraint, and improve school climate and the safety of all students.

Timeout and physical restraint may be used only when:

- a) Other less restrictive and intrusive interventions and de-escalation techniques would not prevent imminent danger of serious physical harm to the student or others;
- b) There is no known medical contraindication to its use on the student; and
- c) Staff using the interventions have been trained in its safe and appropriate application.

(Continued)

Students

SUBJECT: TIMEOUT AND PHYSICAL RESTRAINT (Cont'd.)

Timeout and physical restraints will not be used as discipline or punishment, retaliation, or as a substitute for positive, proactive intervention strategies that are designed to change, replace, modify, or eliminate a targeted behavior.

Timeout

The following rules apply to the use of timeout in the District:

- a) Timeout will only be used in the following situations:
 - 1. A situation that poses an immediate concern for the physical safety of the student or others; or
 - 2. In conjunction with a behavioral intervention plan that is designed to teach and reinforce alternative appropriate behaviors.
- b) A room or physical space used for timeout may be located either within or outside of a classroom. The room or physical space will:
 - 1. Be unlocked, and any door must be able to be opened from the inside. The use of locked rooms or physical spaces is prohibited.
 - 2. Provide a means for continuous visual and auditory monitoring of the student. The use of a room where the student cannot be continuously observed and supervised is prohibited.
 - 3. Be of adequate width, length, and height to allow the student to move about and recline comfortably.
 - 4. Be clean and free of objects and fixtures that could be potentially dangerous to a student.
 - 5. Meet all local fire and safety codes.
 - 6. Have wall and floor coverings that, to the extent practicable, are designed to prevent injury to the student.
 - 7. Have adequate lighting and ventilation.
 - 8. Have a temperature that is within the normal comfort range and consistent with the rest of the building.

(Continued)

Students

SUBJECT: TIMEOUT AND PHYSICAL RESTRAINT (Cont'd.)

- c) When a student is in a timeout room or space, staff will continuously monitor the student.
- d) Any staff functioning as timeout monitors will be trained in accordance with law and regulation.
- e) Staff will return the student to their educational program as soon as the student has safely deescalated, regained control, and is prepared to meet expectations.

Factors which may precipitate the use of timeout include:

- a) Immediate concern for the safety of the student, of other students, of the staff or of other individuals that are not students or staff.

The use of timeout will adhere to the following developmentally appropriate time limitations:

- a) One (1) minute per year of the child's age or until the student has fully de-escalated.

The following additional rules apply to the use of timeout in conjunction with a behavioral intervention plan:

- a) The District will ensure that timeout is used consistent with the rules for the use of timeout listed above.
- b) The student's individualized education program (IEP) will specify when a behavioral intervention plan includes the use of timeout, including the maximum amount of time a student will need to be in timeout as a behavioral consequence as determined on an individual basis in consideration of the student's age and individual needs.
- c) Prior to the initiation of a behavioral intervention plan that will incorporate the use of timeout, the District will inform the student's parents or persons in parental relation and give them the opportunity to see the room or physical space that will be used.
- d) Prior to the initiation of a behavioral intervention plan that will incorporate the use of timeout, the District will give the student's parents or persons in parental relation a copy of this policy.

Physical Restraint

Physical restraint will only be used in a situation in which immediate intervention involving the use of reasonable physical force is necessary to prevent imminent danger of serious physical harm to the student or others.

(Continued)

Students

SUBJECT: TIMEOUT AND PHYSICAL RESTRAINT (Cont'd.)

The following rules apply to the use of physical restraint in the District:

- a) The type of physical restraint used will be the least restrictive technique necessary and be discontinued as soon as the imminent danger of serious physical harm has resolved.
- b) Physical restraint will never be used in a manner that restricts the student's ability to breathe or communicate or harms the student.
- c) The use of prone restraint is prohibited.
- d) Physical restraint will not be used as a planned intervention on a student's individualized education program, Section 504 accommodation plan, behavioral intervention plan, or other plan developed for a student by the District.
- e) Physical restraint will not be used to prevent property damage except in situations where there is imminent danger of serious physical harm to the student or others and the student has not responded to positive, proactive intervention strategies.
- f) Physical restraints will be administered only by staff who have received the legally required training.
- g) Following a physical restraint, if an injury has been sustained or believed to have been sustained, the school nurse or other medical personnel (i.e., physician, physician assistant, or a nurse practitioner) will evaluate the student to determine and document if any injuries were sustained during the incident.

Factors which may precipitate the use of physical restraint include:

- a) Prevention of imminent danger of serious physical harm to the student or others.

The use of physical restraint will adhere to the following developmentally appropriate time limitations:

- a) Restraints should only last as long as necessary for the student to gain control of their behavior and no longer pose a threat to themselves or others

(Continued)

SUBJECT: TIMEOUT AND PHYSICAL RESTRAINT (Cont'd.)**Notification Following the Use of Timeout, Physical Restraint, and/or Mechanical Restraint**

Parent(s) or person(s) in parental relation to the student will be notified on the same day when timeout, physical restraint, and/or mechanical restraint is used, including timeout used in conjunction with a student's behavioral intervention plan. When the student's parent or person in parental relation cannot be contacted, after reasonable attempts are made, the building principal or administrator will record the attempts. For students with disabilities, the building principal or administrator will report the attempts to the student's committee on preschool special education or committee on special education. The notification will offer the parent or person in parental relation the opportunity to meet regarding the incident.

Additionally, the District will provide the parent or person in parental relation with:

- a) A copy of this policy; and
- b) A copy of the documentation of the incident within three school days of the use of timeout and/or physical restraint.

Debriefing

As soon as practicable, after every incident in which timeout and/or a physical restraint is used on a student, a building administrator or designee will:

- a) Meet with the staff who participated in the use of timeout and/or physical restraint to discuss:
 - 1. The circumstances leading to the use of timeout and/or physical restraint;
 - 2. The positive, proactive intervention strategies that were utilized prior to the use of timeout and/or physical restraint; and
 - 3. Planning for the prevention and reduction of the future need for timeout and/or physical restraint with the student including, if applicable, whether a referral should be made for special education programs and/or other support services or, for a student with a disability, whether a referral for review of the student's individualized education program and/or behavioral intervention plan is needed; and
- b) Direct a school staff member to debrief the incident with the student in a manner appropriate to the student's age and developmental ability and to discuss the behavior(s), if any, that precipitated the use of timeout and/or physical restraint.

(Continued)

SUBJECT: TIMEOUT AND PHYSICAL RESTRAINT (Cont'd.)**Training**

All staff will receive annual training on the District's policies and procedures related to the use of timeout and physical restraint; evidence-based positive, proactive strategies; crisis intervention and prevention procedures and de-escalation techniques. Additionally, any staff who may be called upon to implement timeout or physical restraint, will receive annual, evidence-based training in safe and effective developmentally appropriate timeout and physical restraint procedures.

Notification

This policy will be made publicly available for review at the District's administrative offices and each school building. It will also be posted on the District's website.

Reporting

The District will submit an annual report on the use of physical restraint and timeout and substantiated and unsubstantiated allegations of use of corporal punishment, mechanical restraint, and other aversive interventions, prone physical restraint, and seclusion to the New York State Education Department, on a form and at a time prescribed by the Commissioner of Education in accordance with law and regulation. Additionally, the District will report this data for students for whom they are the district of residence and who are otherwise not reported.

Recordkeeping

The District will maintain documentation on the use of timeout and/or physical restraint, including timeout used in conjunction with a student's behavioral intervention plan, for each student. This documentation will include:

- a) The name and date of birth of the student;
- b) The setting and location of the incident;
- c) The name of the staff who participated in the implementation, monitoring, and supervision of the use of timeout and/or physical restraint and any other persons involved;
- d) A description of the incident including duration, and, for physical restraint, the type of restraint used;
- e) Whether the student has an individualized education program, Section 504 accommodation plan, behavioral intervention plan, or other plan developed for the student by the District;

SUBJECT: TIMEOUT AND PHYSICAL RESTRAINT (Cont'd.)

- f) A list of all positive, proactive intervention strategies utilized prior to the use of timeout and/or physical restraint and, for students with disabilities, whether those strategies were consistent with a student's behavioral intervention plan, if applicable;
- g) The details of any injuries sustained by the student or staff during the incident and whether the student was evaluated by the school nurse or other medical personnel;
- h) The date and method of notification to the parent or person in parental relation and whether a meeting was held; and
- i) The date of the debriefing held.

Documentation of the incident will be reviewed by supervisory personnel and, as necessary, the school nurse or other medical personnel.

Documentation of each incident will be maintained by the school and made available for review by the New York State Education Department upon request.

A record should be created for each instance of physical restraint or timeout, and for allegations concerning prohibited intervention types. Multiple event records during a day for a student would be created only:

- a) If a new situation occurs involving the student after the prior event had de-escalated and student had returned to the learning environment; or
- b) When a new restraint or intervention response type is employed during the event. For example, during an event, a staff person employed a physical restraint on a student, and the situation escalated to the point where a timeout was used. The addition of the timeout would constitute an additional event record beginning with that application.

The District will use this data collection to monitor patterns of use of timeout and physical restraint.

Review

The building administrator or designee will regularly review documentation on the use of timeout and physical restraint to ensure compliance with the District's policy and procedures. When there are multiple incidents within the same classroom or involving the same staff, the building administrator or designee shall take appropriate steps to address the frequency and pattern of use of timeout or physical restraint.

SUBJECT: WEAPONS IN SCHOOL AND THE GUN-FREE SCHOOLS ACT

With the exception of those students who receive prior written permission from the Board or its designee, no student may bring in or possess any "firearm" or "weapon" on school property, on a school bus or District vehicle, in school buildings, or at school-sponsored activities or settings under the control or supervision of the District regardless of location. Any student who has been found guilty of bringing in or possessing a firearm or weapon in violation of this policy will be disciplined in a manner consistent with law and the District's *Code of Conduct*. Discipline may include a mandatory suspension for a period of not less than one calendar year for a student who is determined to have violated the Federal Gun-Free Schools Act and its implementing provisions in the New York State Education Law, provided that the Superintendent may modify the suspension requirement on a case-by-case basis.

Students who have brought a "weapon" or "firearm" to school will be referred by the Superintendent to either a presentment agency (the agency or authority responsible for presenting a juvenile delinquency proceeding) or to appropriate law enforcement officials. These referrals will be made as follows: a student who is under the age of 16 and who is not a 14 or 15 year-old who qualifies for juvenile offender status under the Criminal Procedure Law will be referred to a presentment agency for juvenile delinquency proceedings; a student who is 16 years old or older, or who is 14 or 15 and qualifies for juvenile offender status, will be referred to the appropriate law enforcement authorities.

For the purposes of this policy, the term "weapon" will be as defined in 18 USC 930(g)(2).

For the purposes of this policy, the term "firearm" will be as defined in 18 USC 921(a).

Students with disabilities continue to be entitled to all rights set forth in the Individuals with Disabilities Act and Education Law Article 89. This policy does not authorize suspension of students with disabilities in violation of those authorities.

This policy also does not diminish the authority of the Board to offer courses in instruction in the safe use of firearms in accordance with Education Law Section 809-a.

SUBJECT: EXTRACURRICULAR ACTIVITIES

Any organization within the District whose activities are conducted by students, and whose financial support is raised other than by taxation or through charges of the Board, is an extraclassroom activity (ECA). All ECAs must be approved by the Board. The Superintendent or designee will maintain an up-to-date register of all ECAs that are approved or discontinued. The District will develop detailed procedures for the establishment of ECAs.

The Board may adopt rules and regulations to abolish and/or prohibit any fraternity, sorority, or other secret society in any secondary school in the District provided that the Board has found that the fraternity, sorority, or secret society has, by virtue of its activities, caused or created a disruption of or interference with the academic process of any secondary school within the District or caused or created a disruption of the academic process of any individual student or students in any secondary school within the District.

Eligibility for Attendance

Student participation in extracurricular activities is a privilege. Students must abide by the academic standards and standards of conduct for participation in extracurricular activities as established by the Board and outlined in the District's *Code of Conduct* and/or any other applicable document.

Censorship of School-Sponsored Student Publications and Activities

The District may exercise editorial control over the style and content of student speech in school-sponsored publications and activities that are part of the educational curriculum.

Limited Open Forum

The District maintains a limited open forum where one or more noncurricular related secondary student groups meet on District premises during noninstructional time. The District will not deny equal access or a fair opportunity to, or discriminate against these groups on the basis of the religious, political, philosophical, or other content of the speech at those meetings.

To provide a fair opportunity to students who wish to conduct a meeting, the District will ensure that:

- a) The meeting is voluntary and student-initiated;
- b) There is no sponsorship of the meeting by the District, the government, or its agents or employees;
- c) Employees or agents of the District or government are present at religious meetings only in a nonparticipatory capacity;

(Continued)

SUBJECT: EXTRACURRICULAR ACTIVITIES (Cont'd.)

- d) The meeting does not materially and substantially interfere with the orderly conduct of educational activities within the District; and
- e) Non-District persons may not direct, conduct, control, or regularly attend activities of student groups.

However, the District, its agents, and its employees, retain the authority to:

- a) Ban unlawful groups;
- b) Maintain order and discipline on District premises;
- c) Protect the well-being of students and employees;
- d) Assure that attendance of students at meetings is voluntary; and
- e) Restrict groups that materially and substantially interfere with the orderly conduct of educational activities.

SUBJECT: SPORTS AND THE ATHLETIC PROGRAM**General Principles and Eligibility**

Athletics are an integral part of a well-balanced educational program. The District's interscholastic athletic program will conform with the Commissioner's regulations, as well as the established rules of the New York State Public High School Athletic Association (NYSPHSAA) and the State Education Department.

Athletic eligibility requires that the student:

- a) Provide written or electronic parental or guardian consent. The consent form must contain information regarding mild traumatic brain injuries (concussions) as specified in the Commissioner's regulations.
- b) Obtain medical clearance from the school physician or nurse practitioner or the student's personal physician. The school physician or nurse practitioner retains final approval on any physicals performed by a student's personal physician.
- c) Meet the requirements for interscholastic competition as set forth by the Commissioner's regulations and the NYSPHSAA.
- d) Comply with all District rules, codes, and standards applicable to athletic participation.

Title IX Compliance

The Board supports equal athletic opportunities for members of both sexes through interscholastic and intramural activities. To ensure equal athletic opportunities for its students, the District will consider:

- a) Its accommodation of athletic interests and abilities (the nature and extent of sports offered, including levels of competition, team competition, and team performance);
- b) Equipment and supplies;
- c) Scheduling of games and practice time;
- d) Travel costs and opportunities for travel;
- e) Assignment and compensation of coaches;
- f) Locker rooms, practice, and competitive facilities;
- g) Available medical and training facilities and services; and

(Continued)

SUBJECT: SPORTS AND THE ATHLETIC PROGRAM (Cont'd.)

- h) The nature and extent of support, publicity, and promotion.

The District may consider other pertinent factors as well. Each of the factors will be assessed by comparing availability, quality, type of benefits, kind of opportunities, and form of treatment. Identical benefits, opportunities, or treatment are not required.

The District's Title IX Coordinator(s) will coordinate the District's efforts to comply with its responsibilities under Title IX. This person will be appropriately trained and possess comprehensive knowledge about applicable federal and state laws, regulations, and policies. To the extent possible, the District will not designate an employee whose other job duties may create a conflict of interest, such as the athletic director.

Booster Clubs

The District has a responsibility under Title IX to ensure that boys' and girls' programs are provided with equivalent benefits, treatment, services, and opportunities regardless of their source. When determining equivalency, therefore, benefits, services, and opportunities attained through private funds—including donations, fundraising, and booster clubs—must be considered in combination with all benefits, services, and opportunities.

Athletic Placement Process for Interscholastic Athletic Programs (APP)

The APP is a method for evaluating students who want to participate in sports at higher or lower levels, consistent with their physical and emotional maturity, size, fitness level, and skills. The Board approves the use of the APP for students in grades no lower than seventh grade to compete on interscholastic athletic teams organized for senior high school students, and for senior high school students to compete on interscholastic athletic teams organized for students in the seventh and eighth grades. The Superintendent will implement procedures for the APP, and will direct the athletic director to maintain records of students who have successfully completed the APP.

Student Athletic Injuries

No injured student will be allowed to practice or play in an athletic contest. An appropriate medical professional should diagnose and treat an athlete's injuries. The coach should ensure that any player injured while under his or her care receives prompt and appropriate medical attention, and that all of the medical professional's treatment instructions are followed. The injured student has an obligation to promptly inform his or her coach of all injuries. No student will be allowed to practice or compete if there is a question whether he or she is in adequate physical condition. A physician's certification may be required before an athlete is permitted to return to practice or competition.

(Continued)

SUBJECT: SPORTS AND THE ATHLETIC PROGRAM (Cont'd.)**Athletic Program-Safety**

The District will take reasonable steps to minimize physical risks posed to students participating in the interscholastic athletic program by:

- a) Requiring timely medical examinations of participants;
- b) Employing certified or licensed staff to coach all varsity, junior varsity, and modified practices and games;
- c) Providing or requiring certified or licensed officials to officiate all competitions;
- d) Ensuring that its players' equipment is safe and operates within the applicable manufacturers' guidelines;
- e) Ensuring that all home fields, courts, pools, tracks, and other areas where athletes practice, warm-up, or compete are safe and appropriate for use; and
- f) Providing professional development and training opportunities for all coaching staff.

Distribution of educational material, essay contests, and poster contests must be approved in advance by the building principals if the sponsoring organization wishes to involve students in the project on school time. Samples of informational material should accompany the request. As determined by the building principal, the request may be forwarded to the Superintendent and the Board for approval.

Student Awards and Scholarships

The District may obtain and give certain awards and scholarships to its students. The Board will hold in trust gifts, grants, bequests, and legacies given or bequeathed to the District, and it will apply the same or their interest and proceeds according to the instruction of the donors and according to the procedures established by the administration.

SUBJECT: STUDENT VOTER REGISTRATION AND PRE-REGISTRATION

The District recognizes the importance of voting and civic engagement. As such, the District seeks to encourage student voter registration and pre-registration. A person who is at least sixteen years of age and who is otherwise qualified to register to vote may pre-register to vote, and will then be automatically registered to vote upon reaching the age of eligibility as provided by law.

The District promotes student voter registration and pre-registration through the following means:

- a) Collaborating with county boards of elections to conduct voter registration and pre-registration in the District's high school(s); and
- b) Encouraging voter registration and pre-registration at various student events throughout the year.

The completion and submission of voter registration or pre-registration forms will not be a course requirement or graded assignment for District students.

SUBJECT: FUNDRAISING BY STUDENTS

Fundraising projects in which students sell merchandise, provide services, or in other ways solicit money for school activities may be sponsored by school organizations with the express approval of the building principal. Any plan must have a clearly defined purpose and, in general, must contribute to the educational experience of students and will not conflict with instructional programs or state mandates. Fundraising activities away from school property will be held to a minimum. All participation will be voluntary.

Door to door sales projects undertaken by any organization using the District name require previous approval of the Board. Profits will be used to enhance school programs by providing money for expenditures not normally funded by the District.

Employees are cautioned against giving the impression to students that the purpose of selling items or paying a fee is to defray a portion of the District's educational program. At no time should a student's participation in an educational activity include these sales or fees. In addition, employees are not permitted to deposit the proceeds of any legitimate sales activity in their own personal accounts. These activities may jeopardize a student's right to participate in the educational program on a tuition or fee-free basis. Further, employees engaged in these activities may be held personally liable.

SUBJECT: IMMUNIZATION OF STUDENTS

Every child entering or attending a District school must present proof of immunization or proof of immunity by serology (blood test) if applicable unless a New York State licensed physician certifies that the immunization may be detrimental to the child's health. The requirement for that immunization is waived until the immunization is no longer detrimental to the child's health. Medical exemptions must be reissued annually.

Except for a valid medical exemption, the District will not permit a child lacking acceptable evidence of required immunizations to remain in school for more than 14 days or more than 30 days for an out-of-state or out-of-country transferee who can show a good faith effort to get the necessary certification or other evidence of immunization.

Whenever a child has been refused admission to or continued attendance at a District school for lack of acceptable evidence of immunization, immunity, or exemption, the principal of the school will:

- a) Notify the person in parental relation to the child of his or her responsibility to have the child immunized and of the public resources available for doing so;
- b) Notify the local health authority of the name and address of the excluded child and of the immunization or immunizations which the child lacks; and
- c) Provide, with the cooperation of the local health authority, for a time and place at which the required immunization or immunizations may be administered.

For homeless children, the enrolling school must immediately refer the person in parental relation to the child to the District's homeless liaison, who must assist them in obtaining the necessary immunizations or medical records.

The District will provide an annual summary of compliance with immunization requirements to the Commissioner of Health.

All schools will also post educational information on influenza and the benefits of influenza immunization which will be in plain view and available to persons in parental relation.

SUBJECT: STUDENT PHYSICALS**Health Examination and Certificate**Health Examination

Each student enrolled in a District school must have a satisfactory health examination conducted by a duly licensed physician, physician assistant, or nurse practitioner within 12 months prior to the commencement of the school year of the student's entrance into:

- a) A District school at any grade level;
- b) Prekindergarten or kindergarten; and
- c) 1st, 3rd, 5th, 7th, 9th, and 11th grades.

The District may also require an examination and health history of a student when it is determined by the District that it would promote the educational interests of the student.

The District will also provide health examinations before participation in strenuous physical activity and periodically throughout the season as necessary, as well as for the issuance of employment certificates, vacation work permits, newspaper carrier certificates, and street trades badges.

Health Certificate

Each student must submit a health certificate attesting to the health examination within 30 calendar days after his or her entrance into:

- a) A District school at any grade level;
- b) Prekindergarten or kindergarten; and
- c) 1st, 3rd, 5th, 7th, 9th, and 11th grades.

The building principal or designee will send a notice to the parent of, or person in parental relation to, any student who does not present a health certificate, that if the required health certificate is not furnished within 30 calendar days from the date of the notice, an examination by health appraisal will be made of the student by the Director of School Health Services.

The health certificate will be filed in the student's cumulative record. The health certificate must:

- a) Be on a form prescribed by the Commissioner;

(Continued)

SUBJECT: STUDENT PHYSICALS (Cont'd.)

- b) Describe the condition of the student when the examination was given, provided that such examination was not given more than 12 months prior to the commencement of the school year in which the examination is required;
- c) State the results of any test conducted on the student for sickle cell anemia;
- d) State whether the student is in a fit condition of health to permit his or her attendance at a District school and, where applicable, whether the student has impaired sight or hearing, has received a scoliosis screening, or has any other physical disability which may tend to prevent the student from receiving the full benefit of school work or from receiving the best educational results, or which may require a modification of such work to prevent injury to the student;
- e) State the student's body mass index (BMI) and weight status category; and
- f) Be signed by a duly licensed physician, physician assistant, or nurse practitioner, who is:
 - 1. Authorized by law to practice in New York State consistent with any applicable written practice agreement; or
 - 2. Authorized to practice in the jurisdiction in which the examination was given, provided that the Commissioner has determined that the jurisdiction has standards of licensure and practice comparable to those of New York State.

A licensed health professional with appropriate training may conduct a scoliosis screening.

Dental Health Certificate

The District will request a dental health certificate from each student at the same time that health certificates are required.

The District may also request an assessment and dental health history of a student when it is determined by the District that it would promote the educational interests of the student.

A notice of request for a dental health certificate will be distributed at the same time that the parent or person in parental relation is notified of health examination requirements. The notice of request for a dental health certificate will list dental practices, dentists, and registered dental hygienists to which students may be referred for dental services on a free or reduced cost basis upon request of the student's school.

(Continued)

SUBJECT: STUDENT PHYSICALS (Cont'd.)

The dental health certificate will be filed in the student's cumulative record. The dental health certificate must:

- a) Describe the dental health condition of the student when the assessment was given, provided that the assessment was not given more than 12 months prior to the commencement of the school year in which the assessment is requested; and
- b) State whether the student is in fit condition of dental health to permit his or her attendance at a District school; and
- c) Be signed by a duly licensed dentist, or a registered dental hygienist, who is:
 - 1. Authorized by law to practice in New York State, and consistent with any applicable written practice agreement; or
 - 2. Authorized to practice in the jurisdiction in which the assessment was performed, provided that the Commissioner has determined that the jurisdiction has standards of licensure and practice comparable to New York State.

Examination by Health Appraisal

The Director of School Health Services will cause students who are required to, but have not submitted, the required health certificate and students with disabilities to be separately and carefully examined and tested to ascertain whether any student has impaired sight or hearing, or any other physical disability which may tend to prevent the student from receiving the full benefit of school work or from receiving the best educational results, or which may require a modification of work to prevent injury to the student.

Each examination will include a calculation of the student's BMI and weight status category. Further, the physician, physician assistant, or nurse practitioner administering the examination will determine whether a one-time test for sickle cell anemia is necessary or desirable and, if so determined, will conduct the test and include the results in the health certificate.

Unless otherwise prohibited by law, if it is ascertained that a student has impaired sight or hearing, or a physical disability or other condition, including sickle cell anemia, the building principal or designee will notify, in writing, the student's parent or person in parental relation as to the existence of the disability. If the parent or person in parental relation is unable or unwilling to provide the necessary relief and treatment for the student, it will be reported by the building principal or designee to the Director of School Health Services, who then has the duty to provide relief for the student.

(Continued)

SUBJECT: STUDENT PHYSICALS (Cont'd.)**District Reporting of BMI and Weight Status Category**

Each school year, the New York State Department of Health randomly selects a certain number of districts across New York State to report, in the aggregate, students' BMI and weight status categories. Selected districts must report BMI results on-line using the Department of Health's Health Provider Network secure website. A student's parent or person in parental relation may refuse to have the student's BMI and weight status category included in such survey.

Health Screenings

The District will provide a:

- a) Scoliosis screening, if not documented on the student's health certificate, at least once each school year for male students in grade 9, and for female students in grades 5 and 7. The positive results of any scoliosis screening examination will be provided in writing to the student's parent or person in parental relation within 90 calendar days after the finding;
- b) Vision screening, if not documented on the student's health certificate, to all students within six months of admission to a District school. The vision screening will test the student's color perception, distance acuity, and near vision. In addition, all students will be screened for distance acuity and near vision in grades prekindergarten or kindergarten, 1, 3, 5, 7, and 11, as well as at any other time deemed necessary. The results of all vision screening examinations will be provided in writing to the student's parent or person in parental relation and to any teacher of the student while the student is enrolled in the District school; and
- c) Hearing screening, if not documented on the student's health certificate, to all students within six months of admission to a District school. In addition, all students will receive a hearing screening in grades prekindergarten or kindergarten, 1, 3, 5, 7, and 11, as well as at any other time deemed necessary. Each hearing screening will include, but not be limited to, pure tone screening. The results of any hearing tests requiring a follow-up examination will be provided in writing to the student's parent or person in parental relation and to any teacher of the student while the student is enrolled in the District school.

The results of all health screenings will be recorded in the student's cumulative health record which will be maintained by the school for at least as long as the minimum retention period for such records.

Student Health Records

The health records of individual students will be kept confidential in accordance with the federal Family Educational Rights and Privacy Act (FERPA) and any other applicable federal and state laws.

(Continued)

SUBJECT: STUDENT PHYSICALS (Cont'd.)**Accommodation for Religious Beliefs**

No health examinations, health history, examinations for health appraisal, screening examinations for sickle cell anemia and/or other health screenings will be required where a student or the parent or person in parental relation to that student objects on the grounds that the examinations, health history, and/or screenings conflict with their genuine and sincere religious beliefs. A written and signed statement from the student or the student's parent or person in parental relation that the person holds these beliefs must be submitted to the building principal or designee, in which case he or she may require supporting documents.

Students in Temporary Housing

For students in temporary housing (i.e., homeless children and youth), the enrolling school must immediately refer the parent or guardian of the student to the District's McKinney-Vento liaison, who will assist them in obtaining the necessary medical records.

SUBJECT: MEDICATION AND PERSONAL CARE ITEMS**Administration of Medication**

The school's registered professional nurse may administer medication to a student during the school day under certain conditions. For the purpose of this policy, the term "medication" includes both prescription and non-prescription medications. The school must receive the following before medication will be administered to a student:

- a) The original written order from the student's provider stating the name of the medication, precise dosage, frequency, and time of administration;
- b) A written, signed consent from the student's parent or person in parental relation requesting the administration of the medication, as prescribed by the physician, to the student in school; and
- c) The medication, properly labeled in its original container, must be delivered to the school health office by the student's parent or person in parental relation. The term "properly labeled," in the context of this policy, means that the container must include the following information: the student's name, name of medication, dosage, frequency, and prescribing physician. A student is not permitted to carry any medication on his or her person in school, or on the school bus, or keep any medication in his or her school locker(s). Exceptions may apply, however, for students diagnosed with asthma or other respiratory illnesses, diabetes, or allergies who will be permitted to carry and self-administer medication under certain conditions.

All medication orders must be reviewed annually by school health office personnel or whenever there is a change in dosage.

Students with Asthma or Other Respiratory Illnesses

The District will make a nebulizer available on-site in school buildings where full- or part-time nursing services are provided. Only students with a patient-specific order may have access to the nebulizer. School nursing personnel will clean and maintain the District nebulizer as appropriate.

(Continued)

SUBJECT: MEDICATION AND PERSONAL CARE ITEMS (Cont'd.)

Personal equipment used to deliver albuterol to a student will be cleaned and appropriately labeled with the student's name and used solely by that individual student. (Examples of equipment to be cleaned and labeled are nebulizer tubing, facemask, mouthpiece, spacer, etc.)

Self-Administration of MedicationGenerally

Each student who is permitted to self-administer medication should have an emergency care plan on file with the District. Further, the school will maintain a record of all written parental consents in the student's cumulative health record.

School health office personnel will also maintain regular parental contact in order to monitor the effectiveness of such self-medication procedures and to clarify parental responsibility as to the daily monitoring of their child to ensure that the medication is being utilized in accordance with the physician's or provider's instructions. Additionally, the student will be required to report to the health office on a periodic basis as determined by health office personnel so as to maintain an ongoing evaluation of the student's management of such self-medication techniques, and to work cooperatively with the parents and the student regarding such self-care management.

Students who self-administer medication without proper authorization will be referred for counseling by school nursing personnel, as appropriate. Additionally, school administration and parents will be notified of such unauthorized use of medication by the student, and school administration may determine the proper resolution of this behavior.

Students with Asthma or Another Respiratory Disease

A student will be permitted to carry and self-administer their prescribed inhaled rescue medication during the school day, on school property, and at any school function if the school health office has the following on file:

- a) Written order/permission and an attestation from a duly authorized health care provider stating that the student has a diagnosis of asthma or other respiratory disease for which inhaled rescue medications are prescribed to alleviate respiratory symptoms or to prevent the onset of exercise induced asthma; the student has demonstrated that he or she can self-

The written permission must also identify the prescribed blood glucose and/or ketone test, the times testing is to be done, and any circumstances which warrant checking a blood glucose and/or ketone level.

- b) Written consent from the student's parent or person in parental relation.

Upon written request of the student's parent or person in parental relation, the school will allow the student to maintain extra insulin, insulin delivery system, glucagon, blood glucose meter, and related supplies to treat the student's diabetes in the care and custody of a licensed nurse, nurse practitioner, physician assistant, or school physician.

Students with diabetes will also be permitted to carry food, oral glucose, or other similar substances necessary to treat hypoglycemia in accordance with District policy.

Storage and Disposal of Medication

The District will comply with relevant state laws, regulations, and guidelines governing the District's receipt, storage, and disposal of medication.

Personal Care Items**Feminine Hygiene Products**

Each school building within the District serving students in any grade from six through 12 will provide feminine hygiene products in building restrooms. These products will be provided at no charge to students.

Alcohol-Based Hand Sanitizers

The New York State Education Department (SED) permits the use of alcohol-based hand sanitizers in schools. The school medical director may approve and permit the use of alcohol-based hand sanitizers in the District's schools without a physician's order. Parents may provide written notification to the school in the event that they do not wish to have their child use this product.

Students may carry and use FDA-approved sunscreen products for over-the-counter use. The student's parent or person in parental relation must provide written permission for the student to carry and use sunscreen. This written parental consent will be maintained by the school. A student who is unable to physically apply sunscreen may be assisted by unlicensed personnel when directed to do so by the student, if permitted by a parent or person in parental relation, and authorized by the school.

SUBJECT: STUDENT HEALTH RECORDS

The District will keep a convenient, accurate, and up-to-date health record of every student. Insofar as the health records include confidential disclosures or findings, they will be kept confidential.

The Family Educational Rights and Privacy Act (FERPA) is a federal law that protects the privacy of students' "education records." For Pre-K through grade 12 students, health records maintained by the District, including immunization records and school nurse records, generally are considered "education records" subject to FERPA. In addition, records that the District or school maintains on special education students, including records on services provided to students under the Individuals with Disabilities Education Act (IDEA) are considered "education records."

Since student health and medical information in education records is protected by FERPA, the Health Insurance Portability and Accountability Act of 1996 (HIPAA) Privacy Rule excludes this information from its coverage.

Generally, these records may not be shared with third parties without written parental consent unless the disclosure meets one of the exceptions to FERPA's general consent requirement. One exception permits the disclosure of education records, without parental consent, to appropriate parties in connection with an emergency, if knowledge of the information is necessary to protect the health or safety of the student or other individuals.

Parents have a right under FERPA to inspect and review those health and medical records that are considered "education records" under FERPA. Individual records may be interpreted by the school's registered professional nurse to administrators, teachers, and other school officials, consistent with law.

SUBJECT: ACCIDENTS AND MEDICAL EMERGENCIES**Student Emergency Treatment**

All staff members of the District are responsible to obtain first aid care for students who are injured or become ill while under school supervision.

In most instances, first aid should be rendered and then the parent should be contacted to come to school and transport the student to the family physician. Beyond first aid, the medical care of the student is the parent's responsibility. However, the student's welfare is always the primary concern, and it is the responsibility of school personnel to exercise good judgment and care under all circumstances.

The Board encourages all staff members to become qualified to give emergency treatment through instruction in first aid, Cardiopulmonary Resuscitation (CPR), and Automated External Defibrillators (AEDs).

Transporting an Ill or Injured Student

In the event of an illness or injury to a student, an ambulance may be called. The District will make all reasonable attempts to contact a parent or person in parental relation when determining if emergency treatment is necessary.

Insurance

The Board will approve provisions for all students to be covered by group insurance. These student accident insurance policies will be a co-insurance with family coverage(s) as primary.

SUBJECT: STUDENTS WITH LIFE-THREATENING HEALTH CONDITIONS

Students come to school with diverse medical conditions which may impact their learning as well as their health. Some of these conditions are serious and may be life-threatening. As a result, students, parents, school personnel, and health care providers must all work together to provide the necessary information and training to allow children with chronic health problems to participate as fully and safely as possible in the school experience. This policy encompasses an array of serious or life-threatening medical conditions such as anaphylaxis, diabetes, seizure disorders, or severe asthma and acute medical conditions such as substance overdose. All students within the District with known life-threatening conditions will have a comprehensive plan of care in place: an Emergency Care Plan (ECP) or Individualized Healthcare Plan (IHP) and if appropriate, an Individualized Education Plan (IEP) or Section 504 Plan.

Life-Threatening Conditions

For those students with chronic life-threatening conditions such as diabetes, seizure disorders, asthma, and allergies, the District must work cooperatively with the parent(s) and the healthcare provider(s) to:

- a) Immediately develop an ECP for each at risk student to ensure that all appropriate personnel are aware of the student's potential for a life-threatening reaction;
- b) If appropriate, develop an IHP that includes all necessary treatments, medications, training, and educational requirements for the student. If the student is eligible for accommodations based upon the Individuals with Disabilities Act (IDEA), Section 504 of the Rehabilitation Act of 1973, or the Americans with Disabilities Act, the appropriate procedures will be followed regarding evaluation and identification;
- c) Provide training by licensed medical personnel (e.g., registered professional nurse) for all adults in a supervisory role in the recognition and emergency management of a specific medical condition for specific students;
- d) Obtain specific medical-legal documents duly executed in accordance with New York State law; appropriate health care provider authorization in writing for specific students that includes the frequency and conditions for any testing and/or treatment, symptoms, and treatment of any conditions associated with the health problem; and directions for emergencies;
- e) Secure written parent permission and discuss parental responsibility that includes providing the health care provider's orders, providing any necessary equipment, and participation in the education and co-management of the child as he or she works toward self-management;

(Continued)

SUBJECT: STUDENTS WITH LIFE-THREATENING HEALTH CONDITIONS (Cont'd.)

- f) Allow supervised students to carry life-saving medication in accordance with relevant laws, regulations, and procedures. The District will also encourage parents and students to provide duplicate life-saving medication to be maintained in the health office in the event the self-carrying student misplaces, loses, or forgets their medication;
- g) Assure appropriate and reasonable building accommodations are in place within a reasonable degree of medical certainty.

In addition, the District will:

- a) Provide training for transportation, instructional, food service, or physical education staff, as appropriate, in the recognition of an anaphylactic reaction;
- b) Have standing emergency medical protocols for nursing or other staff;
- c) Request the school medical director to write a non-patient specific order for anaphylaxis treatment agents for the school's registered professional nurse or other staff, as designated by the administration and allowed under federal and New York State laws and regulations, to administer in the event of an unanticipated anaphylactic episode;
- d) Maintain or ensure the maintenance of a copy of the standing order(s) and protocol(s) that authorizes them to administer emergency medications such as anaphylactic treatment agents;
- e) As permitted by New York State law, maintain stock supplies of life-saving emergency medications such as epinephrine auto-injectors or Naloxone (Narcan) for use, especially in first time emergencies;
- f) Allow the school registered nurse, nurse practitioner, or physician to train unlicensed school personnel to administer emergency epinephrine via auto-injector, or emergency glucagon, to students with both a written provider order and parent or person in parental relation consent during the school day, on school property, and at any school function. Such training will be done in accordance with specifications outlined in the Commissioner's regulations;
- g) Ensure that ~~building level safety plans and~~ the District-wide ~~emergency response plan~~ ~~school safety plan and building-level emergency response plans~~ include appropriate accommodations for students with life-threatening health conditions;
- h) Encourage families to obtain medic-alert bracelets for at risk students;
- i) Educate students regarding the importance of immediately reporting symptoms of an allergic reaction.

SUBJECT: STUDENTS WITH LIFE-THREATENING HEALTH CONDITIONS (Cont'd.)**Creating an Allergen-Safe School Environment**

The risk of accidental exposure or cross-contamination is always present in school, particularly for students with food allergies. The school setting is a high-risk environment for accidental ingestion of a food allergen due to the presence of a large number of students, increased exposure to food allergens, and cross-contamination of tables, desks, and other surfaces.

In an effort to prevent accidental exposure to allergens, the District will monitor the following high-risk areas and activities:

- a) Cafeteria;
- b) Food sharing;
- c) Hidden ingredients in art, science, and other projects;
- d) Transportation;
- e) Fundraisers and bake sales;
- f) Parties and holiday celebrations;
- g) Field trips;
- h) Before and after school programs.

Medication Self-Management

The District will work toward assisting students in the self-management of their chronic health condition based upon the student's knowledge level and skill by:

- a) Adequately training all staff involved in the care of the child, as appropriate;
- b) Assuring the availability of the necessary equipment and/or medications;
- c) Providing appropriately trained licensed persons as required by law;
- d) Developing an emergency plan for the student; and
- e) Providing ongoing staff and student education.

SUBJECT: CONCUSSION MANAGEMENT

The Board recognizes that concussions and head injuries are the most commonly reported injuries in children and adolescents who participate in sports and recreational activities. The physical and mental well-being of District students is a primary concern. As such, the District supports the proper evaluation and management of concussion injuries.

A concussion is a mild traumatic brain injury (MTBI) that occurs when normal brain functioning is disrupted by a blow or jolt to the head or body that causes the head and brain to move rapidly back and forth. Recovery from concussion and its symptoms will vary. Avoiding re-injury and over-exertion until fully recovered are the cornerstones of proper concussion management. Concussions can impact a student's academic performance as well as their athletic pursuits.

Concussion Management Team (CMT)

The District is authorized, at its discretion, to establish a Concussion Management Team (CMT) which may be composed of the certified athletic director, a school nurse, the school physician, a coach of an interscholastic team, a certified athletic trainer or such other appropriate personnel as designated by the District. The CMT will oversee and implement the District's concussion policy, including the requirement that all school coaches, physical education teachers, nurses, and certified athletic trainers who work with and/or provide instruction to pupils engaged in school-sponsored athletic activities complete training relating to MTBIs. Furthermore, every CMT may establish and implement a program which provides information on MTBIs to parents and persons in parental relation throughout each school year.

Staff Training/Course of Instruction

Each school coach, physical education teacher, school nurse, and certified athletic trainer who works with and/or provides instruction to students in school-sponsored athletic activities will complete a course of instruction every two years relating to recognizing the symptoms of concussions or MTBIs and monitoring and seeking proper medical treatment for students who suffer from a concussion or MTBI.

Components of the training will include:

- a) The definition of MTBI;
- b) Signs and symptoms of MTBI;
- c) How MTBIs may occur;
- d) Practices regarding prevention; and

(Continued)

SUBJECT: CONCUSSION MANAGEMENT (Cont'd.)

- e) Guidelines for the return to school and school activities for a student who has suffered an MTBI, even if the injury occurred outside of school.

The course can be completed by means of instruction approved by State Education Department (SED) which include, but are not limited to, courses provided online and by teleconference. The CMT will utilize the District's existing system to document all required training and professional development for District staff. Upon completion of the training each year, staff will forward their course completion certificate to the appropriate staff for entry into the system. The system will also use an email to remind staff of the need to complete the training each year. Because concussion symptoms may manifest themselves in any setting, all school staff will be encouraged to take the online training and be alert for students who may display or report concussion symptoms.

Information to Parents and Students

The District will include the following information on MTBIs or concussions in any permission or consent form or similar document that may be required from a parent or person in parental relation for a student's participation in interscholastic sports. Similar information will be provided to all students when they sign up for participation in sports and/or through information provided in physical education, health or mental health classes. Information will include:

- a) The definition of MTBI;
- b) Signs and symptoms of MTBI;
- c) How MTBIs may occur;
- d) Practices regarding prevention; and
- e) Guidelines for the return to school and school activities for a student who has suffered an MTBI, even if the injury occurred outside of school.

The District will provide a link on its website to this list of information from the SED's and Department of Health's websites.

Identification of Concussion and Removal from Athletic Activities

The District requires the immediate removal from all athletic activities of any student who has sustained, or is believed to have sustained, a MTBI or concussion. Any student demonstrating signs, symptoms, or behaviors consistent with a concussion while participating in a class, extracurricular activity, or interscholastic athletic activity will be removed from the class, game, or activity and must be evaluated as soon as possible by an appropriate health care professional. This removal must occur based on display of symptoms regardless of whether the injury occurred inside or outside of school. If

(Continued)

SUBJECT: CONCUSSION MANAGEMENT (Cont'd.)

there is any doubt as to whether the student has sustained a concussion, it will be presumed that the student has been injured until proven otherwise. The District will notify the student's parents or guardians and recommend appropriate evaluation and monitoring.

The District may allow credentialed District staff to use validated neurocognitive computerized testing as a concussion assessment tool to obtain baseline and post-concussion performance data. These tools are not a replacement for a medical evaluation to diagnose and treat a concussion. The District must seek authorization from the parent/guardian prior to the testing. Additionally, parents/guardians should be given a copy of the results upon request.

Return to School Activities and Athletics

The student will not return to physical activity (including athletics, physical education class, and recess) until he or she has been symptom-free for at least 24 hours, and has been evaluated and received written authorization from a licensed physician. In accordance with Commissioner's regulations, the District's Medical Director will give final clearance on a return to activity for extra-class athletics. All authorizations will be kept on file in the student's permanent health record. The standards for return to athletic activity will also apply to injuries that occur outside of school. School staff should be aware that students may exhibit concussion symptoms caused by injuries from outside activities and that these visible symptoms also indicate a removal from play.

The District will follow any directives issued by the student's treating physician with regard to limitations and restrictions on school and athletic activities for the student. The District will also develop a coordinated communication plan among appropriate staff to ensure that the treating physician's orders for post-concussion management are implemented and followed. The school nurse will work to ensure that all the necessary staff get the information they need to care for and work with the injured student.

The District's Medical Director and other licensed healthcare professionals employed by the District will also formulate a procedure and treatment plan to be utilized by District staff who may respond to students or staff with possible concussions during the school day.

In accordance with SED guidelines, this policy will be both reviewed and updated periodically. The Superintendent, in consultation with the District's Medical Director and other appropriate staff, may develop regulations and protocols for strategies to prevent concussions, the identification of concussions, and procedures for removal from and return to activities or academics.

SUBJECT: DO NOT RESUSCITATE POLICY

The Belleville Henderson Central School shall provide a safe and orderly environment for students and the general public. In this regard the Board of Education authorizes suitable inspections and supervision of all health and safety aspects in school facilities. The District will provide adequate guidance and pertinent information to parents, children and staff in procedures for preventing and correcting defects and diseases, as an ongoing goal toward the general improvement of the health and welfare of school children.

The Board of Education directs the Superintendent to develop and disseminate appropriate instruction to school staff in procedures to follow in the event of an accident or illness. In all cases of accidents or illness on school properties, staff shall make the student, staff member or visitor comfortable, obtain first aid as soon as possible, and if necessary make arrangements for transportation of the individual to a hospital or equivalent medical service provider.

Staff members and parents of children who have non-hospital Do Not Resuscitate ("DNR") orders are required to make such orders known to appropriate school staff. School staff will not honor such orders but will as much as is practical, inform emergency medical personnel of its existence. The determination of whether or not a DNR is valid or should be honored rests with appropriate medical professionals.

When a student's health has deteriorated to a point where he or she would no longer benefit from a general or special education program, the District will review the need to provide appropriate home or hospital-based tutoring. When a student has been identified as disabled, an emergency meeting of the Committee on Special Education will be convened to amend the Individualized Education Program (IEP) in order to provide such tutoring at home or an alternate site. The staff, parent(s) or guardian(s), the school physician and professionals from agencies providing services to the student or family will be involved in the short and long range planning of the educational program.

SUBJECT: CHILD ABUSE AND MALTREATMENT**Child Abuse in a Domestic Setting**

The District takes seriously the obligations of its officers and employees to report cases of child abuse or maltreatment. To this end, regulations will be developed, maintained, and disseminated by administration regarding the:

- a) Mandatory reporting of suspected child abuse or maltreatment;
- b) Reporting procedures and obligations of persons required to report;
- c) Provisions for taking a child into protective custody;
- d) Mandatory reporting of deaths;
- e) Immunity from liability and penalties for failure to report;
- f) Obligations for provision of services and procedures necessary to safeguard the life or health of a child; and
- g) Provision of information in recognizing signs of unlawful methamphetamine laboratories for all current and new school officials (i.e., "mandated reporters") who, as part of their usual responsibilities, visit children's homes.

Additionally, an ongoing training program for all current and new school officials will be established and implemented to enable the staff to carry out their reporting responsibilities.

Reporting Information

The District will post the child abuse hotline telephone number and directions for accessing the Office of Children and Family Services (OCFS) website in English and Spanish on its website and in clearly and highly visible areas of school buildings. The District will also make this information available from its administrative offices; provide it to parents and persons in parental relation at least once per school year by electronic communication, sending the information home with students, or otherwise; and provide it to each teacher and administrator. The District may post and provide this information in other, common languages used by the school community.

Persons Required to Report

All mandated reporters must make the report themselves and then immediately notify the building principal or designee. The building principal or designee will be responsible for all subsequent administration necessitated by the report. Any report must include the name, title, and contact information for every staff member who is believed to have direct knowledge of the allegations in the report.

Prohibition of Retaliatory Personnel Action

The District will not take any retaliatory personnel action against an employee because the employee believes that he or she has reasonable cause to suspect that a child is an abused or maltreated child and that employee makes a report to SCR. Further, no school official will impose any conditions, including prior approval or prior notification, upon any staff member specifically designated a mandated reporter.

"Retaliatory personnel action" means the discharge, suspension, or demotion of an employee, or other adverse employment action taken against an employee in the terms and conditions of employment.

Report Form

Duties Upon Receipt of an Allegation of Child Abuse in an Educational Setting

In any case where an oral or written allegation is made to a teacher, school nurse, school counselor, school psychologist, school social worker, school administrator, Board member, or other school personnel required to hold a teaching or administrative license or certificate, as well as a licensed and registered physical therapist, licensed and registered occupational therapist, licensed and registered speech-language pathologist, teacher aide, or school resource officer that a child has been subjected to child abuse by an employee or volunteer in an educational setting, that person will upon receipt of the allegation:

If a case involves a school that is not a school district or public school, the appropriate school administrator or administrators, in addition to any appropriate superintendent, must be notified of the allegations of abuse.

If it is alleged the child was abused by the superintendent or administrator, the report of the allegations will be made to another designated administrator.

Upon receipt of a written report alleging child abuse in an educational setting, a school administrator or superintendent must then determine whether there is reasonable suspicion to believe that an act of child abuse has occurred. If it is determined that reasonable suspicion exists, the school administrator or superintendent must follow the procedures mandated in law and further described in administrative regulations including parental notification. When the school administrator receives a

written report, he or she must promptly provide a copy of the report to the superintendent. The report must be promptly forwarded to appropriate law enforcement. In no event will reporting to law enforcement be delayed by an inability to contact the superintendent.

Where the superintendent or, in a school other than a school district or public school, the school administrator has forwarded a written report of child abuse in an educational setting to law enforcement authorities, he or she will also refer the report to the Commissioner if the employee or volunteer alleged to have committed an act of child abuse holds a certification or license issued by NYSED.

The Superintendent and other school administrators are prohibited from withholding from law enforcement authorities, the Superintendent, or the Commissioner, as appropriate, information concerning allegations of child abuse in an educational setting against an employee or volunteer in exchange for that individual's resignation or voluntary suspension from his or her position.

The Superintendent or other school administrator who reasonably and in good faith reports to law enforcement officials information regarding allegations of child abuse or a resignation as required by law will have immunity from any liability, civil or criminal, which might otherwise result by reason of those actions.

SUBJECT: SUICIDE

The Board will enact clear guidelines for prevention, intervention, and post-intervention of suicide, reflecting the District's concern for this serious mental health issue. The Board recognizes the need for suicide prevention and instructs the Superintendent to establish a District crisis intervention team whose responsibility will be to develop a suicide response plan which will be integrated into the existing school safety plan. The plan will include education and awareness of risk factors for youth suicide, procedures for intervening if a student exhibits risk factors, including referral services, and a post intervention plan to help the school and community cope with the aftermath of such a tragic event should it occur.

Suicide prevention will also be incorporated into the curriculum to educate students and done in a manner so as not to sensationalize the matter, but to provide students with information and resources on this important mental-health issue. In addition, the District will foster interagency cooperation that will enable staff to identify and access appropriate community resources to aid students in times of crisis.

The administration is responsible for informing staff of procedures for suicide prevention, intervention, and post-intervention that have been developed by the District. The District will actively respond to any situation where a student verbally or behaviorally indicates intent to attempt suicide or to do physical harm to himself or herself. Staff training and professional development on suicide and crisis intervention will be made available.

SUBJECT: DIGNITY FOR ALL STUDENTS**Overview**

The District seeks to create an environment free of harassment, bullying, and discrimination, to foster civility in its schools, and to prevent conduct which is inconsistent with its educational mission. This policy is just one component of the District's overall commitment to maintaining a discrimination and harassment-free educational and work environment.

The District, therefore, prohibits all forms of harassment and bullying of students by employees or other students on school property and at school functions.

The District further prohibits discrimination against students, including, but not limited to, those acts based on a person's actual or perceived race, color, weight, national origin, ethnic group, religion, religious practice, disability, sexual orientation, gender, or sex by employees or other students on school property and at school functions

In addition, other acts of harassment, bullying, and/or discrimination that occur off school property may be subject to discipline or other corrective action, where such acts create or would foreseeably create a risk of substantial disruption within the school environment, where it is foreseeable that the conduct, threats, intimidation, or abuse might reach school property.

The District adopts this policy as part of its effort to provide for the prompt and equitable resolution of complaints of harassment, bullying, and/or discrimination of students. The District will promptly respond to reports of harassment, bullying, and/or discrimination of students, ensure that all investigations are conducted within a reasonably prompt time frame and under a predictable fair grievance process that provides due process protections, and impose disciplinary measures and implement remedies when warranted.

Inquiries about this policy may be directed to the District's Dignity Act Coordinator(s) (DAC(s)).

Dignity Act Coordinator (DASA Coordinator)

In each of its schools, the District will designate at least one employee to serve as the (DAC) and receive reports of harassment, bullying, and/or discrimination. Each DAC will be:

- a) Approved by the Board;
- b) Licensed and/or certified by the Commissioner as a classroom teacher, school counselor, school psychologist, school nurse, school social worker, school administrator or supervisor, or Superintendent;

(Continued)

SUBJECT: DIGNITY FOR ALL STUDENTS (Cont'd.)

If a DAC vacates his or her position, the District will immediately designate another eligible employee as an interim DAC, pending approval of a successor DAC from the Board within 30 days of the date the position was vacated. In the event a DAC is unable to perform his or her duties for an extended period of time, the District will immediately designate another eligible employee as an interim DAC, pending the return of the previous individual to the position. The principal will perform the role of the DAC whenever the DAC is not available.

Training and Awareness

Each year, employees will be provided with training to promote a supportive school environment that is free from harassment, bullying, and discrimination, and to discourage and respond to incidents of harassment, bullying, and/or discrimination. This training may be provided in conjunction with existing professional learning, and will be conducted consistent with guidelines approved by the Board, and will include training to:

Rules against bullying, discrimination, and/or harassment will be included in the *Code of Conduct*, publicized District-wide, and disseminated to all staff and parents. Any amendments to the *Code of Conduct* will be disseminated as soon as practicable following their adoption. New teachers will be provided a complete copy of the current *Code of Conduct* upon their employment, and an age-appropriate summary will be distributed to all students at a school assembly at the beginning of each school year.

SUBJECT: DIGNITY FOR ALL STUDENTS (Cont'd.)**Internal Reports and Investigations of Harassment, Bullying, and/or Discrimination**

All District employees who witness or receive an oral or written report of harassment, bullying, and/or discrimination are required to take action. District employees must make an oral report promptly to the Superintendent or principal, their designee, or the DAC not later than one school day after witnessing or receiving an oral or written report of harassment, bullying, and/or discrimination. No later than two school days after making the oral report, the District employee must file a written report with the Superintendent or principal, their designee, or the DAC.

The Superintendent or principal, their designee, or the DAC will lead or supervise the thorough investigation of all reports of harassment, bullying, and/or discrimination and ensure that all investigations are promptly completed after the receipt of a written report. In investigating any allegation, the investigator may seek the assistance of the District's Civil Rights Compliance Officer(s) (CRCO(s)) and/or Title IX Coordinator(s) in investigating, responding to, and remedying complaints of harassment, bullying, and/or discrimination.

Additionally, other District policies and documents address harassment, bullying, and discrimination of students. These policies and documents may include: Policy #3420 -- Non-Discrimination and Anti-Harassment in the District; Policy #3421 -- Title IX and Sex Discrimination; Policy #7551 -- Sexual Harassment of Students; and the District's *Code of Conduct*. All complaints will be handled in accordance with the applicable District policies and/or documents.

The determination as to which District policies and/or documents are applicable is fact specific, and the DAC may work with other District staff such as the District's CRCO(s) and/or Title IX Coordinator(s) to determine which District policies and/or documents are applicable to the specific facts of the complaint.

When an investigation verifies a material incident of harassment, bullying, and/or discrimination, the Superintendent or principal, their designee, or the DAC will take prompt action, consistent with the District's *Code of Conduct*, reasonably calculated to end the harassment, bullying, and/or discrimination, eliminate any hostile environment, create a more positive school culture and climate, prevent recurrence of the behavior, and ensure the safety of the student or students against whom the behavior was directed.

The Superintendent or principal, their designee, or the DAC will promptly notify the appropriate local law enforcement agency when it is believed that any harassment, bullying, and/or discrimination constitutes criminal conduct.

Reporting of Material Incidents to the Commissioner of Education

Each school year, the District will submit to the Commissioner a report of material incidents of harassment, bullying, and/or discrimination that occurred during the school year in accordance with law and regulation. Prohibition of Retaliatory Behavior (Commonly Known as "Whistle-Blower" Protection)

Any person who has reasonable cause to suspect that a student has been subjected to harassment, bullying, and/or discrimination by an employee or student on school grounds or at a school function, who acts reasonably and in good faith and reports this information to school officials, the Commissioner, or law enforcement authorities, or otherwise initiates, testifies, participates, or assists in any formal or informal proceedings, will have immunity from any civil liability that may arise from making that report, or from initiating, testifying, participating, or assisting in those proceedings. Furthermore, the Board prohibits any retaliatory action against any person who, acting reasonably and in good faith, makes a report of harassment, bullying, or discrimination, or who otherwise initiates, testifies, participates, or assists in the investigation of a complaint of harassment, bullying, or discrimination.

SUBJECT: SEXUAL HARASSMENT OF STUDENTS**Overview**

The District is committed to creating and maintaining an environment which is free from discrimination and harassment. This policy addresses sexual harassment of students. It is just one component of the District's overall commitment to maintaining a discrimination and harassment-free educational and work environment.

Consistent with this commitment and in accordance with law and regulation, the District prohibits all forms of sexual harassment of students by any individual on school property and at school functions which, for purposes of this policy, means a school-sponsored or school-authorized extracurricular event or activity regardless of where the event or activity takes place, including any event or activity that may take place virtually or in another state.

The District adopts this policy as part of its effort to provide for the prompt and equitable resolution of complaints of sexual harassment of students. The District will promptly respond to reports of sexual harassment of students, ensure that all investigations are conducted within a reasonably prompt time frame and under a predictable fair grievance process that provides due process protections, and impose disciplinary measures and implement remedies when warranted.

Inquiries about this policy may be directed to the District's Civil Rights Compliance Officer(s) (CRCO(s)), Title IX Coordinator(s), and/or the Dignity Act Coordinator(s) (DAC(s)).

What Constitutes Sexual Harassment

Sexual harassment is a form of sex discrimination and is unlawful. It includes harassment on the basis of sex, sexual orientation, self-identified or perceived sex, gender expression, gender identity, and the status of being transgender. Sexual harassment can occur between any individuals, regardless of their sex or gender.

Generally stated, sexual harassment consists of subjecting an individual to unwelcome conduct which is either of a sexual nature or which is directed at an individual because of that individual's sex.

This conduct may, among other things, have the purpose or effect of: creating an intimidating, hostile, or offensive environment; substantially or unreasonably interfering with a student's educational performance, opportunities, benefits, or well-being; or otherwise adversely affecting a student's educational opportunities. Petty slights or trivial inconveniences generally do not constitute harassing conduct.

Determinations as to whether conduct or an incident constitutes sexual harassment will be made consistent with applicable law and regulation, as well as any applicable District policy, regulation, procedure, or other document such as the District's *Code of Conduct*. The examples below are intended to serve as a general guide for individuals in determining what may constitute sexual harassment. These examples should not be construed to add or limit the rights that students possess as a matter of law.

(Continued)

SUBJECT: SEXUAL HARASSMENT OF STUDENTS (Cont'd.)**Examples of Sexual Harassment**

Sexual harassment can be verbal, non-verbal, or physical. Examples of this conduct may include, but are not limited to, the following:

 - 1. Touching, pinching, patting, kissing, hugging, grabbing, brushing against another person's body, or poking another person's body; and
 - 2. Rape, sexual battery, molestation, or attempts to commit these assaults.
- b) Engaging in sexual conduct with an individual who is unable to consent due to age, use of drugs or alcohol, intellectual disability, or other disability.
- c) Unwanted sexual advances or propositions, such as:
 - 1. Demanding sexual favors of a student, insinuating that refusal to acquiesce to such favors will adversely affect a student's grades, references, academic or scholastic placement, and/or participation in extracurricular activities; and
 - 2. Subtle or obvious pressure for unwelcome sexual activities.
- d) Verbal abuse or ridicule, including profanity, innuendoes, stories, and jokes that are sexual in nature and/or gender-related. This might include inappropriate sex-oriented comments on appearance, including dress or physical features.
- e) Asking or commenting about an individual's sexual activities.
- f) Hostile actions taken against an individual because of that individual's sex, sexual orientation, gender identity, and the status of being transgender.
- g) Displaying or distributing pornographic or other sexually explicit materials (print or digital) such as magazines, pictures, cartoons, etc.
- h) Unwelcome staring, leering, or gesturing which is sexually suggestive in nature.
- i) Unwelcome and/or offensive public displays of sexual or physical affection.
- j) Clothing that reflects sexually obscene and/or sexually explicit messages, slogans, or pictures.

- k) Any other unwelcome and unwanted sexually oriented and/or gender-based behavior which is sexually demeaning, belittling, intimidating, or perpetrates sexual stereotypes and attitudes.

Reporting Allegations of Sexual Harassment

In order for the District to enforce this policy, and to take corrective action as warranted, it is essential that students who believe that they have been a victim of sexual harassment in the school environment, as well as any other person who has knowledge of or witnesses any possible sexual harassment, immediately report the alleged conduct or incident. Reports of sexual harassment may be made orally or in writing to any District employee including, but not limited to, a teacher, building principal, CRCO, Title IX Coordinator, or DAC.

All District employees who witness or receive an oral or written report of sexual harassment must immediately inform the CRCO. Failure to immediately inform the CRCO may subject the employee to discipline up to and including termination. If the CRCO is unavailable, including due to a conflict of interest or other disqualifying reason, the report will be directed to another CRCO, if the District has designated another individual to serve in that capacity. If the District has not designated another CRCO, the Superintendent will ensure that another person with the appropriate training and qualifications is appointed to act as the CRCO.

Additionally, District employees must comply with reporting requirements in any other applicable District policy or document. Applicable policies or documents may include: Policy #3420 -- Non-Discrimination and Anti-Harassment in the District; Policy #3421 -- Title IX and Sex Discrimination; Policy #7550 -- Dignity for All Students; and the District's *Code of Conduct*.

Grievance Process for Complaints of Sexual Harassment

The District will act to promptly, thoroughly, and equitably investigate all complaints, whether oral or written, of sexual harassment of students and will promptly take appropriate action to protect students from further sexual harassment.

Various District policies and documents address sexual harassment of students. These policies and documents may include: Policy #3420 -- Non-Discrimination and Anti-Harassment in the District; Policy #3421 -- Title IX and Sex Discrimination; Policy #7550 -- Dignity for All Students; and the District's *Code of Conduct*. All complaints will be handled in accordance with the applicable District policies and/or documents.

The determination as to which District policies and/or documents are applicable is fact specific, and the CRCO may work with other District staff such as the District's Title IX Coordinator(s) and/or DAC(s) to determine which District policies and/or documents are applicable to the specific facts of the complaint.

SUBJECT: SEXUAL HARASSMENT OF STUDENTS (Cont'd.)

If an investigation reveals that sexual harassment has occurred, the District will take immediate corrective action as warranted. This action will be taken in accordance with applicable law and regulation, as well as any applicable District policy, regulation, procedure, collective bargaining agreement, third-party contract, or other document such as the District's *Code of Conduct*.

Prohibition of Retaliatory Behavior (Commonly Known as "Whistle-Blower" Protection)

The District prohibits retaliation against any individual because the individual made a report or complaint, testified, assisted, or participated or refused to participate in an investigation, proceeding, or hearing related to a complaint of sexual harassment.

Complaints of retaliation may be directed to the CRCO. If the CRCO is unavailable, including due to a conflict of interest or other disqualifying reason, the report will be directed to another CRCO, if the District has designated another individual to serve in that capacity. If the District has not designated another CRCO, the Superintendent will ensure that another person with the appropriate training and qualifications is appointed to act as the CRCO.

Where appropriate, follow-up inquiries will be made to ensure that the sexual harassment has not resumed and that those involved in the investigation have not suffered retaliation.

SUBJECT: STUDENT GENDER IDENTITY

All students need a safe and supportive educational environment to progress academically and developmentally. The District is committed to fostering a safe learning environment for all students, free from discrimination and harassment on the basis of sex, gender, gender identity, gender nonconformity, and gender expression. In accordance with applicable law, regulations, and guidelines, the District will ensure that students have equal access to all District programs, facilities, and activities. The District will assess and address the specific needs of each student on a case-by-case basis.

Key Terms

"Assigned sex at birth" means the sex designation, usually male or female, assigned to a person when they are born.

"Cisgender" means a person whose gender identity corresponds to their assigned sex at birth.

"Gender" means actual or perceived sex and includes a person's gender identity or expression.

"Gender expression" means the ways in which a person conveys their gender identity to others, such as through behavior, appearance, clothing, hairstyle, activities, voice, and mannerisms.

"Gender identity" means a person's inner sense or psychological knowledge of being male, female, neither, or both.

"Gender nonconforming" (GNC) means someone whose gender identity or gender expression does not conform to social or stereotypical expectations of a person with that gender assigned at birth. This is also referred to as gender variant or gender atypical.

"Transgender" means someone whose gender identity is different than their assigned sex at birth.

"Transition" means the process by which a person socially and/or physically aligns their gender expression more closely to their gender identity than their assigned sex at birth.

Records

Following the submission of a name change order or other government issued document or court issued documentation of a name change for any current or past student, the District will update the student's name on any document or record issued or maintained by the District. This is not applicable to archival records that cannot be accessed or when modifying archival records is prohibited by law. The District will update any current or past student's gender upon submission of any form of government identification.

For any current or past student who has not officially changed their name or gender, the District will, upon request, update its records to reflect the student's asserted name and/or gender. However, the

Students

SUBJECT: STUDENT GENDER IDENTITY (Cont'd.)

District may need to use the student's legal name and gender in certain, limited circumstances. Any student identification cards will be issued with the name reflecting the gender identity the student consistently asserts at school.

The District will maintain the confidentiality of student information and records as required by law. Further, any records with a student's assigned birth name and gender will be maintained in a separate, confidential file.

Names and Pronouns

When apprised of a student's transgender or GNC status, the District will endeavor to engage the student and their parents or guardians, as appropriate, in an effort to agree upon a plan that will accommodate the student's individual needs at school. Transgender and GNC students have the right to discuss and convey their gender identity and expression openly and to decide when, with whom, and how much to share this confidential information. The plan may therefore include when and how to initiate the student's preferred name and associated pronoun use and if, when, and how this is communicated to others. District staff will use the name and pronoun that corresponds to the gender identity the student consistently asserts at school.

Restrooms and Locker Rooms

The District will allow a transgender or GNC student to use the restroom and locker room that corresponds to the student's consistently expressed gender identity at school. Any student requesting increased privacy or other accommodations when using bathrooms or locker rooms will be provided with a safe and adequate alternative, but they will not be required to use that alternative. Additionally, the District will ensure that all single-occupancy bathroom facilities are designated as gender neutral for use by no more than one occupant at a time or for family or assisted use.

Physical Education and Sports

Physical education is a required part of the District's curriculum. Where these classes are sex-segregated, students will be allowed to participate in a manner consistent with their gender identity. Students will likewise be allowed to participate in intramural activities consistent with their gender identity.

Upon written notification that a transgender or GNC student would like an opportunity to participate in the District's interscholastic athletics program consistent with their gender identity, the District will determine their eligibility in accordance with applicable law, regulations, and guidelines.

(Continued)

SUBJECT: STUDENT GENDER IDENTITY (Cont'd.)

The District's athletic director will notify opposing team athletic directors or the New York State Public High School Athletic Association if a student needs any accommodations during competitions. Any appeal regarding the District's eligibility decision will be directed to the Commissioner of Education.

Other Activities

Generally, in other circumstances where students may be sex-segregated, such as overnight field trips, students may be permitted to participate in accordance with the gender identity that the student consistently asserts at school. Student privacy concerns will be addressed individually and on a case-by-case basis in accordance with District policy and applicable law, regulations, and guidelines.

Dress Code and Team Uniforms

Transgender or GNC students may dress in accordance with their gender identity or expression, within the parameters of the District's dress code. The District will not restrict students' clothing or appearance on the basis of gender.

SUBJECT: HAZING OF STUDENTS

The Board is committed to providing a safe, productive, and positive learning environment within its schools. Hazing activities are demeaning and abusive behaviors that harm victims, are inconsistent with the educational goals of the District, and may constitute criminal conduct. Consequently, hazing of students by other students or groups of students is strictly prohibited on school property, in school buildings, on school buses, by school-sponsored groups, clubs, or teams, and at school-sponsored events and/or activities whether occurring on or off-campus. Hazing is prohibited regardless of the victim's apparent willingness to participate in the activity.

For purposes of this policy, the term "hazing" is defined as any humiliating or dangerous activity expected of a student to join a group, regardless of their willingness to participate. Acts constituting hazing may range in severity from teasing or embarrassing a student to various forms of physical, emotional, and/or sexual abuse. Hazing behaviors include, but are not limited to:

- a) Humiliation: socially offensive, isolating, or uncooperative behaviors.
- b) Substance abuse: abuse of tobacco, alcohol, or illegal drugs.
- c) Other dangerous actions: hurtful, aggressive, destructive, and disruptive behaviors.

Hazing is a form of harassment and bullying and may constitute discrimination. Various District policies and documents address discrimination and harassment of students. These policies and documents may include: Policy #3420 -- Non-Discrimination and Anti-Harassment in the District; Policy #3421 -- Title IX and Sex Discrimination; Policy #7550 -- Dignity for All Students; Policy #7551 -- Sexual Harassment of Students; and the District's *Code of Conduct*. This policy addresses the provision of equal educational opportunities to students. It is just one component of the District's overall commitment to maintaining a discrimination and harassment-free educational and work environment.

Consistent with this commitment and in accordance with law and regulation, the District provides equal opportunity for students and does not discriminate against any student enrolled in (or any candidate for admission to) its programs and activities on the basis of any legally protected class or category including, but not limited to: race; color; religion; disability; national origin; sexual orientation; gender identity or expression; military status; sex; age; marital status; pregnancy; parental status; weight; ethnic group; or religious practice. Further, the District provides equal access to its facilities to any group officially affiliated with the Boy Scouts of America or any other youth group listed in Title 36 (as a patriotic society).

The District adopts this policy as part of its effort to provide for the prompt and equitable resolution of complaints of discrimination. The District will promptly respond to reports of discrimination, ensure that all investigations are conducted within a reasonably prompt time frame and under a predictable fair grievance process that provides due process protections, and impose disciplinary measures and implement remedies when warranted.

Inquiries about this policy may be directed to the District's Civil Rights Compliance Officer(s) (CRCO(s)).

Educational Services for Married/Pregnant Students

The opportunity to participate in all of the programs, and activities of the District will not be restricted or denied because of pregnancy, parenthood, or marriage. Pregnant students will be encouraged to remain and participate in District programs. The forms of instruction provided to these students may include any or all of the following:

- a) Remain in school with provisions for special instruction, scheduling, and counseling as needed;
- b) Receive home instruction;
- c) Attend BOCES programs.

The Superintendent or designee, in consultation with student services staff, the school physician, and the student's personal physician, may make program modifications which are feasible and necessary to accommodate the special needs of these students.

SUBJECT: EQUAL EDUCATIONAL OPPORTUNITIES (Cont'd.)**Reporting Allegations of Discrimination**

In order for the District to enforce this policy, and to take corrective action as warranted, it is essential that students who believe that they have been a victim of discrimination, as well as any other person who has knowledge of or witnesses any possible discrimination, immediately report the alleged conduct or incident. Reports of discrimination may be made orally or in writing to any District employee including, but not limited to, a teacher, building principal, or Civil Rights Compliance Officer (CRCO).

All District employees who witness or receive an oral or written report of discrimination must immediately inform the CRCO. Failure to immediately inform the CRCO may subject the employee to discipline up to and including termination. If the CRCO is unavailable, including due to a conflict of interest or other disqualifying reason, the report will be directed to another CRCO, if the District has designated another individual to serve in that capacity. If the District has not designated another CRCO, the Superintendent will ensure that another person with the appropriate training and qualifications is appointed to act as the CRCO.

Additionally, District employees must comply with reporting requirements in any other applicable District policy or document.

Grievance Process for Complaints of Discrimination

The District will act to promptly, thoroughly, and equitably investigate all complaints, whether oral or written, of discrimination and will promptly take appropriate action to protect students from further discrimination.

Various District policies and documents address discrimination. These policies and documents may include: Policy #3420, Non-Discrimination and Anti-Harassment in the District; Policy #3421, Title IX and Sex Discrimination; Policy #7550, Dignity for All Students; and the District's *Code of Conduct*. All complaints will be handled in accordance with the applicable District policies and/or documents.

The determination as to which District policies and/or documents are applicable is fact-specific, and the CRCO may work with other District staff such as the District's Title IX Coordinator(s) and/or Dignity Act Coordinator(s) (DAC(s)) to determine which District policies and/or documents are applicable to the specific facts of the complaint.

If an investigation reveals that discrimination has occurred, the District will take immediate corrective action as warranted. This action will be taken in accordance with applicable law and regulation, as well as any applicable District policy, regulation, procedure, collective bargaining agreement, third-party contract, or other document such as the District's *Code of Conduct*.

(Continued)

SUBJECT: EQUAL EDUCATIONAL OPPORTUNITIES (Cont'd.)**Prohibition of Retaliatory Behavior (Commonly Known as "Whistle-Blower" Protection)**

The District prohibits retaliation against any individual because the individual made a report or complaint, testified, assisted, or participated or refused to participate in an investigation, proceeding, or hearing related to a complaint of discrimination.

Complaints of retaliation may be directed to the CRCO. If the CRCO is unavailable, including due to a conflict of interest or other disqualifying reason, the report will be directed to another CRCO, if the District has designated another individual to serve in that capacity. If the District has not designated another CRCO, the Superintendent will ensure that another person with the appropriate training and qualifications is appointed to act as the CRCO.

Where appropriate, follow-up inquiries will be made to ensure that the discrimination has not resumed and that those involved in the investigation have not suffered retaliation.

SUBJECT: EDUCATIONAL SERVICES FOR MARRIED/PREGNANT STUDENTS**Overview**

The District is committed to creating and maintaining an environment which is free from discrimination and harassment. This policy addresses educational services for married/pregnant students. It is just one component of the District's overall commitment to maintaining a discrimination and harassment-free educational and work environment.

The opportunity to participate in all of the education programs and activities operated by the District will not be restricted or denied because of a student's current, potential, or past parental, family, or marital status.

The District does not discriminate in its education program or activity against any student based on the student's current, potential, or past pregnancy or related conditions. It does not constitute prohibited discrimination when the District allows a student, based on pregnancy or related conditions, to voluntarily participate in a separate portion of its education program or activity, provided the District ensures that the separate portion is comparable to that offered to students who are not pregnant and do not have related conditions.

Definitions

For purposes of this policy, the following definitions apply:

- a) "Parental status" means the status of a person who, with respect to another person who is under the age of 18 or who is 18 or older but is incapable of self-care because of a physical or mental disability, is:
 - 1. A biological parent;
 - 2. An adoptive parent;
 - 3. A foster parent;
 - 4. A stepparent;
 - 5. A legal custodian or guardian;
 - 6. In loco parentis with respect to such a person; or
 - 7. Actively seeking legal custody, guardianship, visitation, or adoption of such a person

(Continued)

**SUBJECT: EDUCATIONAL SERVICES FOR MARRIED/PREGNANT STUDENTS
(Cont'd.)**

- b) "Pregnancy or related conditions" means:
1. Pregnancy, childbirth, termination of pregnancy, or lactation;
 2. Medical conditions related to pregnancy, childbirth, termination of pregnancy, or lactation; or
 3. Recovery from pregnancy, childbirth, termination of pregnancy, lactation, or related medical conditions.

Preventing Discrimination and Ensuring Equal Access

Under Title IX, the District must take specific actions to promptly and effectively prevent sex discrimination and ensure equal access to the District's education program or activity once the student, or a person who has a legal right to act on behalf of the student, notifies the Title IX Coordinator of the student's pregnancy or related conditions. The Title IX Coordinator must coordinate these actions.

The District will not require supporting documentation for any of these actions unless the documentation is necessary and reasonable for the District to determine the reasonable modification to make or whether to take additional specific actions. Examples of situations when requiring supporting documentation is not necessary and reasonable include, but are not limited to:

- a) When the student's need for a specific action is obvious, such as when a student who is pregnant needs a bigger uniform;
- b) When the student has previously provided the District with sufficient supporting documentation;
- c) When the reasonable modification because of pregnancy or related conditions at issue is allowing a student to carry or keep water nearby and drink, use a bigger desk, sit or stand, or take breaks to eat, drink, or use the restroom;
- d) When the student has lactation needs; or
- e) When the specific action is available to students for reasons other than pregnancy or related conditions without submitting supporting documentation.

(Continued)

Students

**SUBJECT: EDUCATIONAL SERVICES FOR MARRIED/PREGNANT STUDENTS
(Cont'd.)**Reasonable Modifications

The District will make reasonable modifications to the District's policies, practices, or procedures as necessary to prevent sex discrimination and ensure equal access to the District's education program or activity. Each reasonable modification must be based on the student's individualized needs. In determining what modifications are required, the District must consult with the student. A modification that the District can demonstrate would fundamentally alter the nature of its education program or activity is not a reasonable modification.

The student has discretion to accept or decline each reasonable modification offered by the District. If a student accepts the District's offered reasonable modification, the District must implement it.

Reasonable modifications may include, but are not limited to: breaks during class to express breast milk, breastfeed, or attend to health needs associated with pregnancy or related conditions, including eating, drinking, or using the restroom; intermittent absences to attend medical appointments; access to online or homebound education; changes in schedule or course sequence; extensions of time for coursework and rescheduling of tests and examinations; allowing a student to sit or stand, or carry or keep water nearby; counseling; changes in physical space or supplies (for example, access to a larger desk or a footrest); elevator access; or other changes to policies, practices, or procedures.

Voluntary Access to Separate and Comparable Portion of the District's Education Program or Activity

The District will allow the student to voluntarily access any separate and comparable portion of the District's education program or activity.

Voluntary Leaves of Absence

The District will allow the student to voluntarily take a leave of absence from the District's education program or activity to cover, at minimum, the period of time deemed medically necessary by the student's licensed healthcare provider. To the extent that a student qualifies for leave under a leave policy maintained by the District that allows a greater period of time than the medically necessary period, the District must permit the student to take voluntary leave under that policy instead if the student so chooses.

When the student returns to the District's education program or activity, the student must be reinstated to the academic status and, as practicable, to the extracurricular status that the student held when the voluntary leave began.

(Continued)

**SUBJECT: EDUCATIONAL SERVICES FOR MARRIED/PREGNANT STUDENTS
(Cont'd.)****Lactation Space**

The District must ensure that the student can access a lactation space, which must be a space other than a bathroom, that is clean, shielded from view, free from intrusion from others, and may be used by a student for expressing breast milk or breastfeeding as needed.

Comparable Treatment to Other Temporary Medical Conditions

To the extent consistent with law and regulation, the District will treat pregnancy and related conditions in the same manner and under the same policies as any other temporary medical conditions with respect to any medical or hospital benefit, service, plan, or policy the District administers, operates, offers, or participates in with respect to students admitted to the District's education program or activity.

Certification to Participate

The District does not require a student who is pregnant or has related conditions to provide certification from a healthcare provider or any other person that the student is physically able to participate in the District's class, program, or extracurricular activity unless:

- a) The certified level of physical ability or health is necessary for participation in the class, program, or extracurricular activity;
- b) The District requires such certification of all students participating in the class, program, or extracurricular activity; and
- c) The information obtained is not used as a basis for discrimination prohibited by Title IX.

Notification

When a student, or a person who has a legal right to act on behalf of the student, informs any District employee of the student's pregnancy or related conditions, unless the employee reasonably believes that the Title IX Coordinator has been notified, the employee must promptly:

- a) Provide that person with the Title IX Coordinator's contact information;
- b) Inform that person that the Title IX Coordinator can coordinate specific actions to prevent sex discrimination and ensure the student's equal access to the District's education program or activity.

(Continued)

**SUBJECT: EDUCATIONAL SERVICES FOR MARRIED/PREGNANT STUDENTS
(Cont'd.)**

Additionally, the District must promptly inform the student, and, if applicable, the person who notified the Title IX Coordinator of the student's pregnancy or related condition and has a legal right to act on behalf of the student, of the District's related obligations under Title IX and provide the District's notice of nondiscrimination under Title IX.

SUBJECT: NOTIFICATION OF SEX OFFENDERS

In accordance with the Sex Offender Registration Act ("Megan's Law"), the Board supports the New York State Department of Criminal Justice Services (DCJS) in its effort to inform the community in certain circumstances of the presence of individuals with a history of sex offenses, particularly against children, in the school locality. The District intends to minimize the possibility that any sex offender will come in contact with school-age children, and to assist law enforcement agencies in preventing further criminal activity from occurring. Furthermore, the District will cooperate with local police authorities and the local community in promoting and protecting the safety and well-being of its students.

The District will disseminate all information it receives from local police authorities in conjunction with Megan's Law to designated staff members who might have possible contact with the offender during the course of their school duties. The Superintendent reserves the right to automatically disseminate this information to additional members of the staff, designated supervisors of non-school groups that regularly use District facilities and have children in attendance, parents or guardians of District students, and other community residents who, in the opinion of the Superintendent, have an immediate need to be notified of this data in order to maintain student safety.

All staff members will be informed of the availability of the information received by the District in accordance with Megan's Law upon written request to the applicable building principal or designee or supervisor. The District provides information to community residents through a link on the District's website to New York State's online Sex Offender Registry.

Staff members must inform their immediate supervisor if they observe within the school building, on school grounds, at school activities, or at or near bus routes any individual whose description matches the information which was provided to the District by local law enforcement authorities. Law enforcement officials will be notified of this information by the District as appropriate.

Information that is disseminated to the District in accordance with Megan's Law may or may not be disclosed by the District in its discretion. Any information the District receives regarding a sex offender from a source other than the Sex Offender Registry, and which is maintained independent of the requirements of Megan's Law, will be available from the District, upon written request, in accordance with the requirements of the Freedom of Information Law (FOIL).

Special Circumstances Whereby Sex Offenders May Enter Upon School Grounds

As a mandatory condition of the sentence for sex offenders placed on probation or conditional discharge whose victim was under the age of 18 or who has been designated a Level 3 sex offender, the court requires that the sentenced offender refrain from knowingly entering into or upon school grounds or any other facility or institution primarily used for the care or treatment of persons under the age of 18 while one or more of these individuals are present.

(Continued)

SUBJECT: NOTIFICATION OF SEX OFFENDERS (Cont'd.)

However, by exception, a sex offender may enter school grounds or facility with the written authorization of his or her parole officer and the Superintendent for limited authorized purposes. Entrance upon the premises is subject to the following conditions:

- a) The offender is a registered student, participant, or employee of the facility;
- b) The offender is an employee of an entity contracted by the facility;
- c) The offender has a family member enrolled in the facility; or
- d) If the school is the offender's designated polling place and he or she enters solely to vote.

SUBJECT: SUPERVISION OF STUDENTS

Students working on any activity must be supervised by the teacher or staff member in charge of the activity. This applies to all in-school and extracurricular activities as well as sports activities and events. Permission to hold practices or meetings will not be granted unless a teacher or staff member is clearly in charge.

- a) District personnel will be responsible for the supervision of all students in either their class or their after-school activities.
- b) Coaches will maintain supervision over the dressing or locker rooms by being present during dressing periods. Coaches are responsible for the supervision of their athletes at the end of practice, including bus duty or making sure students have transportation home otherwise.
- c) Teachers or assigned school personnel in the elementary grades will be responsible for playground supervision of all children under their jurisdiction during recess periods and before the regular afternoon sessions. The building principal will distribute the responsibility so that the playground situation is appropriately supervised.
- d) Students will not be sent on any type of errand away from the building.
- e) All teachers and staff working directly with students who have a history of wandering or elopement (i.e., leaving or running away from the premises without permission or notification) will be made aware of these concerns and of any existing behavioral intervention plan formulated to prevent or respond to instances of wandering or elopement.

SUBJECT: SPECIAL EDUCATION: DISTRICT PLAN

A District plan will be developed describing the Special Education program in the District. The District plan will include the following:

- a) A description of the nature and scope of special education programs and services currently available to students (including preschool students) residing in the District, including, but not limited to, descriptions of the District's resource room programs and each special class program provided by the District in terms of group size and composition;
- b) Identification of the number and age span of students (school age and preschool) to be served by type of disability, and recommended setting;
- c) The method to be used to evaluate the extent to which the objectives of the program have been achieved;
- d) A description of the policies and practices of the Board to ensure the allocation of appropriate space within the District for special education programs that meet the needs of students and preschool children with disabilities;
- e) A description of the policies and practices of the Board to ensure that appropriate space will be continually available to meet the needs of resident students and preschool students with disabilities who attend special education programs provided by Boards of Cooperative Educational Services (BOCES);
- f) A description of how the District intends to ensure that all instructional materials to be used in the schools of the District will be made available in a usable alternative format for each student with a disability at the same time as such instructional materials are available to non-disabled students. The alternative format must meet the National Instructional Materials Accessibility Standard defined in federal law;
- g) The estimated budget to support this plan;
- h) The date on which the plan was adopted by the Board; and
- i) A description of how the District plan is consistent with the special education space requirements plan for the region as developed by the BOCES.

The District plan, with personally identifiable student information deleted, will be filed and available for public inspection and review by the Commissioner.

SUBJECT: CHILDREN WITH DISABILITIES

A child with a disability means a student under the age of 21 who is entitled to attend public schools and who, because of mental, physical, or emotional reasons can only receive appropriate educational opportunities from a program of special education. A child is not considered as having a disability if his or her educational needs are due primarily to unfamiliarity with the English language; environmental, cultural, or economic factors; or lack of appropriate instruction in reading or mathematics.

If the State Education Department (SED) finds that the District has inappropriate policies, procedures, or practices resulting in a significant disproportionality by race or ethnicity in the suspension, identification, classification, or placement of students with disabilities, the District will ensure that it publicly reports on the subsequent revisions to those policies, procedures, or practices.

The Board recognizes the existence of individual differences in the intellectual, social, emotional, and physical development of children attending school in the District. In recognizing these differences, the Board supports a system of services offered in the least restrictive environment (LRE) for children with disabilities which includes:

- a) Not requiring any student to obtain a prescription for a drug or other substance identified as a controlled substance by the federal Controlled Substances Act as a condition of receiving services;
- b) Education in regular classes with or without support services, education in a resource room, education for part of the day in a special class, full-time education in a special class, home instruction and education in a residential setting;
- c) Providing for the education of students with disabilities with non-disabled peers to the extent appropriate;
- d) Taking the following measurable steps to recruit, hire, train, and retain highly qualified personnel to provide special education programs and services:
 - 1. Utilize established procedures for publication of all potential job openings;
 - 2. Check credentials and requirements listed on applications;
 - 3. Provide training sessions for interview committee;
 - 4. Special Education teachers are required to have subject matter knowledge appropriate to the level of instruction being provided; when teaching two or more core academic subjects exclusively to children with disabilities, the teacher will meet all requirements imposed by law or demonstrate competence in all the core academic subjects taught per state regulations;

(Continued)

SUBJECT: CHILDREN WITH DISABILITIES (Cont'd.)

5. Special education teachers and administrators are required to complete enhanced training in the needs of autistic children.
- e) Establishing the following guidelines for the provision of appropriate accommodations necessary to measure the academic achievement and functional performance of the student in the administration of District-wide assessments:
 1. Ensure that necessary accommodations are specified on individualized education program (IEP) and implemented in accordance with the IEP;
 2. Review the need for accommodations at Committee on Special Education (CSE) evaluations/re-evaluations;
- f) To the extent feasible, using universal design principles (defined as a concept or philosophy for designing and delivering products and services that are usable by people with the widest range of functional capabilities, which include products and services that are directly usable without requiring assistive technologies and products and services that are made usable with assistive technologies) in developing and administering District-wide assessment programs by:
 1. Addressing appropriate universal design principles in IEP;
 2. Ensuring that instructional materials and activities allow learning goals to be achievable by individuals with wide differences in abilities;
 3. Ensuring that flexible curricular materials and activities are built into the instructional design and operating systems;
 4. Ensuring that instruction is diversified to deliver the general education curriculum to every student and diversify ways students may respond to that curriculum.
- g) Consideration of the location of a school program(s) to a student's residence, before placement into an educational program.
- h) Adoption of written policies and procedures ensuring that students with disabilities are provided appropriate opportunities to earn a high school diploma in accordance with Commissioner's regulations.
- i) Allocation of appropriate space within the District for special education programs that meet the needs of students with disabilities.
- j) Assurance that appropriate space will be available to meet the needs of resident students with disabilities who attend special education programs provided by BOCES.

(Continued)

SUBJECT: CHILDREN WITH DISABILITIES (Cont'd.)**Provision of Special Education Services to Nonpublic School Students with Disabilities who are Parentally Placed**

The district of location is responsible for Child Find, including individual evaluations, CSE meetings, provision of special education services, and due process to parentally placed nonpublic school students attending nonpublic schools located in the geographic region of the public school district.

These requirements only pertain to students with disabilities parentally placed in elementary and secondary nonpublic schools, not to parental placements of preschool children with disabilities in private day care or preschool programs, or to CSE placements of students with disabilities in approved private schools, Special Act School Districts, State-supported or State-operated schools, or to Charter schools.

The actual cost for CSE administration, evaluations, and special education services provided to a student with a disability who is a resident of New York State, but a nonresident to the district of location, may be recovered from the student's school district of residence. Because federal regulations require parental consent before any personally identifiable information about the student relating to special education is shared between officials in the public school district of location and officials in the public school district of residence, parental consent to share special education information between the two public school districts is required before billing a district of residence for the cost of special education services provided to the student by the district of location.

The school district of location must consult with nonpublic school representatives and representatives of parents of parentally placed nonpublic school students with disabilities enrolled in nonpublic elementary and secondary schools located within the boundaries of the school district. The school district must engage in consultation regarding the Child Find process and services generally; consultation is not specific to individual students. Individual services are determined by the CSE.

The consultation process must be timely and meaningful and include discussion of:

- a) Child Find;
- b) Provision of Special Education Services; and
- c) Use of Federal Funds.

The school district of location must provide, as appropriate, special education services to an eligible student who legally resides in another state and who is parentally placed in a nonpublic school located in New York State. The services to be provided to out-of-state students must be documented on a services plan that is developed by the CSE of the district of location. The services plan is the written plan that describes the specific special education and related service that the district of location will provide to the student consistent with the services that the school district of location has determined through the consultation process and in relation to the proportionate shares of federal IDEA Part B dollars, to be provided to the student.

(Continued)

SUBJECT: CHILDREN WITH DISABILITIES (Cont'd.)**Tuition Reimbursement Claims for Disabled Nonpublic School Students**

The parent must comply with the IDEA's pre-hearing notice requirement for tuition reimbursement claims. Specifically, the IDEA directs that at least ten business days before submitting a request for an impartial due process hearing for tuition reimbursement, the parent must give the district written notice of intent to enroll the child in private school at public expense. The purpose of this requirement is to give the public school district's CSE the opportunity to meet and potentially develop a new IEP for the student that addresses the parent's concerns. A parent who does not provide written notice within ten days may have his or her request for reimbursement reduced or denied.

SUBJECT: GROUPING BY SIMILARITY OF NEEDS

The Board will provide appropriate special education and related services to students with disabilities. For those students for whom an appropriate education requires that they be placed together for purposes of special education, the following guidelines will apply:

- a) Each student with a disability will be identified, evaluated, and placed as determined by the Committee on Special Education (CSE).
- b) The CSE will determine written goals, including academic and functional goals, for each student with a disability by considering the special and individual needs of each student with a disability. Short-term instructional objectives and/or benchmarks will be created for each preschool student with a disability and for students who take New York State alternate assessments.
- c) The CSE will recommend to the Board appropriate educational programs and services for each student with a disability based upon the CSE evaluation.
- d) The CSE will provide information to those teachers and professionals who arrange instructional groups for students with disabilities. Information will include physical, psychological, and social information as well as achievement test results.
- e) The curriculum and instruction provided to students with disabilities who are grouped by similarity of needs will be consistent with the individual needs of each student in the group.
- f) Students with disabilities may be grouped according to:
 - 1. Academic achievement, functional performance, and learning characteristics;
 - 2. Social development;
 - 3. Physical development; and
 - 4. Management needs.
- g) When grouping students by similarity of needs, the social needs or physical development of a student will not be the sole determinant for placement of a student in a special education program.
- h) The management needs of these students may vary, provided that environmental modifications, adaptations, or human or material resources required to meet the needs of any one student in the group are provided and do not consistently detract from the opportunities of other students in the group to benefit from instruction.

**SUBJECT: THE ROLE OF THE BOARD IN IMPLEMENTING A STUDENT'S
INDIVIDUALIZED EDUCATION PROGRAM**

The Board will establish at least one Committee on Special Education (CSE) and one Committee on Preschool Special Education (CPSE). The Board will also establish, as necessary, Subcommittees on Special Education to ensure timely evaluation and placement of students with disabilities.

Committee on Special Education

The Board will, upon completion of its review of the recommendations of the CSE, arrange for the appropriate special education programs and services to be provided to a student with a disability. The Board will also notify the parent or guardian of its action in accordance with federal and state law and regulations.

For a student not previously identified as having a disability, the CSE will provide a recommendation to the Board which will arrange for the appropriate special education programs and services to be provided within 60 school days of the date of receipt of consent to evaluate. For a student with a disability referred for review, a recommendation will be provided to the Board which will arrange for the appropriate special education programs and services to be provided within 60 school days of the referral for review. However, if the recommendation of the CSE is for placement in an approved in-state or out-of-state private school, the Board will arrange for special education programs and services for students with disabilities within 30 school days of the Board's receipt of the recommendation of the CSE.

If on review of the recommendation of the CSE, the Board disagrees with the recommendation, the Board will follow one of the following procedures:

- a) The Board may remand the recommendation to the CSE with a statement of the Board's objections or concerns and a request that a timely meeting be held to review and consider the objections or concerns. The CSE will consider the Board's objections or concerns, revise the individualized education program (IEP) where appropriate, and resubmit a recommendation to the Board. If the Board continues to disagree with the recommendation of the CSE, the Board may continue to remand the recommendation to the original committee for additional reviews of its objections or concerns, or establish a second CSE to develop a new recommendation in accordance with the following paragraph, provided that the Board arranges for the programs and services in accordance with the student's IEP within the timelines as outlined above; or, in the alternative,
- b) The Board may establish a second CSE to develop a new recommendation for the student. If the Board disagrees with the new recommendation, the Board may remand the recommendation to the second CSE with a statement of the Board's objections or concerns and a request that a timely meeting be held to review and consider the objections or

concerns. The second CSE will consider the Board's objections or concerns, revise the IEP where appropriate, and resubmit a recommendation to the Board. If the Board continues to disagree with the recommendation of the second CSE, the Board may continue to remand the recommendation for additional reviews of its objections or concerns by the second CSE, provided that the Board arranges for the programs and services in accordance with the student's IEP, as developed by the second CSE, within the timelines as outlined above.

In accordance with Commissioner's regulations, the Board may not select the recommendation of the original CSE once it has established a second CSE.

The Board will provide the student's parents or guardians with written notice and a copy of the statement of its objections or concerns and notice of due process rights in accordance with Commissioner's regulations.

Upon receipt of the recommendation of the CPSE, the Board will arrange for the preschool student with a disability to receive appropriate programs and services in accordance with the student's IEP, commencing with the July, September, or January starting date for the approved program, unless the services are recommended by the CPSE less than 30 school days prior to, or after, the appropriate starting date selected for the preschool student with a disability; in that case, services will be provided no later than 30 days from the recommendation of the CPSE.

If the Board disagrees with the recommendation of the CPSE, the Board will send the recommendation back to the CPSE with notice of the need to schedule a timely meeting to review the Board's concerns and to revise the IEP as deemed appropriate. The Board will provide notice as required by federal and state law and regulations.

Subcommittee on Special Education

The number of Subcommittees on Special Education will be determined by the CSE which will be responsible for the oversight and monitoring of the activities of each subcommittee to ensure compliance with the requirements of applicable state and federal laws and regulations.

Each subcommittee may perform the functions for which the CSE is responsible, except:

- a) When a student is considered for initial placement in a special class; or
- b) When a student is considered for initial placement in a special class outside of the student's school of attendance; or

(Continued)

**SUBJECT: THE ROLE OF THE BOARD IN IMPLEMENTING A STUDENT'S
INDIVIDUALIZED EDUCATION PROGRAM (Cont'd.)**

- c) When a student is considered for placements in a school primarily serving students with disabilities or a school outside the District.

Subcommittees will report annually to the CSE regarding the status of each student with a disability within its jurisdiction. Upon receipt of a written request from the parent or person in parental relation to a student, the Subcommittee will refer to the CSE any matter in which the parent disagrees with the Subcommittee's recommendation concerning a modification or change in the identification, evaluation, educational placement, or provision of a free appropriate education to the student.

SUBJECT: PRESCHOOL SPECIAL EDUCATION PROGRAM

The Board recognizes the need for educational programs for three and four year old children with disabilities and directs that administrative practices and procedures be developed to:

- a) Ensure the timely evaluation and placement of each preschool child with a disability residing in the District so the child has the opportunity to participate in preschool programs;
- b) Establish a Committee on Preschool Special Education (CPSE) in accordance with applicable federal and state law and regulation;
- c) Ensure that parents have received and understand the request for consent for evaluation and re-evaluation of a preschool aged child.

Evaluations for Preschool Children with Disabilities

The District will collect entry assessment data in the three outcome areas on all preschool children who receive an initial evaluation. As required by Commissioner's regulations, a parent must be fully informed about the proposed initial evaluation and must provide consent for an initial evaluation. This includes a description of the proposed evaluation.

The CPSE will receive entry-level assessment results in the three outcome areas from approved preschool evaluators conducting initial evaluations on all preschool children suspected of having disabilities. The CPSE will then meet to determine the child's eligibility for preschool education programs and/or services and complete the Child Outcomes Summary Form to determine the child's entry level of functioning in the three outcome areas for all preschool children evaluated and found to be eligible. The form will be kept in the student's record until the exit assessment information is due as a way to summarize complex assessment information in a format so that the data can be aggregated and reported to the State Education Department.

If the committee recommends placing a child in an approved program that also conducted an evaluation of the child, it will indicate in writing that this placement is an appropriate one for the child. In addition, the committee will provide notice to the Commissioner of this recommendation.

SUBJECT: LEAST RESTRICTIVE ENVIRONMENT

The District has an obligation, in accordance with law and regulation, to educate students with disabilities in the least restrictive environment (LRE). LRE means that placement of students with disabilities in special classes, separate schools or other removal from the regular educational environment occurs only when the nature or severity of the disability is such that even with use of supplementary aids and services, education in regular classes cannot be satisfactorily achieved. Supplementary aids and services refers to aids, services, and other supports that are provided in regular education classes and extracurricular and nonacademic settings to enable children with disabilities to be educated to the maximum extent appropriate.

The District will ensure that:

- a) Placement is based on the student's individualized education program (IEP) and determined at least annually;
- b) Placement is as close as possible to the student's home, and unless the student's IEP requires some other arrangement, the student will be educated in the school he or she would have attended if not disabled;
- c) In selecting the LRE, consideration will be given to any potential harmful effect on the student or on the quality of services that he or she needs; and
- d) A student with a disability will not be removed from education in age-appropriate regular classrooms solely because of needed modifications in the general education curriculum.

The placement of an individual student with a disability in the LRE will:

- a) Provide the special education and related services, as well as supplementary aids and services, needed by the student. The term "related services" does not include a medical device that is surgically implanted, the optimization of the device's functioning (e.g., mapping), maintenance of, or the replacement of the device; and
- b) Provide for education of the student to the maximum extent appropriate to the needs of the student with other students who do not have disabilities.

The District will ensure that a continuum of alternative placements, in accordance with law and/or regulation, will be available to meet the needs of students with disabilities. To enable students with disabilities to be educated with nondisabled students to the maximum extent appropriate, specially designed instruction and supplementary services may also be provided in the regular class, including, as appropriate, related services, consultant teacher services, paraprofessional support, resource room services, integrated co-teaching, and special class programs within the general education classroom.

SUBJECT: PREREFERRAL INTERVENTION STRATEGIES

The District will implement school-wide approaches and prereferral interventions in order to remediate a student's performance within the general education setting prior to referral to the Committee on Special Education (CSE) for special education. The determination of prevention and prereferral intervention strategies or services will take into consideration the student's strengths, environment, social history, language, and cultural diversity, in addition to the teacher's concerns. The District may also provide a Response to Intervention (RtI) program to eligible students that is developed in accordance with Commissioner's regulations as part of its school-wide approach to improve a student's academic performance prior to a referral for special education.

The provision of programs and/or services for students starts with consideration and implementation of instruction in the general education curriculum, with appropriate supports, or modifications as may be necessary. In implementing prereferral intervention strategies, the District may utilize resources or strategies already in place for qualified students including, but not limited to, services available through Section 504 of the Rehabilitation Act of 1973 and Academic Intervention Services (AIS) as defined in Education Law and/or Commissioner's regulations. The District will ensure that there is a system in place, with qualified, appropriately certified personnel, for developing, implementing, and evaluating prereferral intervention strategies.

If a student is identified as needing additional instructional support, the District will establish formal Instructional Support Teams (ISTs) in accordance with law, regulations, and District guidelines, as may be applicable, to review information from the student's work, screenings, and assessments. The IST will include representatives from general and special education, as well as, other disciplines and include individuals with classroom experience, who may then recommend which type of instructional support the student requires and the frequency with which he or she should receive these services or supports. The building administrator will further ensure that all staff are familiar with intervention procedures and procedures for operating an IST. Parents or persons in parental relation to students will be involved in developing prereferral strategies to address the educational needs of the child. Additionally, the District will seek collaboration between outside agencies and the school prior to a referral of the student to the CSE in order to address necessary student support services.

District administration will also ensure that opportunities exist for collaboration between general educators and special educators, and that consultation and support are available to teachers and other school personnel to assist parents or persons in parental relation to students and teachers in exploring alternative approaches for meeting the individual needs of any student prior to formal referral for special education.

Prereferral/Intervention Instructional Support Plans will be designed so as to set forth proactive strategies to meet the broad range of individual student needs and to improve student performance. Prereferral/Intervention strategies and/or Instructional Support Plans will be reviewed and evaluated to determine their effectiveness and modified as appropriate. Appropriate documentation of the prevention and/or intervention strategies implemented will be maintained.

(Continued)

SUBJECT: PREREFERRAL INTERVENTION STRATEGIES (Cont'd.)

If a referral is made to the CSE during the course of implementing prereferral/intervention instructional support services, the CSE is obligated to fulfill its duties and functions, and must meet mandatory time lines in evaluating the student for special education services and implementation of an individualized education program (IEP), if applicable.

Academic Intervention Services

The Board will provide to students at risk of not achieving state standards with AIS. AIS means additional instruction which supplements the instruction provided in the general education curriculum and assists students in meeting those state learning standards as defined in Commissioner's regulations and/or student support services which may include guidance, counseling, attendance, and study skills which are needed to support improved academic performance. The District will identify students to receive AIS through a two-step identification process set forth in Commissioner's regulations.

The District will provide AIS to students who are limited English proficient (LEP) and are determined, through uniformly applied District-developed procedures, to be at risk of not achieving state learning standards in English language arts, mathematics, social studies and/or science, through English or the student's native language.

The District has developed a description of the AIS offered to grades K through 12 students in need of these services. The description includes any variations in services in schools within the District and specifically sets forth:

- a) The District-wide procedure(s) used to determine the need for AIS;
- b) Academic intervention instructional and/or student support services to be provided;
- c) Whether instructional services and/or student support services are offered during the regular school day or during an extended school day or year; and
- d) The criteria for ending services, including, if appropriate, performance levels that students must obtain on District-selected assessments.

The District will review and revise this description every two years based on student performance results.

Parental Notification

- a) Commencement of Services: Parents or persons in parental relation to a student who has been determined to need AIS will be notified in writing by the building principal. This notice will be provided in English and translated into the parent's native language or mode of communication, as

(Continued)

SUBJECT: PREREFERRAL INTERVENTION STRATEGIES (Cont'd.)

necessary. The notice will also include a summary of the AIS to be provided to the student, why the student requires these services, and the consequences of not achieving expected performance levels.

- b) Ending of AIS: Parents or persons in parental relation will be notified in writing when AIS is no longer needed. This notice will be provided in English and translated to the parent's native language or mode of communication, as necessary.

Parents will be provided with ongoing opportunities to consult with the student's teachers and other professional staff providing AIS, receive reports on the student's progress, and information on ways to work with their child to improve achievement.

SUBJECT: DECLASSIFICATION OF STUDENTS WITH DISABILITIES

The District will establish and implement a plan for the appropriate declassification of students with disabilities which includes:

- a) The regular consideration for declassifying students when appropriate;
- b) A reevaluation of the student prior to declassification; and
- c) The provision of educational and support services to the student upon declassification.

Eligibility Determinations

The District must evaluate a student with a disability prior to determining that a student is no longer a student with a disability as defined in accordance with Commissioner's regulations, and the District will provide a copy of the evaluation report and the documentation of eligibility to the student's parent at no cost to the parent. The results of any reevaluations must be addressed by the Committee on Special Education (CSE) in a meeting to review and, as appropriate, revise the student's individualized education program.

Prior to the reevaluation, the District will obtain informed written parental consent unless otherwise authorized by law and/or regulation. Parental consent is not necessary if the District can demonstrate that it has taken reasonable measures to obtain that consent, and the student's parents fail to respond. The District must have a record of its attempts to obtain parental consent. Should the student's parents refuse consent for the reevaluation, the District may continue to pursue the reevaluation by using mediation or due process procedures.

The District will take whatever action is necessary to ensure that the parent understands the proceedings at the meeting of the CSE, including arranging for an interpreter for parents with deafness or whose native language is other than English.

Recommendation for Declassification

If the student has been receiving special education services, but it is determined by CSE that the student no longer needs special education services and can be placed in a regular educational program on a full-time basis, the recommendation will:

- a) Identify the declassification support services, if any, to be provided to the student and/or the student's teachers; and
- b) Indicate the projected date of initiation of the services, the frequency of provision of the services, and the duration of these services, provided that the services will not continue for more than one year after the student enters the full-time regular education program.

(Continued)

SUBJECT: DECLASSIFICATION OF STUDENTS WITH DISABILITIES (Cont'd.)**Declassification Support Services**

Declassification support services means those services provided to the student or the student's teacher(s) to aid in the student's transition from special education to full-time regular education. These services are provided by persons certified or licensed in the appropriate area of service in accordance with Commissioner's regulations. These services include:

- a) For the student: psychological services, social work services, speech and language improvement services, non-career counseling, and other appropriate support services; and
- b) For the student's teacher(s): the assistance of supplementary school personnel and consultations with appropriate personnel.

When appropriate, the District will provide declassification support services to students who have moved from special education to a full-time regular educational program in accordance with the recommendation of the CSE.

Procedural Safeguards Notice

The District will use the procedural safeguards notice prescribed by the Commissioner of Education. The District will further ensure that the procedural safeguards notice is provided in the native language of the parent or other mode of communication used by the parent, unless it is clearly not feasible to do so. If the native language or other mode of communication of the parent is not a written language, the District will take steps to ensure that the notice is translated orally or by other means to the parent in his or her native language or other mode of communication, that the parent understands the content of the notice, and that there is written evidence that all due process procedures have been met.

SUBJECT: STUDENTS WITH DISABILITIES PARTICIPATING IN DISTRICT PROGRAMS

All students with disabilities residing in the District, including those of preschool age, will be provided with full access and opportunity to participate in District programs, including nonacademic and extracurricular programs and activities, that are available to all other students enrolled in the District. Nonacademic and extracurricular programs and activities may include counseling services, athletics, transportation, health services, recreational activities, special interest groups or clubs sponsored by the District, referrals to agencies that provide assistance to individuals with disabilities and employment of students (both by the District and assistance in making outside employment available).

Parents or guardians of students with disabilities, including those students placed in out-of-District programs, will receive timely notice of District programs and activities.

Community Resources

The District may compile a list of appropriate community resources to provide to parents or persons in parental relation of a child with a disability. This list will clearly state that these services are in addition to programs and services provided by the District and will not be paid for by the District. Any member of the District's committees or subcommittees on special education, or the District, who, acting reasonably and in good faith, provides this information will not be liable for this action.

SUBJECT: SECTION 504 OF THE REHABILITATION ACT OF 1973

The Board affirms its compliance with those sections of the Rehabilitation Act of 1973 dealing with program accessibility. Section 504 of the Rehabilitation Act prohibits discrimination against qualified individuals with disabilities in federally assisted programs or activities solely on the basis of disability. The District will make its program and facilities accessible to all its students with disabilities.

The District will also identify, evaluate, and extend to every qualified student with a disability under Section 504 a free, appropriate public education, including modifications, accommodations, specialized instruction, or related aids and services, as deemed necessary to meet their educational needs as adequately as the needs of non-disabled students are met.

The District official responsible for coordination of activities relating to compliance with Section 504 is the Superintendent. The Superintendent will provide information, including complaint procedures, to any person who feels his or her rights under Section 504 have been violated by the District or its officials.

Prohibition Against Disability-Based Discrimination in Accelerated Programs

The practice of denying, on the basis of disability, a qualified student with a disability the opportunity to participate in an accelerated program violates both Section 504 and Title II, which extends the prohibition on discrimination established in Section 504. The District may not impose or apply eligibility criteria that screens out or tends to screen out a student with a disability from fully and equally enjoying any service, program, or activity, unless the criteria can be shown to be necessary.

It is also unlawful to deny a student with a disability admission to an accelerated class or program solely because of his or her need for special education or related aids or services (i.e., related services, supplementary aids and services, program modification and supports for school personnel) or because the student has an Individualized Education Program or Section 504 plan.

The District's schools may employ appropriate eligibility requirements or criteria in determining whether to admit students, including students with disabilities, into accelerated classes or programs. However, Section 504 and/or Title II does not require schools to admit into accelerated classes or programs students with disabilities who would not otherwise be qualified for these classes or programs.

The Board will determine the number of subcommittees to be appointed upon the recommendation of the CSE.

Committee on Preschool Special Education (CPSE) Membership

The Board will appoint a CPSE whose membership and purpose varies slightly from the membership of the CSE. The CPSE must include those same individuals as the CSE as set forth within this policy and also include the following members:

- a) For a child in transition from early intervention programs and services, at the request of the parent or person in parental relation, the appropriate professional designated by the agency that has been charged with the responsibility for the preschool child; and
- b) A representative of the municipality of the preschool child's residence.

Member Attendance

All members of the CSE or CPSE must attend committee meetings except that the parent and District may agree in writing prior to the meeting date that the attendance of a member or members is not necessary or impossible in accordance with applicable Commissioner's regulations and, as a result, may be excused from the meeting.

Training

The training of qualified personnel is essential to the effective implementation of Commissioner's regulations regarding the education of all students with disabilities.

The Director of Special Education will establish administrative practices and procedures for training all District personnel responsible for carrying out the provisions of Part 200 of the Commissioner's regulations as well as members of the CSE and CPSE.

Alternative Means of Meeting

When conducting a meeting of the CSE or CPSE, the parent and the representative of the District appointed to the CSE or CPSE may agree to use alternative means of meeting participation, such as videoconferences and conference calls.

**SUBJECT: STUDENT INDIVIDUALIZED EDUCATION PROGRAM (IEP):
DEVELOPMENT AND PROVISION****Development of Individualized Education Program**

The Board directs the Committee on Special Education (CSE) or Committee on Preschool Special Education (CPSE) to prepare a written individualized education program (IEP) for each child with a disability. Each student with a disability will have an IEP in effect at the beginning of each school year.

The IEP will be developed by the CSE or CPSE upon referral, and reviewed or revised, as appropriate, for every child with a disability at least annually or when the program no longer appears to be appropriate to meet the student's needs.

Functional Behavioral Assessments/Behavioral Intervention Plans

A functional behavioral assessment (FBA) is an evaluative tool, requiring parental consent, which should be used throughout the process of developing, reviewing, and revising a student's IEP when the student's behavior impedes learning of the child or others. The FBA is the process of determining why a student engages in challenging behavior and how the student's behavior relates to his or her environment.

The FBA provides a baseline of the student's problem behaviors with regard to frequency, duration, intensity, and/or latency across activities, settings, people, and times of the day and includes the:

- a) Identification of the problem behavior;
- b) Definition of the behavior in concrete terms;
- c) Identification of the contextual factors that contribute to the behavior (including cognitive and affective factors); and
- d) Formulation of a hypothesis regarding the general conditions under which a behavior usually occurs and probable consequences that serve to maintain it.

The FBA must, as appropriate, be based on multiple sources of data such as structured interviews, behavior ratings scales, standardized assessments, and checklists. To this end, the FBA cannot be based solely on the student's history of presenting problem behavior.

In the case of a student whose behavior impedes his or her learning or that of others, the CSE or CPSE will consider strategies, including positive behavioral interventions and supports, to address that behavior. The need for a behavioral intervention plan (BIP) will be documented on the IEP which will be reviewed at least annually by the CSE or CPSE. In addition, regular progress monitoring of the frequency, duration, and intensity of the behavioral interventions will be conducted at scheduled intervals and documented and reported to the parent(s) and CSE or CPSE.

**SUBJECT: STUDENT INDIVIDUALIZED EDUCATION PROGRAM (IEP):
DEVELOPMENT AND PROVISION (Cont'd.)**

Individual Evaluations

Parental consent must be provided for an initial evaluation. If this consent is not received within 30 calendar days of receipt of the referral, the CSE or CPSE Chairperson will document all attempts made to obtain consent.

Unless a referral is withdrawn, an individual evaluation at no cost to the parent will be completed by the CSE or CPSE within 60 calendar days after written parental consent has been obtained or a parental refusal to consent is overridden, unless:

- a) An extension is mutually agreed to by the parent and the CSE or CPSE for transfer students or students suspected of having learning disabilities; or
- b) The parent or student repeatedly fails or refuses to produce the student for evaluation.

No student will be required to obtain a prescription for a drug or other substance identified as a controlled substance by the federal Controlled Substances Act as a condition of receiving an evaluation.

The individual evaluation will include a variety of assessment tools and strategies, including information provided by the parent. The purpose of the evaluation is to gather relevant functional, developmental, and academic information that may assist in determining whether the student is a student with a disability and the content of the student's IEP.

As part of any evaluation, a group that includes the CSE or CPSE and other qualified professionals, as appropriate, will review existing evaluation data on the student including evaluations and information provided by the parents of the student, current classroom-based assessments, local or state assessments, classroom-based observations, and observations by teachers and related services providers. In addition, the group will consider information about the student's physical condition, social or cultural background, and adaptive behavior.

On the basis of that review, and input from the student's parents, the group will identify what additional data, if any, are needed to determine a variety of factors including, if the student has or continues to have a disability, present levels of academic achievement and developmental needs of the student.

The District must notify the parents if additional data is not needed, and the reasons for that determination as well as their right to request an assessment to determine whether, the student continues to be a student with a disability. The District is not required to conduct the assessment unless requested to do so by the student's parents.

(Continued)

**SUBJECT: STUDENT INDIVIDUALIZED EDUCATION PROGRAM (IEP):
DEVELOPMENT AND PROVISION (Cont'd.)**

The determination that a student has a learning disability will be made in accordance with the procedures outlined in Commissioner's regulations.

Individual Re-evaluations

The CSE or CPSE will arrange for an appropriate re-evaluation of each student with a disability:

- a) If the District determines that the educational or related services needs, including improved academic achievement and functional performance of the student warrant re-evaluation;
- b) If the student's parent or teacher request a re-evaluation;
- c) At least once every three years, unless the District and the parent or person in parental relation agree in writing that the re-evaluation is unnecessary.

A re-evaluation will not be conducted more frequently than once a year unless the parent and the District representative appointed to the CSE or CPSE agree otherwise.

The re-evaluation will be conducted by a multi-disciplinary team or group of persons, including at least one teacher or other specialist with knowledge in the area of the student's disability. The re-evaluation will be sufficient to determine the student's individual needs, educational progress and achievement, the student's ability to participate in instructional programs in regular education and the student's continuing eligibility for special education. The results of any re-evaluations must be addressed by the CSE/CPSE in reviewing, and as appropriate, revising the student's IEP.

To the extent possible, the District will encourage the consolidation of re-evaluation meetings for the student and other CSE or CPSE meetings for the student.

Amendments to the IEP

Amendments to the IEP made after the annual review by the CSE or CPSE may be made by reconvening the CSE or CPSE and rewriting the IEP or by developing a written document to amend or modify the student's current IEP, provided that there is a request for, and agreement to, the amendment by the parent(s) and the District and the District provides the parent(s) a written proposal to amend the IEP conveyed in language understandable to the parent(s) in their native language or other dominant mode of communication, informs and allows the parent(s) the opportunity to consult with the appropriate personnel or related service providers concerning the proposed changes, and the parent(s) agree in writing to the amendments.

(Continued)

Students

**SUBJECT: STUDENT INDIVIDUALIZED EDUCATION PROGRAM (IEP):
DEVELOPMENT AND PROVISION (Cont'd.)**

If the parent(s) agree to amend the IEP without a meeting, they must be provided prior written notice of the changes to the IEP and the CSE or CPSE must be notified of the changes. If the changes are made by rewriting the entire IEP, the District will provide the parents or persons in parental relation a copy of the rewritten IEP. If the amendment is made without rewriting the entire document, the District will provide a copy of the document that amends the IEP or, upon request, a revised copy of the entire IEP with the amendments incorporated.

Use of Recording Equipment at IEP Meetings

The Board will allow recording equipment to be used at meetings regarding IEPs for students with disabilities.

Provision of Individualized Education Program

The Superintendent or designee(s) will establish administrative practices and procedures to ensure that each regular education teacher, special education teacher, related service provider, and/or other service provider who is responsible for the implementation of a student's IEP is provided with either a paper copy of the IEP or is able to access a student's IEP electronically (including amendments to the IEP) prior to the implementation of the program. The individuals responsible for implementing a student's IEP will be notified and trained on how to access the IEP electronically. For purposes of this policy, "other service provider" means a representative of another public school district, charter school, Board of Cooperative Educational Services (BOCES), or school where the student receives or will receive IEP services. Further, the District will designate at least one school official who will be responsible for maintaining a record of the personnel who have received IEP copies for each student.

Any copy of a student's IEP will remain confidential in accordance with the Individuals with Disabilities Education Act, the Family Educational Rights and Privacy Act, and District policy regarding confidentiality of student records, and will not be disclosed to any other person other than the parent of the student, except in accordance with federal and state laws and/or regulations. Appropriate training and information will be provided to designated school personnel, as applicable, to ensure the confidentiality of this information. Procedures will be established to ensure that copies of students' IEPs are stored in secure locations and retrieved or destroyed when those professionals are no longer responsible for implementing a student's IEP.

The Chairperson of the CSE, CSE subcommittee, or CPSE will designate for each student one or, as appropriate, more than one professional employee of the District with knowledge of the student's disability and education program who will be responsible to, prior to the implementation of the IEP, inform each teacher, provider, or school personnel of his or her responsibility to implement the recommendations on a student's IEP. Relevant school personnel will have ongoing access to a copy of the student's IEP.

SUBJECT: TRANSITION SERVICES

Transition services means a coordinated set of activities for a student with a disability, designed within a results-oriented process that is focused on improving the academic and functional achievement of this student to facilitate movement from school to post-school activities. Post-school activities include, but are not limited to, post-secondary education, vocational education, integrated employment (including supported employment), continuing and adult education, adult services, independent living, or community participation. The coordinated set of activities must be based on the student's strengths, preferences, and interests, and will include needed activities in the following areas:

- a) Instruction;
- b) Related services (the term "related services" does not include a medical device that is surgically implanted, the optimization of the device's functioning (e.g., mapping), maintenance of, or the replacement of such device);
- c) Community experiences;
- d) The development of employment and other post-school adult living objectives; and
- e) When appropriate, acquisition of daily living skills and provision of a functional vocational evaluation.

Beginning not later than the first individualized education program (IEP) to be in effect when the student is age 15 (and at a younger age, if determined appropriate), and updated annually, the student's IEP must include:

- a) A statement of the student's needs taking into account the student's strengths, preferences and interests as they relate to transition from school to post-school activities;
- b) Appropriate measurable postsecondary goals based upon age appropriate transition assessments relating to training, education, employment and, where appropriate, independent living skills;
- c) A statement of transition service needs that focuses on the student's courses of study, such as participation in advanced-placement courses or a vocational educational program;
- d) Needed activities to facilitate the student's movement from school to post-school activities, including instruction, related services, community experiences, the development of employment and other post-school adult living objectives and, when appropriate, acquisition of daily living skills and functional vocational evaluation; and
- e) A statement of the responsibilities of the District and participating agencies, when applicable, for the provision of such services and activities, before the student leaves the school setting, that promote movement from school to post-school opportunities.

SUBJECT: TRANSITION SERVICES (Cont'd.)

When developing transition goals and services, the District will discuss with the student's parents:

- a) Graduation requirements;
- b) The student's progress toward receiving a diploma; and
- c) The appeal, safety net, and Superintendent determination pathway options that may be available.

At the CSE meeting where the District discusses transition services with parents, it will provide written information explaining the graduation requirements, including eligibility criteria and processes for seeking an appeal and for requesting a local diploma through the Superintendent's determination pathway. The District will also inform parents that graduating with a local or Regents diploma terminates their child's entitlement to a free public education and special education services.

The District must invite a student with a disability to attend the student's CSE meeting if a purpose of the meeting will be the consideration of the postsecondary goals for the student and the transition services needed to assist the student in reaching those goals. If the student does not attend the CSE meeting, the District must take other steps to ensure that the student's preference and interests are considered. To the extent appropriate, with the consent of the parent or a student who has reached the age of majority, the District must also invite a representative of any participating agency that is likely to be responsible for providing or paying for transition services.

Graduation/Aging Out

The District is not required to conduct a reevaluation of a student before the termination of a student's eligibility due to graduation with a local high school or Regents diploma or exceeding the age eligibility for a free appropriate public education. However, the District must provide the student with a summary of the student's academic achievement and functional performance, including recommendations on how to assist the student in meeting his or her post-secondary goals.

Before a student's graduation from high school with a Skills and Achievement (SA) Commencement Credential or Career Development and Occupational Studies Commencement Credential (CDOS), parents must receive prior written notice indicating that the student continues to be eligible for a free appropriate public education until the end of the school year in which the student turns 21 or until receipt of a regular high school diploma.

SUBJECT: EXTENDED SCHOOL YEAR SERVICES AND/OR PROGRAMS

The District will provide, directly or by contract, special services, or programs during July and August (i.e., extended school year) to those students who require a structured learning environment for 12 months in order to prevent substantial regression as determined by the Committee on Special Education (CSE) or Committee on Preschool Special Education (CPSE).

Substantial regression would be indicated by a student's inability to maintain developmental levels due to a loss of skill, set of skill competencies, or knowledge during the months of July and August. Students, including preschool students, must be considered for 12-month special services and/or programs to prevent substantial regression in accordance with Commissioner's regulations.

For students eligible for 12-month services and/or programs, the student's Individualized Education Program (IEP) will indicate the identity of the service provider during July and August, and, for preschool students determined by the CPSE to require a 12-month structured learning environment to prevent substantial regression. The IEP will also include a statement of the reasons for that recommendation, the projected date of the review of the student's need for these services, and the recommended placement.

Any District plan to operate a July/August program must be approved by the State Education Department in accordance with applicable laws, regulations, procedures, and/or guidelines.

SUBJECT: TRANSFER STUDENTS WITH DISABILITIES

To facilitate the transition of students with disabilities transferring into or out of the District the District will:

- a) As the district of origin, take reasonable steps to promptly respond to all requests from the new school district.
- b) As the new school district take reasonable steps to promptly obtain the student's records from the previous school, including the Individualized Education Program (IEP), supporting documents and any other records relating to the provision of special education services.
- c) Provide to a student with a disability who transfers school districts within the same school year a free appropriate education including services comparable to those described in the student's previous IEP.
 - 1. For transfers within New York State, the previously held IEP will be followed in consultation with the parents until the District adopts the previously held IEP or develops, adopts, and implements a new IEP consistent with federal and state law and regulation.
 - 2. For transfers from outside New York State, in consultation with the parents the previously held IEP will be followed until the District conducts an evaluation and, if appropriate, develops a new IEP consistent with federal and state law and regulation.

**SUBJECT: IDENTIFICATION AND REGISTER OF CHILDREN WITH DISABILITIES
(CHILD FIND)**

The District will locate, identify, and evaluate all students with disabilities who reside within its boundaries, including homeless children, children who are wards of the state, home-schooled children, and children attending private schools or charter schools. Further, it is the policy of the Board to conduct a census in order to locate and identify all children with disabilities within the District under the age of 21, including those children as described above, and to establish a register of those students entitled to attend school or receive preschool services.

The Committee on Special Education (CSE) or Committee on Preschool Special Education (CPSE) will maintain and annually revise the register of these students and others referred to the committee as possibly having a disability, as appropriate. In addition, census data will be reported by October 1 to the CSE or CPSE as appropriate.

The District understands that its Child Find obligations have been expanded to include notification to every parent or person in parental relation, upon enrollment of their child in the District, of their rights regarding referral and evaluation for the purposes of special education services or programs in accordance with applicable federal and state laws. The notification will contain the name and contact information for the chairperson of the District's CSE or other individual who is charged with processing referrals to the committee in the District. The District may, in its discretion, provide notice by directing parents or persons in parental relation to obtain information located on the State Education Department's website relating to a parent's guide to special education in New York State for children ages three through 21.

Any student suspected of having a disability should be referred to the applicable CSE or CPSE for evaluation and possible identification as a student with a disability.

Nonpublic School Students with Disabilities Who Are Parentally Placed

If the District boundaries encompass a nonpublic school, the District, as the district of location, must develop and implement methods to identify, locate, and ensure the identification and evaluation of students with disabilities who have been, or are going to be, parentally placed in the nonpublic school.

The child find activities must be similar to those for students with disabilities in public schools and must be completed in a time period comparable to that for other students attending public schools in the District.

As the district of location, the District must also consult with the appropriate representatives of the nonpublic schools and parents of parentally placed nonpublic school students to determine an accurate count of students with disabilities attending those schools and receiving special education services.

(Continued)

**SUBJECT: IDENTIFICATION AND REGISTER OF CHILDREN WITH DISABILITIES
(CHILD FIND) (Cont'd.)**

These requirements only pertain to students with disabilities parentally placed in elementary and secondary nonpublic schools, not to parental placements of preschool children with disabilities in private day care or preschool programs; or to CSE placements of students with disabilities in approved private schools, Special Act School Districts, state-supported or state-operated schools; or to charter schools.

SUBJECT: PARENT INVOLVEMENT FOR CHILDREN WITH DISABILITIES

The Board recognizes the rights of the parent or guardian to be fully informed of all information relevant to the identification, or change in identification, evaluation, and educational placement of a child with a disability. The District will observe all due process procedures for parents or guardians and children set forth in the Commissioner's regulations.

Definition of Parent

Parent means a birth or adoptive parent, a legally appointed guardian generally authorized to act as the child's parent or authorized to make educational decisions for the child, a person in parental relation to the child as defined in Education Law Section 3212, an individual designated as a person in parental relation by General Obligations Law Title 15-A including a designated individual who is acting in the place of a birth or adoptive parent, or a surrogate parent who has been appointed in accordance with Section 200.5(n) of Commissioner's regulations.

A foster parent may act as a parent unless state law, regulations, or contractual obligations with a state or local entity prohibit the foster parent from acting as a parent.

Unless a judicial decree identifies a specific person(s) to act as the parent or make educational decisions for the student, if one or more parties is qualified to act as a parent, the birth or adoptive parent is presumed to be the parent unless they do not have the legal authority to do so.

Surrogate Parents

In the event that no parent or guardian for a child with a disability can be identified, or after reasonable efforts the whereabouts of the parent or guardian cannot be determined, or the student is an unaccompanied homeless youth, or the child with a disability is a ward of the State and does not have a "parent" as defined above, or the rights of the parent to make educational decisions have been subrogated in accordance with state law, the Board will assign an individual from a list of willing and eligible persons to act as a surrogate for the parents or guardians. Alternatively, the surrogate parent may be appointed by a judge overseeing the child's case.

The person selected as a surrogate will have no interest that conflicts with the interest of the child he or she represents, and will have knowledge and skills that ensure adequate representation of the child.

Prior Written Notice (Notice of Recommendation)

Prior written notice must be given to parents of a student with a disability a reasonable time before the District proposes to, or refuses to, initiate or change the identification, evaluation, educational placement of the student or the provision of a free appropriate public education (FAPE) to the student and in certain other circumstances as set forth in relevant law and Commissioner's regulations.

(Continued)

SUBJECT: PARENT INVOLVEMENT FOR CHILDREN WITH DISABILITIES (Cont'd.)

If the prior written notice relates to a proposed action that also requires parental consent, the District must give notice at the same time it requests parental consent. The prior written notice will contain all elements required by Commissioner's regulations.

A parent may elect to receive prior written notice and other required notifications by email if the District makes this option available.

Parent Participation in Meetings

The District must take steps to ensure that one or both of the parents of a child with a disability are present at each Committee on Special Education (CSE) or Committee on Preschool Special Education (CPSE) meeting or are afforded the opportunity to participate in a mutually agreed upon time and place. The CSE or CPSE must also document its attempts to involve parents in the child's meeting and recommended educational program. A meeting may be conducted without a parent in attendance if the parents are unwilling to attend.

Additionally, the District will ensure the parent understands the proceedings of any meeting for their child including arranging for an interpreter as appropriate.

Parental Consent

A parent of a special education student or a student suspected of having a disability must provide informed consent before the District can take certain actions, including, but not limited to, evaluations, initial provision of services, and to access public benefits or insurance. The District will make reasonable efforts to obtain written informed consent and will maintain a detailed record of its attempts and the results of those attempts.

Parents with custodial rights—whether sole or joint—may exercise decision-making authority with respect to the student's education. Absent a court order or custody agreement to the contrary, a non-custodial parent may not control educational decisions for the student, though he or she may participate in the child's education.

Consent for an Unaccompanied Homeless Youth

Consent may be provided by a surrogate parent. However, until a surrogate parent is appointed, consent may be provided on a temporary basis by an employee of a temporary housing facility operated or approved by a local social services district or a residential facility for runaway and homeless youth.

Consent for a Ward of the State

A ward of the state means a child or youth under the age of 21 who:

(Continued)

SUBJECT: PARENT INVOLVEMENT FOR CHILDREN WITH DISABILITIES (Cont'd.)

- a) Has been placed or remanded in accordance with Social Services Law or the Family Court Act or freed for adoption in accordance with Social Services Law; or
- b) Is in the custody of the Commissioner of Social Services or the Office of Children and Family Services; or
- c) Is a destitute child under Social Services Law.

In the event that a child is a ward of the state, the District will make reasonable efforts to obtain the informed consent from the parent for an initial evaluation to determine whether the child has a disability.

The District is not required to obtain informed consent if:

- a) Despite reasonable efforts to do so, the District cannot discover the whereabouts of the parent of the student, including consulting with the agency responsible for the care of the student; or
- b) The rights of the parents have been terminated in accordance with state law; or
- c) The rights of the parent to make educational decisions have been subrogated by a judge.

Consent for a Student Who is Home Instructed or Parentally Placed in a Private School at the Parent's Expense

If a parent of a student who is home instructed or placed in a private school by their parents at their own expense does not provide consent for an initial evaluation or reevaluation, or the parent fails to respond to a request to provide consent, the District will not continue to pursue those evaluations by using due process procedures and it is not required to consider the student as eligible for special education services.

Parental Revocation of Consent

Parental revocation of consent for continued provision of special education and related services must be in writing. When the parent revokes his or her consent, the District still must provide the parent with the usual written notice of its intentions with respect to the child.

If the parent of a student with a disability revokes his or her consent in writing for the continued provision of special education and related services to the student at any time subsequent to the initial provision of special education and related services, the District:

(Continued)

SUBJECT: PARENT INVOLVEMENT FOR CHILDREN WITH DISABILITIES (Cont'd.)

- a) Will not continue to provide special education and related services to the student, but must provide prior written notice to the parent before ceasing the provisions of special education and related services;
- b) Will not use due process procedures (i.e., mediation, resolution meeting, and/or impartial due process hearing) in order to obtain agreement or a ruling that the services may be provided to the student without parental consent;
- c) Will not be considered to be in violation of the requirement to make a FAPE available to the student because of the failure to provide the student with further special education and related services following revocation of consent;
- d) Is not required to convene a meeting of the CSE or develop an IEP for the student for further provision of special education programs and related services upon receipt of written revocation of consent; and
- e) Is not required to amend the student's education records to remove any references to the student's receipt of special education programs and services because of the revocation of consent.

Procedural Safeguards Notice

The District will provide the procedural safeguards notice prescribed by the Commissioner of Education to the parents of a student with a disability at least one time per year and also upon:

- a) Initial referral or parental request for evaluation;
- b) The first filing of a due process complaint notice to request mediation or an impartial due process hearing;
- c) Request by a parent;
- d) A decision to impose a suspension or removal that constitutes a disciplinary change in placement; and
- e) First receipt of a state complaint.

**SUBJECT: DUE PROCESS COMPLAINTS: SELECTION AND BOARD APPOINTMENT
OF IMPARTIAL HEARING OFFICERS****Due Process Complaints**

The District is committed to making every effort to amicably resolve disputes regarding educational programs for students with disabilities. In the event these disputes cannot otherwise be resolved, either a parent or the District may file a due process complaint challenging the identification, evaluation, or educational placement of a student with a disability, or a student suspected of having a disability, or the provision of a free appropriate public education to the student. The complainant may not have an impartial due process hearing until the complainant, or the attorney representing the complainant, files a due process complaint notice that meets the requirements set forth in law for the notice. All due process hearings will be conducted in a manner consistent with the timelines and procedures set forth in law and regulation.

Except as otherwise provided by law, all requests for impartial due process hearings must be submitted within two years of the date the parent or the District knew or should have known about the alleged action forming the basis of the complaint. Upon receipt or filing of the due process complaint notice, the District will provide the most current version of the procedural safeguards notice to the parents. The District will also inform parents in writing of the availability of mediation and any free or low-cost legal and other relevant services available in the area.

An impartial due process hearing will be conducted at a time and location reasonable and convenient to the parent and student involved. The hearing will be closed to the public unless the parent requests otherwise.

A student whose education is the subject of a due process complaint will remain in his or her current placement during the pendency of the impartial due process hearing unless both parties agree or as otherwise permitted by law.

Resolution Process

Prior to the opportunity for an impartial due process hearing, the District will convene a meeting with the parents and the relevant member or members of the Committee on Special Education or Committee on Preschool Special Education who have specific knowledge of the facts identified in the complaint. This meeting will provide the parents with an opportunity to discuss their complaint and the facts that form the basis of the complaint, and an opportunity to resolve the complaint with the District. The District will take steps to ensure that one or both of the parents of the student with a disability are present at the resolution meeting, and will notify parents of the meeting early enough to ensure that they have the opportunity to attend. The resolution meeting will be at a mutually agreed upon time and place, and in a location that is accessible to the parents. The District will ensure that all resolution meetings conform to the requirements set forth in the Commissioner's regulations.

**SUBJECT: DUE PROCESS COMPLAINTS: SELECTION AND BOARD APPOINTMENT
OF IMPARTIAL HEARING OFFICERS (Cont'd.)**

The parents and the District may agree, in writing, however, to waive the resolution process or agree to use the mediation process to resolve the dispute.

Selection and Board Appointment of Impartial Hearing Officers

In the event a due process complaint notice is properly filed, the Board will arrange for an impartial due process hearing to be conducted. In these instances, the Board will immediately, but not later than two business days after receipt of the due process complaint notice or mailing of the due process complaint notice to the parent, initiate the process to select an impartial hearing officer (IHO) through a rotational selection process. To expedite this process, the Board may designate one or more of its members to appoint the IHO on its behalf.

The District will utilize the New York State Education Department's (SED) Impartial Hearing Reporting System to access the alphabetical list of the names of each IHO certified in New York State and available to serve in the District. The appointment of an IHO will be made only from this list and in accordance with the alphabetical rotation selection process and the timelines and procedures established by the Commissioner of Education. The District will record and report required information relating to the selection of IHOs and the conduct of impartial due process hearings according to the manner and schedule specified by SED.

The District will be responsible for compensating the IHO for prehearing, hearing, and post-hearing activities at the rate agreed upon at the time of the IHO's appointment. The District will also reimburse the IHO for certain travel and other hearing-related expenses in accordance with an annually determined schedule.

SUBJECT: INDEPENDENT EDUCATIONAL EVALUATIONS

Parents of children with disabilities have the right under federal and state regulations to obtain an independent educational evaluation (IEE) at public expense under certain conditions if they disagree with an evaluation obtained by the District.

A parent is entitled to only one IEE at public expense each time the District conducts an evaluation with which the parent disagrees. The District may ask the parent to explain the reason as to why they object to the District's evaluation although the parent is not required to answer.

The District will not unreasonably delay either providing the IEE or initiating an impartial hearing to defend its own evaluation.

SUBJECT: SPECIAL EDUCATION MEDIATION

The District will offer mediation to resolve disputes involving any matter for which an impartial due process hearing may be brought, including those that occurred prior to filing a due process complaint notice.

Mediation will be conducted by mediators furnished by a Community Dispute Resolution Center who are not employees of any school district or state agency that is involved in the education or care of the student who is the subject of the mediation process. Mediators may not have a personal or professional interest which would conflict with their objectivity in the mediation process and should be knowledgeable in laws and regulations relating to the provision of special education services.

Parents or persons in parental relation to students suspected of or having disabilities will receive written notice of the availability of the mediation program each time they receive notice of their entitlement to the impartial due process hearing procedures in accordance with federal and state law and regulations. If the parent and District agree, alternative means of meeting participation may be utilized, such as video conferences and conference calls.

Discussions during the mediation process must be kept confidential and may not be used as evidence in any subsequent due process hearing or civil proceedings.

If resolution to the complaint is reached through mediation, the parent and the representative of the District who has the authority to bind the District will execute a legally binding written agreement specifying the resolution. If the written agreement is inconsistent with the student's current individualized education program (IEP), the IEP must be immediately amended to reflect the mediation agreement.

The mediation process is voluntary and will not diminish or limit any rights provided for in law, including the right of the parent or person in parental relation to request an impartial due process hearing subsequent to mediation.

SUBJECT: CURRICULUM DEVELOPMENT, RESOURCES, AND EVALUATION

The Board supports and encourages development of a District-wide, articulated curriculum that conforms to state mandates and is responsive to the needs of children in a rapidly changing society. In order to help our students achieve success, the District will ensure that all curriculum is aligned with New York State learning standards and that approved curriculum is taught in every classroom.

The building principals will be responsible to the Superintendent for developing District-wide efforts toward the short and long-range improvement of curriculum and instruction.

Curriculum Resources

There are many resources for curriculum development that exist in our District, and the instructional staff, under the guidance of the administration, is expected to consider those resources for possible improvement of the instructional program. Each teacher has the privilege of being an initiator of improvement, as well as a reactor to changing conditions, and the principals will be involved in curriculum development.

The Superintendent may appoint staff members to curriculum study committees and their findings, as well as the collective judgments of the staff about possible changes, will be submitted by the Superintendent to the Board for consideration in the forming of curriculum policy.

Curriculum Evaluation

The Board will direct a continuing evaluation of the curriculum as part of a program of instructional improvement. All aspects of the curriculum will be subjected to a searching and critical analysis in an attempt to improve the learning and growth of students.

The administrative staff will evaluate the curriculum in a systematic manner involving school personnel and others as appropriate and make periodic recommendations for action by the Board. The Board may invite teachers or others to discuss the curriculum.

Evaluation of the Instructional Program

The Board expects staff members to maintain a continual program of evaluation at every level to determine the extent of progress toward the schools' objectives. The Board will periodically request the Superintendent to present factual information that it considers necessary to evaluate the effectiveness of the District.

Instruction

SUBJECT: INTERNET SAFETY/INTERNET CONTENT FILTERING

In compliance with the Children's Internet Protection Act (CIPA) and Regulations of the Federal Communications Commission (FCC), the District will ensure the use of technology protection measures (i.e., filtering or blocking of access to certain material on the Internet) on all District computers with Internet access. These technology protection measures apply to Internet access by both adults and minors with regard to visual depictions that are obscene, pornographic, or, with respect to the use of computers by minors, considered harmful to students. The District will provide for the education of students regarding appropriate online behavior including interacting with other individuals on social networking websites and in chat rooms and regarding cyberbullying awareness and response. Further, appropriate monitoring of online activities of minors, as determined by the building or program supervisor, will also be enforced to ensure the safety of students when accessing the Internet.

Further, the Board's decision to utilize technology protection measures and other safety procedures for staff and students when accessing the Internet fosters the educational mission of the District, including the selection of appropriate instructional materials and activities to enhance the schools' programs and to help ensure the safety of personnel and students while online.

However, no filtering technology can guarantee that staff and students will be prevented from accessing any inappropriate sites. Proper safety procedures, as deemed appropriate by the applicable administrator or program supervisor, will be provided to ensure compliance with the CIPA.

In addition to the use of technology protection measures, the monitoring of online activities and access by minors to inappropriate matter on the Internet may include, but will not be limited to, the following guidelines:

- a) Ensuring the presence of a teacher and/or other appropriate District personnel when students are accessing the Internet including, but not limited to, the supervision of minors when using email, chat rooms, instant messaging, and other forms of direct electronic communications. As determined by the appropriate building administrator, the use of email, chat rooms, as well as social networking websites, may be blocked as deemed necessary to ensure the safety of students;
- b) Monitoring logs of access in order to keep track of the websites visited by students as a measure to restrict access to materials harmful to minors;
- c) In compliance with this Internet Safety Policy as well as the District's Acceptable Use Policy (AUP), unauthorized access, and other unlawful activities by minors are prohibited by the District and student violations of these policies may result in disciplinary action; and
- d) Appropriate supervision and notification to minors regarding the prohibition as to unauthorized disclosure, use, and dissemination of personal identification information regarding students.

(Continued)

Instruction

SUBJECT: INTERNET SAFETY/INTERNET CONTENT FILTERING (Cont'd.)

The determination of what is "inappropriate" for minors will be determined by the District and/or designated school official(s), the definition of which may vary depending on the circumstances of the situation and the age of the students involved in online research.

The terms "minor," "child pornography," "harmful to minors," "obscene," "technology protection measure," "sexual act," and "sexual contact" will be as defined in accordance with CIPA and other applicable laws or regulations.

Under certain specified circumstances, the blocking or filtering technology measure(s) may be disabled for adults engaged in bona fide research or other lawful purposes. The power to disable can only be exercised by an administrator, supervisor, or other person authorized by the District.

The District will provide certification, in accordance with the requirements of CIPA, to document the District's adoption and enforcement of its Internet Safety Policy, including the operation and enforcement of technology protection measures (i.e., blocking or filtering of access to certain material on the Internet) for all District computers with Internet access.

Internet Safety Instruction

In accordance with New York State Education Law, the District may provide to students in grades K through 12 instruction designed to promote the proper and safe use of the Internet. The Commissioner will provide technical assistance in the development of curricula for this course of study which will be age appropriate and developed according to the needs and abilities of students at successive grade levels in order to provide awareness, skills, information, and support to aid in the safe usage of the Internet.

Additionally, students will be educated on appropriate interactions with other individuals on social networking websites and in chat rooms, as well as cyberbullying awareness and response.

Access to Inappropriate Content/Material and Use of Personal Technology or Electronic Devices

Despite the existence of District policy, regulations, and guidelines, it is virtually impossible to completely prevent access to content or material that may be considered inappropriate for students. Students may have the ability to access this content or material from their home, other locations off school premises, and/or with a student's own personal technology or electronic device on school grounds or at school events.

The District is not responsible for inappropriate content or material accessed via a student's own personal technology or electronic device or via an unfiltered Internet connection received through a student's own personal technology or electronic device.

(Continued)

SUBJECT: INTERNET SAFETY/INTERNET CONTENT FILTERING (Cont'd.)**Notification/Authorization**

The District's AUP will be disseminated to parents and students in order to provide notice of the school's requirements, expectations, and student's obligations when accessing the Internet.

The District has provided reasonable public notice and has held at least one public hearing or meeting to address this policy prior to Board adoption. Additional public notice and a hearing or meeting is not necessary if and when amendments are made to this policy.

This policy must be made available to the FCC upon request. Furthermore, appropriate actions will be taken to ensure the ready availability to the public of this policy as well as any other District policies relating to the use of technology.

This policy is required to be retained by the school for at least five years after the funding year in which the policy was relied upon to obtain E-rate funding.

SUBJECT: SELECTION OF LIBRARY AND MULTIMEDIA MATERIALS

A school library/library media center will be established and maintained in each school of the District. The library in each elementary and secondary school will meet the needs of the students, and provide an adequate complement to the instructional program in the various areas of the curriculum. The District will also employ a certified school Library Media Specialist, unless equivalent service is provided by an alternative arrangement approved by the Commissioner.

The Board agrees that the responsibility of the school library is:

- a) To provide materials that will enrich and support the curriculum, taking into consideration the varied interests, abilities, and maturity levels of the students served.
- b) To provide materials that will stimulate growth in factual knowledge, literary appreciation, aesthetic values, and ethical standards.
- c) To provide a background of information that will enable students to make intelligent judgments in their daily lives.
- d) To provide materials on opposing sides of controversial issues so that young citizens may develop, under guidance, the practice of critical reading and thinking.
- e) To provide materials representative of the many religious, ethnic, and cultural groups and their contribution to our American heritage.
- f) To place principle above personal opinion and reason above prejudice in the selection of materials of the highest quality in order to assure a comprehensive collection appropriate for the users of the library.

In interpreting these principles, the following will apply:

- a) Broad and varied collections will be developed systematically by the Library Media Specialist, based on recommendations of the professional staff and suggestions of students and parents. Final approval will be made by the building principal.
- b) Qualitative standards of selection involving factual accuracy, authoritativeness, artistic quality, and appeal will be applied by Library Media Specialists before purchases are made.
- c) Materials will not be excluded because of the race, nationality, political opinions, or religious views of the author.
- d) Materials will be continuously re-evaluated in relation to changing curriculum and instructional needs. Worn out, outdated materials will be discarded.

Instruction

SUBJECT: OBJECTION TO INSTRUCTIONAL MATERIALS AND CONTROVERSIAL ISSUES

Any criticism of instructional materials that are in the schools should be submitted in writing to the Superintendent and the Board will be informed. A committee, including the librarian and building principal, will be designated by the Superintendent to investigate and evaluate the challenged material according to the principles and qualitative standards stated in District policy.

Controversial Issues

Controversial issues may be studied as part of the curriculum and teachers will present these issues in their classrooms in an impartial and objective manner.

Teachers wishing to call upon outside speakers in the presentation of controversial issues are required to obtain the approval of the principal who will keep in mind the obligation for presenting opposing views as well, and who will inform the Superintendent prior to the presentation.

If parents or citizens of the community believe that unfair and biased presentations are being made by a teacher, the Superintendent may provide for a hearing so that both parties may fairly express their views.

SUBJECT: INSTRUCTIONAL MATERIALS**Textbooks**

The term "textbook" refers to a book supplied to a student for a fixed period of time for his or her personal use and basic to the study of a subject. The Board will make provision for funds to be budgeted for the purchase of textbooks and related instructional materials.

Upon the recommendation of the Superintendent, the Board will designate the textbooks to be used. Textbooks, once designated, cannot be superseded within a period of five years except by a 3/4 vote of the Board.

The District participates in the National Instructional Materials Access Center (NIMAC). The District will be responsible to ensure that each student who requires instructional materials in an alternate format will receive it in a timely manner and in a format that meets NIMAS standards. Contracts with publishers executed on and after December 3, 2006 for textbooks and other printed core materials must include a provision that requires the publisher to produce NIMAS files and send them to the NIMAC (this will not add any cost to the contract).

Students will be required to pay for lost books or for excessive damage to books.

Textbooks for Resident Students Attending Private Schools

Resident students attending private schools will be supplied non-sectarian textbooks in accordance with the requirements of Education Law. The District may ask for evidence that the selected textbook is used in one or more public school districts in the state. This evidence may include an authenticated list of public school districts using the textbook from the publisher.

Workbooks

The term "workbook" refers to the type of book that provides spaces to write in and is consumed each year. It is usually paper-covered and designed to be used in connection with a textbook. The Board must approve the expenditure of funds for the purchase of workbooks and manuals.

Calculators

The District can require students to provide their own "supplies" such as pencils, pens, paper, etc. Calculators do not fall into this category and must be considered like classroom teaching materials for which the District is authorized to levy a tax. In addition, the District may purchase, and must still provide, calculators even if operating under a contingent budget if the calculators are required for participation in an educational program. The New York State Education Department requires the use of calculators for intermediate and high school level mathematics and science assessments. Students will not be charged for a calculator or otherwise required to purchase one in order to participate in an educational program of the District.

(Continued)

SUBJECT: INSTRUCTIONAL MATERIALS (Cont'd.)**Instructional Computer Hardware**Loan to Students Attending Nonpublic Schools in the District

The District will loan, upon request of an individual or a group of individual students, to all students legally attending nonpublic elementary or secondary schools located in the District, instructional computer hardware in accordance with applicable law and regulations.

Instructional computer hardware will be loaned free of charge, subject to rules and regulations as are or may be prescribed by the Board of Regents and school authorities, and will be required for use as a learning aid in a particular class or program. Instructional computer hardware containing computer software programs which are religious in nature or content will not be purchased or loaned by the District.

The District is not required to loan instructional computer hardware to nonpublic school students in excess of that acquired in accordance with Education Law Section 753 and will be loaned on an equitable basis to children attending nonpublic schools in the District and to students with disabilities residing in the District who attend approved programs. However, the District will not be required to loan instructional computer hardware purchased with local or federal funds or with state funds, other than Instructional Computer Hardware Aid funds.

School authorities will specify a date by which written requests for the purchase and loan of instructional computer hardware must be received by the District. This date will not be earlier than the first day of June of the school year prior to that for which instructional computer hardware is being requested. For a child not attending a nonpublic school prior to June first, the parent or guardian may submit a written request for instructional computer hardware within 30 days after the child is enrolled in the nonpublic school. In no event, however, will a request made later than the times otherwise provided in accordance with Education Law Section 754 be denied where a reasonable explanation is given for the delay in making the request. All nonpublic schools in the District will be notified of the specified date.

The form of request used by a lending District may provide for a guarantee by a parent or guardian for the return of the hardware or, in the case of loss or damage, for payment of its value.

Instruction

SUBJECT: RELIGIOUS EXPRESSION IN THE INSTRUCTIONAL PROGRAM

The Board acknowledges the importance of religion to the understanding of society and the richness of the human experience. The District will be guided by three concepts when making decisions about the appropriateness of activities for inclusion in the school program: the activity should have a secular purpose, the activity should neither advance nor inhibit religion, and the activity must not foster an excessive entanglement of government with religion.

Nurturing the development of knowledge and respect for the rights of all cultural and religious groups is a continuing goal of the District. Students, faculty, and administration are reminded of the pluralism of religious beliefs and are urged to be conscious of and respect the sensitivity of others.

Opportunities to learn about cultural and religious traditions should be provided within the framework of the curriculum. Information about religious and cultural holidays and traditions focusing on how and when they are celebrated, their origins, and their histories should be part of this instruction. This educational opportunity should be handled with great care, sensitivity, and respect for the feelings and beliefs of individuals.

An environment should be created and encouraged where students of various ethnic backgrounds feel comfortable in sharing comments about their religious and cultural traditions. No student should be singled out to share or participate in discussions solely on the basis of that student's identification with the cultural or religious heritage being addressed. A student's preference not to share or participate in these discussions should be honored and respected without penalty.

School Activities Related to Religious Holidays or Themes

School activities related to the teaching about religious holidays or themes must be consistent with, and representative of, the District's curriculum.

In planning school activities related to the teaching about religious holidays or themes, special effort must be made to ensure that the activity is not devotional and that students of all faiths can join without feeling they are betraying their own beliefs. Similarly, age appropriate activities are encouraged within the framework of the curriculum. Teaching about religious and cultural holidays may include activities such as parties and special foods, if they reinforce educational goals.

Symbols in the Schools

The purpose of using religious symbols should be to teach about religious concepts and traditions, and to convey historical or cultural content, not to promote or celebrate religious concepts, events, or holidays.

(Continued)

Instruction

SUBJECT: RELIGIOUS EXPRESSION IN THE INSTRUCTIONAL PROGRAM (Cont'd.)**Music in the Schools**

The purpose of using religious music should be to teach musical concepts, to convey historical and cultural content, or to create aesthetic experiences in a setting which emphasizes artistic expression and educational value, not to promote or celebrate a religious faith.

Curriculum Areas in Conflict with Religious Beliefs

Students will be given the option to be excused from participating in those parts of an activity, program, or area of instruction involving a religious theme which conflicts with their own religious beliefs or that of their parents or guardians in accordance with applicable law and regulations. Alternatives may be provided that are of comparable instructional value.

The District will make this policy available in order to ensure community, faculty, student, and parental or guardian awareness.

SUBJECT: INDEPENDENT STUDY

Independent study, for credit, will be available to meet the individual needs of students in grades 9 through 12. The principal, after consultation with relevant faculty, will award credit to the student based on successful completion of the independent study and demonstrated mastery of the learning outcomes of the subject.

Students enrolled in the District may earn a maximum of three units of elective credit toward a Regents diploma through independent study. The student's participation in independent study must be approved by a school-based panel consisting of, at a minimum, the principal, a teacher in the subject area for which independent credit is sought, and a guidance director or administrator.

Credit for independent study may be awarded for elective courses only and will not be awarded for courses required for the Regents diploma as specified in Commissioner's regulations.

Instruction

SUBJECT: HOME INSTRUCTION (HOME SCHOOLING)

The District will attempt to cooperate with parents who wish to provide home instruction for their children. A child who is educated at home should receive an education in a manner consistent with an educational plan and at least substantially equivalent to that given to students of like age and attainments in the local public schools. The required subjects should be taught in a competent, systematic, and sequential manner, specifically in relation to the required courses set forth in Commissioner's regulation Section 100.10.

Primary responsibility for determining compliance with Commissioner's regulations addressing home instruction rests with the Superintendent.

Provision of Services to Home-Instructed Students

Home-instructed students are not awarded a high school diploma. A high school diploma may only be awarded to a student enrolled in a registered secondary school who has completed all program requirements set by the Board of Regents or the District.

a) Extracurricular Participation

Students instructed at home are *not* eligible to participate in interscholastic or intramural sports. Commissioner's regulations mandate that only students enrolled in the public school are allowed to participate in interscholastic or intramural sports. However, the District *does* permit home-instructed students to participate in other school-sponsored extracurricular activities.

b) Textbooks and Materials

The District *will not* provide textbooks and other materials to home-instructed students.

c) Health Services

The District is *not required* to furnish health services.

d) Remedial Programs

The District *is not responsible* for providing remedial programs.

e) Career and Technical/Gifted Education

The District is *not authorized* to provide Career and Technical (Occupational) or gifted educational programs to home-instructed students.

SUBJECT: HOME INSTRUCTION (HOME SCHOOLING) (Cont'd.)f) Special Education Services

Solely for the purpose of Education Law Section 3602-c, home-instructed students with disabilities are deemed to be students enrolled in and attending a nonpublic school, which enables them to receive special education services, as well as to be included for computation of state aid for the education by the District.

The Committee on Special Education will develop an Individualized Education Services Program (IESP) for the student. The IESP will be developed in the same manner and with the same content as an individualized education program. The Board will determine a location where special education services will be provided to a home-instructed student. This location may, but is not required to be, in the student's home.

g) Use of School Facilities

Students instructed at home will be allowed to use school facilities provided that there is a mutual agreement on the part of all involved parties.

Education Law §§ 3204, 3205, 3210(2), 3212(2), 3240-42, 3602-c, 3602-c(2-c), and 4402

Instruction

SUBJECT: FIELD TRIPS

The Board recognizes that field trips are an educationally sound and important ingredient in the instructional program of the schools.

A field trip means any journey by a group of students away from the school premises, under the supervision of a teacher, which is an integral part of an approved course of study and conducted for the purpose of affording a first-hand educational experience not available in the classroom.

Field trips are a part of the curriculum of the schools, and student conduct and attendance on field trips are governed by the same rules as regular classroom activities. The District must obtain written parental or guardian permission for students going on school-sponsored field trips.

The Superintendent will prepare procedures for the operation of a field trip activity. Field trip support will be determined annually by the Board during its budget deliberations. Regardless of the fiscal support for field trips, the rules of the District for approval and conduct of these trips will apply.

The Superintendent or designee may cancel previously approved field trips due to extenuating circumstances.
